(b) the individual policy must, at the option of the insured, be in an amount not in excess of the amount of life insurance that ceases because of the termination, less the amount of any life insurance for which the person is

insured under any other group policy within 31 days after the termination, provided that any amount of insurance that has matured on or before the date of the termination as an endowment payable to the person insured, whether in one sum or in installments or in the form of an annuity, may not, for the purposes of this provision, be included in the amount that is considered to cease because of the termination; and

(4) For grant projects for which the department of natural resources and conservation also has recommended a loan, the authorization for the loan is contained in [LC 125].

(5) To the entities listed in this section, this appropriation constitutes a valid obligation of these funds for purposes of encumbering the funds within the 2009 biennium pursuant to 17-7-302.

Section 2. Conditions of grants. Disbursement of funds under [sections 1 through 4] for grants is subject to the following conditions that must be met by project sponsors:

(1) approval of a scope of work and budget for the project by the department of natural resources and conservation. Changes in the project scope of work or budget that reduce the public or natural resource benefits as presented in department reports and applicant testimony to the 60th legislature will result in the proportional reduction in grant amount.

(2) documented commitment of other funds required for project completion;

(3) satisfactory completion of conditions described in the recommendation section of the project narrative in the renewable resource grant and loan program project recommendations and biennium report submitted to the 60th legislature for the 2009 biennium or, in the case of emergency applications, conditions specified at the time of written notification of approved grant authority;

(4) execution of a grant agreement with the department; and

(5) accomplishment of other specific requirements considered necessary by the department to accomplish the purpose of the grant as evidenced from the application to the department or from the proposal to the legislature.

Section 3. Conditions for grants. Notwithstanding the conditions described in [section 2], grant funds are disbursed in the order of priority listed in [section 1] as resource indemnity trust account interest income revenue is received. A project approved by [section 1] is not entitled to receive grant funds that are not collected and allocated to the renewable resource grant and loan program state special revenue account.

Section 4. Appropriations established. (1) For any entity of state government that receives a grant under [sections 1 through 3], an appropriation is established for the amount of the grant listed in [section 1(3)]. Grants to state entities from prior bienniums are reauthorized for completion of contract work.

(2) Any funds in excess of the amount appropriated for grants under [sections 1 through 3] are available for appropriation for authorized purposes from the renewable resource grant and loan program state special revenue account.

Section 5. Review of previously authorized grants. Recipients of renewable resource grants authorized by previous legislatures that have not completed startup conditions must be notified by the department of natural resources and conservation that the legislature, at the next regular session, will review renewable resource grants to determine if the commitment of the renewable resource grant should be withdrawn.

Section 6. Section 85-1-604, MCA, is amended to read:

"85-1-604. Renewable resource grant and loan program state special revenue account created — revenue allocated — limitations on appropriations from account. (1) There is a renewable resource grant and loan program state special revenue account within the state special revenue fund established in 17-2-102.

(2) Except to the extent that they are required to be credited to the renewable resource loan debt service fund pursuant to 85-1-603, there must be paid into the renewable resource grant and loan program state special revenue account:

(a) the interest income of the resource indemnity trust fund as provided in and subject to the conditions of 15-38-202;

(b) the excess of the coal severance tax proceeds allocated by 85-1-603 to the renewable resource loan debt service fund above debt service requirements as provided in and subject to the conditions of 85-1-619; and

(c) any fees or charges collected by the department pursuant to 85-1-616 for the servicing of loans, including arrangements for obtaining security interests.

(3) Appropriations may be made from the renewable resource grant and loan program state special revenue account for:

(a) grants for designated projects and the activities authorized in 85-1-602(1)(a); and

(b) administrative expenses, including salaries and expenses for personnel and equipment, office space, and other expenses necessarily incurred in the administration of the grant and loan program. The expenses under this subsection (3)(b) may be funded before funding of projects.

(4) ~~For the biennium beginning July 1, 2005, appropriations~~ *Appropriations* may be made from the renewable resource grant and loan program state special revenue account for administrative expenses, including salaries and expenses for personnel and equipment, office space, and other expenses necessarily incurred in natural resource-related programs. ~~(Subsection (4) terminates June 30, 2007—sec. 11, Ch. 307, L. 2005.)~~"

Section 7. Repealer. Section 11, Chapter 307, Laws of 2005, is repealed.

Section 8. Severability. If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 9. Notification to tribal governments. The secretary of state shall send a copy of [this act] to each tribal government located on the seven Montana reservations and to the Little Shell band of Chippewa.

Section 10. Coordination instruction. If House Bill No. 116 is passed and approved, then the appropriations in [section 1 of this act] are appropriated from the natural resources projects state special revenue account established in [section 28] of House Bill No. 116 and the appropriation in [section 1 of this act] for the purpose of making grants to political subdivisions and local governments is increased by up to $0.5 million.

Section 11. Coordination instruction. If the funding in [this act] is increased sufficiently to fund all the grants in [section 1(3) of this act], then the renewable resource grant authorization in [section 1(6) of HB 512] is void, and the appropriation of proceeds of borrowed funds in [section 1(5) of HB 512] is reduced by $2.2 million.

Section 12. Effective dates. (1) Except as provided in subsection (2), [this act] is effective on passage and approval.

(2) [Section 1] is effective July 1, 2007.

~~(b) if at the beginning of any biennium the unobligated cash balance in the environmental contingency account is less than $750,000, then an amount less than or equal to the difference between the unobligated cash balance and $750,000, but not to exceed $175,000, must be allocated to the environmental contingency account from the interest income of the resource indemnity trust fund.~~

(3) Funds are statutorily appropriated, as provided in 17-7-502, from the environmental contingency account upon the authorization of the governor to meet unanticipated public needs consistent with the following objectives:

(a) to support renewable resource development projects in communities that face an emergency or imminent need for the services or to prevent the physical failure of a project;

(b) to address imminent natural resource restoration and remediation needs that are anticipated to have significant adverse impacts to Montana's natural environment if not addressed in a timely manner;

~~(b)~~*(c)* to preserve vegetation, water, soil, fish, wildlife, or other renewable resources from an imminent physical threat or during an emergency, not including:

(i) natural disasters adequately covered by other funding sources; or

(ii) fire *suppression*;

~~(c)~~*(d)* to respond to an emergency or imminent threat to persons, property, or the environment caused by mineral development;

~~(d)~~*(e)* to respond to an emergency or imminent threat to persons, property, or the environment caused by a hazardous material; and

~~(e)~~*(f)* to fund the environmental quality protection fund provided for in 75-10-704 or to take other necessary actions, including the construction of facilities, to respond to actual or potential threats to persons, property, or the environment caused by hazardous wastes or other hazardous materials.

(4) Interest *earned* from funds in the environmental contingency account ~~accrues to the general fund~~ *remains in the account.*

Section 10. Section 75-10-621, MCA, is amended to read:

"75-10-621. Hazardous waste/CERCLA special revenue account. (1) There is a hazardous waste/CERCLA special revenue account within the state special revenue fund established in 17-2-102.

(2) There must be paid into the hazardous waste/CERCLA account:

(a) proceeds from the resource indemnity and ground water assessment tax as provided by 15-38-106;

~~(a)~~*(b)* revenue obtained from the interest income of the resource indemnity trust fund under the provisions of 15-38-202, together with interest accruing on that revenue;

~~(b)~~*(c)* all proceeds of bonds or notes issued under 75-10-623 and all interest earned on proceeds of the bonds or notes; and

~~(c)~~*(d)* revenue from penalties or damages collected under the federal Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended in 1986 (CERCLA).

(3) Appropriations may be made from the hazardous waste/CERCLA account only for the following purposes and subject to the following conditions:

(a) not more than one-half of the interest income received for any biennium from the resource indemnity trust fund may be appropriated on a biennial basis for:

(i) implementation of the Montana Hazardous Waste Act, including regulation of underground storage tanks and the state share to obtain matching federal funds;

(ii) implementation of Title 75, chapter 10, part 6, pertaining to state assistance to and cooperation with the federal government for remedial action under CERCLA;

(iii) expenses of the department in administering and overseeing the implementation of Title 75, chapter 10, parts 4 and 6; and

(iv) state expenses relating to investigation and remedial action for any hazardous substance defined in 75-10-602; and

(b) to the extent funds are available after the appropriations in subsection (3)(a), the department may, as appropriate, seek authorization from the legislature or, when the legislature is not in session, through the budget amendment process provided for in Title 17, chapter 7, part 4, to spend funds for:

(i) state participation in remedial action under section 104 of CERCLA;

(ii) state costs for maintenance of sites at which remedial action under CERCLA has been completed; and

(iii) the state share to obtain matching federal funds for underground storage tank corrective action.

(4) For the purposes of subsection (3)(b), the legislature finds that a need for state special revenue to obtain matching federal funds for underground storage tank corrective action or for remedial action under section 104 of CERCLA constitutes a serious unforeseen and unanticipated circumstance for the purpose of meeting the definition of "emergency" in 17-7-102. The legislature further finds that the inability of the department to match the federal funds as the funds become available would seriously impair the functions of the department in carrying out its responsibilities under Title 75, chapter 10, parts 4 and 6.

(5) There is no dollar limit to the hazardous waste/CERCLA account. ~~Except as provided in subsection (6), unused~~ *Unused* balances remain in the account until appropriated by the legislature for the purposes specified in this section.

~~(6) (a) If funds are transferred from the orphan share fund to the hazardous waste/CERCLA account pursuant to 75-10-743(9), the department shall, subject to the limitations in subsections (6)(b) and (6)(c) of this section, at the end of the fiscal year in which the transfer is made and in each subsequent fiscal year, transfer from the hazardous waste/CERCLA account to the orphan share fund the unencumbered amount remaining in the hazardous waste/CERCLA account at the end of the fiscal year that is in excess of the amount appropriated for the next fiscal year from the hazardous waste/CERCLA account.~~

~~(b) The total amount transferred pursuant to subsection (6)(a) may not exceed the total amount transferred to the hazardous waste/CERCLA account pursuant to 75-10-743(9).~~

~~(c) Subsection (6)(a) does not apply to the proceeds of bonds or notes sold pursuant to 75-10-623, to interest on the proceeds of those bonds or notes, or to appropriations of those proceeds or interest.~~"

Section 11. Section 75-10-704, MCA, is amended to read:

"75-10-704. Environmental quality protection fund. (1) There is in the state special revenue fund an environmental quality protection fund to be administered as a revolving fund by the department. The department is authorized to expend amounts from the fund necessary to carry out the purposes of this part.

(2) ~~Except as provided in subsection (9), the~~ *The* fund may be used by the department only to carry out the provisions of this part and for remedial actions taken by the department pursuant to this part in response to a release of hazardous or deleterious substances.

(3) The department shall:

(a) except as provided in subsection (7), establish and implement a system, including the preparation of a priority list, for prioritizing sites for remedial action based on potential effects on human health and the environment; and

(b) investigate, negotiate, and take legal action, as appropriate, to identify liable persons, to obtain the participation and financial contribution of liable persons for the remedial action, to achieve remedial action, and to recover costs and damages incurred by the state.

(4) There must be deposited in the fund:

(a) all penalties, forfeited financial assurance, natural resource damages, and remedial action costs recovered pursuant to 75-10-715;

(b) all administrative penalties assessed pursuant to 75-10-714 and all civil penalties assessed pursuant to 75-10-711(5);

~~(f)~~*(g)* funds received from settlements pursuant to 75-10-719(7); and

~~(g)~~*(h)* funds received from the interest paid pursuant to 75-10-722.

(5) Whenever a legislative appropriation is insufficient to carry out the provisions of this part and additional money remains in the fund, the department shall seek additional authority to spend money from the fund through the budget amendment process provided for in Title 17, chapter 7, part 4.

(6) Whenever the amount of money in the fund is insufficient to carry out remedial action, the department may apply to the governor for a grant from the environmental contingency account established pursuant to 75-1-1101.

(7) (a) There is established a state special revenue account for all funds donated or granted from private parties to remediate a specific release at a specific facility. There must be deposited into the account the interest income earned on the account. A person is not liable under 75-10-715 solely as a result of contributing to this account.

(b) Funds donated or granted for a specific project pursuant to this subsection (7) must be accumulated in the fund until the balance of the donated or granted funds is sufficient, as determined by the department, to remediate the facility pursuant to the requirements of 75-10-721 for which the funds are donated.

(c) If the balance of the fund created in this subsection (7), as determined by the department pursuant to the requirements of 75-10-721, is not sufficient to remediate the facility within 1 year from the date of the initial contribution, all donated or granted funds, including any interest on those donated or granted funds, must be returned to the grantor.

(d) If the balance for a specific project is determined by the department to be sufficient to remediate the facility pursuant to the requirements of 75-10-721, the department shall give that site high priority for remedial action, using the funds donated under this subsection (7).

(e) This subsection (7) is not intended to delay, to interfere with, or to diminish the authority or actions of the department to investigate, negotiate, and take legal action, as appropriate, to identify liable persons, to obtain the participation and financial contribution of liable persons for the remedial action, to achieve remedial action, and to recover costs and damages incurred by the state.

(f) The department shall expend the funds in a manner that maximizes the application of the funds to physically remediating the specific release.

(8) (a) A person may donate in-kind services to remediate a specific release at a specific facility pursuant to subsection (7). A person who donates in-kind services is not liable under 75-10-715 solely as a result of the contribution of in-kind services.

(b) A person who donates in-kind services with respect to remediating a specific release at a specific facility is not liable under this part to any person for injuries, costs, damages, expenses, or other liability that results from the release or threatened release, including but not limited to claims for indemnification or contribution and claims by third parties for death, personal injury, illness, loss of or damage to property, or economic loss.

(c) Immunity from liability, pursuant to subsection (8)(b), does not apply in the case of a release that is caused by conduct of the entity providing in-kind

services that is negligent or grossly negligent or that constitutes intentional misconduct.

(d) When a person is liable under 75-10-715 for costs or damages incurred as a result of a release or threatened release of a hazardous or deleterious substance, the person may not avoid that liability or responsibility under 75-10-711 by subsequent donations of money or in-kind services under the provisions of subsection (7) and this subsection (8).

(e) Any donated in-kind services that are employed as part of a remedial action pursuant to this subsection (8) must be approved by the department as appropriate remedial action.

~~(9) (a) If funds are transferred from the orphan share fund to the environmental quality protection fund pursuant to 75-10-743(9), the department shall, subject to the limitation in subsection (9)(b) of this section, at the end of the fiscal year in which the transfer is made and in each subsequent fiscal year, transfer from the environmental quality protection fund to the orphan share fund the unencumbered amount remaining in the environmental quality protection fund at the end of the fiscal year that is in excess of the amount appropriated for the next fiscal year from the environmental quality protection fund.~~

~~(b) The total transferred pursuant to subsection (9)(a) may not exceed the total amount transferred to the environmental quality protection fund pursuant to 75-10-743(9).~~"

Section 12. Section 75-10-743, MCA, is amended to read:

"75-10-743. Orphan share state special revenue account — reimbursement of claims — payment of department costs. (1) There is an orphan share account in the state special revenue fund established in 17-2-102 that is to be administered by the department. Money in the account is available to the department by appropriation and, except as provided in subsections ~~(9) through (11)~~ *(9) and (10)*, must be used to reimburse remedial action costs claimed pursuant to 75-10-742 through 75-10-751 and to pay costs incurred by the department in defending the orphan share.

(2) There must be deposited in the orphan share account:

(a) all penalties assessed pursuant to 75-10-750(12);

~~(b) funds received from the interest income of the resource indemnity trust fund pursuant to 15-38-202;~~

~~(c) funds allocated from the resource indemnity and ground water assessment tax proceeds provided for in 15-38-106;~~

~~(d)~~*(b)* funds received from the distribution of oil and natural gas production taxes pursuant to 15-36-331;

~~(e)~~*(c)* unencumbered funds remaining in the abandoned mines state special revenue account;

~~(f)~~*(d)* interest income on the account;

~~(g)~~*(e)* funds received from settlements pursuant to 75-10-719(7); and

~~(h)~~*(f)* funds received from reimbursement of the department's orphan share defense costs pursuant to subsection (6).

(3) If the orphan share fund contains sufficient money, valid claims must be reimbursed subsequently in the order in which they were received by the

department. If the orphan share fund does not contain sufficient money to reimburse claims for completed remedial actions, a reimbursement may not be made and the orphan share fund, the department, and the state are not liable for making any reimbursement for the costs. The department and the state are not liable for any penalties if the orphan share fund does not contain sufficient money to reimburse claims, and interest may not accrue on outstanding claims.

(4) Except as provided in ~~subsection (7)~~ *subsections (6) and (7)*, claims may not be submitted and remedial action costs may not be reimbursed from the orphan share fund until all remedial actions, except for operation and maintenance, are completed at a facility.

(5) ~~Reimbursement~~ *Except as provided in subsection (6), reimbursement* from the orphan share fund must be limited to actual documented remedial action costs incurred after the date of a petition provided for in 75-10-745. Reimbursement may not be made for attorney fees, legal costs, or operation and maintenance costs.

(6) (a) The department's costs incurred in defending the orphan share must be paid by the persons participating in the allocation under 75-10-742 through 75-10-751 in proportion to their allocated shares. The orphan share fund is responsible for a portion of the department's costs incurred in defending the orphan share in proportion to the orphan share's allocated share, as follows:

(i) If sufficient funds are available in the orphan share fund, the department's costs incurred in defending the orphan share must be paid from the orphan share fund in proportion to the share of liability allocated to the orphan share.

(ii) If sufficient funds are not available in the orphan share fund, persons participating in the allocation under 75-10-742 through 75-10-751 shall pay all the orphan share's allocated share of the department's costs incurred in defending the orphan share in proportion to each person's allocated share of liability.

(b) A person who pays the orphan share's proportional share of costs has a claim against the orphan share fund and must be reimbursed as provided in subsection (3).

(c) A state agency that is liable for remedial action costs incurred has a claim against the orphan share fund and must be reimbursed as provided in subsection (3). The agency may submit a claim before or after remedial action is complete. Reimbursement may not be made for attorney fees, legal costs, or operation and maintenance costs. The agency may be reimbursed only after:

(i) its liability has been determined pursuant to 75-10-742 through 75-10-751 or by a court of competent jurisdiction;

(ii) it has received a notice letter pursuant to 75-10-711; and

(iii) the department has approved the costs.

(7) If the lead liable person under 75-10-746 presents evidence to the department that the person cannot complete the remedial actions without partial reimbursement and that a delay in reimbursement will cause undue financial hardship on the person, the department may allow the submission of claims and may reimburse the claims prior to the completion of all remedial actions. A person is not eligible for early reimbursement unless the person is in substantial compliance with all department-approved remedial action plans.

(8) A person participating in the allocation process who received funds under the mixed funding pilot program provided for in sections 14 through 20, Chapter 584, Laws of 1995, may not claim or receive reimbursement from the orphan share fund for the amount of funds received under the mixed funding pilot program that are later attributed to the orphan share under the allocation process.

~~(9) For the biennium beginning July 1, 2005, and subject to the provisions of section 3, Chapter 355, Laws of 2005, the department may transfer funds from the orphan share fund to the environmental quality protection fund established in 75-10-704, the hazardous waste/CERCLA account established in 75-10-621, or both. The total amount transferred pursuant to this subsection may not exceed $600,000.~~

~~(10)~~*(9)* (a) For the biennium beginning July 1, 2005, up to $1.25 million may be used by the department to pay the costs incurred by the department in contracting for evaluating the extent of contamination and formulating final remediation alternatives for releases at the Kalispell pole and timber, reliance refinery company, and Yale oil corporation facility complex. If the department spends less than $1.25 million for those purposes, the remaining funds must be spent for remediation of the facility complex. The department may not seek recovery of the $1.25 million from potentially liable persons.

(b) The money spent pursuant to subsection ~~(10)(a)~~ *(9)(a)* must be credited against the amount owed by the state agency in a judgment or settlement agreement for payment of the remedial action costs at the facility for which the money was spent.

(c) The department shall consult with the noticed potentially liable persons regarding contractor selection and determination of the scope of the work for contract tasks. The department shall also provide the noticed potentially liable persons with contract performance updates and shall consult with the noticed potentially liable persons regarding expenses and progress on contract tasks.

(d) The department shall contract for the compilation, assessment, and summarization of the existing data pertaining to the complex described in subsection ~~(10)(a)~~ *(9)(a)*, for recommendations for and conducting of additional investigations and studies necessary to develop remediation alternatives, and for development and assessment of remediation alternatives.

(i) Contracts for investigations and studies must be in place by August 31, 2005.

(ii) A summary of existing data must be prepared by December 31, 2005.

(iii) The contract or contract task order for investigations, studies, and development and evaluation of final remediation alternatives must be in place by April 30, 2006.

(iv) All intended field work must be completed by November 30, 2006, and to the extent that this field work indicates that followup is necessary, the followup field work must be completed as soon as possible or addressed in the report that must be submitted pursuant to subsection ~~(10)(g)~~ *(9)(g)*.

(v) The contractor shall submit evaluations of the extent of contamination by October 31, 2006.

(vi) The contractor shall submit final remediation alternatives by July 31, 2007.

(f) The department shall report to the environmental quality council quarterly during calendar years 2005, 2006, and 2007 regarding the progress being made to meet the requirements of subsection ~~(10)(e)~~ *(9)(e)*. The report must include information on expenditures.

(g) If investigations completed under this subsection ~~(10)~~ *(9)* indicate the need for additional information or for pilot tests and other related remedial action process activities, the department shall prepare a report identifying the rationale and estimated costs for additional work and present it to the environmental quality council during the spring of 2007.

(h) The department shall provide to the environmental quality council copies of investigations and reports completed pursuant to subsection ~~(10)(d)~~ *(9)(d)*.

~~(11)~~*(10)* (a) Beginning in the fiscal year that commences July 1, 2005, the department shall transfer from the orphan share account to the long-term or perpetual water treatment permanent trust fund provided for in 82-4-367 $1.2 million in each fiscal year until the board of investments makes the certification pursuant to subsection ~~(11)(b)~~ *(10)(b)* of this section.

(b) (i) The board of investments shall monitor the long-term or perpetual water treatment permanent trust fund provided for in 82-4-367 to determine when the amount of money in the long-term or perpetual water treatment permanent trust fund will be sufficient, with future earnings, to provide a fund balance of $19.3 million on January 1, 2018.

(ii) When the board of investments makes the determination pursuant to subsection ~~(11)(b)(i)~~ *(10)(b)(i)*, the board of investments shall notify the department and certify to the department the amount of money, if any, that must be transferred during the fiscal year in which the board of investments makes its determination pursuant to subsection ~~(11)(b)(i)~~ *(10)(b)(i)* in order to provide a fund balance of $19.3 million on January 1, 2018.

(iii) In the fiscal year that the board of investments makes its determination and notifies the department, the department shall transfer only the amount certified by the board of investments, if any, and may not make additional transfers during subsequent fiscal years.

(11) For the biennium beginning July 1, 2007, the department shall transfer from the orphan share fund:

(a) $600,000 to the hazardous waste/CERCLA account provided for in 75-10-621 to provide for a positive account balance;

~~(18)~~*(19)* "Urban renewal plan" means a plan for one or more urban renewal areas or for an urban renewal project. The plan:

(a) must conform to the growth policy if one has been adopted pursuant to Title 76, chapter 1; and

(b) must be sufficiently complete to indicate, on a yearly basis or otherwise:

(i) any land acquisition, demolition, and removal of structures; redevelopment; improvements; and rehabilitation that is proposed to be carried out in the urban renewal area;

(ii) zoning and planning changes, if any, including changes to the growth policy if one has been adopted pursuant to Title 76, chapter 1;

(iii) land uses, maximum densities, building requirements; and

(iv) the plan's relationship to definite local objectives respecting appropriate land uses, improved traffic, public transportation, public utilities, recreational and community facilities, and other public improvements.

~~(19)~~*(20) (a)* "Urban renewal project" may include undertakings or activities of a municipality in an urban renewal area for the elimination and for the prevention of the development or spread of blight and may involve redevelopment in an urban renewal area, rehabilitation or conservation in an urban renewal area, or any combination or part of redevelopment, rehabilitation, or conservation in accordance with an urban renewal plan.

(b) An urban renewal project may not include using property that was condemned pursuant to Title 70, chapter 30, for anything other than a public use."

Section 3. Section 7-15-4258, MCA, is amended to read:

"7-15-4258. Acquisition and administration of real and personal property. (1) A municipality may:

(a) acquire by purchase, lease, option, gift, grant, bequest, devise, eminent domain pursuant to Title 70, chapter 30, or otherwise any real property and personal property that may be necessary for the administration of the

provisions contained in part 43 and this part, together with any improvements on the real property;

(b) hold, improve, clear, or prepare for redevelopment property acquired pursuant to subsection (1)(a);

(c) dispose of real or personal property;

(d) insure or provide for the insurance of real or personal property or the operations of the municipality against any risks or hazards, including the power to pay premiums on any insurance; and

(e) enter into a development agreement with the owner of real property within an urban renewal area and undertake activities, including the acquisition, removal, or demolition of structures, improvements, or personal property located on the real property, to prepare the property for redevelopment.

(2) A development agreement entered into in accordance with subsection (1)(e) must contain provisions obligating the owner to redevelop the real property for a specified use consistent with the urban renewal plan and offering recourse to the municipality if the redevelopment is not completed as determined by the local governing body. The development agreement may not constitute the acquisition of an interest in real property by the municipality within the meaning of 7-15-4262 or 7-15-4263.

(3) ~~However,~~ *Except as provided in 7-15-4204(2), 7-15-4206, and 7-15-4259,* statutory provisions with respect to the acquisition, clearance, or disposition of property by public bodies may not restrict a municipality in the exercise of functions with respect to an urban renewal project.

(4) A municipality may not acquire real property for an urban renewal project or enter into a development agreement, as provided in subsection (1)(e), unless the local governing body has approved the urban renewal project plan in accordance with 7-15-4216(2) and 7-15-4217."

Section 4. Section 7-15-4259, MCA, is amended to read:

"7-15-4259. Exercise of power of eminent domain. (1) After the adoption by the local governing body of a resolution declaring that the acquisition of the real property described in the resolution is necessary for an urban renewal project under this part, a municipality may acquire by condemnation, as provided in Title 70, chapter 30, any interest in real property that it considers necessary for urban renewal.

(2) Condemnation for urban renewal of blighted areas is a public use, and property already devoted to any other public use or acquired by the owner or the owner's predecessor in interest by eminent domain may be condemned for the purposes of this part.

(3) The award of compensation for real property taken for an urban renewal project may not be increased by reason of any increase in the value of the real property caused by the assembly, clearance, or reconstruction or proposed assembly, clearance, or reconstruction in the project area. An allowance may not be made for the improvements begun on real property after notice to the owner of the property of the institution of proceedings to condemn the property. Evidence is admissible bearing upon the unsanitary, unsafe, or substandard condition of the premises or the unlawful use of the premises.

(4) A city or town may not serve as a pass-through entity by using its power of eminent domain, as provided in Title 70, chapter 30, to obtain property with the intent to sell, lease, or provide the property to a private entity."

CHAPTER NO. 442

[SB 49]

AN ACT GRANTING TO A RELATIVE WHO IS A CARETAKER BUT NOT A PARENT OF A CHILD THE POWER TO ENROLL THE CHILD IN SCHOOL, DISCUSS CERTAIN SCHOOL-RELATED MATTERS, AND CONSENT TO SCHOOL-RELATED MEDICAL CARE UNDER CERTAIN CONDITIONS; PROVIDING FOR A CARETAKER RELATIVE EDUCATIONAL AUTHORIZATION AFFIDAVIT; PROVIDING FOR GOVERNMENTAL IMMUNITY; AMENDING SECTIONS 1-1-215, 20-5-321, 20-5-412, AND 20-5-420, MCA; AND PROVIDING AN EFFECTIVE DATE AND AN APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Purpose — legislative intent — parental rights — definitions. (1) The legislature recognizes that the rights of parents to the custody and control of a child are based upon liberties secured by the United States and Montana constitutions and that a parent's rights to that custody and control of a child are therefore normally supreme to the interests of other persons. The legislature also recognizes a growing phenomenon in which absent or otherwise unavailable parents have temporarily surrendered the custody and care of their children to a grandparent or other relative for lengthy periods of time. Regardless of the purpose of the absence, a child willfully surrendered to a relative for an extended time period still has the same needs as a child in the care of its parents. In this situation, a caretaker relative assumes responsibilities for the child but has no legal right of control over the child, a situation that interferes in the caretaker relative's ability to perform routine functions of child rearing, including tending to the educational and educationally related medical needs of the child. It is therefore the purpose of the legislature in these instances to protect the rights of a child granted by Article II, section 15, of the Montana constitution by granting a caretaker relative limited authority for a child left in the relative's care.

(2) It is the intent of the legislature that a caretaker relative given the responsibility of caring for a child with little or no warning and without any other provision having been made for the child's care, such as the appointment of a guardian or the provision of a power of attorney, be granted authority to enroll the child in school, discuss with the school district the child's educational progress, and consent to an educational service and to medical care for the child related to an educational service without superseding any parental rights regarding the child.

(3) [Sections 2 and 3] and this section are not intended to affect the rights and responsibilities of a parent, legal guardian, or other custodian regarding the child, do not grant legal custody of the child to the caretaker relative, and do not grant authority to the caretaker relative to consent to the marriage or adoption of the child or to receive notice of a medical procedure, including abortion, not

consented to by the relative, if notice is required by law, for the child except as expressly provided in this section.

(4) For the purposes of [sections 2 and 3] and this section, the following definitions apply:

(a) "Caretaker relative" or "relative" means an individual related by blood, marriage, or adoption by another individual to the child whose care is undertaken by the relative, but who is not a parent, foster parent, stepparent, or legal guardian of the child.

(b) "Caretaker relative educational authorization affidavit" or "affidavit" means an affidavit completed in compliance with [section 3].

(c) "Health care provider" means a person who provides medical care.

(d) "Medical care" means care, by a health care provider for which parental consent is normally required, for the prevention, diagnosis, or treatment of a mental, physical, or dental injury or disease.

(e) "Parent" means a biological parent, adoptive parent, or other legal guardian of the child whose parental rights have not been terminated.

Section 2. Enrollment by caretaker relative — residency — affidavit. (1) A caretaker relative of a child who has voluntarily been given custody of the child by a parent of the child may, in accordance with this section, enroll the child in school, using the rules of residence provided in 1-1-215, if:

(a) in leaving the child with the caretaker relative, the parent expressed no definite time period in which the parent would return for the child;

(b) the child is residing with the caretaker relative on a full-time basis;

(c) the caretaker relative is unable to contact either of the parents following the voluntary leaving of the child with the relative or the parent or parents whom the relative is able to contact refuse to regain custody of the child after a written or oral request by the relative to do so;

(d) no adequate provision, such as the appointment of a guardian ad litem or execution of a power of attorney, has otherwise been made for the educational needs of the child; and

(e) a caretaker relative educational authorization affidavit is completed in compliance with [section 3].

(2) A caretaker relative of a child who has voluntarily been given custody of the child by a parent of the child may enroll the child in school unless the child's residency with the caretaker relative is primarily for the purpose of:

(a) attending a particular school; or

(b) participating in athletics at a particular school.

(3) If the child was subject to formal disciplinary action, including suspension or expulsion, at the child's previous school, the school in which the child is to be enrolled may require the child to comply with a behavior contract as a condition of enrollment.

(4) The school district may require additional reasonable evidence that the caretaker relative lives at the address provided in the affidavit.

Section 3. Caretaker relative educational authorization affidavit — use — immunity — format. (1) A caretaker relative of a child who has voluntarily been given custody of the child by a parent of the child has the same authority as a custodial parent of the child to discuss with an educator the

educational progress of the child, consent to an educational service, and consent to medical care related to an educational service for the child for which parental consent is usually required if a caretaker relative educational authorization affidavit is completed in compliance with this section.

(2) An affidavit is effective only if it is signed by the caretaker relative, under oath, before a notary public. A clear photographic copy of an affidavit completed in compliance with this section is sufficient in any instance in which an original is required by a school official or health care provider.

(3) Unless parental rights have been judicially terminated or unless the ability to give legal consent for the child to receive an educational service and any medical care related to the educational service for which parental consent is usually required has been granted to the caretaker relative pursuant to 40-4-211 and 40-4-228, a decision by a parent of the child communicated to a school official, a health care provider, or both, regarding the child supersedes a conflicting decision by a caretaker relative made pursuant to an affidavit completed in compliance with this section. However, a decision by a parent does not supersede a decision by a relative pursuant to an affidavit completed in compliance with this section if the decision by the parent endangers the life of the child. A school official or health care provider may require reasonable proof of authenticity of a decision by a parent intended to supersede a decision by a caretaker relative.

(4) (a) A [public or] private entity or individual who acts in good faith reliance on a caretaker relative educational authorization affidavit completed in compliance with this section who has no actual knowledge of facts contrary to those indicated in the affidavit is not subject to civil liability or criminal prosecution or to a professional disciplinary procedure for an action that would have been proper if the facts had been as the entity or individual believed them to be.

(b) This subsection (4) applies even if an educational service or educationally related medical care, or both, are provided to a child against the wishes of a parent of that child if the person rendering the service does not have actual knowledge of the parent's wishes.

(5) A person who relies on an affidavit completed in compliance with this section has no obligation to make further inquiry or investigation.

(6) An affidavit completed in compliance with this section is effective for the earlier of:

(a) the end of the first school year after delivery of the affidavit to a school district;

(b) until it has been revoked by the caretaker relative; or

(c) until the child no longer resides with the caretaker relative.

(7) If the child ceases to live with the caretaker relative or the caretaker relative revokes the affidavit, the caretaker relative shall provide written notice of that fact to all persons to whom the caretaker relative has given the affidavit or to whom the caretaker relative has caused the affidavit to be given.

(8) This section does not relieve a person from a violation of other law, and this section does not affect the rights of a child's parent except as provided in this section.

(9) A caretaker relative educational authorization affidavit is invalid unless it is written in substantially the following form and contains the warning provided for in paragraph 5 of the format below:

Section 4. Section 1-1-215, MCA, is amended to read:

"1-1-215. Residence — rules for determining. Every person has, in law, a residence. In determining the place of residence, the following rules are to be observed:

(1) It is the place where a person remains when not called elsewhere for labor or other special or temporary purpose and to which the person returns in seasons of repose.

Section 5. Section 20-5-321, MCA, is amended to read:

"20-5-321. Attendance with mandatory approval — tuition and transportation. (1) An out-of-district attendance agreement that allows a child to enroll in and attend a school in a Montana school district that is outside of the child's district of residence or in a public school district of a state or province that is adjacent to the county of the child's residence is mandatory whenever:

(a) the child resides closer to the school that the child wishes to attend and more than 3 miles from the school the child would attend in the resident district and the resident district does not provide transportation; or

(b) (i) the child resides in a location where, because of geographic conditions between the child's home and the school that the child would attend within the district of residence, it is impractical to attend school in the district of residence, as determined by the county transportation committee based on the following criteria:

(A) the length of time that is in excess of the 1-hour limit for each bus trip for an elementary child as authorized under 20-10-121;

(B) whether distance traveled is greater than 40 miles one way from the child's home to school on a dirt road or greater than a total of 60 miles one way from the child's home to school in the district of residence over the shortest passable route; or

(C) whether the condition of the road or existence of a geographic barrier, such as a river or mountain pass, causes a hazard that prohibits safe travel between the home and school.

(ii) The decision of the county transportation committee is subject to appeal to the superintendent of public instruction, as provided in 20-3-107, but the decision must be considered as final for the purpose of the payment of tuition under 20-5-324(5)(a)(ii) until a decision is issued by the superintendent of public instruction. The superintendent of public instruction may review and rule upon a decision of the county transportation committee without an appeal being filed.

(c) the child is a member of a family that is required to send another child outside of the elementary district to attend high school and the child of elementary age may more conveniently attend an elementary school where the high school is located, provided that the child resides more than 3 miles from an elementary school in the resident district or that the parent is required to move to the elementary district where the high school is located to enroll another child in high school. A child enrolled in an elementary school pursuant to this subsection (1)(c) may continue to attend the elementary school after the other child has left the high school.

(d) the child is under the protective care of a state agency or has been adjudicated to be a youth in need of intervention or a delinquent youth, as defined in 41-5-103; ~~or~~

(e) the child is required to attend school outside of the district of residence as the result of a placement in foster care or a group home licensed by the state*; or*

(f) the child is residing with a caretaker relative who wants to enroll the child pursuant to [section 2].

(2) (a) Whenever a parent or guardian of a child, an agency of the state, or a court wishes to have a child attend a school under the provisions of this section, the parent or guardian, agency, or court shall complete an out-of-district attendance agreement in consultation with an appropriate official of the district that the child will attend.

(b) The attendance agreement must set forth the financial obligations, if any, for costs incurred for tuition and transportation as provided in 20-5-323 and Title 20, chapter 10.

(c) (i) The trustees of the district of choice may waive any or all of the tuition rate. The trustees of the district of choice may waive the tuition for all students whose tuition is required to be paid by one type of entity and may charge tuition for all students whose tuition is required to be paid by another type of entity. However, any waiver of tuition must be applied equally to all students whose tuition is paid by the same type of entity.

(ii) As used in this subsection (2)(c), "entity" means a parent, a guardian, the trustees of the district of residence, or a state agency.

(3) Except as provided in subsection (4), the trustees of the resident district and the trustees of the district of attendance shall approve the out-of-district attendance agreement. The trustees of the district of attendance shall:

(a) notify the county superintendent of schools of the county of the child's residence of the approval of the agreement within 10 days; and

(b) submit the agreement for a student attending under the provisions of subsection (1)(d) or (1)(e) to the superintendent of public instruction for approval for payment under 20-5-324.

(4) Unless the child is a child with a disability who resides in the district, the trustees of the district where the school to be attended is located may disapprove an out-of-district attendance agreement whenever they find that, because of insufficient room and overcrowding, the accreditation of the school would be adversely affected by the acceptance of the child."

Section 6. Section 20-5-412, MCA, is amended to read:

"20-5-412. Definition — parent-designated adult — administration of glucagon — training. (1) As used in 20-5-413 and this section, "parent-designated adult" means a school district employee, selected by a parent*, an individual who has executed a caretaker relative educational authorization affidavit pursuant to [section 3],* or *a* guardian of a diabetic student, who voluntarily agrees to administer glucagon to the student.

(2) A parent*, an individual who has executed a caretaker relative educational authorization affidavit pursuant to [section 3],* or *a* guardian of a diabetic student may designate an adult to administer glucagon to the student as provided in subsection (3). Written proof of the designation by a parent*, an individual who has executed a caretaker relative educational authorization*

affidavit pursuant to [section 3], or *a* guardian and acceptance of the designation by the parent-designated adult must be filed with the school district.

(3) A parent-designated adult may administer glucagon to a diabetic student in an emergency situation. The glucagon must be provided by the parent*, an individual who has executed a caretaker relative educational authorization affidavit pursuant to [section 3],* or *a* guardian of the student.

(4) A parent-designated adult must be trained in recognizing hypoglycemia and the proper method of administering glucagon. Training must be provided by a health care professional, as defined in 33-36-103, or a recognized expert in diabetic care selected by the parent*, an individual who has executed a caretaker relative educational authorization affidavit pursuant to [section 3],* or *a* guardian. Written documentation of the training received by the parent-designated adult must be filed with the school district."

Section 7. Section 20-5-420, MCA, is amended to read:

"20-5-420. Self-administration of asthma medication. (1) As used in this section, the following definitions apply:

(a) "Anaphylaxis" means a systemic allergic reaction that can be fatal in a short time period and is also known as anaphylactic shock.

(b) "Asthma" means a chronic disorder or condition of the lungs that requires lifetime, ongoing, medical intervention.

(c) "Medication" means a medicine, including inhaled bronchodilators, inhaled corticosteroids, and autoinjectable epinephrine, prescribed by a licensed physician as defined in 37-3-102, a physician assistant who has been authorized to prescribe asthma medications as provided in 37-20-404, or an advanced practice registered nurse with prescriptive authority as provided in 37-8-202(5).

(d) "Self-administration" means a pupil's discretionary use of the asthma medication prescribed for the pupil.

(2) A school, whether public or nonpublic, shall permit the self-administration of medication by a pupil with asthma if the parents or guardians of the pupil provide to the school:

(a) written authorization, acknowledging and agreeing to the liability provisions in subsection (4), for the self-administration of medication;

(b) a written statement from the pupil's physician, physician assistant, or advanced practice registered nurse containing the following information:

(i) the name and purpose of the medication;

(ii) the prescribed dosage; and

(iii) the time or times at which or the special circumstances under which the medication is to be administered;

(c) documentation that the pupil has demonstrated to the health care practitioner and the school nurse, if available, the skill level necessary to administer the medication as prescribed; and

(d) documentation that the pupil's physician, physician assistant, or advanced practice registered nurse has formulated a written treatment plan for managing asthma or anaphylaxis episodes of the pupil and for medication use by the pupil during school hours.

(3) The information provided by the parents or guardians must be kept on file in the office of the school nurse or, in the absence of a school nurse, the school's administrator.

(4) The school district or nonpublic school and its employees and agents are not liable as a result of any injury arising from the self-administration of medication by the pupil unless an act or omission is the result of gross negligence, willful and wanton conduct, or an intentional tort. The parents or guardians of the pupil must be given a written notice and sign a statement acknowledging that the school district or nonpublic school may not incur liability as a result of any injury arising from the self-administration of medication by the pupil and that the parents or guardians shall indemnify and hold harmless the school district or nonpublic school and its employees and agents against any claims, except a claim based on an act or omission that is the result of gross negligence, willful and wanton conduct, or an intentional tort.

(5) The permission for self-administration of medication is effective for the school year for which it is granted and must be renewed each subsequent school year or, if the medication dosage, frequency of administration, or other conditions change, upon fulfillment of the requirements of this section.

(6) If the requirements of this section are fulfilled, a pupil with asthma may possess and use the pupil's medication:

(a) while in school;

(b) while at a school-sponsored activity;

(c) while under the supervision of school personnel;

(d) before or after normal school activities, such as while in before-school or after-school care on school-operated property; or

(e) while in transit to or from school or school-sponsored activities.

(7) If provided by the parent*, an individual who has executed a caretaker relative educational authorization affidavit pursuant to [section 3],* or *a* guardian and in accordance with documents provided by the pupil's physician, physician assistant, or advanced practice registered nurse, backup medication must be kept at a pupil's school in a predetermined location or locations to which the pupil has access in the event of an asthma or anaphylaxis emergency.

(8) Youth correctional facilities are exempt from this section and shall adopt policies related to access and use of asthma medications."

Section 8. Codification instruction. [Sections 1 through 3] are intended to be codified as an integral part of Title 20, chapter 5, and the provisions of Title 20, chapter 5, apply to [sections 1 through 3].

Section 9. Two-thirds vote required — contingent voidness. Because [section 3(4)(a)] limits governmental liability, Article II, section 18, of the Montana constitution requires a vote of two-thirds of the members of each house of the legislature for passage. If [this act] is not approved by at least two-thirds of the members of each house of the legislature, then the bracketed language in [section 3(4)(a)] and the bracketed language in the notice to school officials and health care providers in part 8b of [section 3(9)] is void.

Section 10. Effective date. [This act] is effective July 1, 2007.

Section 11. Applicability. [This act] applies to a caretaker relative to whom a minor is given by a parent on or after July 1, 2007, for care by the relative.

(j) when a subdivision creates parcels with lot sizes averaging less than 5 acres, require the subdivider to:

(B) the water rights are removed or the process has been initiated to remove the water rights from the subdivided land through an appropriate legal or administrative process and if the removal or intended removal is denoted on the preliminary plat. If removal of water rights is not complete upon filing of the final plat, the subdivider shall provide written notification to prospective buyers of the intent to remove the water right and shall document that intent, when applicable, in agreements and legal documents for related sales transactions.

The regulations must provide for an appeals process to the governing body if the reviewing authority is not the governing body.

(q) establish a preapplication process that:

(i) allows a subdivider to meet with the agent or agency, other than the governing body, that is designated by the governing body to review subdivision applications prior to the subdivider submitting the application;

(ii) requires, for informational purposes only, identification of the state laws, local regulations, and growth policy provisions, if a growth policy has been adopted, that may apply to the subdivision review process;

(iii) requires a list to be made available to the subdivider of the public utilities, those agencies of local, state, and federal government, and any other entities that may be contacted for comment on the subdivision application and the timeframes that the public utilities, agencies, and other entities are given to respond. If, during the review of the application, the agent or agency designated by the governing body contacts a public utility, agency, or other entity that was not included on the list originally made available to the subdivider, the agent or agency shall notify the subdivider of the contact and the timeframe for response.

(iv) requires that a preapplication meeting take place no more than 30 days from the date that the agent or agency receives a written request for a preapplication meeting from the subdivider; and

Section 2. Section 85-2-308, MCA, is amended to read:

"85-2-308. Objections. (1) (a) An objection to an application under this chapter must be filed by the date specified by the department under 85-2-307(2).

(b) The objection to an application for a permit must state the name and address of the objector and facts indicating that one or more of the criteria in 85-2-311 are not met.

(2) For an application for a change in appropriation rights, the objection must state the name and address of the objector and facts indicating that one or more of the criteria in 85-2-402 *and 85-2-436, if applicable,* are not met.

(3) A person has standing to file an objection under this section if the property, water rights, or interests of the objector would be adversely affected by the proposed appropriation.

(4) For an application for a reservation of water, the objection must state the name and address of the objector and facts indicating that one or more of the criteria in 85-2-316 are not met.

(5) An objector to an application under this chapter shall file a correct and complete objection on a form prescribed by the department within the time period stated on the public notice associated with the application. In order to assist both applicants and objectors, the department shall adopt rules in accordance with this chapter delineating the components of a correct and complete objection. For instream flow water rights for fish, wildlife, and recreation, the rules must require the objector to describe the reach or portion of the reach of the stream or river subject to the instream flow water right and the beneficial use that is adversely affected and to identify the point or points where the instream flow water right is measured and monitored. The department shall

notify the objector of any defects in an objection. An objection not corrected or completed within 15 days from the date of notification of the defects is terminated.

(6) An objection is valid if the objector has standing pursuant to subsection (3), has filed a correct and complete objection within the prescribed time period, and has stated the applicable information required under this section and rules of the department."

Section 3. Section 85-2-402, MCA, is amended to read:

"85-2-402. ~~(Temporary)~~ Changes in appropriation rights. (1) The right to make a change *in appropriation right* subject to the provisions of this section in an existing water right, a permit, or a state water reservation is recognized and confirmed. In a change *in appropriation right* proceeding under this section, there is no presumption that an applicant for a change in appropriation right cannot establish lack of adverse effect prior to the adjudication of other rights in the source of supply pursuant to this chapter. Except as provided in 85-2-410 and subsections (15) and (16) of this section, an appropriator may not make a change in an appropriation right without the approval of the department or, if applicable, of the legislature. An applicant shall submit a correct and complete application.

(2) Except as provided in subsections (4) through (6), (15), and (16)~~,~~ *and, if applicable, subject to subsection (17),* the department shall approve a change in appropriation right if the appropriator proves by a preponderance of evidence that the following criteria are met:

(a) The proposed change in appropriation right will not adversely affect the use of the existing water rights of other persons or other perfected or planned uses or developments for which a permit or certificate has been issued or for which a state water reservation has been issued under part 3.

(b) Except for a ~~lease authorization~~ *change in appropriation right for instream flow to protect, maintain, or enhance streamflows to benefit the fishery resource* pursuant to 85-2-436 or a temporary change in appropriation right authorization to maintain or enhance streamflows to benefit the fishery resource pursuant to 85-2-408, the proposed means of diversion, construction, and operation of the appropriation works are adequate.

(c) The proposed use of water is a beneficial use.

(d) Except for a ~~lease authorization~~ *change in appropriation right for instream flow to protect, maintain, or enhance streamflows to benefit the fishery resource* pursuant to 85-2-436 or a temporary change in appropriation right authorization pursuant to 85-2-408, the applicant has a possessory interest, or the written consent of the person with the possessory interest, in the property where the water is to be put to beneficial use.

(e) If the change in appropriation right involves salvaged water, the proposed water-saving methods will salvage at least the amount of water asserted by the applicant.

(f) The water quality of an appropriator will not be adversely affected.

(g) The ability of a discharge permitholder to satisfy effluent limitations of a permit issued in accordance with Title 75, chapter 5, part 4, will not be adversely affected.

(3) The applicant is required to prove that the criteria in subsections (2)(f) and (2)(g) have been met only if a valid objection is filed. A valid objection must

contain substantial credible information establishing to the satisfaction of the department that the criteria in subsection (2)(f) or (2)(g), as applicable, may not be met.

(4) The department may not approve a change in purpose of use or place of use of an appropriation of 4,000 or more acre-feet of water a year and 5.5 or more cubic feet per second of water unless the appropriator proves by a preponderance of evidence that:

(a) the criteria in subsection (2) are met; and

(b) the proposed change *in appropriation right* is a reasonable use. A finding of reasonable use must be based on a consideration of:

(i) the existing demands on the state water supply, as well as projected demands for water for future beneficial purposes, including municipal water supplies, irrigation systems, and minimum streamflows for the protection of existing water rights and aquatic life;

(ii) the benefits to the applicant and the state;

(iii) the effects on the quantity and quality of water for existing uses in the source of supply;

(iv) the availability and feasibility of using low-quality water for the purpose for which application has been made;

(v) the effects on private property rights by any creation of or contribution to saline seep; and

(vi) the probable significant adverse environmental impacts of the proposed use of water as determined by the department pursuant to Title 75, chapter 1, or Title 75, chapter 20.

(5) The department may not approve a change in purpose of use or place of use for a diversion that results in 4,000 or more acre-feet of water a year and 5.5 or more cubic feet per second of water being consumed unless:

(a) the applicant proves by clear and convincing evidence and the department finds that the criteria in subsections (2) and (4) are met; and

(b) for the withdrawal and transportation of appropriated water for out-of-state use, the department then petitions the legislature and the legislature affirms the decision of the department after one or more public hearings.

(6) The state of Montana has long recognized the importance of conserving its public waters and the necessity to maintain adequate water supplies for the state's water requirements, including requirements for federal non-Indian and Indian reserved water rights held by the United States for federal reserved lands and in trust for the various Indian tribes within the state's boundaries. Although the state of Montana also recognizes that, under appropriate conditions, the out-of-state transportation and use of its public waters are not in conflict with the public welfare of its citizens or the conservation of its waters, the following criteria must be met before out-of-state use may occur:

(a) The department and, if applicable, the legislature may not approve a change in appropriation right for the withdrawal and transportation of appropriated water for use outside the state unless the appropriator proves by clear and convincing evidence and, if applicable, the legislature approves after one or more public hearings that:

(i) depending on the volume of water diverted or consumed, the applicable criteria and procedures of subsection (2) or (4) are met;

(ii) the proposed out-of-state use of water is not contrary to water conservation in Montana; and

(iii) the proposed out-of-state use of water is not otherwise detrimental to the public welfare of the citizens of Montana.

(b) In determining whether the appropriator has proved by clear and convincing evidence that the requirements of subsections (6)(a)(ii) and (6)(a)(iii) will be met, the department and, if applicable, the legislature shall consider the following factors:

(i) whether there are present or projected water shortages within the state of Montana;

(ii) whether the water that is the subject of the proposed change in appropriation might feasibly be transported to alleviate water shortages within the state of Montana;

(iii) the supply and sources of water available to the applicant in the state where the applicant intends to use the water; and

(iv) the demands placed on the applicant's supply in the state where the applicant intends to use the water.

(c) When applying for a change in appropriation right to withdraw and transport water for use outside the state, the applicant shall submit to and comply with the laws of the state of Montana governing the appropriation and use of water.

(7) For any application for a change in appropriation right involving 4,000 or more acre-feet of water a year and 5.5 or more cubic feet per second of water, the department shall give notice of the proposed change *in appropriation right* in accordance with 85-2-307 and shall hold one or more hearings in accordance with 85-2-309 prior to its approval or denial of the proposed change *in appropriation right*. The department shall provide notice and may hold one or more hearings upon any other proposed change in appropriation right if it determines that the proposed change *in appropriation right* might adversely affect the rights of other persons.

(8) The department or the legislature, if applicable, may approve a change in appropriation right subject to the terms, conditions, restrictions, and limitations that it considers necessary to satisfy the criteria of this section, including limitations on the time for completion of the change *in appropriation right*. The department may extend time limits specified in the change *in appropriation right* approval under the applicable criteria and procedures of 85-2-312(3).

(9) Upon actual application of water to the proposed beneficial use within the time allowed, the appropriator shall notify the department that the appropriation has been completed. The notification must contain a certified statement by a person with experience in the design, construction, or operation of appropriation works describing how the appropriation was completed.

(10) If a change in appropriation right is not completed as approved by the department or legislature or if the terms, conditions, restrictions, and limitations of the change *in appropriation right* approval are not complied with, the department may, after notice and opportunity for hearing, require the appropriator to show cause why the change *in appropriation right* approval

should not be modified or revoked. If the appropriator fails to show sufficient cause, the department may modify or revoke the change *in appropriation right* approval.

(11) The original of a change *in appropriation right* approval issued by the department must be sent to the applicant, and a duplicate must be kept in the office of the department in Helena.

(12) A person holding an issued permit or change *in appropriation right* approval that has not been perfected may change the place of diversion, place of use, purpose of use, or place of storage by filing an application for change *in appropriation right* pursuant to this section.

(13) A change in appropriation right contrary to the provisions of this section is invalid. An officer, agent, agency, or employee of the state may not knowingly permit, aid, or assist in any manner an unauthorized change in appropriation right. A person or corporation may not, directly or indirectly, personally or through an agent, officer, or employee, attempt to change an appropriation right except in accordance with this section.

(14) The department may adopt rules to implement the provisions of this section.

(15) (a) An appropriator may change an appropriation right for a replacement well without the prior approval of the department if:

(i) the appropriation right is for:

(A) ground water outside the boundaries of a controlled ground water area; or

(B) ground water inside the boundaries of a controlled ground water area and if the provisions of the order declaring the controlled ground water area do not restrict ~~such~~ a change *in appropriation right*;

(ii) the change in appropriation right is to replace an existing well and the existing well will no longer be used;

(iii) the rate and volume of the appropriation from the replacement well are equal to or less than that of the well being replaced and do not exceed:

(A) 450 gallons a minute for a municipal well; or

(B) 35 gallons a minute and 10 acre-feet a year for all other wells;

(iv) the water from the replacement well is appropriated from the same aquifer as the water appropriated from the well being replaced; and

(v) a timely, correct and complete notice of replacement well is submitted to the department as provided in subsection (15)(b).

(b) (i) After completion of a replacement well and appropriation of ground water for a beneficial use, the appropriator shall file a notice of replacement well with the department on a form provided by the department.

(ii) The department shall review the notice of replacement well and shall issue an authorization of a change in an appropriation right if all of the criteria in subsection (15)(a) have been met and the notice is correct and complete.

(iii) The department may not issue an authorization of a change in appropriation right until a correct and complete notice of replacement well has been filed with the department. The department shall return a defective notice to the appropriator, along with a description of defects in the notice. The appropriator shall refile a corrected and completed notice of replacement well

within 30 days of notification of defects or within a further time as the department may allow, not to exceed 6 months.

(iv) If a notice of replacement well is not completed within the time allowed, the appropriator shall:

(A) cease appropriation of water from the replacement well pending approval by the department; and

(B) submit an application for a change in appropriation right to the department pursuant to subsections (1) through (3).

(c) The provisions of this subsection (15) do not apply to an appropriation right abandoned under 85-2-404.

(d) For each well that is replaced under this subsection (15), the appropriator shall follow the well abandonment procedures, standards, and rules adopted by the board of water well contractors pursuant to 37-43-202.

(e) The provisions of subsections (2), (3), (9), and (10) do not apply to a change in appropriation right that meets the requirements of subsection (15)(a).

(16) (a) An appropriator may change an appropriation right without the prior approval of the department for the purpose of constructing a redundant water supply well in a public water supply system, as defined in 75-6-102, if the redundant water supply well:

(i) withdraws water from the same ground water source as the original well; and

(ii) is required by a state or federal agency.

(b) The priority date of the redundant water supply well is the same as the priority date of the original well. Only one well may be used at one time.

(c) Within 60 days of completion of a redundant water supply well, the appropriator shall file a notice of construction of the well with the department on a form provided by the department. The department may return a defective notice of construction to the appropriator for correction and completion.

(d) The provisions of subsections (9) and (10) do not apply to a change in appropriation right that meets the requirements of this section.

(17) The department shall accept and process an application for a change in appropriation right for instream flow to protect, maintain, or enhance streamflows to benefit the fishery resource pursuant to 85-2-436 and this section.

85-2-402. (Effective July 1, 2009) Changes in appropriation rights. ~~(1) The right to make a change subject to the provisions of this section in an existing water right, a permit, or a state water reservation is recognized and confirmed. In a change proceeding under this section, there is no presumption that an applicant for a change in appropriation right cannot establish lack of adverse effect prior to the adjudication of other rights in the source of supply pursuant to this chapter. ~~(b) for the withdrawal and transportation of appropriated water for out-of-state use, the department then petitions the legislature and the legislature affirms the decision of the department after one or more public hearings.~~

~~(6) The state of Montana has long recognized the importance of conserving its public waters and the necessity to maintain adequate water supplies for the state's water requirements, including requirements for federal non-Indian and Indian reserved water rights held by the United States for federal reserved lands and in trust for the various Indian tribes within the state's boundaries. Although the state of Montana also recognizes that, under appropriate conditions, the out-of-state transportation and use of its public waters are not in conflict with the public welfare of its citizens or the conservation of its waters, the following criteria must be met before out-of-state use may occur:~~

~~(a) The department and, if applicable, the legislature may not approve a change in appropriation right for the withdrawal and transportation of appropriated water for use outside the state unless the appropriator proves by clear and convincing evidence and, if applicable, the legislature approves after one or more public hearings that:~~

~~(i) depending on the volume of water diverted or consumed, the applicable criteria and procedures of subsection (2) or (4) are met;~~

~~(ii) the proposed out-of-state use of water is not contrary to water conservation in Montana; and~~

~~(iii) the proposed out-of-state use of water is not otherwise detrimental to the public welfare of the citizens of Montana.~~

~~(b) In determining whether the appropriator has proved by clear and convincing evidence that the requirements of subsections (6)(a)(ii) and (6)(a)(iii) will be met, the department and, if applicable, the legislature shall consider the following factors:~~

~~(i) whether there are present or projected water shortages within the state of Montana;~~

~~(ii) whether the water that is the subject of the proposed change in appropriation might feasibly be transported to alleviate water shortages within the state of Montana;~~

~~(iii) the supply and sources of water available to the applicant in the state where the applicant intends to use the water; and~~

~~(iv) the demands placed on the applicant's supply in the state where the applicant intends to use the water.~~

~~(c) When applying for a change in appropriation right to withdraw and transport water for use outside the state, the applicant shall submit to and comply with the laws of the state of Montana governing the appropriation and use of water.~~

~~(7) For any application for a change in appropriation right involving 4,000 or more acre-feet of water a year and 5.5 or more cubic feet per second of water, the~~

~~department shall give notice of the proposed change in accordance with 85-2-307 and shall hold one or more hearings in accordance with 85-2-309 prior to its approval or denial of the proposed change. The department shall provide notice and may hold one or more hearings upon any other proposed change in appropriation right if it determines that the proposed change might adversely affect the rights of other persons.~~

~~(8) The department or the legislature, if applicable, may approve a change in appropriation right subject to the terms, conditions, restrictions, and limitations that it considers necessary to satisfy the criteria of this section, including limitations on the time for completion of the change. The department may extend time limits specified in the change approval under the applicable criteria and procedures of 85-2-312(3).~~

~~(9) Upon actual application of water to the proposed beneficial use within the time allowed, the appropriator shall notify the department that the appropriation has been completed. The notification must contain a certified statement by a person with experience in the design, construction, or operation of appropriation works describing how the appropriation was completed.~~

~~(10) If a change in appropriation right is not completed as approved by the department or legislature or if the terms, conditions, restrictions, and limitations of the change approval are not complied with, the department may, after notice and opportunity for hearing, require the appropriator to show cause why the change approval should not be modified or revoked. If the appropriator fails to show sufficient cause, the department may modify or revoke the change approval.~~

~~(11) The original of a change approval issued by the department must be sent to the applicant, and a duplicate must be kept in the office of the department in Helena.~~

~~(12) A person holding an issued permit or change approval that has not been perfected may change the place of diversion, place of use, purpose of use, or place of storage by filing an application for change pursuant to this section.~~

~~(13) A change in appropriation right contrary to the provisions of this section is invalid. An officer, agent, agency, or employee of the state may not knowingly permit, aid, or assist in any manner an unauthorized change in appropriation right. A person or corporation may not, directly or indirectly, personally or through an agent, officer, or employee, attempt to change an appropriation right except in accordance with this section.~~

~~(14) The department may adopt rules to implement the provisions of this section.~~

~~(15) (a) An appropriator may change an appropriation right for a replacement well without the prior approval of the department if:~~

~~(i) the appropriation right is for:~~

~~(A) ground water outside the boundaries of a controlled ground water area; or~~

~~(B) ground water inside the boundaries of a controlled ground water area and if the provisions of the order declaring the controlled ground water area do not restrict such a change;~~

~~(ii) the change in appropriation right is to replace an existing well and the existing well will no longer be used;~~

~~(iii) the rate and volume of the appropriation from the replacement well are equal to or less than that of the well being replaced and do not exceed:~~

~~(A) 450 gallons a minute for a municipal well; or~~

~~(B) 35 gallons a minute and 10 acre-feet a year for all other wells;~~

~~(iv) the water from the replacement well is appropriated from the same aquifer as the water appropriated from the well being replaced; and~~

~~(v) a timely, correct and complete notice of replacement well is submitted to the department as provided in subsection (15)(b).~~

~~(b) (i) After completion of a replacement well and appropriation of ground water for a beneficial use, the appropriator shall file a notice of replacement well with the department on a form provided by the department.~~

~~(ii) The department shall review the notice of replacement well and shall issue an authorization of a change in an appropriation right if all of the criteria in subsection (15)(a) have been met and the notice is correct and complete.~~

~~(iii) The department may not issue an authorization of a change in appropriation right until a correct and complete notice of replacement well has been filed with the department. The department shall return a defective notice to the appropriator, along with a description of defects in the notice. The appropriator shall refile a corrected and completed notice of replacement well within 30 days of notification of defects or within a further time as the department may allow, not to exceed 6 months.~~

~~(iv) If a notice of replacement well is not completed within the time allowed, the appropriator shall:~~

~~(A) cease appropriation of water from the replacement well pending approval by the department; and~~

~~(B) submit an application for a change in appropriation right to the department pursuant to subsections (1) through (3).~~

~~(c) The provisions of this subsection (15) do not apply to an appropriation right abandoned under 85-2-404.~~

~~(d) For each well that is replaced under this subsection (15), the appropriator shall follow the well abandonment procedures, standards, and rules adopted by the board of water well contractors pursuant to 37-43-202.~~

~~(e) The provisions of subsections (2), (3), (9), and (10) do not apply to a change in appropriation right that meets the requirements of subsection (15)(a).~~

~~(16) (a) An appropriator may change an appropriation right without the prior approval of the department for the purpose of constructing a redundant water supply well in a public water supply system, as defined in 75-6-102, if the redundant water supply well:~~

~~(i) withdraws water from the same ground water source as the original well; and~~

~~(ii) is required by a state or federal agency.~~

~~(b) The priority date of the redundant water supply well is the same as the priority date of the original well. Only one well may be used at one time.~~

~~(c) Within 60 days of completion of a redundant water supply well, the appropriator shall file a notice of construction of the well with the department on a form provided by the department. The department may return a defective notice of construction to the appropriator for correction and completion.~~

~~(d) The provisions of subsections (9) and (10) do not apply to a change in appropriation right that meets the requirements of this section.~~"

Section 4. Section 85-2-419, MCA, is amended to read:

"85-2-419. Salvaged water. It is the declared policy of the state in 85-1-101 to encourage the conservation and full use of water. Consistent with this policy, holders of appropriation rights who salvage water may retain the right to the salvaged water for beneficial use. Except for a short-term lease pursuant to 85-2-410, any use of the right to salvaged water for any purpose or in any place other than that associated with the original appropriation right must be approved by the department as a change in appropriation right in accordance with 85-2-402 *and 85-2-436, if applicable*. Sale of the right to salvaged water must also be in accordance with 85-2-403, and the lease of the right to salvaged water must be in accordance with 85-2-408, 85-2-410, or 85-2-436."

Section 5. Section 85-2-436, MCA, is amended to read:

"85-2-436. ~~(Temporary) Water leasing study~~ *Instream flow to protect, maintain, or enhance streamflows to benefit fishery resource — change in appropriation rights by department of fish, wildlife, and parks until June 30, 2019.* ~~(1) The department of fish, wildlife, and parks and the department, in consultation with the environmental quality council, shall conduct and coordinate a study that, at a minimum:~~

~~(a) provides the following data for each designated stream reach and each pilot lease entered into under subsection (2):~~

~~(i) the length of the stream reach and how it is determined;~~

~~(ii) technical methods and data used to determine critical streamflow or volume needed to preserve fisheries;~~

~~(iii) legal standards and technical data used to determine and substantiate the amount of water available for instream flows through leasing of existing rights;~~

~~(iv) contractual parameters, conditions, and other steps taken to ensure that each lease in no way harms other appropriators, particularly if the stream is one that experiences natural dewatering; and~~

~~(v) methods and technical means used to monitor use of water under each lease;~~

~~(b) based on the data provided under subsection (1)(a), develops a complete model of a water lease and lease authorization that includes a step-by-step explanation of the process from initiation to completion.~~

(1) The department of fish, wildlife, and parks may change an appropriation right, which it either holds in fee simple or leases, to an instream flow purpose of use and a defined place of use to protect, maintain, or enhance streamflows to benefit the fishery resource.

(2) The change in purpose of use or place of use must meet all the criteria and process of 85-2-307 through 85-2-309, 85-2-401, and 85-2-402 and the additional criteria and process in subsection (3) of this section to protect the rights of other appropriators from adverse impacts.

~~(2) (a) For purposes of undertaking the study described in subsection (1) and as authorized by law, the department of fish, wildlife, and parks and the department may engage in the activities described in this subsection (2). For purposes of this study, this section is the exclusive means by which the~~

~~department of fish, wildlife, and parks may seek to change an appropriation right to an instream flow purpose.~~

~~(b)~~*(3) (a)* The department of fish, wildlife, and parks, with the consent of the commission, may lease existing rights for the purpose of *protecting,* maintaining, or enhancing streamflows ~~for the~~ *to* benefit ~~of fisheries in stream reaches determined eligible by the department pursuant to 85-2-437~~ *the fishery resource*.

~~(c)~~*(b)* Upon receipt of a correct and complete application for a ~~lease~~ *change in purpose of use or place of use* from the department of fish, wildlife, and parks, the department shall publish notice of the application as provided in 85-2-307. Parties who believe that they may be adversely affected by the proposed ~~lease~~ *change in appropriation right* may file an objection as provided in 85-2-308. A ~~lease~~ *change in appropriation right* may not be approved until all objections are resolved. After resolving all objections filed under 85-2-308, the department shall authorize a ~~lease~~ *change* of an existing *appropriation* right for the purpose of *protecting,* maintaining, or enhancing streamflows ~~for the~~ *to* benefit ~~of fisheries~~ *the fishery resource* if the applicant submits a correct and complete application and meets the requirements of 85-2-402.

~~(d)~~*(c)* The application for a ~~lease~~ *change in appropriation right* authorization must include specific information on the length and location of the stream reach in which the streamflow ~~must~~ *is to* be *protected,* maintained, or enhanced and must provide a detailed streamflow measuring plan that describes the points where and the manner in which the streamflow must be measured.

~~(e)~~*(d)* The maximum quantity of water that may be ~~leased~~ *changed to instream flow* is the amount historically diverted ~~by the lessor~~. However, only the amount historically consumed, or a smaller amount if specified by the department in the ~~lease~~ *change in appropriation right* authorization, may be used to *protect,* maintain, or enhance streamflows below the ~~lessor's~~ point of diversion *that existed prior to the change in appropriation right*.

~~(f)~~*(e)* ~~The lease~~ *A lease for instream flow purposes* may ~~not~~ be ~~issued~~ *entered* for a term of ~~more than~~ *up to* 10 years, ~~but it may be renewed once for up to 10 years,~~ except that a lease of water made available from the development of a water conservation or storage project ~~is restricted to~~ *may be for* a term equal to the expected life of the project but ~~to~~ not more than 30 years. *All leases may be renewed an indefinite number of times but not for more than 10 years for each term*. Upon receiving notice of a lease renewal, the department shall notify other appropriators potentially affected by the lease and shall allow ~~30~~ *90* days for submission of new evidence of adverse effects to other water rights. A ~~lease~~ *change in appropriation right* authorization is not required for a renewal unless an appropriator other than an appropriator described in subsection ~~(2)(j)~~ *(3)(i)* submits evidence of adverse effects to the appropriator's rights that has not been considered previously. If new evidence is submitted, a ~~lease~~ *change in appropriation right* authorization must be obtained according to the requirements of 85-2-402.

~~(g)~~*(f)* ~~During the term of the lease, the~~ *The* department may modify or revoke the ~~lease~~ *change in appropriation right* authorization *up to 10 years after it is approved* if an appropriator other than an appropriator described in subsection ~~(2)(j)~~ *(3)(i) submits new evidence not available at the time the change in appropriation right was approved that* proves by a preponderance of evidence that the appropriator's water right is adversely affected.

~~(h)~~*(g)* The priority of appropriation for a lease *or change in appropriation right* under this section is the same as the priority of appropriation of the right that is ~~leased~~ *changed to an instream flow purpose*.

~~(i)~~*(h)* Neither a change in appropriation right nor any other authorization is required for the reversion of ~~the~~ *a leased* appropriation right to the lessor's previous use.

~~(j)~~*(i)* A person issued a water use permit with a priority of appropriation after the date of filing of an application for a ~~lease~~ *change in appropriation right* authorization under this section may not object to the exercise of the ~~lease~~ *changed water right* according to its terms or the reversion of ~~the~~ *a leased* appropriation right to the lessor according to the lessor's previous use.

~~(k)~~*(j)* The department of fish, wildlife, and parks shall pay all costs associated with installing devices or providing personnel to measure streamflows according to the measuring plan ~~submitted~~ *required* under this section.

~~(3) (a)~~*(4) (a)* The department of fish, wildlife, and parks shall complete and submit to the department, commission, and environmental quality council ~~an annual study~~ *a biennial* progress report by December 1 of ~~each year~~ *odd-numbered years*. This report must include ~~the applicable information listed in subsection (1) for each lease, a summary of stream reach designation activity under 85-2-437, and a summary of leasing activity on all designated streams. If the department of fish, wildlife, and parks has not leased additional water rights under this section by December 1 of any year, the department of fish, wildlife, and parks shall provide compelling justification for that fact in the study progress report~~ *a summary of all appropriation rights changed to an instream flow purpose in the last 2 years.*

(b) For each change in appropriation right to an instream flow purpose, the report must include a copy of the change authorization issued by the department and must address:

(i) the length of the stream reach and how it is determined;

(ii) critical streamflow or volume needed to protect, maintain, or enhance streamflow to benefit the fishery resource;

(iii) the amount of water available for instream flow as a result of the change in appropriation right;

(iv) contractual parameters, conditions, and other steps taken to ensure that each change in appropriation right does not harm other appropriators, particularly if the stream is one that experiences natural dewatering; and

(v) methods used to monitor use of water under each change in appropriation right.

~~(b) A final study report must be adopted by the department and commission and submitted to the environmental quality council, which shall complete the final report by December 1, 2008.~~

~~(4)~~*(5)* This section does not create the right for a person to bring suit to compel the renewal of a lease that has expired.

(6) (a) From [the effective date of this act] through June 30, 2019, the department of fish, wildlife, and parks may change, pursuant to this section, the appropriation rights that it holds in fee simple to instream flow purposes on no more than 12 stream reaches.

(b) After June 30, 2019, the department may not change the appropriation rights that it holds in fee simple to instream flow purposes on any stream reaches.

(7) After June 30, 2019, the department may not enter into any new lease agreements pursuant to this section or renew any leases that expire after that date. ~~(Terminates June 30, 2009—sec. 9, Ch. 123, L. 1999.)~~"

Acceptance of

late payments with interest does not preclude the department from summarily revoking the appointment of a license agent under 87-2-904.

(9) The department may adopt rules necessary to implement this section."

Section 5. Transfer of funds. The department of fish, wildlife, and parks shall notify the department of administration, on a quarterly basis, of the number of free wildlife conservation licenses that have been issued pursuant to 87-2-805(5) during the preceding calendar quarter. (1) Governing bodies that have committed in a resolution to adopting or that have adopted a growth policy that includes the provisions of 76-1-601(4)(c) may assess planning fees to pay for services that fulfill the purposes of Title 76, chapter 1. The planning fees are in addition to any other fees authorized by law and may be collected as part of either subdivision applications or zoning permits.

(2) Planning fees may not exceed $50 for each residential lot or unit or $250 for each commercial, industrial, or other type of lot or unit.

Section 5. Section 76-3-605, MCA, is amended to read:

"76-3-605. Hearing on subdivision application. (1) Except as provided in 76-3-609 *[and section 4]* and subject to the regulations adopted pursuant to 76-3-504(1)(o) and 76-3-615, at least one public hearing on the subdivision application must be held by the governing body, its authorized agent or agency, or both and the governing body, its authorized agent or agency, or both shall consider all relevant evidence relating to the public health, safety, and welfare, including the environmental assessment if required, to determine whether the subdivision application should be approved, conditionally approved, or denied by the governing body.

(2) When a proposed subdivision is also proposed to be annexed to a municipality, the governing body of the municipality shall hold joint hearings on the subdivision application and annexation whenever possible.

(3) Notice of the hearing must be given by publication in a newspaper of general circulation in the county not less than 15 days prior to the date of the hearing. The subdivider, each property owner of record whose property is immediately adjoining the land included in the preliminary plat, and each purchaser under contract for deed of property immediately adjoining the land included in the preliminary plat must also be notified of the hearing by registered or certified mail not less than 15 days prior to the date of the hearing.

(4) When a hearing is held by an agent or agency designated by the governing body, the agent or agency shall act in an advisory capacity and recommend to the governing body the approval, conditional approval, or denial of the proposed subdivision. Section 6. Section 76-3-608, MCA, is amended to read:

"76-3-608. Criteria for local government review. (1) The basis for the governing body's decision to approve, conditionally approve, or deny a proposed subdivision is whether the subdivision application, preliminary plat, applicable environmental assessment, public hearing, planning board recommendations, or additional information demonstrates that development of the proposed subdivision meets the requirements of this chapter. A governing body may not deny approval of a proposed subdivision based solely on the subdivision's impacts on educational services.

(2) The governing body shall issue written findings of fact that weigh the criteria in subsection (3), as applicable.

(3) A subdivision proposal must undergo review for the following primary criteria:

(a) ~~except when the governing body has established an exemption pursuant to subsection (6) of this section or~~ *except when the governing body has established an exemption pursuant to subsection (6) of this section or* except as provided in 76-3-509 ~~or in~~*, [section 4], or* 76-3-609(2) or (4), ~~the impact~~ *the impact* on agriculture, agricultural water user facilities, local services, the natural environment, wildlife and wildlife habitat, and public health and safety;

(4) The governing body may require the subdivider to design the proposed subdivision to reasonably minimize potentially ~~significant~~ *significant* adverse impacts identified through the review required under subsection (3). The governing body shall issue written findings to justify the reasonable mitigation required under this subsection (4).

(5) (a) In reviewing a proposed subdivision under subsection (3) and when requiring mitigation under subsection (4), a governing body may not unreasonably restrict a landowner's ability to develop land, but it is recognized that in some instances the unmitigated impacts of a proposed development may be unacceptable and will preclude approval of the subdivision.

(b) When requiring mitigation under subsection (4), a governing body shall consult with the subdivider and shall give due weight and consideration to the expressed preference of the subdivider.

~~(6) The governing body may exempt proposed subdivisions that are entirely within the boundaries of designated geographic areas from the review criteria in subsection (3)(a) if all of the following requirements have been met:~~

~~(a) the governing body has adopted a growth policy pursuant to chapter 1 that:~~

~~(i) addresses the criteria in subsection (3)(a);~~

~~(iii) describes zoning regulations that will be implemented to address the criteria in subsection (3)(a); and~~

~~(iv) identifies one or more geographic areas where the governing body intends to authorize an exemption from review of the criteria in subsection (3)(a); and~~

(iv) identifies one or more geographic areas where the governing body intends to authorize an exemption from review of the criteria in subsection (3)(a); and

(b) the governing body has adopted zoning regulations pursuant to chapter 2, part 2 or 3, that:

(i) apply to the entire area subject to the exemption; and

(ii) address the criteria in subsection (3)(a), as described in the growth policy.

~~(7)~~*(7)* A governing body may conditionally approve or deny a proposed subdivision as a result of the water and sanitation information provided pursuant to 76-3-622 or public comment received pursuant to 76-3-604 on the information provided pursuant to 76-3-622 only if the conditional approval or denial is based on existing subdivision, zoning, or other regulations that the governing body has the authority to enforce."

Section 7. Section 76-3-609, MCA, is amended to read:

"76-3-609. Review procedure for minor subdivisions — determination of sufficiency of application — governing body to adopt regulations. (1) Minor subdivisions must be reviewed as provided in this section and subject to the applicable local regulations adopted pursuant to 76-3-504.

(2) If the tract of record proposed to be subdivided has not been subdivided or created by a subdivision under this chapter or has not resulted from a tract of record that has had more than five parcels created from that tract of record

under 76-3-201 or 76-3-207 since July 1, 1973, then the proposed subdivision is a first minor subdivision from a tract of record and, when legal and physical access to all lots is provided, must be reviewed as follows:

(a) Except as provided in subsection (2)(b), the governing body shall approve, conditionally approve, or deny the first minor subdivision from a tract of record within 35 working days of a determination by the reviewing agent or agency that the application contains required elements and sufficient information for review. The determination and notification to the subdivider must be made in the same manner as is provided in 76-3-604(1) through (3).

(b) The subdivider and the reviewing agent or agency may agree to an extension or suspension of the review period, not to exceed 1 year.

(c) Except as provided in subsection (2)(d)(iii), an application must include a summary of the probable impacts of the proposed subdivision based on the criteria described in 76-3-608(3).

(d) The following requirements do not apply to the first minor subdivision from a tract of record as provided in subsection (2):

(i) the requirement to prepare an environmental assessment;

(ii) the requirement to hold a hearing on the subdivision application pursuant to 76-3-605; and

(iii) the requirement to review the subdivision for the criteria contained in 76-3-608(3)(a) if the minor subdivision is proposed in the portion of a jurisdictional area that has adopted zoning regulations that address the criteria in 76-3-608(3)(a).

(e) The governing body may adopt regulations that establish requirements for the expedited review of the first minor subdivision from a tract of record. The following apply to a proposed subdivision reviewed under the regulations:

(i) 76-3-608(3); and

(ii) the provisions of Title 76, chapter 4, part 1, whenever approval is required by those provisions.

(3) Except as provided in *[section 4] and* subsection (4) *of this section*, any minor subdivision that is not a first minor subdivision from a tract of record, as provided in subsection (2), is a subsequent minor subdivision and must be reviewed as provided in 76-3-601 through 76-3-605, 76-3-608, 76-3-610 through 76-3-614, and 76-3-620.

(4) The governing body may adopt subdivision regulations that establish requirements for review of subsequent minor subdivisions that meet or exceed the requirements that apply to the first minor subdivision, as provided in subsection (2) and this chapter.

(5) (a) Review and approval, conditional approval, or denial of a subdivision under this chapter may occur only under those regulations in effect at the time that a subdivision application is determined to contain sufficient information for review as provided in subsection (2).

(b) If regulations change during the period that the application is reviewed for required elements and sufficient information, the determination of whether the application contains the required elements and sufficient information must be based on the new regulations."

CHAPTER NO. 456

[SB 213]

AN ACT PROVIDING THAT THE ESTIMATED FAIR MARKET VALUE MUST BE DETERMINED BY A MONTANA-LICENSED AND MONTANA-CERTIFIED APPRAISER; AMENDING SECTIONS 77-2-213, 77-2-363, AND 77-2-364, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 77-2-213, MCA, is amended to read:

"77-2-213. Department to investigate. *(1)* When a proposal for an exchange pursuant to 77-2-211 is made and the owners of the respective tracts involved seem agreeable to negotiate ~~such~~ exchanges, the proposal ~~shall~~ *must* be referred to the department and the department shall thoroughly investigate all the lands involved in the proposal*,* ~~and~~ estimate the value of all of the lands*,* and consider every factor in connection with the proposal ~~as~~ *that* may affect the public interest.

(2) The estimated fair market value must be determined by a Montana-licensed and Montana-certified appraiser."

Section 2. Section 77-2-363, MCA, is amended to read:

"77-2-363. Land banking land sales and limitations. (1) *(a)* The board may not cumulatively sell or dispose of more than 100,000 acres of state land. Seventy-five percent of the acreage cumulatively sold must be isolated parcels that do not have a legal right of access by the public. At any one time during the life of the land banking process, the board may not sell more than 20,000 acres of state land unless the board has acted to use the revenue from that land to make purchases pursuant to 77-2-364.

(b) The estimated fair market value must be determined by a Montana-licensed and Montana-certified appraiser.

(2) (a) A person bidding to purchase state land offered for sale shall 45 days prior to the day of auction deposit with the department a bid bond in the form of a certified check or cashier's check drawn on any Montana bank equal to at least 50% of the minimum sale price specified by the department pursuant to 77-2-323(1) to guarantee the bidder's payment of the purchase price.

(b) If the current lessee of the land to be sold has initiated the sale as authorized by 77-2-364, the lessee may cancel the sale by giving notice to the department at least 30 days prior to the day of the auction. When the sale is canceled by the lessee, the lessee shall pay the costs incurred by the department

for the preparation of the sale including any costs incurred for preparation of documents required by 75-1-201.

(c) The department shall retain the bid bond of the successful bidder and shall return the bid bonds of the unsuccessful bidders. If the successful bidder fails to comply with the terms of the sale for any reason, the successful bidder's bid bond must be forfeited and credited to the interest and income account of the proper trust.

(3) Except for a sale that is initiated by the lessee of the parcel of land proposed for sale, prior to the proposed sale of any parcel of state land under the land banking process, the board shall give 60 days' notice of the proposed sale to the lessee of the parcel to allow the lessee sufficient time to determine whether the lessee wishes to propose an exchange of the land to the board.

(4) For a sale initiated by the board or the department, the lessee of the land must be afforded all the rights and privileges to match the high bid, as provided in 77-2-324."

Section 3. Section 77-2-364, MCA, is amended to read:

"77-2-364. Land banking purchases. (1) The board may select and purchase, lease, receive by donation, hold in trust, or in any manner acquire for and in the name of the state of Montana, in trust for the beneficiaries specified in sections 10 through 19 of The Enabling Act of Congress (approved February 22, 1889, 25 Stat. 676), as amended, any interest in real property and improvements, tracts, and leaseholds of land that the board considers proper in order to best provide prudent, maximum, long-term revenue for the beneficiaries.

(2) Sales of state land may be initiated only by the board, the department, or at the request of a lessee, pursuant to 77-1-202, 77-1-301, 77-2-301, or 77-2-308. The board shall ensure that the full market value of the land sold is realized for each trust by using the appraisal, sale, advertising, and competitive bid procedures contained within 77-2-303, 77-2-321, 77-2-322, 77-2-323, and 77-2-324. *The estimated fair market value must be determined by a Montana-licensed and Montana-certified appraiser.*

(3) When it is not inconsistent with the purpose of the trust, the board shall purchase land possessing legal access for all legal purposes.

(4) When purchasing land, easements, or improvements for the existing trusts, the board shall develop and apply appraisal and revenue projection procedures to ensure that the land or easements proposed for purchase or that the improvements proposed to be acquired are likely to produce more net revenue for the affected trust than the revenue that was produced from the land that was sold. The board may not purchase land, easements, or improvements pursuant to 77-2-361 through 77-2-367 unless it has first prudently determined that the land, easements, or improvements are likely to produce a greater or equal annual rate of return, as may be reasonably expected over a 20-year accounting period, with an acceptable level of risk for the affected trust, than the current annual rate of return from the state land that has been sold pursuant to 77-2-363. As guidance, the board shall use generally accepted accounting standards and the Uniform Appraisal Standards for Federal Land Acquisitions published by the U.S. department of justice and the appraisal institute.

(5) Prior to purchasing any land, easements, or improvements, the board shall determine that the financial risks and benefits of the purchase are prudent, financially productive investments that are consistent with the board's

fiduciary duty as a reasonably prudent trustee of a perpetual trust. For the purposes of implementing 77-2-361 through 77-2-367, that duty requires the board to:

(a) discharge its duties with the care, skill, prudence, and diligence that a prudent person acting in a similar capacity with the same resources and familiar with similar matters should exercise in the conduct of an enterprise of similar character and aims;

(b) diversify the land holdings of each trust to minimize the risk of loss and maximize the sustained rate of return;

(c) discharge its duties and powers solely in the interest of and for the benefit of the trust managed;

(d) discharge its duties subject to the fiduciary standards set forth in 72-34-114; and

(e) maintain, as closely as possible, the existing land base of each trust, consistent with the state's fiduciary duty.

(6) Prior to purchasing a parcel of land in excess of 160 acres in any particular county, the board shall consult with the county commissioners of the county in which the parcel is located."

Section 4. Effective date. [This act] is effective on passage and approval.

(4) Except for perishable property, the sheriff or levying officer shall hold any property or money levied upon for 10 days, excluding weekends and holidays, following notification of execution upon the judgment debtor. Be it enacted by the Legislature of the State of Montana:

Section 1. Section 7-33-2404, MCA, is amended to read:

"7-33-2404. Financing of fire service area — fee on structures — *fee on undeveloped land.* (1) In the resolution creating the fire service area and by resolution as necessary after creation of the fire service area, the board of county commissioners shall establish a schedule of rates to be charged to owners of structures *and owners of undeveloped land* that are benefited by the services offered by the fire service area.

(2) *(a)* The rates *for structures* must be applied on a fair and equal basis to all classes of structures benefited by the fire service area. *The fee charged to owners of structures is intended to be primarily used for structural fire prevention and suppression.*

(b) The rates for undeveloped land must be applied on a fair and equal basis to all classes of undeveloped land benefited by the fire service area. Undeveloped land does not include land located under structures subject to a fee under subsection (2)(a). The excluded land may not exceed 1 acre. The fee charged to owners of undeveloped land is intended to be primarily used for wildland fire prevention and suppression. The fee may not exceed 15 cents an acre up to a maximum of $250 for undeveloped land under single ownership. The fee may not be assessed on undeveloped land for which the owner pays a fee or tax to another public agency for wildland fire prevention and suppression.

(3) The board of county commissioners shall collect the funds necessary to operate the fire service area by charging the area rate as a special assessment on

the owners of structures *and undeveloped land* and shall collect the assessments with the general taxes of the county. The assessments are a lien on the assessed property.

(4) The board of county commissioners or the trustees, if the fire service area is governed by trustees under 7-33-2403, may pledge the income of the fire service area to secure financing necessary to procure equipment and buildings to house the equipment. CHAPTER NO. 468

[SB 439]

AN ACT CREATING THE MINERAL ROYALTY BACKUP WITHHOLDING ACT; PROVIDING DEFINITIONS; REQUIRING REMITTORS TO WITHHOLD TAXES ON ROYALTY PAYMENTS MADE TO ROYALTY OWNERS; PROVIDING EXCEPTIONS TO THE WITHHOLDING TAX; MAKING REMITTORS LIABLE FOR PAYMENT OF WITHHOLDING TAXES; PROVIDING A WITHHOLDING TAX RATE AND REMITTANCE SCHEDULE; PROVIDING FOR PENALTIES AND INTEREST FOR FAILURE TO REMIT TAX; REQUIRING REMITTORS TO PROVIDE ANNUAL STATEMENTS TO ROYALTY OWNERS AND THE DEPARTMENT OF REVENUE; AND PROVIDING A DELAYED EFFECTIVE DATE AND AN APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Short title. [Sections 1 through 12] may be cited as the "Mineral Royalty Backup Withholding Act".

Section 2. Definitions. As used in [sections 1 through 12], the following definitions apply:

(1) "Mineral" has the same meaning as provided in 15-38-103.

(2) "Publicly traded partnership" means a publicly traded partnership as defined in section 7704 of the Internal Revenue Code, 26 U.S.C. 7704, that is not treated as a corporation.

(3) "Remittor" means an individual, entity, or trust that makes royalty payments to royalty owners.

(4) "Royalty owner" means a person or entity entitled to receive periodic payments for a nonworking interest in the production of oil or gas or in the severance of other minerals from the mineral estate.

Section 3. Withholding required on mineral royalty payments. Except as provided in [section 4], each remittor shall withhold from each royalty

payment made to a royalty owner an amount equal to 6% of the net amount payable to the royalty owner.

Section 4. Withholding — no application under certain conditions. (1) The provisions of [sections 1 through 12] do not apply to royalty payments made to a royalty owner if the royalty owner is:

(a) the United States or an agency of the federal government, this state or a political subdivision of this state, or another state or a political subdivision of another state;

(b) a federally recognized Indian tribe with respect to on-reservation oil and gas production pursuant to a lease entered into under the Indian Mineral Leasing Act of 1938, 25 U.S.C. 396a through 396g;

(c) the United States as trustee for individual Indians;

(d) a publicly traded partnership;

(e) an organization that is exempt from taxation under 15-31-102; or

(f) the same person or entity as the remittor.

(2) (a) The provisions of [sections 1 through 12] do not apply to a remittor that produces less than 100,000 barrels of oil and less than 500 million cubic feet of gas annually. The department shall determine a remittor's annual production of oil and gas based upon a 3-year rolling average of the remittor's annual production as reported by the remittor to the Montana board of oil and gas conservation.

(b) Each producer that is exempted from withholding under subsection (2)(a) shall make an annual return to report royalty payments that exceed the dollar amounts in subsection (3). The return must be made under rules adopted by the department and be as nearly identical as possible to federal rules for internal revenue service form 1099 under section 6041, et seq., of the Internal Revenue Code, 26 U.S.C. 6041, et seq.

(c) Each year, a publicly traded partnership that is exempt from withholding under subsection (1)(d) shall transmit to the department, in an electronic format approved by the department, each partner's U.S. department of the treasury schedule K-1, form 1065 or 1065-B, as applicable, filed electronically for the year with the internal revenue service.

(d) A royalty owner that is a publicly traded partnership or an organization that is exempt from taxation under 15-31-102 shall report to the remittor and department under oath, on a form prescribed by the department, all information necessary to establish that the remittor is not required under [section 3] to withhold royalty payments made to the partnership or organization.

(3) If the royalty payment made to a royalty owner subject to withholding under the provisions of [sections 1 through 12] is less than $166 for the current withholding period or is less than $2,000 if the payment is annualized, then the department may grant a remittor's request to forego withholding the tax from the royalty payment made to that royalty owner for the current withholding period or, if applicable, the royalty payments for the annual period.

(4) The department may, by rule, establish minimum royalty amounts subject to withholding under the provisions of [sections 1 through 12], other than for oil and gas production, if the department determines that the withholding against the minimal amount of royalties is inefficient.

Section 5. Remittor liable for withholding taxes and statements — liability mitigation — sufficiency of mailing address. (1) Each remittor is liable for the payment required by [section 6], the amount required to be deducted and withheld under [sections 1 through 12], and the annual statements required by [sections 8 and 9]. The payments required by [section 6] and the amounts required to be deducted and withheld, plus penalty and interest due, are a tax. With respect to the tax, the remittor is the taxpayer.

(2) The officer of a corporation whose responsibility it is to collect, truthfully account for, and pay to the state the amounts withheld from mineral royalty payments and who fails to pay the withholdings is liable to the state for the amounts withheld and the penalty and interest due on the amounts.

(3) (a) Subject to subsections (3)(b) and (6), each officer of the corporation is individually liable, along with the corporation, for filing statements, to the extent that the officer has access to the requisite records, and for unpaid taxes, penalties, and interest upon a determination that the officer:

(i) possessed the responsibility to file statements and pay taxes on behalf of the corporation; and

(ii) possessed the responsibility on behalf of the corporation for directing the filing of tax statements or the payment of other corporate obligations and exercised that responsibility, resulting in the corporation's failure to file statements required by [sections 1 through 12] or to pay taxes due as required by [sections 1 through 12].

(b) If a corporate remittor violates the provisions of [sections 1 through 12], the department shall first apply the provisions of [section 11] against the corporation. If the corporation fails to remedy the violation, then the department shall apply the provisions of [section 11] against each responsible corporate officer as determined in subsections (3)(a) and (3)(c).

(c) In determining which corporate officer is liable, the department is not limited to considering the elements set forth in subsection (3)(a) to establish individual liability and may consider any other available information.

(4) In the case of a corporate bankruptcy, the liability of the individual remains unaffected by the discharge of penalty and interest against the corporation. The individual remains liable for any statements and the amount of taxes, penalties, and interest unpaid by the corporation.

(5) Subject to subsection (6), for the purpose of determining liability for the filing of statements and the payment of taxes, penalties, and interest owed under [sections 1 through 12]:

(a) each partner of a partnership is jointly and severally liable, along with the partnership, for any statements, taxes, penalties, and interest due while a partner;

(b) each member of a limited liability company that is treated as a partnership or as a corporation for income tax purposes is jointly and severally liable, along with the limited liability company, for any statements, taxes, penalties, and interest due while a member;

(c) the member of a single-member limited liability company that is disregarded for income tax purposes is jointly and severally liable, along with the limited liability company, for any statements, taxes, penalties, and interest due while a member; and

(d) each manager of a manager-managed limited liability company is jointly and severally liable, along with the limited liability company, for any statements, taxes, penalties, and interest due while a manager.

(6) The liability of an individual described in subsection (3) or (5) for taxes, penalties, and interest is released if and to the extent that the amount required to be deducted and withheld under [sections 1 through 12] is deposited in a separate account that is:

(a) established in a bank, as defined in 32-1-102, located in Montana;

(b) designated as a special fund in trust for the state; and

(c) payable to the department.

(7) If the remittor fails to deduct and withhold the amounts specified in [section 3] and the tax, against which the deducted and withheld amounts would have been credited, is paid, the amounts required to be deducted and withheld may not be collected from the remittor.

Section 6. Royalty withholding tax remittance schedule — alternative schedules and methods — records. (1) Except as provided in subsection (2), each remittor is required to file a quarterly return, on a form prescribed by the department, and remit to the department the amount of tax withheld on royalty payments according to the following schedule:

(a) for royalty payments made during January, February, and March of each calendar year, the amount withheld is due on or before April 30 of the year;

(b) for royalty payments made during April, May, and June of each calendar year, the amount withheld is due on or before July 31 of the year;

(c) for royalty payments made during July, August, and September of each calendar year, the amount withheld is due on or before October 31 of the year; and

(d) for royalty payments made during October, November, and December of each calendar year, the amount withheld is due on or before January 31 of the following year.

(2) A remittor may request an alternative remittance schedule than is required by subsection (1). The department may consider situations such as administrative and taxpayer convenience and frequency of royalty payments in determining whether to approve an alternative remittance schedule.

(3) A remittor may elect to remit and file mineral backup withholding electronically in any format established and approved by the department if the remittor obtains prior approval from the department before remitting the tax by electronic fund transfer.

(4) If a remittor remits withholding taxes electronically, the remittance is considered timely if made within 5 days after the due date of the payment.

(5) If the department has reason to believe that collection of the amount of any tax withheld is in jeopardy, it may proceed as provided under 15-1-703.

(6) Each remittor shall keep accurate royalty payment and withholding records containing the information that the department may prescribe by rule. Those records must be open to inspection and audit and may be copied by the department or its authorized representative at any reasonable time and as often as may be necessary. A remittor that maintains its records outside of Montana shall furnish copies of those records to the department at the remittor's expense.

Section 7. Amount of royalty payment withheld considered taxes collected. The amounts deducted and withheld from royalty payments are considered taxes collected under the provisions of [sections 1 through 12]. A royalty owner does not have a right of action against the remittor for any amount deducted and withheld from the royalty owner's royalty and paid to the state in compliance or intended compliance with [sections 1 through 12]. The amounts deducted and withheld and paid to the state in compliance or intended compliance with [sections 1 through 12] are not subject to the provisions of section 82-10-103.

Section 8. Annual withholding statement to royalty owner. Before January 31 of each year, each remittor shall furnish to each royalty owner a statement, on a form prescribed by the department, showing the total royalties paid by the remittor to the royalty owner during the preceding calendar year and showing the amount of the tax deducted and withheld from the royalty payments. The royalty owner shall file a duplicate of the statement with the royalty owner's state income tax return.

Section 9. Remittor to furnish annual statement to department. (1) On or before February 28 of each year, each remittor shall file with the department a royalty and tax statement, on a form provided by the department, that shows the total royalties paid to each royalty owner subject to withholding during the preceding calendar year or any portion of the preceding calendar year and the total amount of the tax deducted and withheld from the royalty payments under the provisions of [sections 1 through 12] for the same period.

(2) The annual statement filed by a remittor under this section complies with the requirements of 15-30-301 relating to the duties of information agents. An additional information return is not required with respect to the royalty payments.

(3) The department shall make the forms described in [section 6] and this section available no later than November 15, 2007.

Section 10. Withheld taxes held in trust for state. Each remittor that deducts and withholds the amounts under the provisions of [sections 1 through 12] shall hold the amounts in trust for the state.

Section 11. Violations by remittor — penalties — interest — remedies. (1) The department shall, as provided in 15-1-216, add penalty and interest to the amount of all delinquent withholding taxes.

(2) A remittor that purposely fails to furnish the royalty and tax statement required by [section 9] is subject to a penalty of $50 for each failure, with a minimum of $1,000. The penalties imposed by this subsection are in addition to the penalties imposed by 15-1-216.

(3) All remedies available to the state for the administration, enforcement, and collection of income taxes are available and apply to the tax required to be deducted and withheld under the provisions of [sections 1 through 12] unless otherwise specifically provided for in this part.

Section 12. Rulemaking authority. The department shall adopt rules that may be necessary to administer and enforce the provisions of [sections 1 through 12].

Section 13. Notification to tribal governments. The secretary of state shall send a copy of [this act] to each tribal government located on the seven Montana reservations and to the Little Shell Chippewa tribe.

Section 14. Codification instruction. [Sections 1 through 12] are intended to be codified as an integral part of Title 15, chapter 30, part 2, and the provisions of Title 15, chapter 30, part 2, apply to [sections 1 through 12].

Section 15. Effective date. [This act] is effective January 1, 2008.

Section 16. Applicability. [This act] applies to royalty payments made after December 31, 2007.

(2) The office of consumer counsel shall complete an analysis outlining the fiscal impacts of the project on electricity customers in Montana. The analysis must include an estimation of how customers' rates may be impacted.

(3) (a) Except as provided in subsection (3)(b), the analysis must be completed within 30 days of receipt of the notice from the department.

(b) The department shall extend the 30-day deadline if compliance with the deadline is not necessary to comply with the requirements of subsection (4).

(4) The analysis must be provided to the department and incorporated into the department's environmental review, including draft documents released for public comment.

(5) (a) Within 5 days of the close of the public comment period for an application referred to in subsection (1)(a) or (1)(b), the department shall forward public comments related to the analysis to the consumer counsel.

(b) The consumer counsel shall respond to the comments and return the responses to the department within 30 days, and the responses must be included in the final environmental reviews.

Section 2. Exemptions. Projects proposed by utilities, as defined in 69-8-103, are exempt from the analysis required by [section 1].

Section 3. Section 75-1-201, MCA, is amended to read:

"75-1-201. General directions — environmental impact statements. (1) The legislature authorizes and directs that, to the fullest extent possible:

(a) the policies, regulations, and laws of the state must be interpreted and administered in accordance with the policies set forth in parts 1 through 3;

(b) under this part, all agencies of the state, except the legislature and except as provided in subsection (2), shall:

(i) use a systematic, interdisciplinary approach that will ensure:

(A) the integrated use of the natural and social sciences and the environmental design arts in planning and in decisionmaking that may have an impact on the human environment; and

(B) that in any environmental review that is not subject to subsection (1)(b)(iv), when an agency considers alternatives, the alternative analysis will be in compliance with the provisions of subsections (1)(b)(iv)(C)(I) through (1)(b)(iv)(C)(III) and, if requested by the project sponsor or if determined by the agency to be necessary, subsection (1)(b)(iv)(C)(IV);

(ii) identify and develop methods and procedures that will ensure that presently unquantified environmental amenities and values may be given appropriate consideration in decisionmaking, along with economic and technical considerations;

(iii) identify and develop methods and procedures that will ensure that state government actions that may impact the human environment are evaluated for regulatory restrictions on private property, as provided in subsection (1)(b)(iv)(D);

(iv) include in each recommendation or report on proposals for projects, programs, and other major actions of state government significantly affecting the quality of the human environment a detailed statement on:

(A) the environmental impact of the proposed action;

(B) any adverse environmental effects that cannot be avoided if the proposal is implemented;

(C) alternatives to the proposed action. An analysis of any alternative included in the environmental review must comply with the following criteria:

(I) any alternative proposed must be reasonable, in that the alternative must be achievable under current technology and the alternative must be economically feasible as determined solely by the economic viability for similar projects having similar conditions and physical locations and determined without regard to the economic strength of the specific project sponsor;

(II) the agency proposing the alternative shall consult with the project sponsor regarding any proposed alternative, and the agency shall give due weight and consideration to the project sponsor's comments regarding the proposed alternative;

(III) if the project sponsor believes that an alternative is not reasonable as provided in subsection (1)(b)(iv)(C)(I), the project sponsor may request a review by the appropriate board, if any, of the agency's determination regarding the reasonableness of the alternative. The appropriate board may, at its discretion, submit an advisory recommendation to the agency regarding the issue. The agency may not charge the project sponsor for any of its activities associated with any review under this section. The period of time between the request for a review and completion of a review under this subsection may not be included for the purposes of determining compliance with the time limits established for environmental review in 75-1-208.

(IV) the agency shall complete a meaningful no-action alternative analysis. The no-action alternative analysis must include the projected beneficial and adverse environmental, social, and economic impact of the project's noncompletion.

(D) any regulatory impacts on private property rights, including whether alternatives that reduce, minimize, or eliminate the regulation of private property rights have been analyzed. The analysis in this subsection (1)(b)(iv)(D) need not be prepared if the proposed action does not involve the regulation of private property.

(E) the relationship between local short-term uses of the human environment and the maintenance and enhancement of long-term productivity;

(F) any irreversible and irretrievable commitments of resources that would be involved in the proposed action if it is implemented; ~~and~~

(G) the customer fiscal impact analysis, if required by [section 1]; and

~~(G)~~*(H)* the details of the beneficial aspects of the proposed project, both short-term and long-term, and the economic advantages and disadvantages of the proposal;

(v) in accordance with the criteria set forth in subsection (1)(b)(iv)(C), study, develop, and describe appropriate alternatives to recommend courses of action in any proposal that involves unresolved conflicts concerning alternative uses of available resources;

(vi) recognize the national and long-range character of environmental problems and, when consistent with the policies of the state, lend appropriate support to initiatives, resolutions, and programs designed to maximize national cooperation in anticipating and preventing a decline in the quality of the world environment;

(vii) make available to counties, municipalities, institutions, and individuals advice and information useful in restoring, maintaining, and enhancing the quality of the environment;

(viii) initiate and use ecological information in the planning and development of resource-oriented projects; and

(ix) assist the environmental quality council established by 5-16-101;

(c) prior to making any detailed statement as provided in subsection (1)(b)(iv), the responsible state official shall consult with and obtain the comments of any state agency that has jurisdiction by law or special expertise with respect to any environmental impact involved and with any local government, as defined in 7-12-1103, that may be directly impacted by the project. The responsible state official shall also consult with and obtain comments from any state agency with respect to any regulation of private

property involved. Copies of the statement and the comments and views of the appropriate state, federal, and local agencies that are authorized to develop and enforce environmental standards must be made available to the governor, the environmental quality council, and the public and must accompany the proposal through the existing agency review processes.

(d) a transfer of an ownership interest in a lease, permit, license, certificate, or other entitlement for use or permission to act by an agency, either singly or in combination with other state agencies, does not trigger review under subsection (1)(b)(iv) if there is not a material change in terms or conditions of the entitlement or unless otherwise provided by law.

(2) The department of public service regulation, in the exercise of its regulatory authority over rates and charges of railroads, motor carriers, and public utilities, is exempt from the provisions of parts 1 through 3.

(3) (a) In any action challenging or seeking review of an agency's decision that a statement pursuant to subsection (1)(b)(iv) is not required or that the statement is inadequate, the burden of proof is on the person challenging the decision. Except as provided in subsection (3)(b), in a challenge to the adequacy of a statement, a court may not consider any issue relating to the adequacy or content of the agency's environmental review document or evidence that was not first presented to the agency for the agency's consideration prior to the agency's decision. A court may not set aside the agency's decision unless it finds that there is clear and convincing evidence that the decision was arbitrary or capricious or not in compliance with law. *A customer fiscal impact analysis pursuant to [section 1] or an allegation that the customer fiscal impact analysis is inadequate may not be used as the basis of any action challenging or seeking review of the agency's decision.*

(b) When new, material, and significant evidence or issues relating to the adequacy or content of the agency's environmental review document are presented to the district court that had not previously been presented to the agency for its consideration, the district court shall remand the new evidence or issue relating to the adequacy or content of the agency's environmental review document back to the agency for the agency's consideration and an opportunity to modify its findings of fact and administrative decision before the district court considers the evidence or issue relating to the adequacy or content of the agency's environmental review document within the administrative record under review. Immaterial or insignificant evidence or issues relating to the adequacy or content of the agency's environmental review document may not be remanded to the agency. The district court shall review the agency's findings and decision to determine whether they are supported by substantial, credible evidence within the administrative record under review.

(4) To the extent that the requirements of subsections (1)(b)(iv)(C)(I) and (1)(b)(iv)(C)(III) are inconsistent with federal requirements, the requirements of subsections (1)(b)(iv)(C)(I) and (1)(b)(iv)(C)(III) do not apply to an environmental review that is being prepared by a state agency pursuant to this part and a federal agency pursuant to the National Environmental Policy Act or to an environmental review that is being prepared by a state agency to comply with the requirements of the National Environmental Policy Act.

(5) (a) The agency may not withhold, deny, or impose conditions on any permit or other authority to act based on parts 1 through 3 of this chapter.

(b) Nothing in this subsection (5) prevents a project sponsor and an agency from mutually developing measures that may, at the request of a project sponsor, be incorporated into a permit or other authority to act.

(c) Parts 1 through 3 of this chapter do not confer authority to an agency that is a project sponsor to modify a proposed project or action.

(6) (a) (i) A challenge to an agency action under this part may only be brought against a final agency action and may only be brought in district court or in federal court, whichever is appropriate.

(ii) Any action or proceeding challenging a final agency action alleging failure to comply with or inadequate compliance with a requirement under this part must be brought within 60 days of the action that is the subject of the challenge.

(iii) For an action taken by the board of land commissioners or the department of natural resources and conservation under Title 77, "final agency action" means the date that the board of land commissioners or the department of natural resources and conservation issues a final environmental review document under this part or the date that the board approves the action that is subject to this part, whichever is later.

(b) Any action or proceeding under subsection (6)(a)(ii) must take precedence over other cases or matters in the district court unless otherwise provided by law.

(7) The director of the agency responsible for the determination or recommendation shall endorse in writing any determination of significance made under subsection (1)(b)(iv) or any recommendation that a determination of significance be made.

(8) A project sponsor may request a review of the significance determination or recommendation made under subsection (7) by the appropriate board, if any. The appropriate board may, at its discretion, submit an advisory recommendation to the agency regarding the issue. The period of time between the request for a review and completion of a review under this subsection may not be included for the purposes of determining compliance with the time limits established for environmental review in 75-1-208."

Section 4. Section 75-1-205, MCA, is amended to read:

(b) a fee as provided in 75-1-202 if the agency does not make the determination provided for in subsection (1)(a).

(2) Costs payable under subsection (1) include:

(a) the costs of generating, gathering, and compiling data and information that is not available from the applicant to prepare the draft environmental impact statement, any supplemental draft environmental impact statement, and the final environmental impact statement;

(b) the costs of writing, reviewing, editing, printing, and distributing a reasonable number of copies of the draft environmental impact statement;

(c) the costs of attending meetings and hearings on the environmental impact statement, including meetings and hearings held to determine the scope of the environmental impact statement; and

(c) travel and per diem expenses for other agency personnel for attendance at meetings and hearings on the environmental impact statement.

(4) (a) Whenever the agency makes the determination in subsection (1)(a), it shall notify the applicant of the cost of conducting the process to determine the scope of the environmental impact statement. The applicant shall pay that cost, and the agency shall then conduct the scoping process. The timeframe in 75-1-208(4)(a)(i) and any statutory timeframe for a decision on the application are tolled until the applicant pays the cost of the scoping process.

(b) If the agency decides to hire a third-party contractor to prepare the environmental impact statement, the agency shall prepare a list of no fewer than four contractors acceptable to the agency and shall provide the applicant with a copy of the list. If fewer than four acceptable contractors are available, the agency shall include all acceptable contractors on the list. The applicant shall provide the agency with a list of at least 50% of the contractors from the agency's list. The agency shall select its contractor from the list provided by the applicant.

agency shall prepare the environmental impact statement within any timeframe provided by statute or rule.

(iii) the applicant shall make periodic advance payments to cover work to be performed;

(iv) the agency may order work on the environmental impact statement to stop if the applicant fails to make advance payment as required by the agreement. (B) if the applicant does not agree to an extension of the time for preparation of the environmental impact statement, the agency may initiate the informal review process under subsection (4)(d). Upon completion of the informal review process, the agreement may be amended only with the consent of the applicant.

(C) if the applicant does not agree with the increased costs proposed by the agency, the applicant may refuse to agree to the modification and may also provide the agency with a written statement providing the reason that payment of the increased cost is not justified or, if applicable, the reason that a portion of the increased cost is not justified. The applicant may also request an informal review as provided in subsection (4)(d). If the applicant provides a written statement pursuant to this subsection (4)(c)(v)(C), the agreement must be amended to require the applicant to pay all undisputed increased cost and 75% of the disputed increased cost and to provide that the agency is responsible for 25% of the disputed increased cost. If the applicant does not provide the statement, the agreement must be amended to require the applicant to pay all increased costs.

If the applicant does not agree to a time extension proposed by the agency under subsection (4)(c)(v), the agency may initiate an informal review by an appropriate board under 75-1-208(3). The period of time for completion of the environmental impact statement provided in the agreement is tolled from the date of submission of a request for a review by the appropriate board until the date of completion of the review by the appropriate board. However, the agency shall continue to work on preparation of the environmental impact statement during this period if the applicant has advanced money to pay for this work.

(5) All fees and costs collected under this part must be deposited in the state special revenue fund as provided in 17-2-102. All fees and costs paid pursuant to this part must be used as provided in this part. Upon completion of the necessary work, each agency shall make an accounting to the applicant of the funds expended and refund all unexpended funds without interest."

An environmental impact statement or analysis prepared pursuant to the Montana Environmental Policy Act may be included in the department findings if compelling evidence indicates that adverse environmental impacts are likely to result due to the construction and operation of a proposed facility. If the application is for a combination of two or more facilities, the department shall issue its report within the greater of the lengths of time provided for in this subsection for either of the facilities.

(5) For projects subject to joint review by the department and a federal land management agency, the department's certification decision may be timed to correspond to the record of decision issued by the participating federal agency.

(1) All taxes collected under this chapter must, in accordance with the provisions of ~~15-1-501~~ *[section 1]*, be placed in a highway revenue account in the state special revenue fund to the credit of the department of transportation. All interest and income earned on the account must be deposited to the credit of the account and any unexpended balance in the account must remain in the account. Those funds allocated to cities, towns, counties, and consolidated city-county governments in this section must, in accordance with the provisions of ~~15-1-501~~ *[section 1]*, be paid by the department of transportation from the state special revenue fund to the cities, towns, counties, and consolidated city-county governments.

(2) The amount of $16,766,000 of the taxes collected under this chapter is statutorily appropriated, as provided in 17-7-502, to the department of transportation and must be allocated each fiscal year on a monthly basis to the counties, incorporated cities and towns, and consolidated city-county governments in Montana for construction, reconstruction, maintenance, and repair of rural roads and city or town streets and alleys, as provided in subsections (2)(a) through (2)(c):

(a) The amount of $100,000 must be designated for the purposes and functions of the Montana local technical assistance transportation program in Bozeman.

(i) 40% in the ratio that the rural road mileage in each county, exclusive of the national highway system and the primary system, bears to the total rural road mileage in the state, exclusive of the national highway system and the primary system;

(3) (a) For the purpose of allocating the funds in subsections (2)(b) and (2)(c) to a consolidated city-county government, each entity must be considered to have separate city and county boundaries. The city limit boundaries are the last official city limit boundaries for the former city unless revised boundaries based on the location of the urban area have been approved by the department of transportation and must be used to determine city and county populations and road mileages in the following manner:

(i) Percentage factors must be calculated to determine separate populations for the city and rural county by using the last official decennial federal census population figures that recognized an incorporated city and the rural county. The factors must be based on the ratio of the city to the rural county population, considering the total population in the county minus the population of any other incorporated city or town in the county.

(ii) The city and county populations must be calculated by multiplying the total county population, as determined by the latest official decennial census or the latest interim year population estimates from the Montana department of commerce as supplied by the United States bureau of the census, minus the population of any other incorporated city or town in that county, by the factors established in subsection (3)(a)(i).

(b) The amount allocated by this method for the city and the county must be combined, and single monthly payments must be made to the consolidated city-county government.

(4) All funds allocated by this section to counties, cities, towns, and consolidated city-county governments must be used for the construction, reconstruction, maintenance, and repair of rural roads or city or town streets and alleys or for the share that the city, town, county, or consolidated city-county government might otherwise expend for proportionate matching of federal funds allocated for the construction of roads or streets that are part of the primary or secondary highway system or urban extensions to those systems. The governing body of a town or third-class city, as defined in 7-1-4111, may each year expend no more than 25% of the funds allocated to that town or third-class city for the purchase of capital equipment and supplies to be used for the maintenance and repair of town or third-class city streets and alleys.

(5) All funds allocated by this section to counties, cities, towns, and consolidated city-county governments must be disbursed to the lowest responsible bidder according to applicable bidding procedures followed in all cases in which the contract for construction, reconstruction, maintenance, or repair is in excess of $25,000.

(6) For the purposes of this section in which distribution of funds is made on a basis related to population, the population must be determined annually for counties and biennially for cities according to the latest official decennial census or the latest interim year population estimates from the Montana department of commerce as supplied by the United States bureau of the census.

(7) For the purposes of this section in which determination of mileage is necessary for distribution of funds, it is the responsibility of the cities, towns,

counties, and consolidated city-county governments to furnish to the department of transportation a yearly certified statement indicating the total mileage within their respective areas applicable to this chapter. All mileage submitted is subject to review and approval by the department of transportation.

(8) Except by a town or third-class city as provided in subsection (4), the funds authorized by this section may not be used for the purchase of capital equipment.

(9) Funds authorized by this section must be used for construction and maintenance programs."

(9) (a) Insurers, insurance producers, and independent agencies shall maintain or must be able to make available to the commissioner records of the information collected from the consumer and other information used in making the recommendations that were the basis for insurance transactions for 5 years after the insurance transaction is completed by the insurer. An insurer is permitted, but is not required, to maintain documentation on behalf of an insurance producer.

(b) Records required to be maintained by this regulation may be maintained in paper, photographic, microprocess, magnetic, mechanical, or electronic media or by any process that accurately reproduces the actual document.

Section 6. Mitigation of responsibility. (1) The commissioner may order:

(a) an insurer or insurance producer to take reasonably appropriate corrective action for any consumer harmed by the insurer's or insurance producer's violation of [sections 1 through 6]; or

(b) an insurance producer or independent agency that employs or contracts with another insurance producer to sell or solicit the sale of annuities to consumers to take reasonably appropriate corrective action for any consumer harmed by the other insurance producer's violation of [sections 1 through 6].

(2) A violation of [sections 1 through 6] is an unfair trade practice under Title 33, chapter 18. Fines may be imposed pursuant to 33-1-317.

Section 7. Short title. [Sections 7 through 13] may be referred to as the "Montana Annuity Disclosure Act".

Section 8. Purpose. The purpose of [sections 7 through 13] is to provide standards for the disclosure of certain minimum information about annuity contracts to protect consumers and to foster consumer education. [Sections 7 through 13] specify the minimum information that must be disclosed and the method for disclosing the information in connection with the sale of annuity contracts. The goal of [sections 7 through 13] is to ensure that purchasers of annuity contracts understand certain basic features of annuity contracts.

Section 9. Applicability. (1) [Sections 7 through 13] apply to all group and individual annuity contracts and certificates except:

(a) registered or nonregistered variable annuities or other registered products;

(b) immediate and deferred annuities that do not contain nonguaranteed elements;

(c) structured settlement annuities; and

(d) as provided in subsection (2), annuities used to fund:

(i) an employee pension plan that is covered by the Employee Retirement Income Security Act of 1974, 29 U.S.C. 1001, et seq.;

(ii) a plan described by section 401(a), 401(k), or 403(b) of the Internal Revenue Code, 26 U.S.C. 401(a), 401(k), or 403(b), when the plan, for purposes of the Employment Retirement Income Security Act of 1974, is established or maintained by an employer;

(iii) a governmental plan or church plan defined in section 414 of the Internal Revenue Code, 26 U.S.C. 414, or a deferred compensation plan of a state or local government or a tax-exempt organization under section 457 of the Internal Revenue Code, 26 U.S.C. 457; or

(iv) a nonqualified deferred compensation arrangement established or maintained by an employer or plan sponsor.

(2) (a) The provisions of [sections 7 through 13] apply to annuities used to fund a plan or arrangement when:

(i) the plan or arrangement is funded solely by contributions that an employee elects to make whether on a pretax or after-tax basis;

(ii) the insurer has been notified that plan participants may choose from among two or more fixed annuity providers; and

(iii) there is a direct solicitation of an individual employee by an insurance producer for the purchase of an annuity contract.

(b) As used in this subsection (2), direct solicitation does not include any meeting held by an insurance producer solely for the purpose of educating or enrolling employees in the plan or arrangement.

Section 10. Definitions. As used in [sections 7 through 13], the following definitions apply:

(1) "Contract owner" means the owner named in the annuity contract or a certificate holder in the case of a group annuity contract.

(2) (a) "Determinable elements" means elements that are derived from processes or methods that are guaranteed at issue and are not subject to insurer discretion, but where the values or amounts cannot be determined until some point after issue.

(b) The term includes premiums, credited interest rates (including any bonus), benefits, values, noninterest-based credits, and charges or elements of formulas used to determine any of these items.

(c) Determinable elements may be described as guaranteed but not determined at issue.

(d) An element is considered determinable if it was calculated from underlying determinable elements only or from both determinable and guaranteed elements.

(3) "Generic name" means a short title descriptive of the annuity contract being applied for, such as "single premium deferred annuity".

(4) "Guaranteed elements" means the premiums, credited interest rates (including any bonus), benefits, values, noninterest-based credits, and charges or elements of formulas used to determine any of these items that are guaranteed and determined at issue. An element is considered guaranteed if all of the underlying elements that go into its calculation are guaranteed.

(5) "Nonguaranteed elements" means the premiums, credited interest rates (including any bonus), benefits, values, noninterest-based credits, and charges or elements of formulas used to determine any of these items that are subject to

insurer discretion and are not guaranteed at issue. An element is considered nonguaranteed if any of the underlying nonguaranteed elements are used in its calculation.

(6) "Structured settlement annuity" means a qualified funding asset as defined in section 130(d) of the Internal Revenue Code, 26 U.S.C. 130(d), or an annuity that would be a qualified funding asset under section 130(d) except that it is not owned by an assignee under a qualified assignment.

Section 11. Standards for disclosure document and buyer's guide. (1) When the application for an annuity contract is taken in a face-to-face meeting, the applicant must be given, at or before the time of application, both the disclosure document and the buyer's guide.

(2) (a) When the application for an annuity contract is taken by means other than in a face-to-face meeting, the applicant must be sent both the disclosure document and the buyer's guide not later than 5 business days after the completed application is received by the insurer.

(b) When an application is received as a result of a direct solicitation through the mail, providing a disclosure document and a buyer's guide in the mailing inviting prospective applicants to apply for an annuity contract satisfies the requirement that the disclosure document and buyer's guide be provided not later than 5 business days after receipt of the application.

(c) When an application is received over the internet, taking reasonable steps to make the disclosure document and buyer's guide available for viewing and printing on the insurer's website satisfies the requirement that the disclosure document and the buyer's guide be provided not later than 5 business days of receipt of the application.

(d) A solicitation for an annuity contract provided in other than a face-to-face meeting must include a statement that the proposed applicant may contact the commissioner's office for a free annuity buyer's guide, or an insurer may include a statement that the prospective applicant may contact the insurer for a free annuity buyer's guide.

(3) When the disclosure document and buyer's guide are not provided at or before the time of application, a free-look period of not less than 15 days must be provided for the applicant to return the annuity contract without penalty. This free-look period must run concurrently with any other free-look period provided under state law.

(4) At a minimum, the following information must be included in the disclosure document:

(a) the generic name of the contract, the company product name, if different, the form number, and the fact that it is an annuity;

(b) the insurer's name and address;

(c) a description of the contract and its benefits, emphasizing its long-term nature, including when appropriate:

(i) the guaranteed elements, nonguaranteed elements, and determinable elements of the contract and their limitations, if any, and an explanation of how the elements operate;

(ii) an explanation of the initial crediting rate, specifying any bonus or introductory portion, the duration of the rate, and the fact that rates may change from time to time and are not guaranteed;

(iii) periodic income options both on a guaranteed and nonguaranteed basis;

(iv) any value reductions caused by withdrawals from or surrender of the contract;

(v) how values in the contract can be accessed;

(vi) the death benefit, if one is available, and how it will be calculated;

(vii) a summary of the federal tax status of the contract and any penalties applicable on withdrawal of values from the contract; and

(viii) impact of any rider, such as a long-term care rider;

(d) specific dollar amount or percentage charges and fees with an explanation of how they apply; and

(e) information about the current guaranteed rate for new contracts that contains a clear notice that the rate is subject to change.

(5) Insurers shall define terms used in the disclosure statement in language that facilitates the understanding by a typical person within the segment of the public to which the disclosure statement is directed.

Section 12. Report to contract owners. (1) For annuities in the payout period with changes in nonguaranteed elements and for the accumulation period of a deferred annuity, the insurer shall provide each contract owner with a report, at least annually, on the status of the contract.

(2) The report must contain at least the following information:

(a) the beginning and ending date of the current report period;

(b) the accumulation and cash surrender value, if any, at the end of the previous report period and at the end of the current report period;

(c) the total amounts, if any, that have been credited, charged to the contract value, or paid during the current report period; and

(d) the amount of outstanding loans, if any, as of the end of the current report period.

Section 13. Penalties. In addition to any other penalties provided in Title 33, an insurer or insurance producer that violates a provision of [sections 7 through 13] also violates 33-18-102.

Section 14. Applicability. [This act] applies to all group and individual annuity contracts and certificates subject to the provisions of [sections 1 through 13] sold on or after [the effective date of this act].

Section 15. Codification instruction. [Sections 1 through 13] are intended to be codified as an integral part of Title 33, chapter 20, and the provisions of Title 33, chapter 20, apply to [sections 1 through 13].

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 15-7-202, MCA, is amended to read:

"15-7-202. Eligibility of land for valuation as agricultural. (1) (a) Contiguous parcels of land totaling 160 acres or more under one ownership are eligible for valuation, assessment, and taxation as agricultural land each year that none of the parcels is devoted to a residential, commercial, or industrial use.

(b) (i) Contiguous parcels of land of 20 acres or more but less than 160 acres under one ownership *that are actively devoted to agricultural use* are eligible for valuation, assessment, and taxation as agricultural land if*:*

(A) the land is used primarily for raising and marketing, as defined in subsection (1)(c), products that meet the definition of agricultural in 15-1-101~~. A parcel of land is presumed to be used primarily for raising agricultural products if~~ *and if, except as provided in subsection (3),* the owner or the owner's immediate family members, agent, employee, or lessee markets not less than $1,500 in

annual gross income from the raising of agricultural products produced by the land. ~~The owner of land that is not presumed to be agricultural land shall verify to the department that the land is used primarily for raising and marketing agricultural products.~~*; or*

(B) the parcels would have met the qualification set out in subsection (1)(b)(i)(A) were it not for independent, intervening causes of production failure beyond the control of the producer or a marketing delay for economic advantage, in which case proof of qualification in a prior year will suffice.

(ii) Noncontiguous parcels of land that meet the income requirement of subsection (1)(b)(i) are eligible for valuation, assessment, and taxation as agricultural land under subsection (1)(b)(i) if:

(A) the land is an integral part of a bona fide agricultural operation undertaken by the persons set forth in subsection (1)(b)(i) as defined in this section; and

(B) the land is not devoted to a residential, commercial, or industrial use.

(iii) Parcels of land of 20 acres or more but less than 160 acres that do not meet the income requirement of subsection (1)(b)(i) may also be valued, assessed, and taxed as agricultural land if the owner:

(A) applies to the department requesting classification of the parcel as agricultural;

(B) verifies that the parcel of land is greater than 20 acres but less than 160 acres and that the parcel is located within 15 air miles of the family-operated farming entity referred to in subsection (1)(b)(iii)(C); and

(C) verifies that:

(I) the owner of the parcel is involved in agricultural production by submitting proof that 51% or more of the owner's Montana annual gross income is derived from agricultural production; and

(II) property taxes on the property are paid by a family corporation, family partnership, sole proprietorship, or family trust that is involved in Montana agricultural production and 51% of the entity's Montana annual gross income is derived from agricultural production; or

(III) the owner is a shareholder, partner, owner, or member of the family corporation, family partnership, sole proprietorship, or family trust that is involved in Montana agricultural production and 51% of the person's or entity's Montana annual gross income is derived from agricultural production.

(c) For the purposes of this subsection (1):

(i) "marketing" means the selling of agricultural products produced by the land and includes but is not limited to:

(A) rental or lease of the land as long as the land is actively used for grazing livestock or for other agricultural purposes; and

(B) rental payments made under the federal conservation reserve program or a successor to that program;

(ii) land that is devoted to residential use or that is used for agricultural buildings and is included in or is contiguous to land under the same ownership that is classified as agricultural land, other than nonqualified agricultural land described in 15-6-133(1)(c), must be classified as agricultural land, and the land must be valued as provided in 15-7-206.

(2) Contiguous or noncontiguous parcels of land totaling less than 20 acres under one ownership that are actively devoted to agricultural use are eligible for valuation, assessment, and taxation as agricultural each year that the parcels meet any of the following qualifications:

(a) *except as provided in subsection (3),* the parcels produce and the owner or the owner's agent, employee, or lessee markets not less than $1,500 in annual gross income from the raising of agricultural products as defined in 15-1-101; or

(b) the parcels would have met the qualification set out in subsection (2)(a) were it not for independent, intervening causes of production failure beyond the control of the producer or marketing delay for economic advantage, in which case proof of qualification in a prior year will suffice.

(3) For grazing land to be eligible for classification as agricultural land under subsections (1)(b) and (2), the land must be capable of sustaining a minimum number of animal unit months of carrying capacity. The minimum number of animal unit months of carrying capacity must equate to $1,500 in annual gross income as determined by the Montana state university-Bozeman department of agricultural economics and economics.

~~(3)~~*(4)* Parcels that do not meet the qualifications set out in subsections (1) and (2) may not be classified or valued as agricultural if they are part of a platted subdivision that is filed with the county clerk and recorder in compliance with the Montana Subdivision and Platting Act.

~~(4)~~*(5)* Land may not be classified or valued as agricultural land or nonqualified agricultural land if it has stated covenants or other restrictions that effectively prohibit its use for agricultural purposes.

~~(5)~~*(6)* The grazing on land by a horse or other animals kept as a hobby and not as a part of a bona fide agricultural enterprise is not considered a bona fide agricultural operation.

~~(6)~~*(7)* The department may not classify land less than 160 acres as agricultural unless the owner has applied to have land classified as agricultural land. Land of 20 acres or more but less than 160 acres for which no application for agricultural classification has been made is valued as provided in 15-6-133(1)(c) and is taxed as provided in 15-6-133(3). If land has been valued, assessed, and taxed as agricultural land in any year, it must continue to be valued, assessed, and taxed as agricultural until the department reclassifies the property. A reclassification does not mean revaluation pursuant to 15-7-111.

~~(7)~~*(8)* For the purposes of this part, growing timber is not an agricultural use."

Section 2. Effective date. [This act] is effective on passage and approval.

Section 3. Retroactive applicability. [This act] applies retroactively, within the meaning of 1-2-109, to tax years beginning after December 31, 2006.

CHAPTER NO. 480

[HB 683]

AN ACT PROVIDING THAT A FULL GUARDIAN MAY NOT CONSENT TO THE WITHHOLDING OR WITHDRAWAL OF LIFE SUSTAINING TREATMENT OR TO A DO NOT RESUSCITATE ORDER IF THE GUARDIAN DOES NOT HAVE CONSENT AUTHORITY PURSUANT TO THE MONTANA RIGHTS OF THE TERMINALLY ILL ACT, THE LAWS PROVIDING FOR DO NOT RESUSCITATE ORDERS, OR A COURT ORDER; AND AMENDING SECTIONS 50-9-106 AND 72-5-321, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 50-9-106, MCA, is amended to read:

"50-9-106. Consent by others to withholding or withdrawal of treatment. (1) If a written consent to the withholding or withdrawal of the treatment, witnessed by two individuals, is given to the attending physician or attending advanced practice registered nurse, the attending physician or attending advanced practice registered nurse may withhold or withdraw life-sustaining treatment from an individual who:

(a) has been determined by the attending physician or attending advanced practice registered nurse to be in a terminal condition and no longer able to make decisions regarding administration of life-sustaining treatment; and

(b) has no effective declaration.

(2) The authority to consent or to withhold consent under subsection (1) may be exercised by the following individuals, in order of priority:

(a) the spouse of the individual;

(b) an adult child of the individual or, if there is more than one adult child, a majority of the adult children who are reasonably available for consultation;

(c) the parents of the individual;

(d) an adult sibling of the individual or, if there is more than one adult sibling, a majority of the adult siblings who are reasonably available for consultation; or

(e) the nearest other adult relative of the individual by blood or adoption who is reasonably available for consultation.

(3) A full guardian may consent or withhold consent under subsection (1) as provided in 72-5-321.

~~(3)~~*(4)* If a class entitled to decide whether to consent is not reasonably available for consultation and competent to decide or if it declines to decide, the next class is authorized to decide. However, an equal division in a class does not authorize the next class to decide.

~~(4)~~*(5)* A decision to grant or withhold consent must be made in good faith. A consent is not valid if it conflicts with the expressed intention of the individual.

~~(5)~~*(6)* A decision of the attending physician or attending advanced practice registered nurse acting in good faith that a consent is valid or invalid is conclusive.

~~(6)~~*(7)* Life-sustaining treatment cannot be withheld or withdrawn pursuant to this section from an individual known to the attending physician or attending advanced practice registered nurse to be pregnant so long as it is probable that the fetus will develop to the point of live birth with continued application of life-sustaining treatment."

Section 2. Section 72-5-321, MCA, is amended to read:

"72-5-321. Powers and duties of guardian of incapacitated person. (1) The powers and duties of a limited guardian are those specified in the order appointing the guardian. The limited guardian is required to report the condition of the incapacitated person and of the estate that has been subject to the guardian's possession and control, as required by the court or by court rule.

(2) A full guardian of an incapacitated person has the same powers, rights, and duties respecting the ward that a parent has respecting an unemancipated minor child, except that a guardian is not liable to third persons for acts of the ward solely by reason of the parental relationship. In particular and without qualifying the foregoing, a full guardian has the following powers and duties, except as limited by order of the court:

(a) To the extent that it is consistent with the terms of any order by a court of competent jurisdiction relating to detention or commitment of the ward, the full guardian is entitled to custody of the person of the ward and may establish the ward's place of residence within or outside of this state.

(b) If entitled to custody of the ward, the full guardian shall make provision for the care, comfort, and maintenance of the ward and whenever appropriate arrange for the ward's training and education. Without regard to custodial rights of the ward's person, the full guardian shall take reasonable care of the ward's clothing, furniture, vehicles, and other personal effects and commence protective proceedings if other property of the ward is in need of protection.

(c) A full guardian may give any consents or approvals that may be necessary to enable the ward to receive medical or other professional care, counsel, treatment, or service. *This subsection (2)(c) does not authorize a full guardian to consent to the withholding or withdrawal of life sustaining treatment or to a do not resuscitate order if the full guardian does not have authority to consent pursuant to the Montana Rights of the Terminally Ill Act, Title 50, chapter 9, or to the do not resuscitate provisions of Title 50, chapter 10. A full guardian may petition the court for authority to consent to the withholding or withdrawal of life-sustaining treatment or to a do not resuscitate order. The court may grant that authority only upon finding that consent to the withholding or withdrawal of life-sustaining treatment or the do not resuscitate order is consistent with the ward's wishes to the extent that those wishes can be determined.*

(d) If a conservator for the estate of the ward has not been appointed, a full guardian may:

(i) institute proceedings to compel any person under a duty to support the ward or to pay sums for the welfare of the ward to perform that person's duty;

(ii) receive money and tangible property deliverable to the ward and apply the money and property for support, care, and education of the ward. However, the full guardian may not use funds from the ward's estate for room and board that the full guardian, the full guardian's spouse, parent, or child has furnished the ward unless a charge for the service is approved by order of the court made upon notice to at least one of the next of kin of the incompetent ward, if notice is possible. The full guardian must exercise care to conserve any excess for the ward's needs.

(e) Unless waived by the court, a full guardian is required to report the condition of the ward and of the estate which has been subject to the full guardian's possession or control annually for the preceding year. A copy of the report must be served upon the ward's parent, child, or sibling if that person has made an effective request under 72-5-318.

(f) If a conservator has been appointed, all of the ward's estate received by the full guardian in excess of those funds expended to meet current expenses for support, care, and education of the ward must be paid to the conservator for management as provided in this chapter, and the full guardian must account to the conservator for funds expended.

(3) Upon failure, as determined by the clerk of court, of the guardian to file an annual report, the court shall order the guardian to file the report and give good cause for the guardian's failure to file a timely report.

(4) Any full guardian of one for whom a conservator also has been appointed shall control the custody and care of the ward. A limited guardian of a person for whom a conservator has been appointed shall control those aspects of the custody and care of the ward over which the limited guardian is given authority by the order establishing the limited guardianship. The full guardian or limited guardian is entitled to receive reasonable sums for the guardian's services and for room and board furnished to the ward as agreed upon between the guardian and the conservator, provided the amounts agreed upon are reasonable under the circumstances. The full guardian or limited guardian authorized to oversee the incapacitated person's care may request the conservator to expend the ward's estate by payment to third persons or institutions for the ward's care and maintenance.

(5) A full guardian or limited guardian may not involuntarily commit for mental health treatment or for treatment of a developmental disability or for observation or evaluation a ward who is unwilling or unable to give informed consent to commitment, except as provided in 72-5-322, unless the procedures for involuntary commitment set forth in Title 53, chapters 20 and 21, are followed. This chapter does not abrogate any of the rights of mentally disabled persons provided for in Title 53, chapters 20 and 21.

(6) Upon the death of a full guardian's or limited guardian's ward, the full guardian or limited guardian, upon an order of the court and if there is no personal representative authorized to do so, may make necessary arrangements for the removal, transportation, and final disposition of the ward's physical remains, including burial, entombment, or cremation, and for the receipt and disposition of the ward's clothing, furniture, and other personal effects that may be in the possession of the person in charge of the ward's care, comfort, and maintenance at the time of the ward's death."

(1) Any valid obligation not paid within the fiscal year, including valid written interagency or intra-agency service agreements for systems development, ~~shall be~~ *is* encumbered for payment ~~thereof~~ *of the obligation* at the end of each fiscal year in the department of administration's accounts. Except as provided in subsection (2), an appropriation ~~shall be deemed to be~~ *is considered* encumbered at the time and to the extent that a valid obligation against the appropriation is created.

(2) An appropriation may be encumbered by a written interagency or intra-agency agreement with the department for the alteration, repair, maintenance, or renovation of a building pursuant to the provisions of Title 18, chapter 2. ~~If~~ *Except as provided in 53-6-1201(4), if* the appropriation is not encumbered by a valid obligation at the end of the next fiscal year, the appropriation reverts to the fund from which it was originally appropriated."

Section 3. Section 17-7-304, MCA, is amended to read:

"17-7-304. Disposal of unexpended appropriations. (1) All money appropriated for any specific purpose except that appropriated for the university system units listed in subsection (2) [or state money appropriated for the state children's health insurance program provided for in Title 53, chapter 4, part 10,] and except as provided in subsection (4) *and 53-6-1201(4)* must, after the expiration of the time for which appropriated, revert to the several funds and accounts from which originally appropriated. However, any unexpended balance in any specific appropriation may be used for the years for which the appropriation was made or may be used to fund the provisions of 2-18-1203 through 2-18-1205 and 19-2-706 in the succeeding year.

(2) Except as provided in 17-2-108 and subsection (3) of this section, all money appropriated for the university of Montana campuses at Missoula, Butte, Dillon, and Helena and the Montana state university campuses at Bozeman, Billings, Havre, and Great Falls, the agricultural experiment station with central offices at Bozeman, the forest and conservation experiment station with central offices at Missoula, the cooperative extension service with central offices at Bozeman, and the bureau of mines and geology with central offices in Butte must, after the expiration of the time for which appropriated, revert to an account held by the board of regents. The board of regents is authorized to maintain a fund balance. There is a statutory appropriation, as provided in

17-7-502, to use the funds held in this account in accordance with a long-term plan for major and deferred maintenance expenditures and equipment or fixed assets purchases prepared by the affected university system units and approved by the board of regents. The affected university system units may, with the approval of the board of regents, modify the long-term plan at any time to address changing needs and priorities. The board of regents shall communicate the plan to each legislature, to the finance committee when requested by the committee, and to the office of budget and program planning.

(3) Subsection (2) does not apply to reversions that are the result of a reduction in spending directed by the governor pursuant to 17-7-140. Any amount that is a result of a reduction in spending directed by the governor must revert to the fund or account from which it was originally appropriated.

(4) (a) Subject to subsection (4)(b), after the end of a fiscal year, 30% of the money appropriated to an agency for that year by the general appropriations act for personal services, operating expenses, and equipment, by fund type, and remaining unexpended and unencumbered at the end of the year may be reappropriated to be spent during the following 2 years for any purpose that is consistent with the goals and objectives of the agency. The dollar amount of the 30% amount that may be carried forward and spent must be determined by the office of budget and program planning.

(b) (i) Any portion of the 30% of the unexpended and unencumbered money referred to in subsection (4)(a) that was appropriated to a legislative branch entity may be deposited in the account established in 5-11-407.

(ii) After the end of a biennium, any portion of the unexpended and unencumbered money appropriated for the operation of the preceding legislature in a separate appropriation act may be deposited in the account established in 5-11-407. The approving authority shall determine the portion of the unexpended and unencumbered money that is deposited in the account. (Bracketed language terminates on occurrence of contingency—sec. 7, Ch. 565, L. 2005.)"

Section 4. Section 53-6-1201, MCA, is amended to read:

"53-6-1201. Special revenue fund — health and medicaid initiatives. (1) There is a health and medicaid initiatives account in the state special revenue fund established by 17-2-102. This account is to be administered by the department of public health and human services.

(2) There must be deposited in the account:

(a) money from cigarette taxes deposited under 16-11-119(1)(c);

(b) money from taxes on tobacco products other than cigarettes deposited under 16-11-119(3)(b); and

(c) any interest and income earned on the account.

(3) This account may be used only to provide funding for:

(a) the state funds necessary to take full advantage of available federal matching funds in order to maximize enrollment of eligible children under the children's health insurance program, provided for under Title 53, chapter 4, part 10, and to provide outreach to the eligible children. The increased revenue in this account is intended to increase enrollment rates for eligible children in the program and not to be used to support existing levels of enrollment based upon appropriations for the biennium ending June 30, 2005.

(b) a new need-based prescription drug program established by the legislature for children, seniors, chronically ill, and disabled persons that does not supplant similar services provided under any existing program;

(c) increased medicaid services and medicaid provider rates. The increased revenue is intended to increase medicaid services and medicaid provider rates and not to supplant the general fund in the trended traditional level of appropriation for medicaid services and medicaid provider rates.

(d) an offset to loss of revenue to the general fund as a result of new tax credits;

(e) to fund new programs to assist eligible small employers with the costs of providing health insurance benefits to eligible employees;

(f) the cost of administering the tax credit, the purchasing pool, and the premium incentive payments and premium assistance payments as provided in Title 33, chapter 22, part 20; and

(g) to provide a state match for the medicaid program for premium incentive payments or premium assistance payments to the extent that a waiver is granted by federal law as provided in 53-2-216.

(4) Money appropriated but not expended for the prescription drug program described in subsection (3)(b) must be transferred annually to the older Montanans trust fund provided for in [section 1].

~~(4)~~*(5)* ~~(a) Except for $1 million appropriated for the startup costs of 53-6-1004 and 53-6-1005, the money appropriated for fiscal year 2006 for the programs in subsections (3)(b) and (3)(d) through (3)(g) may not be expended until the office of budget and program planning has certified that $25 million has been deposited in the account provided for in this section or December 1, 2005, whichever occurs earlier.~~

~~(b)~~*(a)* On or before July 1, the budget director shall calculate a balance required to sustain each program in subsection (3) for each fiscal year of the biennium. If the budget director certifies that the reserve balance will be sufficient, then the agencies may expend the revenue for the programs as appropriated. If the budget director determines that the reserve balance of the revenue will not support the level of appropriation, the budget director shall notify each agency. Upon receipt of the notification, the agency shall adjust the operating budget for the program to reflect the available revenue as determined by the budget director.

~~(c)~~*(b)* Until the programs or credits described in subsections (3)(b) and (3)(d) through (3)(g) are established, the funding must be used exclusively for the purposes described in subsections (3)(a) and (3)(c).

~~(5)~~*(6)* The phrase "trended traditional level of appropriation", as used in subsection (3)(c), means the appropriation amounts, including supplemental appropriations, as those amounts were set based on eligibility standards, services authorized, and payment amount during the past five biennial budgets.

~~(6)~~*(7)* The department of public health and human services may adopt rules to implement this section."

Section 5. Codification instruction. [Section 1] is intended to be codified as an integral part of Title 52, chapter 3, and the provisions of Title 52, chapter 3, apply to [section 1].

Section 6. Effective date. [This act] is effective on passage and approval.

Section 7. Termination. [Sections 2 through 4] terminate July 1, 2007.

"41-5-206. Filing in district court prior to formal proceedings in youth court. (1) The county attorney may, in the county attorney's discretion and in accordance with the procedure provided in 46-11-201, file with the district court a motion for leave to file an information in the district court if:

(a) the youth charged was 12 years of age or older at the time of the conduct alleged to be unlawful and the unlawful act would if it had been committed by an adult constitute:

(2) The county attorney shall file with the district court a petition for leave to file an information in district court if the youth was 17 years of age at the time the youth committed an offense listed under subsection (1).

(3) The district court shall grant leave to file the information if it appears from the affidavit or other evidence supplied by the county attorney that there is probable cause to believe that the youth has committed the alleged offense. Within 30 days after leave to file the information is granted, the district court shall conduct a hearing to determine whether the matter must be transferred back to the youth court, unless the hearing is waived by the youth or by the youth's counsel in writing or on the record. The hearing may be continued on request of either party for good cause. The district court may not transfer the case back to the youth court unless the district court finds, by a preponderance of the evidence, that:

(a) a youth court proceeding and disposition will serve the interests of community protection;

(b) the nature of the offense does not warrant prosecution in district court; and

(c) it would be in the best interests of the youth if the matter was prosecuted in youth court.

(4) The filing of an information in district court terminates the jurisdiction of the youth court over the youth with respect to the acts alleged in the information. (6) If a youth is found guilty in district court of an offense enumerated in subsection (1), the court shall sentence the youth pursuant to 41-5-2503 and Titles 45 and 46. A youth who is sentenced to the department or a state prison must be evaluated and placed by the department in an appropriate juvenile or adult correctional facility. The department shall confine the youth in an institution that it considers proper, including a state youth correctional facility under the procedures of 52-5-111. However, a youth under 16 years of age may not be confined in a state prison facility. During the period of confinement, school-aged youth with disabilities must be provided an education consistent with the requirements of the federal Individuals With Disabilities Education Act, 20 U.S.C. 1400, et seq.

(7) If a youth's case is filed in the district court and remains in the district court after the transfer hearing, the youth may be detained in a jail or other adult detention facility pending final disposition of the youth's case if the youth is kept in an area that provides physical separation from adults accused or convicted of criminal offenses."

Section 2. Section 41-5-216, MCA, is amended to read:

"41-5-216. Disposition of youth court, law enforcement, and department records. (1) Formal youth court records, law enforcement records, and department records that are not exempt from sealing under subsections (4) and (6) and that pertain to a youth covered by this chapter must be physically sealed on the youth's 18th birthday. In those cases in which jurisdiction of the court or any agency is extended beyond the youth's 18th birthday, the records must be physically sealed upon termination of the extended jurisdiction.

(2) Except as provided in subsection (6), when the records pertaining to a youth pursuant to this section are sealed, an agency, other than the department, that has in its possession copies of the sealed records shall destroy the copies of the records. Anyone violating the provisions of this subsection is subject to contempt of court.

(3) Except as provided in subsection (6), this section does not prohibit the destruction of records with the consent of the youth court judge or county attorney after 10 years from the date of sealing.

(5) After formal youth court records, law enforcement records, and department records are sealed, they are not open to inspection except, upon order of the youth court, for good cause, including when a youth commits a new offense, to:

(b) The department of public health and human services and the department shall disassociate the offense and disposition information from the name of the youth in the respective management information system. The offense and disposition information must be maintained separately and may be used only:

(i) for research and program evaluation authorized by the department of public health and human services or by the department and subject to any applicable laws; and

(ii) as provided in Title 5, chapter 13.

(7) (a) Informal youth court records for a youth for whom formal proceedings have been filed must be physically sealed on the youth's 18th birthday or, in those cases in which jurisdiction of the court or any agency is extended beyond the youth's 18th birthday, upon termination of the extended jurisdiction and may ~~only~~ be inspected *only* pursuant to subsection (5).

(b) The informal youth court records may be maintained and inspected only by youth court personnel upon a new offense prior to the youth's 18th birthday.

(c) Except as provided in subsection (7)(a), when a youth becomes 18 years of age or when extended supervision ends and the youth was ~~only~~ involved *only* in informal proceedings, informal youth court records that are in hard-copy form must be destroyed and any electronic records in the youth court management information system must disassociate the offense and disposition information from the name of the youth and may be used only for the following purposes:

(i) for research and program evaluation authorized by the office of the court administrator and subject to any applicable laws; and

(ii) as provided in Title 5, chapter 13.

(8) Nothing in this section prohibits the intra-agency use or information sharing of formal or informal youth court records within the juvenile probation management information system. Electronic records of the youth court may not be shared except as provided in 41-5-1524. If a person authorized under 41-5-215 is in need of a copy of a record that is in electronic form, the juvenile probation officer shall make only a physical copy of the record that is authorized and the person receiving the record shall destroy the record after it has fulfilled its purpose or as provided in subsection (2) *of this section*.

(9) Nothing in this section prohibits the intra-agency use or information sharing of formal or informal youth court records within the department's youth management information system. Electronic records of the department's youth management information system may not be shared except as provided in subsection (5). If a person authorized under 41-5-215 is in need of a copy of a record that is in electronic form, the department shall make only a physical copy of the record that is authorized and the person receiving the record shall destroy the record after it has fulfilled its purpose or as provided in subsection (2) of this section."

The provisions of 41-5-355 relating to alternative placements apply to placements under this subsection (1)(b). The court may not place a youth adjudicated to be a delinquent youth in a state youth correctional facility for an act that would be a misdemeanor if committed by an adult unless:

(i) the youth committed four or more misdemeanors in the prior 12 months;

(ii) a psychiatrist or a psychologist licensed by the state or a licensed clinical professional counselor or a licensed clinical social worker has evaluated the youth and recommends placement in a state youth correctional facility; and

(c) *subject to the provisions of subsection (5),* require a youth found to be a delinquent youth, as the result of the commission of an offense that would be a ~~sexual offense or~~ violent offense, as defined in 46-23-502, if committed by an adult, to register *and remain registered* as a ~~sexual or~~ violent offender pursuant to Title 46, chapter 23, part 5. Section 15. Section 46-18-203, MCA, is amended to read:

"46-18-203. Revocation of suspended or deferred sentence. (1) Upon the filing of a petition for revocation showing probable cause that the offender has violated any condition of a sentence, ~~or~~ any condition of a deferred imposition of sentence, *or any condition of supervision after release from imprisonment imposed pursuant to 45-5-503(4), 45-5-507(5), 45-5-601(3), 45-5-602(3), 45-5-603(2)(c), or 45-5-625(4),* the judge may issue an order for a hearing on revocation. The order must require the offender to appear at a specified time and place for the hearing and be served by delivering a copy of the petition and order to the offender personally. The judge may also issue an arrest warrant directing any peace officer or a probation and parole officer to arrest the offender and bring the offender before the court.

(2) The petition for a revocation must be filed with the sentencing court during the period of suspension or deferral. Expiration of the period of suspension or deferral after the petition is filed does not deprive the court of its jurisdiction to rule on the petition.

(3) The provisions pertaining to bail, as set forth in Title 46, chapter 9, are applicable to persons arrested pursuant to this section.

(4) Without unnecessary delay, the offender must be brought before the judge, and the offender must be advised of:

(a) the allegations of the petition;

(b) the opportunity to appear and to present evidence in the offender's own behalf;

(c) the opportunity to question adverse witnesses; and

(d) the right to be represented by counsel at the revocation hearing pursuant to Title 46, chapter 8, part 1.

(5) A hearing is required before a suspended or deferred sentence can be revoked or the terms or conditions of the sentence can be modified, unless:

(a) the offender admits the allegations and waives the right to a hearing; or

(b) the relief to be granted is favorable to the offender and the prosecutor, after having been given notice of the proposed relief and a reasonable opportunity to object, has not objected. An extension of the term of probation is not favorable to the offender for the purposes of this subsection (5)(b).

(6) *(a)* At the hearing, the prosecution shall prove, by a preponderance of the evidence, that there has been a violation of*:*

(i) the terms and conditions of the suspended or deferred sentence*; or*

(ii) a condition of supervision after release from imprisonment imposed pursuant to 45-5-503(4), 45-5-507(5), 45-5-601(3), 45-5-602(3), 45-5-603(2)(c), or 45-5-625(4).

(b) However, when a failure to pay restitution is the basis for the petition, the offender may excuse the violation by showing sufficient evidence that the failure to pay restitution was not attributable to a failure on the offender's part to make a good faith effort to obtain sufficient means to make the restitution payments as ordered.

(7) (a) If the judge finds that the offender has violated the terms and conditions of the suspended or deferred sentence, the judge may:

(i) continue the suspended or deferred sentence without a change in conditions;

(ii) continue the suspended sentence with modified or additional terms and conditions;

(iii) revoke the suspension of sentence and require the offender to serve either the sentence imposed or any sentence that could have been imposed that does not include a longer imprisonment or commitment term than the original sentence; or

(5) If, at the time of sentencing, the sentencing judge did not apply a level designation to a sexual offender who is required to register under this part *and who was sentenced prior to October 1, 1997*, the department shall designate the offender as level 1, 2, or 3 when the offender is released from confinement.

(6) If an offense is covered by 46-23-502~~(6)(b)~~*(9)(b)*, the offender registers under 46-23-504(1)(c), and the offender was given a risk level designation after conviction by another state or the federal government, the department of justice may give the offender the risk level designation assigned by the other state or the federal government.

(7) The lack of a fixed residence is a factor that may be considered by the sentencing court or by the department in determining the risk level to be assigned to an offender pursuant to this section."

(c) If the department certifies to the sentencing judge that the workload of a district probation and parole office has exceeded the optimum workload for the district over the preceding 60 days, the judge may not place an offender on probation under supervision by that district office unless the judge grants a conditional discharge to a probationer being supervised by that district office. Section 2. Raising issue of testimony of child witness outside presence of defendant — motion by prosecution or defense. Upon a motion by the prosecution or defense if the defense intends to call a child witness other than the victim in its case in chief, a court shall conduct a hearing to consider whether the testimony of a child witness may be taken outside the presence of the defendant and communicated to the courtroom by two-way electronic audio-video communication.

Section 3. Hearing — procedure — evidence that may be received — protection for child witness. (1) A court shall conduct a hearing on a motion made under [section 2].

(2) The prosecution, if the prosecution made the motion pursuant to [section 2], or the defense, if the defense made the motion pursuant to [section 2], shall present evidence at the hearing made on the motion to prove the need for an order under [section 4].

(3) In ruling on the motion, the court shall consider the following factors:

~~(c) A customer referred to in subsection (3)(a) receiving electricity from a licensed supplier prior to July 1, 2003, may continue to receive electricity supply from a supplier other than the default supplier.~~

~~(4)~~*(1)* (a) Except as provided in subsections ~~(4)(b)~~ *(1)(b)* ~~through (4)(c)~~ *and (1)(c)*, a *retail* customer ~~of a utility that has restructured in accordance with this chapter and~~ that has an individual load with an average monthly demand of greater than or equal to 5,000 kilowatts ~~shall purchase its entire electricity supply from the competitive marketplace~~ *and that is not purchasing electricity supply service from a public utility on [the effective date of this act] may not purchase electricity supply service from a public utility*.

This election must be submitted to the commission in writing no later than December 31, 2003.~~

~~(c)~~*(b)* A ~~new~~ *retail* customer ~~with an estimated average monthly demand of greater than or equal to 5,000 kilowatts may enter into a power supply contract~~

The commission may include other utility costs and expenses in the cost recovery mechanism if it determines that including additional costs and expenses is reasonable and in the public interest*. The cost recovery mechanism must provide for prospective rate adjustments for cost differences resulting from cost changes, load changes, and the time value of money on the differences.

~~(3) The commission may direct a default supplier to offer its customers multiple default supply service options if the commission determines that those options are in the public interest and are consistent with the provisions of 69-8-104 and 69-8-201.~~

The commission shall ensure that these resources have been certified as meeting industry-accepted standards.

~~(5) (a) Subject to subsection (5)(b), the commission shall, in reviewing the procurement of electricity supply by the default supplier, take into account the statewide economic benefits that are associated with the electricity supply procurement for the default supply stakeholders. ~~(b) The consideration of economic benefits is secondary to the consideration of the costs and benefits to the consumer and other criteria established by law.~~

~~(6) If a public utility intends to be an electricity supplier through an unregulated division, then the public utility must be licensed as an electricity supplier pursuant to 69-8-404.~~"

Section 9. Section 69-8-311, MCA, is amended to read:

Section 10. Section 69-8-402, MCA, is amended to read:

"69-8-402. Universal system benefits programs. (1) Universal system benefits programs are established for the state of Montana to ensure continued funding of and new expenditures for energy conservation, renewable resource projects and applications, and low-income energy assistance.

(2) Beginning January 1, 1999, 2.4% of each utility's annual retail sales revenue in Montana for the calendar year ending December 31, 1995, is established as the initial funding level for universal system benefits programs. To collect this amount of funds on an annualized basis in 1999, the commission shall establish rates for utilities subject to its jurisdiction and the governing boards of cooperatives shall establish rates for the cooperatives. These universal system benefits charge rates must remain in effect through December 31, 2009.

(a) The recovery of all universal system benefits programs costs imposed pursuant to this section is authorized through the imposition of a universal system benefits charge assessed at the meter for each local utility system customer as provided in this section.

(b) A utility must receive credit toward annual funding requirements for the utility's internal programs or activities that qualify as universal system benefits programs, including those amortized or nonamortized portions of expenditures for the purchase of power that are for the acquisition or support of renewable energy, conservation-related activities, or low-income energy assistance, and for large customers' programs or activities as provided in subsection (7). The department of revenue shall review claimed credits of the utilities and large customers pursuant to 69-8-414.

(d) A customer's ~~distribution services provider~~ *utility* shall collect universal system benefits funds less any allowable credits.

(e) For a utility to receive credit for low-income-related expenditures, the activity must have taken place in Montana.

(f) If a utility's or a large customer's credit for internal activities does not satisfy the annual funding provisions of subsection (2), then the utility shall make a payment to the universal system benefits fund established in 69-8-412 for any difference.

(3) Cooperative utilities may collectively pool their statewide credits to satisfy their annual funding requirements for universal system benefits programs and low-income energy assistance.

(4) A utility's transition plan must describe how the utility proposes to provide for universal system benefits programs, including the methodologies, such as cost-effectiveness and need determination, used to measure the utility's level of contribution to each program.

(5) A utility's minimum annual funding requirement for low-income energy and weatherization assistance is established at 17% of the utility's annual universal system benefits funding level and is inclusive within the overall universal system benefits funding level.

(a) A utility must receive credit toward the utility's low-income energy assistance annual funding requirement for the utility's internal low-income energy assistance programs or activities.

(b) If a utility's credit for internal activities does not satisfy its annual funding requirement, then the utility shall make a payment for any difference to the universal low-income energy assistance fund established in 69-8-412.

(7) (a) A large customer:

(i) shall pay a universal system benefits programs charge with respect to the large customer's qualifying load equal to the lesser of:

(A) $500,000, less the large customer credits provided for in this subsection (7); or

(B) the product of 0.9 mills per kilowatt hour multiplied by the large customer's total kilowatt hour purchases, less large customer credits with respect to that qualifying load provided for in this subsection (7);

(ii) must receive credit toward that large customer's universal system benefits charge for internal expenditures and activities that qualify as a universal system benefits programs expenditure, and these internal expenditures must include but not be limited to:

(A) expenditures that result in a reduction in the consumption of electrical energy in the large customer's facility; and

(B) those amortized or nonamortized portions of expenditures for the purchase of power at retail or wholesale that are for the acquisition or support of renewable energy or conservation-related activities.

(b) Large customers making these expenditures must receive a credit against the large customer's universal system benefits charge, except that any of those amounts expended in a calendar year that exceed that large customer's universal system benefits charge for the calendar year must be used as a credit against those charges in future years until the total amount of those expenditures has been credited against that large customer's universal system benefits charges.

(8) A public utility shall prepare and submit an annual summary report of the public utility's activities relating to all universal system benefits programs to the commission, the department of revenue, and the energy and telecommunications interim committee provided for in 5-5-230. A cooperative utility shall prepare and submit annual summary reports of activities to the cooperative utility's respective local governing body, the statewide cooperative utility office, and the energy and telecommunications interim committee. The statewide cooperative utility office shall prepare and submit an annual summary report of the activities of individual cooperative utilities, including a summary of the pooling of statewide credits, as provided in subsection (3), to the department of revenue and the energy and telecommunications interim committee. (10) (a) A large customer claiming credits for a calendar year shall submit an annual summary report of its universal system benefits programs activities and expenditures to the department of revenue and to the large customer's utility. The annual report of a large customer must identify each qualifying project or expenditure for which it has claimed a credit and the amount of the credit. Prior approval by the department of revenue or the utility is not required, except as provided in subsection (10)(b).

(b) If a large customer claims a credit that the department of revenue disallows in whole or in part, the large customer is financially responsible for the disallowance. A large customer and the large customer's utility may mutually agree that credits claimed by the large customer be first approved by the utility.

If the utility approves the large customer credit, the utility may be financially responsible for any subsequent disallowance."

(d) The commission may extend the time limit for issuing an order for an additional 60 days following the hearing pursuant to subsection (4)(b).

~~(e)~~*(5)* To facilitate timely consideration of an application, the commission may initiate proceedings to evaluate planning and procurement activities related to a potential resource procurement prior to the ~~default supplier's~~ *public utility's* submission of an application for ~~approval~~ *approval*.

~~(3)~~*(6)* (a) The commission may approve or deny, in whole or in part, an application for ~~advanced approval of a power supply purchase agreement~~ *approval of an electricity supply resource*.

(b) The commission may consider all relevant information known up to the time that the administrative record in the proceeding is closed in the evaluation of an application for ~~advanced approval of a power supply purchase agreement~~ *approval*.

(c) A commission order granting ~~advanced approval of a power supply purchase agreement~~ *approval of an application* must include the following findings:

(i) ~~advanced approval of all or part of the agreement~~ *approval, in whole or in part,* is in the public interest; *and*

~~(ii) the agreement resulted from a reasonable effort by the default supplier to comply with the objectives in 69-8-419 and the rules adopted pursuant to 69-8-419; and~~

~~(iii) the price, quantity, duration, and other contract terms directly related to the price, quantity, and duration of the power supply purchase agreement are reasonable.~~

(ii) procurement of the electricity supply resource is consistent with the requirements in 69-3-201, the objectives in 69-8-419, and commission rules.

(d) The commission order may include a provision for allowable generation assets cost of service when the utility has filed an application for the lease or acquisition of an equity interest in a plant or equipment used to generate electricity.

(e) When issuing an order for the acquisition of an equity interest or lease in a facility or equipment that is constructed after January 1, 2007, and that is used to generate electricity that is primarily fueled by natural or synthetic gas, the commission shall require the applicant to implement cost-effective carbon offsets. Expenditures required for cost-effective carbon offsets pursuant to this subsection (6)(e) are fully recoverable in rates. By March 31, 2008, the commission shall adopt rules for the implementation of this subsection (6)(e).

~~(d)~~*(f)* The commission order may include other findings that the commission determines are necessary.

~~(e)~~*(g)* A commission order that denies ~~advanced approval~~ *approval* must describe why the findings required in subsection ~~(3)(c)~~ *(6)(c)* could not be reached.

~~(4)~~*(7)* Notwithstanding any provision of this chapter to the contrary, if the commission has issued an order containing the findings required under subsection ~~(3)(c)~~ *(6)(c)*, the commission may not subsequently disallow the recovery of costs ~~incurred under the agreement~~ *related to the approved electricity supply resource* based on contrary findings.

~~(5) If a default supplier does not apply for advanced approval of a power supply purchase agreement, the commission shall consider the prudence of the default supplier's resource procurement actions in the context of a default supplier's cost recovery filing pursuant to 69-8-210 or in a separate proceeding. The commission's decisions in these proceedings must be based on facts that were known or should reasonably have been known by the default supplier at the time of its procurement decisions.~~

(8) Until the state or federal government has adopted uniformly applicable statewide standards for the capture and sequestration of carbon dioxide, the commission may not approve an application for the acquisition of an equity interest or lease in a facility or equipment used to generate electricity that is primarily fueled by coal and that is constructed after January 1, 2007, unless the facility or equipment captures and sequesters a minimum of 50% of the carbon dioxide produced by the facility. Carbon dioxide captured by a facility or equipment may be sequestered offsite from the facility or equipment.

~~(6)~~*(9)* Nothing limits the commission's ability to subsequently, in any future ~~cost recovery~~ *rate* proceeding, inquire into the manner in which the ~~default supplier~~ *public utility* has managed*, dispatched, operated, or maintained any resource or managed any power supply purchase agreement* ~~a power supply purchase agreement~~ as part of its overall *resource* portfolio. The commission may subsequently disallow ~~default supply~~ *rate recovery for the* costs that result from the failure of a ~~default supplier~~ *public utility* to reasonably ~~administer power supply purchase agreements~~ *manage, dispatch, operate, maintain, or administer electricity supply resources* in ~~the context of its overall default supply portfolio management and service obligations.~~ *a manner consistent with 69-3-201, 69-8-419, and commission rules.*

~~(7)~~*(10)* The commission may engage independent *engineering, financial, and management* consultants or advisory services to evaluate a *public* utility's ~~default~~ *electricity* supply resource procurement plans and proposed ~~power supply purchase agreements~~ *electricity supply resources*. The consultants must have demonstrated knowledge and experience with electricity supply procurement and resource portfolio management, modeling, ~~and~~ risk management*, and engineering* practices. The commission shall charge a fee to

the ~~default supplier~~ *public utility* to pay for the costs of consultants or advisory services. These costs are recoverable in ~~default supply~~ rates.

(11) By March 31, 2008, the commission shall adopt rules prescribing minimum filing requirements for applications filed pursuant to this part."

Section 16. Section 69-8-602, MCA, is amended to read:

"69-8-602. ~~Distribution services provider~~ *Utility* net metering requirements. A ~~distribution services provider~~ *utility* shall:

(1) allow net metering systems to be interconnected using a standard kilowatt-hour meter capable of registering the flow of electricity in two directions, unless the commission determines, after appropriate notice and opportunity for comment:

(a) that the use of additional metering equipment to monitor the flow of electricity in each direction is necessary and appropriate for the interconnection of net metering systems, after taking into account the benefits and costs of purchasing and installing additional metering equipment; and

(b) how the costs of net metering are to be allocated between the customer-generator and the ~~distribution services provider~~ *utility*; and

(2) charge the customer-generator a minimum monthly fee that is the same as other customers of the electric utility in the same rate class. The commission shall determine, after appropriate notice and opportunity for comment if:

(a) the ~~distribution services provider~~ *utility* will incur direct costs associated with interconnecting or administering net metering systems that exceed any offsetting benefits associated with these net metering systems; and

(b) public policy is best served by imposing these costs on the customer-generator, rather than allocating these costs among the ~~distribution services provider's~~ *utility's* entire customer base."

Section 17. Section 69-8-603, MCA, is amended to read:

"69-8-603. Net energy measurement calculation. Consistent with the other provisions of this part, the net energy measurement must be calculated in the following manner:

(1) The ~~distribution services provider~~ *utility* shall measure the net electricity produced or consumed during the billing period, in accordance with normal metering practices.

(2) If the electricity supplied by the electricity supplier exceeds the electricity generated by the customer-generator and fed back to the electricity supplier during the billing period, the customer-generator must be billed for the net electricity supplied by the electricity supplier, in accordance with normal metering practices.

(3) If electricity generated by the customer-generator exceeds the electricity supplied by the electricity supplier, the customer-generator must be:

(a) billed for the appropriate customer charges for that billing period, in accordance with 69-8-602; and

(b) credited for the excess kilowatt hours generated during the billing period, with this kilowatt-hour credit appearing on the bill for the following billing period.

(4) On January 1, April 1, July 1, or October 1 of each year, as designated by the customer-generator as the beginning date of a 12-month billing period, any

remaining unused kilowatt-hour credit accumulated during the previous 12 months must be granted to the electricity supplier, without any compensation to the customer-generator."

Section 18. Section 69-8-1004, MCA, is amended to read:

"69-8-1004. Renewable resource standard — administrative penalty — waiver. (1) Except as provided in 69-8-1007 and subsection (11) of this section, a graduated renewable energy standard is established for public utilities as provided in subsections (2) through (4) of this section.

(2) In each compliance year beginning January 1, 2008, through December 31, 2009, each public utility shall procure a minimum of 5% of its retail sales of electrical energy in Montana from eligible renewable resources.

(3) (a) In each compliance year beginning January 1, 2010, through December 31, 2014, each public utility shall procure a minimum of 10% of its retail sales of electrical energy in Montana from eligible renewable resources.

(b) As part of their compliance with subsection (3)(a), public utilities shall purchase both the renewable energy credits and the electricity output from community renewable energy projects that total at least 50 megawatts in nameplate capacity.

(c) Public utilities shall proportionately allocate the purchase required under subsection (3)(b) based on each public utility's retail sales of electrical energy in Montana in the calendar year 2009.

(4) (a) In the compliance year beginning January 1, 2015, and in each succeeding compliance year, each public utility shall procure a minimum of 15% of its retail sales of electrical energy in Montana from eligible renewable resources.

(b) (i) As part of their compliance with subsection (4)(a), public utilities shall purchase both the renewable energy credits and the electricity output from community renewable energy projects that total at least 75 megawatts in nameplate capacity.

(ii) In meeting the standard in subsection (4)(b)(i), a public utility may include purchases made under subsection (3)(b).

(c) Public utilities shall proportionately allocate the purchase required under subsection (4)(b) based on each public utility's retail sales of electrical energy in Montana in the calendar year 2014.

(5) (a) In complying with the standards required under subsections (2) through (4), a public utility shall, for any given compliance year, calculate its procurement requirement based on the public utility's previous year's sales of electrical energy to retail customers in Montana.

(b) The standard in subsections (2) through (4) must be calculated on a delivered-energy basis after accounting for any line losses.

(6) A public utility has until 3 months following the end of each compliance year to purchase renewable energy credits for that compliance year.

(7) (a) In order to meet the standard established in subsections (2) through (4), a public utility may only use:

(i) electricity from an eligible renewable resource in which the associated renewable energy credits have not been sold separately;

(ii) renewable energy credits created by an eligible renewable resource purchased separately from the associated electricity; or

(iii) any combination of subsections (7)(a)(i) and (7)(a)(ii).

(b) A public utility may not resell renewable energy credits and count those sold credits against the public utility's obligation to meet the standards established in subsections (2) through (4).

(c) Renewable energy credits sold through a voluntary service such as the one provided for in ~~69-8-210(4)~~ *69-8-210(2)* may not be applied against a public utility's obligation to meet the standards established in subsections (2) through (4).

(8) Nothing in this part limits a public utility from exceeding the standards established in subsections (2) through (4).

(9) If a public utility exceeds a standard established in subsections (2) through (4) in any compliance year, the public utility may carry forward the amount by which the standard was exceeded to comply with the standard in either or both of the 2 subsequent compliance years. The carryforward may not be double-counted.

(10) Except as provided in subsection (11), if a public utility is unable to meet the standards established in subsections (2) through (4) in any compliance year, that public utility shall pay an administrative penalty, assessed by the commission, of $10 for each megawatt hour of renewable energy credits that the public utility failed to procure. A public utility may not recover this penalty in electricity rates. Money generated from these penalties must be deposited in the universal low-income energy assistance fund established in 69-8-412(1)(a).

(11) A public utility may petition the commission for a short-term waiver from full compliance with the standards in subsections (2) through (4) and the penalties levied under subsection (10). The petition must demonstrate that the:

(a) public utility has undertaken all reasonable steps to procure renewable energy credits under long-term contract, but full compliance cannot be achieved either because renewable energy credits cannot be procured or for other legitimate reasons that are outside the control of the public utility; or

(b) integration of additional eligible renewable resources into the electrical grid will clearly and demonstrably jeopardize the reliability of the electrical system and that the public utility has undertaken all reasonable steps to mitigate the reliability concerns."

Section 19. Use of generation assets. Generation assets acquired by a public utility pursuant to this chapter:

(1) must be used by the public utility to serve and benefit customers within the public utility's Montana service territory; and

(2) may not be removed from the rate base unless the commission finds that customers of the public utility will not be adversely affected.

Section 20. Codification instruction. [Section 19] is intended to be codified as an integral part of Title 69, chapter 8, part 4, and the provisions of Title 69, chapter 8, part 4, apply to [section 19].

Section 21. Repealer. Sections 69-8-102, 69-8-104, 69-8-202, 69-8-203, 69-8-204, 69-8-208, 69-8-209, 69-8-211, 69-8-301, 69-8-302, 69-8-303, 69-8-304, 69-8-308, 69-8-309, 69-8-310, 69-8-404, 69-8-408, 69-8-409, and 69-8-410, MCA, are repealed.

Section 22. Saving clause. [This act] does not affect rights and duties that matured, penalties that were incurred, or proceedings that were begun before [the effective date of this act].

Section 23. Severability. If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

[SB 12]

AN ACT REVISING THE COMMUNITY COLLEGE FUNDING STATUTES TO PROVIDE FOR CALCULATION OF THE STATE GENERAL FUND APPROPRIATION BASED ON VARIABLE AND FIXED COSTS; CLARIFYING THAT THE VARIABLE AND FIXED COSTS AND THE STATE SHARE ARE DETERMINED BY THE LEGISLATURE; PROVIDING DEFINITIONS; AMENDING SECTIONS 20-15-310 AND 20-15-312, MCA; AND PROVIDING AN EFFECTIVE DATE AND AN APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 20-15-310, MCA, is amended to read:

"20-15-310. Appropriation — *definitions.* *(1)* It is the intent of the legislature that all community college spending, other than from restricted funds*, designated funds,* or funds generated by an optional, voted levy, be governed by the provisions of this part and the state general appropriations act.

(2) (a) The state general fund appropriation must be ~~based on a budget amount per full-time equivalent student, as determined by the legislature~~ *determined as follows:*

(i) multiply the variable cost of education per student by the full-time equivalent student count and add the budget amount for the fixed cost of education; and

(ii) multiply the total in subsection (2)(a)(i) by the state share.

(b) The variable cost of education per student, the budget amount for fixed costs, and the state share must be determined by the legislature. The state share, expressed as a percentage, and the variable cost of education per student must be specified in the appropriations act appropriating funds to the community colleges for each biennium.

(3) The student count may not include those enrolled in community service courses as defined by the board of regents.

(4) As used in this section, the following definitions apply:

(a) "Cost of education" means the actual costs incurred by the community colleges during the budget base fiscal year, as reported on the current unrestricted operating fund schedule that is statutorily required to be submitted to the commissioner of higher education, minus any reversion and one-time-only expenditures that are included.

(b) "Fixed cost of education" means that portion of the cost of education, as determined by the legislature, that is not influenced by increases or decreases in student enrollment.

(c) "Variable cost of education per student" means that portion of the cost of education, as determined by the legislature, that is subject to change as a result of increases or decreases in student enrollment, divided by the actual student enrollment during the budget base fiscal year."

Section 2. Section 20-15-312, MCA, is amended to read:

"20-15-312. Calculation and approval of operating budget. (1) Annually by September 1, the board of trustees of a community college shall submit an operating budget to the board of regents for their review. The operating budget of the community college must be financed in the following manner:

(a) The general fund appropriation must ~~represent a specific percentage of the budget amount per full-time equivalent student, as determined by the legislature. This percentage must be specified in the appropriations act appropriating funds to the community colleges for each biennium. This percentage does not apply to any portion of the unrestricted budget in excess of the budget amount per full-time equivalent student, as determined by the legislature~~ *be determined pursuant to 20-15-310.*

(b) The mandatory levy amount must represent a specific percentage of the ~~budget amount per full-time equivalent student~~ *combined total of the fixed cost of education and the variable cost of education, as those terms are defined in 20-15-310, and* as determined by the legislature. This percentage must be

specified for each community college by the board of trustees of the district and approved by the board of regents.

(c) The funding obtained ~~in~~ *pursuant to* subsections (1)(a) and (1)(b) plus the revenue derived from tuition and fee schedules approved by the board of regents and unrestricted income from any other source is the amount of the unrestricted budget. A detailed expenditure schedule for the unrestricted budget must be submitted to the board of regents for their review and approval.

(d) The amount estimated to be raised by the voted levy must be detailed separately in an expenditure schedule.

(e) The spending of each restricted *or designated* funding source must be detailed separately in an expenditure schedule.

(f) The expenditure schedules provided in subsections (1)(c) through (1)(e) represent the total operating budget of the community college.

(2) The board of regents shall review the proposed total operating budget and all its components and make any changes it determines necessary. The board of trustees of a community college district shall operate within the limits of the operating budget approved by the board of regents."

Section 3. Effective date — applicability. [This act] is effective July 1, 2007, and applies to funds appropriated on or after July 1, 2007.

CHAPTER NO. 494

[SB 25]

AN ACT CREATING THE CONTRACT HARVESTING PROGRAM; DEFINING TERMS FOR THE CONTRACT HARVESTING AND SALE OF FOREST PRODUCTS FROM STATE TRUST LANDS; AUTHORIZING CONTRACT HARVESTING OF TIMBER AND FOREST PRODUCTS ON STATE TRUST LANDS; AUTHORIZING THE SALE OF FOREST PRODUCTS BY THE DEPARTMENT OF NATURAL RESOURCES AND CONSERVATION; CREATING A CONTRACT HARVESTING SUBACCOUNT FOR THE DEPOSIT OF GROSS PROCEEDS FROM CONTRACT HARVESTING SALES AND THE PAYMENT OF CONTRACT HARVESTING COSTS; PROVIDING RULEMAKING AUTHORITY FOR THE BOARD OF LAND COMMISSIONERS TO IMPLEMENT THE CONTRACT HARVESTING PROGRAM; AMENDING SECTIONS 77-1-613, 77-5-201, AND 77-5-204, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Statement of policy. (1) The application of contract harvesting on Montana's trust lands provides an opportunity to improve forest health and long-term productivity, increase options for managing forests in environmentally sensitive areas, and provide potential revenue benefits for trust beneficiaries.

(2) It is important that the department has clear authorization and direction for conducting contract harvesting, including marketing and selling log sorts and other forest products.

(3) A clear funding mechanism addressing the receipt of revenue and payment for costs associated with contract harvesting projects provides the

transparent process that allows beneficiaries to understand the costs and benefits associated with contract harvesting.

(4) Contract harvesting has the potential to result in increased bidder activity, better use and merchandising of products, improved harvesting results and environmental protection, and quicker completion of projects when time constraints are a factor.

Section 2. Definitions. As used in this part, unless the context indicates otherwise, the following definitions apply:

(1) "Contract harvesting" means a timber harvest or timber sale occurring on state trust lands by which:

(a) the department solicits bids and contracts with a firm or individual awarded the bid to:

(i) perform all necessary work to harvest and process trees into merchantable forest products;

(ii) sort trees pursuant to contract specifications and department use standards; and

(iii) transport and deliver the products to forest product purchasers; and

(b) the department sells the forest products to one or more forest product purchasers through the competitive bidding process pursuant to 77-5-201(1) and (2).

(2) "Contract harvesting costs" means expenses related to the production of log sorts or other merchantable products from a stand of timber and the transportation of the products to point-of-sale locations. These expenses may include but are not limited to:

(a) sale preparation and development costs;

(b) marketing of forest products and administration of contract harvesting contracts;

(c) road building and maintenance;

(d) labor for felling, bucking, yarding, and loading;

(e) scaling of forest products; and

(f) the transportation of sorted logs and other merchantable products from the harvest site to a point of sale.

(3) "Decked" means a pile of logs or other merchantable forest products that have been prepared for sale or shipment and placed upon a landing.

(4) "Forest health concerns" means issues that can be addressed through management or harvest of merchantable or nonmerchantable trees and includes:

(a) forested lands that are overcrowded or stagnant and that are showing declining annual growth;

(b) wildland/urban interface areas where timber harvest or forest management is necessary to prevent catastrophic or other damage to forested lands, livestock, buildings, or other infrastructure;

(c) fire fuel buildup and treatment on forested lands;

(d) forested lands susceptible to imminent or repeated insect or disease attack and timber degradation;

(e) forested lands that are in a high state of decline or decay or are rapidly deteriorating;

(f) forested lands with high recreational use and high degradation risk; and

(g) forested lands under drought stress.

(5) "Forest products" means any product produced from the forest that the department can sell through competitive bid or direct negotiation.

(6) "Log sorts" means trees or portions of trees that are grouped and sorted into various product categories, including but not limited to pulp logs, saw logs, and house logs.

(7) "Saw logs" means merchantable timber prepared and sorted as decked, scaled logs and sold f.o.b., as defined in 30-2-319, at a designated location, expressed in terms of dollars per thousand board feet or dollars per ton.

(8) "Scaled" means the measured volume, weight, or other measurement of a log, load of logs, or other products.

(9) "Stumpage" means the value of timber as it exists, uncut, within a harvest unit, expressed in terms of dollars per thousand board feet, dollars per ton, or other appropriate value per unit designation.

(10) (a) "Timber" means any wood growth on state trust land, mature or immature, alive or dead, standing or down, that is capable of furnishing merchantable raw material used in the manufacture of lumber or other forest products.

(b) The term does not include cultivated Christmas trees.

Section 3. Contract harvesting authorized. (1) Under direction of the board and after submitting the various portions of the sale for bid, as described in 77-5-201, the department is authorized to sell timber and forest products from contract harvesting sales through the competitive bidding process pursuant to 77-5-201(1) and (2) and to contract with firms and individuals for the removal of timber and forest products from state trust lands, the preparation of those materials into merchantable form, the transportation of those materials to a point of sale, and other purposes that the department determines to be necessary.

(2) Except as provided in subsection (3), the department may not conduct contract harvesting on state trust lands in an amount greater than 10% of the annual sustained yield.

(3) If the department is addressing forest health concerns as provided in [section 4], the department may exceed the annual sustained harvest level by up to 5% using contract harvesting, provided that the contract harvest volume in excess of the annual sustained harvest level contains no more than 25% merchantable saw log volume.

Section 4. Contract harvesting to address forest health concerns. All contract harvesting sales meant to address specific forest health concerns must be designed to:

(1) improve the overall health, productivity, and long-term revenue potential for the timber stand;

(2) be consistent with the state forest land management plan; and

(3) comply with all applicable state laws, rules, and regulations.

Section 5. Rules. (1) (a) The board may adopt rules to implement the contract harvesting program. The board shall evaluate each proposed contract harvest to determine if, in the board's judgment, contract harvesting will fulfill its duty to prudently obtain the maximum long-term revenue for the trust beneficiaries or to address forest health concerns or other environmental concerns.

(b) The board shall adopt rules describing the procedures necessary to ensure that the trust beneficiaries receive the full market value of the forest products.

(2) The board may adopt rules that impose specific appraisal requirements and sale procedures for any forest products directly marketed and sold by the department.

Section 6. Contract harvesting account — authorized expenditures — termination. (1) An account, called the contract harvesting account, must be created as a subaccount of the timber sale account established in 77-1-613, in which to deposit gross revenue and for the payment of expenditures associated with contract harvesting sales. All proceeds of the sale of forest products from a contract harvesting sale must be deposited into this account and must be retained in the account to be used to pay for all contract harvesting costs, as provided in subsection (2).

(2) Expenditures may be credited against the account for contract harvesting costs. Personnel services costs for state employees may not be credited against the account.

(3) An amount equal to the contract harvesting costs must be retained in the account and must be deducted from the gross proceeds to determine the net proceeds. The net proceeds from the sale of the forest products must be distributed to the appropriate trust.

(4) An initial account balance must be created by transferring up to $500,000 into the contract harvesting account from the timber sale account.

(5) If the contract harvesting program is terminated or discontinued for more than 10 years, any balance remaining in the contract harvesting account in excess of $500,000 must be distributed to the appropriate trust. The remaining balance up to $500,000 must be transferred back to the timber sale account provided for in 77-1-613.

Section 7. Section 77-1-613, MCA, is amended to read:

"77-1-613. Deduction of portion of income received from sale of timber from state trust lands — creation of account. (1) There is an account in the state special revenue fund called the state timber sale account. Money in the account may be appropriated by the legislature for use by the department in the manner set out in this section to enhance the revenue creditable to the trusts. There must be placed in the account an amount from timber sales on state lands each fiscal year equal to the amount appropriated from the account for the corresponding fiscal year.

(2) Timber sale program funds deducted under subsection (1) must be directly applied to timber sale preparation, ~~and~~ *timber sale* documentation*, and contract harvesting costs as provided in [section 6]*.

(3) In order to increase the volume of timber sold at the earliest possible time while continuing to meet the requirements of applicable state and federal laws and in order to avoid unnecessary delays and extra costs that would result from

increasing its permanent staff, the department may contract for services that will enable achievement of the purposes of this section and that will achieve the highest net return to the trusts.

(4) To maximize overall return to the trusts, the timely salvage of timber must be considered. However, salvage timber sales may not adversely affect the implementation of green timber sales programs."

Section 8. Section 77-5-201, MCA, is amended to read:

"77-5-201. Sale of timber. (1) Under the direction of the board, the department may sell the timber crop and other crops of the forests after examination, estimate, appraisal, and report and under any rules established by the board. *Timber or forest products sold from state trust lands may be sold by a stumpage method or a lump-sum method or marketed by the state through contract harvesting as provided in [sections 1 through 6].*

(2) Timber proposed for sale in excess of 100,000 board feet must be advertised in a paper of the county in which the timber is situated for a period of at least 30 days, during which time the department must receive sealed bids up to the hour of the closing of the bids, as specified in the notice of sale.

(3) (a) In cases of emergency ~~due to~~ *because of* fire, insect, fungus, parasite, or blowdown *or to address forest health concerns* or in cases when the department is required to act immediately to take advantage of access granted by permission of an adjoining landowner, timber proposed for sale not in excess of 1 million board feet may be advertised by invitation to bid for a period of not less than 10 days. The department may reject any ~~or all~~ bids, upon approval of the board, or it shall award the sale to the highest responsible bidder.

(b) (i) In cases when the department is required to act immediately to take advantage of access granted by permission of an adjoining landowner and there is only one potential buyer with legal access, the department may negotiate a sale of timber not in excess of 1 million board feet without offering the timber for bid if the sale is for fair market value.

(ii) The provisions of subsection (3)(b)(i) do not apply to situations when the only access is totally controlled by a potential purchaser of the timber, in which case the department shall seek to negotiate permanent, reciprocal access.

(c) In the situations described in subsections (3)(a) and (3)(b)(i), the department is not required to comply with the provisions of 75-1-201(1) to the extent that compliance is precluded by limited time available to take advantage of the sales opportunities described by this subsection (3)."

Section 9. Section 77-5-204, MCA, is amended to read:

"77-5-204. Sale of timber — fee for forest improvement. (1) The board may sell timber on state lands~~, at a price per 1,000 board feet, when appropriate, that,~~ *or other forest products removed from state lands, as provided in [sections 1 through 6], at a per unit price when,* in the board's judgment, *it* is in the best interest of the state, provided that live timber is not sold for less than full market value.

(2) Timber sold or cut from state lands must be cut and removed under rules that may be prescribed by the board for standing timber preservation and fire prevention. In all cases, the board shall require the person cutting the timber to pile and burn or otherwise dispose of the brush and slash in the manner that may be prescribed by the board.

(3) Before the sale of timber is granted, the value of the timber must be appraised under the direction of the department, upon the request and subject to the approval of the board. An appraisal must show as nearly as possible the *per unit* value ~~per 1,000 board feet~~, when appropriate, of all merchantable ~~timber~~ *forest products*.

(4) In addition to the price of the ~~timber~~ *forest products* established under subsection (1), the board may require a timber *or other forest product* purchaser to pay a fee for forest improvement. Revenue from the fee must be deposited in the state special revenue fund to the credit of the department and, as appropriated by the legislature, may be used only for:

(a) disposing of logging slash;

(b) acquiring access and maintaining roads necessary for timber harvesting on state lands;

(c) reforesting, thinning, and otherwise improving the condition and income potential of forested state lands; and

(d) complying with legal requirements for timber harvesting."

Section 10. Coordination instruction. If either House Bill No. 231 or Senate Bill No. 75 and [this act] are passed and approved and if they contain a section that amends 77-1-613, then the sections amending 77-1-613 are void and 77-1-613 must be amended as follows:

"77-1-613. ~~Deduction of portion of income received from~~ *Administrative costs associated with* sale of timber from state trust lands ~~— creation of account~~. (1) ~~There is an account in the state special revenue fund called the state timber sale account. Money in the account may be appropriated by the legislature for use by the department in the manner set out in this section to enhance the revenue creditable to the trusts. There must be placed in the account an amount from timber sales on state lands each fiscal year equal to the amount appropriated from the account for the corresponding fiscal year.~~ *The department may use funds appropriated from the trust land administration account, provided for in 77-1-108, for timber sale preparation, timber sale documentation, and contract harvesting costs as provided in [section 6 of Senate Bill No. 25].*

~~(2) Timber sale program funds deducted under subsection (1) must be directly applied to timber sale preparation and documentation.~~

~~(3)~~*(2)* In order to increase the volume of timber sold at the earliest possible time while continuing to meet the requirements of applicable state and federal laws and in order to avoid unnecessary delays and extra costs that would result from increasing its permanent staff, the department may contract for services that will enable achievement of the purposes of this section and that will achieve the highest net return to the trusts.

~~(4)~~*(3)* To maximize overall return to the trusts, the timely salvage of timber must be considered. However, salvage timber sales may not adversely affect the implementation of green timber sales programs *conducted pursuant to 77-5-201*."

Section 11. Coordination instruction. If either House Bill No. 231 or Senate Bill No. 75 and [this act] are passed and approved, then [section 6 of this act] must read as follows:

"NEW SECTION. **Section 6. Contract harvesting account — authorized expenditures — termination.** (1) An account, called the contract

harvesting account, must be created as a subaccount of the trust land administration account established in 77-1-108, in which to deposit gross revenue and for the payment of expenditures associated with contract harvesting sales. All proceeds of the sale of forest products from a contract harvesting sale must be deposited into this account and must be retained in the account to be used to pay for all contract harvesting costs, as provided in subsection (2).

(2) Expenditures may be credited against the account for contract harvesting costs. Personnel services costs for state employees may not be credited against the account.

(3) An amount equal to the contract harvesting costs must be retained in the account and must be deducted from the gross proceeds to determine the net proceeds. The net proceeds from the sale of the forest products must be distributed to the appropriate trust.

(4) An initial account balance must be created by transferring up to $500,000 of timber harvest revenue into the contract harvesting account from the trust land administration account.

(5) If the contract harvesting program is terminated or discontinued for more than 10 years, any balance remaining in the contract harvesting account in excess of $500,000 must be distributed to the appropriate trust. The remaining balance up to $500,000 must be transferred back to the trust land administration account provided for in 77-1-108."

Section 12. Severability. If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 13. Codification instruction. [Sections 1 through 6] are intended to be codified as an integral part of Title 77, chapter 5, part 2, and the provisions of Title 77, chapter 5, part 2, apply to [sections 1 through 6].

Section 14. Effective date. [This act] is effective on passage and approval.

CHAPTER NO. 495

[SB 27]

AN ACT CLARIFYING THE RIGHT OF A GRANDPARENT TO HAVE CONTACT WITH A GRANDCHILD IN LIGHT OF DECISIONS BY THE U.S. SUPREME COURT AND THE MONTANA SUPREME COURT; AMENDING SECTION 40-9-102, MCA; AND PROVIDING AN APPLICABILITY DATE.

WHEREAS, the Legislature enacted the principal grandparent-grandchild contact statute, section 40-9-102, MCA, in 1979 and has not amended that statute since 1997; and

WHEREAS, since 1997, the statute has provided that a grandparent wanting to have contact with a grandchild could petition a District Court to grant that contact and that the court must grant the petition if it found that the contact was "in the best interest of the child"; and

WHEREAS, since 1997, the United States Supreme Court and the Montana Supreme Court have both held that a parent's right to the custody, care, and

control of a child is founded upon a parent's constitutional right to liberty and have also held that it is the constitutionally protected right of a fit parent to determine who the parent's child may or may not associate with; and

WHEREAS, the Montana Supreme Court held on May 9, 2006, in the case of Polasek v. Omura, that a District Court for Cascade County committed reversible error when the District Court granted a petition for grandparent-grandchild contact under section 40-9-102, MCA, against the wishes of the custodial parent who had not been found to be an unfit parent, based upon the single statutory criteria that the contact was "in the best interest of the child"; and

WHEREAS, the Montana Supreme Court held in Polasek v. Omura that before a District Court could use the "best interest of the child" standard, the District Court must first determine whether the child's parent was a fit parent and, if the District Court determines the parent to be a fit parent and an objecting fit parent, that the presumption in favor of the parent's wishes has been rebutted; and

WHEREAS, because of the rulings of the U.S. Supreme Court and the Montana Supreme Court, section 40-9-102, MCA, is now misleading to grandparents in that the statute implies that a grandparent may petition a District Court to award, and the District Court may grant, grandparent-grandchild contact without consideration of the wishes of a custodial parent, or even over the objection of a custodial parent, and without consideration of the fitness of that parent; and

WHEREAS, the Legislature believes in the constitutional right of parents to control the actions and conduct of their children and believes that third parties should not be allowed, through the courts, to control the actions of those children if the parents are fit and proper parents; and

WHEREAS, the Legislature believes that both parents and grandparents must have a clear understanding or "road map" of parental rights and a grandparent's right to contact with a grandchild and that those rights should be clear in state law and easily located in state statutes by both parents and grandparents alike.

THEREFORE, it is the purpose of the Legislature to make Montana statutes reflect the holding of the U.S. Supreme Court in Troxel v. Granville and of the Montana Supreme Court in Polasek v. Omura regarding the constitutional rights of custodial parents to determine who a child may or may not have contact with by providing that before a District Court may grant grandparent-grandchild contact over the objection of a custodial parent, the District Court must inquire into the fitness of the parent and approve the petition for contact only if the parent is found to be unfit and the contact is in the best interest of the child or, if the court determines the parent to be a fit parent, the contact petitioned for is in the best interest of the child and the presumption in favor of the parent's wishes has been rebutted.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 40-9-102, MCA, is amended to read:

"40-9-102. Grandparent-grandchild contact. (1) Except as provided in subsection (5), the district court may grant to a grandparent of a child reasonable rights to contact with the child, including but not limited to rights regarding a child who is the subject of, or as to whom a disposition has been made during, an administrative or court proceeding under Title 41 or this title.

The department of public health and human services must be given notice of a petition for grandparent-grandchild contact regarding a child who is the subject of, or as to whom a disposition has been made during, an administrative or court proceeding under Title 41 or this title.

(2) Before a court may grant a petition brought pursuant to this section for grandparent-grandchild contact over the objection of a parent whose parental rights have not been terminated, the court shall make a determination whether the objecting parent is a fit parent. A determination of fitness and granting of the petition may be made only after a hearing, upon notice as determined by the court.

(3) A determination of unfitness may be made only if the court, based upon clear and convincing evidence, makes one or more of the determinations provided in 42-2-608(1) or finds that one or more of the events provided for in that subsection have occurred.

(4) Grandparent-grandchild contact may be granted over the objection of a parent determined by the court pursuant to subsection (2) to be unfit only if the court also determines by clear and convincing evidence that the contact is in the best interest of the child.

~~(2)~~*(5)* Grandparent-grandchild contact granted under this section *over the objections of a fit parent* may be granted only upon a finding by the court, ~~after a hearing~~ *based upon clear and convincing evidence*, that the contact *with the grandparent* would be in the best interest of the child *and that the presumption in favor of the parent's wishes has been rebutted.*

~~(3)~~*(6)* A person may not petition the court under this section more often than once every 2 years unless there has been a significant change in the circumstances of:

(a) the child;

(b) the child's parent, guardian, or custodian; or

(c) the child's grandparent.

~~(4)~~*(7)* The court may appoint an attorney to represent the interests of a child with respect to grandparent-grandchild contact when the interests are not adequately represented by the parties to the proceeding.

~~(5)~~*(8)* This section does not apply if the child has been adopted by a person other than a stepparent or a grandparent. Grandparent-grandchild contact granted under this section terminates upon the adoption of the child by a person other than a stepparent or a grandparent.

(9) A determination pursuant to subsection (2) that a parent is unfit has no effect upon the rights of a parent, other than with regard to grandparent-grandchild contact if a petition pursuant to this section is granted, unless otherwise ordered by the court."

Section 2. Applicability. [This act] applies to a petition for grandparent-grandchild contact filed in accordance with Title 40, chapter 9, part 1, after October 1, 2007.

CHAPTER NO. 496

[SB 31]

AN ACT ALLOWING CONTINUED CUSTODY OF A CHILD BY THE CHILD'S CARETAKER RELATIVE FOLLOWING VOLUNTARY SURRENDER OF THE CHILD BY A PARENT OF THE CHILD UNDER CIRCUMSTANCES INDICATING ABANDONMENT; PROVIDING FOR AN EX PARTE ORDER BY A DISTRICT COURT; PROHIBITING A PEACE OFFICER OR COURT FROM REQUIRING SURRENDER OF THE CHILD BY THE CARETAKER RELATIVE EXCEPT IN CERTAIN CIRCUMSTANCES; PROVIDING IMMUNITY; AND PROVIDING AN APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Legislative finding and purpose — definitions. (1) The legislature recognizes that the right of parents to the custody and control of their children is based upon the liberties secured by the United States and Montana constitutions and that a parent's right to that custody and control is therefore normally supreme to the interests of other persons. The legislature also recognizes a growing phenomenon in which absent or otherwise unavailable parents have temporarily surrendered the custody and care of a child to a grandparent or other caretaker relative for a lengthy period of time. The legislature finds that a caretaker relative frequently offers a child a loving, stable, and secure environment in which to live, make friends, and attend school, which is an environment not provided by a parent who temporarily abandons a child. However, a child is deprived of that caring and safe environment when a parent returns to claim the child with little or no notice to the caretaker relative. This situation, which in some instances has occurred multiple times with the same child, is disruptive to the more stable life offered by the caretaker relative and may violate the child's rights ensured by Article II, section 15, of the Montana constitution, such as the right under Article II, section 3, of the Montana constitution of seeking safety, health, and happiness. For these reasons, it is the purpose of the legislature in enacting [section 2] and this section to exercise its police powers for the health and welfare of children who have been abandoned by their parents to the care of relatives and to create a procedure, applicable in limited situations caused by the voluntary surrender of a child by a parent, under circumstances indicating abandonment, whereby a child in the care of a relative may remain with that relative while the issue of abandonment by the parent is reviewed and determined by a court of law. The legislature believes that this temporary infringement on the right of a parent to the custody and control of a minor child is justified by the possibility of abandonment by the parent, because the welfare of the child is at stake, and because of the likely violation of the child's rights ensured by Article II, section 15, of the Montana constitution.

(2) As used in [section 2] and this section, the following definitions apply:

(a) "Caretaker relative" or "relative" means an individual related to a child by blood, marriage, or adoption by another individual, who has care and custody of a child but who is not a parent, foster parent, stepparent, or legal guardian of the child.

(b) "Parent" means a biological or adoptive parent or other legal guardian of a child.

Section 2. Caretaker relative rights upon return of parent — continuing custody affidavit — review, finding, and order by district

court — limited reconsideration — immunity. (1) If custody of a child has been voluntarily given to a relative of the child by a parent of the child and the child has remained with that relative for at least 6 months under circumstances in which it is unclear whether or when the parent will return and retake custody of the child, the provisions of this section apply unless, during that 6-month period, the parent expresses to the relative a firm intention and a date on which the parent will return and resume custody of the child and subsequently adheres to that schedule.

(2) Upon a return of the parent and an expression by the parent of an intent by that parent to reassert the parent's right of custody and control over the child, the caretaker relative may file, without payment of a filing fee, with the district court in the county of the relative's residence a detailed affidavit as provided in this section. The affidavit must contain the following matters, the exclusion of any of which makes the affidavit void:

(a) the identification of:

(i) the caretaker relative, including the relative's address;

(ii) the child in the custody of the relative; and

(iii) the parent demanding custody of the child, including the parent's address, if known;

(b) a statement of the facts, as nearly as can be determined, of:

(i) the date, time, and circumstances surrounding the voluntary surrender of the custody of the child to the caretaker relative, including any conversation between the relative and the parent concerning the purpose of the parent's absence and when the parent would return and resume custody of the child;

(ii) the reason for the surrender of the child to the relative, as far as is known by the relative;

(iii) the efforts made by the relative to care for the child, including:

(A) facts explaining the nature of the home provided by the relative for the child;

(B) the schooling of the child while in the relative's custody; and

(C) the socialization of the child with other children and adults, both inside and outside the family of the caretaker relative; and

(iv) whether any contact was made by the child's parent with the relative, the child, or both, during the absence of the parent and if so, the date, time, and circumstances of that contact, including any conversation between the relative and the parent concerning when the parent would return and resume custody of the child;

(c) a statement by the caretaker relative as to why the relative wishes to maintain custody of the child;

(d) a warning, in at least 14-point type, to the caretaker relative in the following language: "WARNING: DO NOT SIGN THE FOREGOING AFFIDAVIT IF ANY OF THE ABOVE STATEMENTS ARE INCORRECT, OR YOU WILL BE COMMITTING AN OFFENSE PUNISHABLE BY FINE, IMPRISONMENT, OR BOTH."; and

(e) a notarized signature of the caretaker relative following a written declaration that the affidavit is made under oath and under penalty of the laws

of Montana governing the giving of false sworn testimony and that the information stated by the caretaker relative in the affidavit is true and correct.

(3) A copy of the affidavit filed with the district court must be provided by the caretaker relative to the child's parent, if the address or location of the parent is known to the relative, and may be provided to the department of public health and human services. A caretaker relative may maintain temporary custody of the child for 5 days following the return of the parent and the demand by the parent for custody of the child pending completion of the affidavit and the order of the district court. During that 5-day period, the caretaker relative may not be deprived of the custody of the child by a peace officer or by the order of a court unless a court finds, upon petition by the child's parent and after a hearing and upon notice to the caretaker relative as the court shall require, that:

(a) the child has not been in the custody of the caretaker relative for at least 6 months;

(b) the caretaker relative has committed child abuse or neglect with regard to the child in the custody of the relative; or

(c) the action by the caretaker relative to make and file the affidavit with the district court in accordance with this section was not made in good faith.

(4) Upon receipt of the caretaker relative's affidavit pursuant to subsection (3), the department may proceed pursuant to 41-3-202 as if a report of abandonment of the child had been received.

(5) (a) Within 48 hours of the filing of the affidavit, the district court shall review the affidavit and determine ex parte whether the affidavit contains prima facie evidence that the child was abandoned by the child's parent. If the court determines that there is prima facie evidence that the child was abandoned by the child's parent, the court shall within 3 business days of its determination of prima facie evidence enter appropriate findings of fact concerning the abandonment and enter an ex parte order approving and ordering continued custody and control of the child by the caretaker relative. An order of the district court pursuant to this subsection approving and ordering continued custody by the caretaker relative is effective for 14 days following entry of the order.

(b) If the court determines that the affidavit does not provide prima facie evidence of abandonment by the parent, the court shall within 3 business days of its determination make appropriate findings of fact and order the child returned to the parent. Upon receipt of the written findings and order of the court, the caretaker relative shall surrender the custody and control of the child to the child's parent.

(c) During or after the 14-day period established under subsection (5)(a), the caretaker relative may commence a parenting plan proceeding under 40-4-211 or petition the court to be appointed the guardian of the minor under 72-5-225.

(6) Upon entry of an order by the district court pursuant to subsection (5)(a), a copy of the order must be sent to the child's parent, if the address of the parent is known.

(7) The child's parent may, after receipt of the court's findings and order ordering continued custody of a child by a caretaker relative, apply to the court, upon notice to the caretaker relative as the court shall provide, for a reconsideration of the court's order approving continued custody of the child by the relative. The court shall reconsider its order and may reverse its order based upon presentation of evidence of nonabandonment. Pending a reconsideration

pursuant to this subsection, custody of the child must remain with the relative unless the order of the district court approving that custody expires or a court has ordered a change of custody pursuant to subsection (3).

(8) [(a)] A caretaker relative refusing to surrender custody of a child while acting in good faith and in accordance with this section is immune from civil or criminal action brought because of that refusal.

[(b) A peace officer acting in good faith and taking or refusing to take custody of a child from a relative in accordance with this section and the entity employing the officer is immune from civil or criminal action or professional discipline brought because of the taking of or refusal to take custody of the child.]

(9) Subject to availability of appropriations, the attorney general shall prepare a form for the affidavit provided for in this section and shall distribute the form as the attorney general determines appropriate.

Section 3. Codification instruction. [Sections 1 and 2] are intended to be codified as an integral part of Title 40, and the provisions of Title 40 apply to [sections 1 and 2].

Section 4. Two-thirds vote required — contingent voidness. Because [section 2(8)(b)] limits governmental liability, Article II, section 18, of the Montana constitution requires a vote of two-thirds of the members of each house of the legislature for its passage. If [this act] is not approved by at least two-thirds of the members of each house of the legislature, then the bracketed language in [section 2(8)] is void.

Section 5. Applicability. [This act] applies to the voluntary surrender of a child by the child's parent to a caretaker relative occurring on or after October 1, 2007.

(1) If the department finds, after *providing a 10-day written* notice *that includes a statement of alleged violations* and *a* hearing or *an* opportunity for hearing, as provided in the Montana Administrative Procedure Act, that any person, licensee, or officer, agent, employee, or representative*, whether licensed or unlicensed,* of the *person or* licensee has violated any of the provisions of this part, has failed to comply with the rules, regulations, instructions, or orders promulgated by the department, has failed or refused to make required reports to the department, ~~or~~ has furnished false information to the department, *or has operated without a required license,* the department may impose a civil penalty not to exceed $1,000 for each violation *and not to exceed $5,000 for each administrative action* and may issue an order revoking or suspending the right of the person or licensee, directly or through an officer, agent, employee, or representative, to do business in this state as a licensee *or to engage in the business of making title loans. The department may administer oaths and affirmations to a person whose testimony is required.

(3) If a person refuses to obey a subpoena or to give testimony or produce evidence as required by the subpoena, a judge of the district court of Lewis and Clark County or the county in which the licensed premises are located may, upon application and proof of the refusal, issue a subpoena or subpoena duces tecum for the witness to appear before the department to give testimony and produce evidence as may be required. The clerk of court shall then issue the subpoena, as directed, under the seal of the court, requiring the person to whom it is directed to appear at the time and place designated in it.

(4) If a person served with a subpoena refuses to obey the subpoena or to give testimony or produce evidence as required by the subpoena, the department may proceed under the contempt provisions of Title 3, chapter 1, part 5.

The order may apply only to the alleged act or practice constituting a violation of this chapter. The department may issue a temporary order pending the hearing that:

(a) remains in effect until 10 days after the hearings examiner issues proposed findings of fact and conclusions of law and a proposed order; or

(b) becomes final if the person to whom notice is addressed does not request a hearing within 10 days after receipt of the notice.

(2) A violation of an order issued pursuant to this section is subject to the penalty provisions of this part.

Section 7. Injunctions — receivers. (1) Whenever the department has reason to believe that a person is using, has used, or is about to knowingly use any method, act, or practice that violates any provision of this part or any rule adopted or order issued by the department pursuant to this part, the department, upon determining that proceeding would be in the public interest, may bring an action in the name of the state against the person to restrain by temporary or permanent injunction or temporary restraining order the use of the unlawful method, act, or practice.

(2) The notice for an action pursuant to subsection (1) must state generally the relief sought and must be served at least 20 days before the hearing of the action in which the relief sought is a temporary or permanent injunction. The notice for a temporary restraining order is governed by 27-19-315.

(3) An action under this section may be brought in the district court in the county in which a person resides or has the person's principal place of business

or in the district court of Lewis and Clark County if the person is not a resident of this state or does not maintain a place of business in this state.

(4) A district court may issue temporary or permanent injunctions or temporary restraining orders to restrain and prevent violations of this part, and an injunction must be issued without bond to the department.

(5) In addition to all other means provided by law for the enforcement of a restraining order or injunction, the court in which the action is brought may impound and appoint a receiver for the property and business of the defendant, including books, papers, documents, or records pertaining to the property or business, or as much of the property or business as the court considers reasonably necessary to prevent violations of this part. The receiver, when appointed and qualified, has the powers and duties as to custody, collection, administration, winding up, and liquidation of the property and business that are conferred upon the receiver by the court.

Section 8. Section 31-1-816, MCA, is amended to read:

Section 2. Section 2-18-617, MCA, is amended to read:

"2-18-617. Accumulation of leave — cash for unused — transfer. (1) (a) Except as provided in subsection (1)(b), annual vacation leave may be accumulated to a total not to exceed two times the maximum number of days earned annually as of the end of the first pay period of the next calendar year. Excess vacation time is not forfeited if taken within 90 calendar days from the last day of the calendar year in which the excess was accrued.

(b) It is the responsibility of the head of an employing agency to provide reasonable opportunity for an employee to use rather than forfeit accumulated vacation leave. If an employee makes a reasonable written request to use excess vacation leave before the excess vacation leave must be forfeited under subsection (1)(a) and the employing agency denies the request, the excess vacation leave is not forfeited and the employing agency shall ensure that the employee may use the excess vacation leave before the end of the calendar year in which the leave would have been forfeited under subsection (1)(a).

(2) An employee who terminates employment for a reason not reflecting discredit on the employee *and who has worked the qualifying period set forth in 2-18-611* is entitled upon the date of termination to *either:*

(a) cash compensation for unused vacation leave~~, assuming that the employee has worked the qualifying period set forth in 2-18-611~~ *if the employee is not subject to subsection (2)(b); or*

(b) conversion of the employee's unused vacation leave balance to an employer contribution to an employee welfare benefit plan health care expense trust account established pursuant to 2-18-1304 if:

(i) the employee is a member who belongs to a voluntary employees' beneficiary association established under 2-18-1310; and

(ii) the contracting employer has entered into an agreement with members of the common association for an employer contribution based on unused vacation leave provided for in 2-18-611.

(3) However, if an employee transfers between agencies of the same jurisdiction, cash compensation may not be paid for unused vacation leave. In a transfer, the receiving agency assumes the liability for the accrued vacation credits transferred with the employee.

(4) This section does not prohibit a school district from providing cash compensation for unused vacation leave in lieu of the accumulation of the leave, either through a collective bargaining agreement or, in the absence of a collective bargaining agreement, through a policy."

Section 3. Section 2-18-1311, MCA, is amended to read:

"2-18-1311. Contributions of unused sick leave — other contributions not prohibited. (1) In a manner prescribed by the department, a contracting employer shall provide for a plan member to annually designate how many hours, if any, of the member's sick leave will be automatically converted to an employer contribution to the member's account each pay period as provided for in this section.

(2) (a) Except as provided in subsection (2)(b), a member may annually convert only the sick leave hours in excess of 240 hours and no more than the maximum prescribed by the contracting employer.

(b) When the member's employment is terminated, the member's ~~entire~~ unused sick leave balance ~~must~~ *may* be ~~automatically~~ converted*, in whole or in part,* to an employer contribution to the member's account pursuant to this section. ~~and may not be paid as a lump sum~~ *For those amounts of sick leave not converted to employer contributions, the balance is allocated as required* under 2-18-618(6).

(3) The amount of the employer contribution to a member's account for hours converted under this section must be equal to one-fourth of the pay attributed to the accumulated sick leave. The attributable pay must be computed on the basis of the employee's salary or wage at the time that the sick leave is converted. A member may not later receive as sick leave credit or as a lump-sum payment amounts contributed to the member's account pursuant to this section.

(4) This section does not prohibit an employer from entering into an agreement with a member for employer contributions to a member account in addition to the contributions provided for under this section."

AN ACT REQUIRING THE DEPARTMENT OF PUBLIC HEALTH AND HUMAN SERVICES TO CONDUCT A STUDY TO DETERMINE THE FEASIBILITY, IMPACT, AND COST OF PROVIDING EMPLOYER-SPONSORED HEALTH INSURANCE TO PERSONAL-CARE ATTENDANTS AND DIRECT-CARE EMPLOYEES OF ORGANIZATIONS THAT RECEIVE THE MAJORITY OF THEIR REVENUE AS A RESULT OF PROVIDING MEDICAID-FUNDED LONG-TERM CARE SERVICES BY INCREASING CERTAIN MEDICAID PAYMENTS TO THEIR EMPLOYERS AND REQUIRING THE INCREASED PAYMENTS BE USED TO FUND THE HEALTH INSURANCE; AUTHORIZING THE DEPARTMENT TO ESTABLISH A PILOT PROGRAM; REQUIRING A REPORT TO THE LEGISLATURE; PROVIDING RULEMAKING AUTHORITY; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND A TERMINATION DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Department to conduct study of increasing reimbursement to medicaid direct-care service providers in order to provide employee health insurance — policy — pilot program — report to legislature — rulemaking. (1) The department of public health and human services, in conjunction with the commissioner of insurance, health insurers, persons providing medicaid personal assistance and other direct-care services and their employers, and other interested parties, shall conduct and coordinate a study that, at a minimum:

(a) (i) examines the feasibility of increasing medicaid payments to employers of personal-care attendants and other organizations that employ direct-care employees and that receive the majority of their revenue as a result of providing medicaid-funded long-term care services, with the increase in payments earmarked to pay the cost of providing employer-sponsored health insurance to those employees;

(ii) identifies organizations that employ personal-care attendants and direct-care employees and that receive the majority of their revenue for providing medicaid-funded long-term care services, including organizations such as personal-assistance providers, private-duty nursing providers, licensed nursing facilities, developmental disability community services providers, and providers of certain child and adult mental health services;

(iii) determines the number of employees that would be eligible for coverage;

(iv) calculates the cost to the state of the increased payments after recognizing that nearly 70% of the increase will be covered by the federal government's portion of the payments; and

(v) calculates, to the extent possible, the cost incurred by other government programs, such as temporary assistance to needy families and medicaid, due to the lack of health insurance on the part of personal-care attendants and other direct-care employees and calculates the projected impact, if any, that providing

these employees with adequate health insurance would have on future utilization of and costs incurred by other government programs;

(b) determines, in conjunction with the commissioner of insurance, the health insurance coverage that employers would be required to provide to personal-care attendants and direct-care employees in order to be eligible to receive the earmarked increase in medicaid payments;

(c) determines the cost, if any, to individual employees for the proposed health insurance;

(d) calculates the increased need for and projected availability of personal-care attendants and direct-care employees in Montana over the next 20 to 30 years as a result of the aging population and examines whether the provision of health insurance for those workers has the potential to increase the number and quality of workers available in the future;

(e) explores the possibility of combining any health insurance program developed for personal-care attendants and direct-care employees with other state programs designed to provide Montanans with increased access to affordable health insurance, such as the small business health insurance pool; and

(f) calculates, to the extent possible, the health care costs that are shifted to the insurance premiums and other health care expenses paid by privately insured Montanans and their employers or that are incurred by hospitals as uncompensated care due to the lack of health insurance for personal-care attendants and direct-care employees.

(2) (a) The department of public health and human services may, to the extent that funds are available, establish a pilot program to provide employer-sponsored health insurance to a portion of the personal-care attendants and direct-care employees who are determined by the department to be eligible for the pilot program by increasing medicaid payments to their employers with the requirement that the increased payments be used to provide those employees with health insurance that meets the requirements established by the department.

(b) The purpose of the pilot program is to test the feasibility, impact, and cost of providing health insurance payments to the employers of personal-care attendants and direct-care employees. The pilot program may require partial payment of health insurance costs by an employee if necessary.

(c) In establishing and conducting the pilot program, the department of public health and human services shall consult with the commissioner of insurance, persons providing medicaid personal assistance and direct-care services and their employers, and other interested parties.

(3) If a pilot program is established, the department of public health and human services shall monitor the pilot program, shall report its study findings and pilot program results, if any, to the legislature, and shall report on the feasibility, impact, and cost of providing health insurance to personal-care attendants and direct-care employees who provide medicaid-funded long-term care services, as designated in subsection (1)(a). The report must be made to the legislature as provided in 5-11-210.

(4) The department of public health and human services may adopt rules to implement this section.

Section 2. Effective date. [This act] is effective on passage and approval.

Section 3. Termination. [This act] terminates January 1, 2009.

(i) the majority of the members of the board of county commissioners of each county in which the proposed district is located approve the resolution of intention to create the district and the resolution to create the district; and

(ii) the required notice is provided, protest is allowed, and hearings are properly held in all of the counties in which the district will be located.

(b) If there is sufficient protest to bar further proceedings in one county, as provided in [section 5], then territory from that county may not be included in the district.

Section 2. Resolution of intention to create district. (1) Before creating a museum district, the board of county commissioners shall pass a resolution of intention to create the district.

(2) The resolution must designate:

(a) the name of the proposed district;

(3) The notice must describe the reasons for the district, state the estimated cost, and indicate the time when and place where the board will hear all protests that may be made against creating the district. The notice must refer to the resolution on file in the office of the county clerk and recorder for the description of the boundaries.

Section 4. Right to protest. (1) At any time within 30 days after the date of the first publication of the passage of the resolution of intention to create a museum district, an owner of property liable to be taxed under 7-16-2205 may make written protest against the proposed district.

(2) The protest must be delivered to the county clerk and recorder, who shall endorse on the protest the date of receipt.

Section 5. Consideration of protest — sufficient protest to bar proceedings. (1) At the next regular meeting of the board of county commissioners after final publication of the notice required in [section 3], the board shall hold a hearing to consider the written protests and hear the objections of the protestors.

(2) If the board of county commissioners finds that the owners of 50% or more of the property liable to be taxed under 7-16-2205 have protested creation of a museum district, the board may not hold any further proceedings on creation of the district for a period of at least 6 months from the date of the hearing.

(2) If a district contains territory from more than one county and if:

(a) the boards of county commissioners administer the district funds, all decisions regarding funds must be made upon an affirmative vote of the majority of the members of each board;

(b) a board of trustees is appointed, the board of county commissioners of each county in which the district is located shall appoint members of the board of trustees. The number of members appointed by each board of county commissioners must be proportional to the county's share of taxable value in the entire district.

Section 8. Authorization to acquire facilities — authorization for mill levy. The board of county commissioners may execute the provisions of 7-16-2202 and 7-16-2205 for a museum district created as provided in [sections 1 through 9]. Section 9. Alteration of boundaries or dissolution of district. The board of county commissioners may alter the boundaries or dissolve a museum district using the same procedures required for creation of a district. CHAPTER NO. 507

[SB 276]

AN ACT ALLOWING FUNERAL DIRECTORS, UNDERTAKERS, AND MORTICIANS TO SELL CERTAIN TYPES OF FUNERAL INSURANCE SUBJECT TO CERTAIN CONDITIONS IF LICENSED; DEFINING "FUNERAL INSURANCE"; AMENDING SECTIONS 33-17-211, 33-17-214, AND 33-18-301, MCA; AND PROVIDING A DELAYED EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Funeral insurance. (1) (a) "Funeral insurance" means an insurance policy or certificate that requires a one-time payment or the payment of premiums to provide for the costs of a funeral and burial for the policyholder or a named individual.

(b) Funeral insurance is a type of life insurance provided for in 33-1-208 and regulated under Title 33, chapter 20. The terms "burial insurance" and "preneed funeral insurance" have the same meaning as funeral insurance.

(c) Funeral insurance may be:

(i) included in a life insurance policy. This form of funeral insurance may not be sold by or through a person licensed under Title 37, chapter 19, regardless of whether a person licensed under Title 37, chapter 19, also has an insurance producer's license in this state.

(ii) a limited policy or certificate with a guaranteed death benefit that may be sold by:

(A) a licensed insurance producer; or

(B) a person licensed under Title 37, chapter 19, parts 3 and 4, if that person also is licensed as a life insurance producer in this state.

(d) Unless otherwise provided by Title 33, chapter 20, the policy or certificate limit under subsection (1)(c)(ii) is up to $15,000.

(2) Funeral insurance for the purposes of Title 33 is not a fixed amount prepaid into a trust or escrow fund, called a prearranged funeral plan, as described in 37-19-827, or a preneed arrangement, as defined in 37-19-101, and regulated under Title 37, part 19.

(3) A funeral insurance policy and any solicitation material for the policy must clearly indicate that:

(a) the policy is a life insurance product;

(b) the applicant may designate the beneficiary, including but not limited to a funeral director, mortician, mortuary, or undertaker, if the applicant has an insurable interest in the life of the insured; and

(c) subject to the provisions of [section 2] and this section, the beneficiary may use the proceeds for any purpose.

(4) The funeral insurance policy must state that the insurance company shall, as a condition of paying the benefits of the insurance policy, require from the funeral director, mortician, mortuary, or undertaker:

(a) a certified copy of the certificate of death of the insured or other evidence of death satisfactory to the insurance company; and

(b) a certificate of completion signed by the funeral director, mortician, or undertaker stating that the funeral director, mortician, undertaker, or mortuary has delivered all the goods and performed all the services contracted for, by, or on behalf of the insured.

(5) (a) Notwithstanding the provisions of 33-15-414, the funeral insurance policy must contain an assignability clause that allows the policy or certificate to be assigned or otherwise transferred to another funeral director, mortician, mortuary, or undertaker licensed to do business in this state in conjunction with the assumption of the contractual obligation to provide the funeral goods or services to the extent permitted by state or federal law for the purpose of the insured's eligibility for supplemental security income benefits, medicaid, or other public assistance benefits.

(b) The assignability clause may not be used by a funeral director, mortician, mortuary, or undertaker to pledge, assign, transfer, borrow from, or otherwise encumber an insurance policy assigned to it for purposes of purchasing funeral goods or services prior to delivering all of the goods and performing all of the services contracted for, by, or on behalf of the insured.

(6) After the death of a person who at any time received medicaid benefits, a funeral director, mortician, mortuary, undertaker, or other person, including but not limited to the decedent's spouse, heir, devisee, or personal representative, who is the beneficiary of funeral insurance in excess of $5,000 in value designated to pay for the disposition of the medicaid recipient's remains and for related expenses shall, after paying for the disposition and related expenses, pay all remaining funds to the department of public health and human services within 30 days following the receipt of the funeral insurance death benefit. The funds must be paid to the department regardless of any provision in a written contract, insurance policy, or other agreement entered into on or after [the effective date of this act] directing a different disposition of the funds. Funds paid to the department under this section are not considered to be property of the deceased medicaid recipient's estate, and the provisions of 53-6-167 do not apply to recovery of the funds by the department.

Section 2. Excess funeral insurance proceeds. Funeral insurance proceeds that exceed the cost of the funeral goods and services provided must be paid in accordance with the beneficiary designation in the insurance policy or certificate.

Section 3. Rules. The commissioner may adopt rules to regulate funeral insurance, including but not limited to rules regarding licensure of producers, form review, and consumer protection.

(k) principal and income in a first-time home buyer savings account established in accordance with 15-63-201 or withdrawn from an account for eligible costs, as provided in 15-63-202(7), for the first-time purchase of a single-family residence;

(n) if the federal taxable distribution of an estate or trust is greater than the state taxable distribution of the same estate or trust, the difference between the federal taxable distribution and the state taxable distribution of the same estate or trust for the same tax period;

(4) A taxpayer who, in determining federal adjusted gross income, has reduced the taxpayer's business deductions by an amount for wages and salaries for which a federal tax credit was elected under sections 38 and 51(a) of the Internal Revenue Code, 26 U.S.C. 38 and 51(a), is allowed to deduct the amount of the wages and salaries paid regardless of the credit taken. The deduction must be made in the year that the wages and salaries were used to compute the credit. In the case of a partnership or small business corporation, the deduction must be made to determine the amount of income or loss of the partnership or small business corporation.

(5) Married taxpayers filing a joint federal return who are required to include part of their social security benefits or part of their tier 1 railroad retirement benefits in federal adjusted gross income may split the federal base used in calculation of federal taxable social security benefits or federal taxable tier 1 railroad retirement benefits when they file separate Montana income tax returns. The federal base must be split equally on the Montana return.

(6) Married taxpayers filing a joint federal return who are allowed a capital loss deduction under section 1211 of the Internal Revenue Code, 26 U.S.C. 1211, and who file separate Montana income tax returns may claim the same amount of the capital loss deduction that is allowed on the federal return. If the allowable capital loss is clearly attributable to one spouse, the loss must be shown on that spouse's return; otherwise, the loss must be split equally on each return.

(7) In the case of passive and rental income losses, married taxpayers filing a joint federal return and who file separate Montana income tax returns are not required to recompute allowable passive losses according to the federal passive activity rules for married taxpayers filing separately under section 469 of the Internal Revenue Code, 26 U.S.C. 469. If the allowable passive loss is clearly attributable to one spouse, the loss must be shown on that spouse's return; otherwise, the loss must be split equally on each return.

(8) Married taxpayers filing a joint federal return in which one or both of the taxpayers are allowed a deduction for an individual retirement contribution under section 219 of the Internal Revenue Code, 26 U.S.C. 219, and who file separate Montana income tax returns may claim the same amount of the deduction that is allowed on the federal return. The deduction must be attributed to the spouse who made the contribution.

(9) (a) Married taxpayers filing a joint federal return who are allowed a deduction for interest paid for a qualified education loan under section 221 of the

Internal Revenue Code, 26 U.S.C. 221, and who file separate Montana income tax returns may claim the same amount of the deduction that is allowed on the federal return. The deduction may be split equally on each return or in proportion to each taxpayer's share of federal adjusted gross income.

(b) Married taxpayers filing a joint federal return who are allowed a deduction for qualified tuition and related expenses under section 222 of the Internal Revenue Code, 26 U.S.C. 222, and who file separate Montana income tax returns may claim the same amount of the deduction that is allowed on the federal return. The deduction may be split equally on each return or in proportion to each taxpayer's share of federal adjusted gross income.

~~(6)~~*(10)* A taxpayer receiving retirement disability benefits who has not attained 65 years of age by the end of the tax year and who has retired as permanently and totally disabled may exclude from adjusted gross income up to $100 a week received as wages or payments in lieu of wages for a period during which the employee is absent from work due to the disability. If the adjusted gross income before this exclusion exceeds $15,000, the excess reduces the exclusion by an equal amount. This limitation affects the amount of exclusion, but not the taxpayer's eligibility for the exclusion. If eligible, married individuals shall apply the exclusion separately, but the limitation for income exceeding $15,000 is determined with respect to the spouses on their combined adjusted gross income. For the purpose of this subsection, "permanently and totally disabled" means unable to engage in any substantial gainful activity by reason of any medically determined physical or mental impairment lasting or expected to last at least 12 months.

~~(7) Married taxpayers who file a joint federal return and who make an election on the federal return to defer income ratably for 4 tax years because of a conversion from an IRA other than a Roth IRA to a Roth IRA, pursuant to section 408A(d)(3) of the Internal Revenue Code, 26 U.S.C. 408A(d)(3), may file separate Montana income tax returns to defer the full taxable conversion amount from Montana adjusted gross income for the same time period. The deferred amount must be attributed to the taxpayer making the conversion.~~

~~(8)~~*(11)* An individual who contributes to one or more accounts established under the Montana family education savings program may reduce adjusted gross income by the lesser of $3,000 or the amount of the contribution. In the case of married taxpayers, each spouse is entitled to a reduction, not in excess of $3,000, for the spouses' contributions to the accounts. Spouses may jointly elect to treat half of the total contributions made by the spouses as being made by each spouse. The reduction in adjusted gross income under this subsection applies only with respect to contributions to an account of which the account owner, as defined in 15-62-103, is the taxpayer, the taxpayer's spouse, or the taxpayer's child or stepchild if the taxpayer's child or stepchild is a Montana resident. The provisions of subsection (1)(e) do not apply with respect to withdrawals of contributions that reduced adjusted gross income.

~~(9)~~*(12)* (a) A taxpayer may exclude the amount of the loan payment received pursuant to subsection ~~(9)(a)(iv)~~ *(12)(a)(iv)*, not to exceed $5,000, from the taxpayer's adjusted gross income if the taxpayer:

(i) is a health care professional licensed in Montana as provided in Title 37;

(ii) is serving a significant portion of a designated geographic area, special population, or facility population in a federally designated health professional shortage area, a medically underserved area or population, or a federal nursing

shortage county as determined by the secretary of health and human services or by the governor;

(iii) has had a student loan incurred as a result of health-related education; and

(iv) has received a loan payment during the tax year made on the taxpayer's behalf by a loan repayment program described in subsection ~~(9)(b)~~ *(12)(b)* as an incentive to practice in Montana.

(b) For the purposes of subsection ~~(9)(a)~~ *(12)(a)*, a loan repayment program includes a federal, state, or qualified private program. A qualified private loan repayment program includes a licensed health care facility, as defined in 50-5-101, that makes student loan payments on behalf of the person who is employed by the facility as a licensed health care professional.(Subsection (2)(f) terminates on occurrence of contingency—sec. 3, Ch. 634, L. 1983; subsection (2)(o) terminates on occurrence of contingency—sec. 9, Ch. 262, L. 2001.)"

Section 2. Section 15-62-207, MCA, is amended to read:

"15-62-207. Deductions for contributions. An individual who contributes to one or more accounts in a tax year is entitled to reduce the individual's adjusted gross income, in accordance with 15-30-111~~(8)~~*(11)*, by the total amount of the contributions, but not more than $3,000. The contribution must be made to an account owned by the contributor, the contributor's spouse, or the contributor's child or stepchild if the contributor's child or stepchild is a Montana resident."

Section 3. Section 15-62-208, MCA, is amended to read:

"15-62-208. Tax on certain withdrawals of deductible contributions. (1) There is a recapture tax at a rate equal to the highest rate of tax provided in 15-30-103 on the recapturable withdrawal of amounts that reduced adjusted gross income under 15-30-111~~(8)~~*(11)*.

(2) For purposes of determining the portion of a recapturable withdrawal that reduced adjusted gross income, all withdrawals must be allocated between income and contributions in accordance with the principles applicable under section 529(c)(3)(A) of the Internal Revenue Code of 1986, 26 U.S.C. 529(c)(3)(A). The portion of a recapturable withdrawal that is allocated to contributions must be treated as derived first from contributions, if any, that did not reduce adjusted gross income, to the extent of those contributions, and then to contributions that reduced adjusted gross income. The portion of any other withdrawal that is allocated to contributions must be treated as first derived from contributions that reduced adjusted gross income, to the extent of the contributions, and then to contributions that did not reduce adjusted gross income.

(3) (a) The recapture tax imposed by this section is payable by the owner of the account from which the withdrawal or contribution was made. The tax liability must be reported on the income tax return of the account owner and is payable with the income tax payment for the year of the withdrawal or at the time that an income tax payment would be due for the year of the withdrawal. The account owner is liable for the tax even if the account owner is not a Montana resident at the time of the withdrawal.

(b) The department may require withholding on recapturable withdrawals from an account that was at one time owned by a Montana resident if the account owner is not a Montana resident at the time of the withdrawal. For the purposes of this subsection (3)(b), amounts rolled over from an account that was

at one time owned by a Montana resident must be treated as if the account is owned by a resident of Montana.

(4) For the purposes of this section, all contributions made to accounts by residents of Montana are presumed to have reduced the contributor's adjusted gross income unless the contributor can demonstrate that all or a portion of the contributions did not reduce adjusted gross income. Contributors who claim deductions for contributions shall report on their Montana income tax returns the amount of deductible contributions made to accounts for each designated beneficiary and the social security number of each designated beneficiary.

(5) As used in this section, "recapturable withdrawal" means a withdrawal or distribution that is a nonqualified withdrawal or a withdrawal or distribution from an account that was opened after the later of:

(a) April 30, 2001; or

(b) the date that is 3 years prior to the date of the withdrawal or distribution.

(6) The department shall use all means available for the administration and enforcement of income tax laws in the administration and enforcement of this section."

Section 4. Effective date. [This act] is effective on passage and approval.

Section 5. Retroactive applicability. [This act] applies retroactively, within the meaning of 1-2-109, to tax years beginning after December 31, 2006.

(a) the parcels produce and the owner or the owner's agent, employee, or lessee markets not less than $1,500 in annual gross income from the raising of agricultural products as defined in 15-1-101; ~~or~~

(b) the parcels would have met the qualification set out in subsection (2)(a) were it not for independent, intervening causes of production failure beyond the control of the producer or marketing delay for economic advantage, in which case proof of qualification in a prior year will suffice*; or*

(c) in a prior year, the parcels totaled 20 acres or more and qualified as agricultural land under this section, but the number of acres was reduced to less than 20 acres for a public use described in 70-30-102 by the federal government, the state, a county, or a municipality, and since that reduction in acres, the parcels have not been further divided.

(3) Parcels that do not meet the qualifications set out in subsections (1) and (2) may not be classified or valued as agricultural if they are part of a platted subdivision that is filed with the county clerk and recorder in compliance with the Montana Subdivision and Platting Act.

(4) Land may not be classified or valued as agricultural land or nonqualified agricultural land if it has stated covenants or other restrictions that effectively prohibit its use for agricultural purposes.

(5) The grazing on land by a horse or other animals kept as a hobby and not as a part of a bona fide agricultural enterprise is not considered a bona fide agricultural operation.

(6) The department may not classify land less than 160 acres as agricultural unless the owner has applied to have land classified as agricultural land. Land of 20 acres or more but less than 160 acres for which no application for agricultural classification has been made is valued as provided in 15-6-133(1)(c) and is taxed as provided in 15-6-133(3). If land has been valued, assessed, and taxed as agricultural land in any year, it must continue to be valued, assessed, and taxed as agricultural until the department reclassifies the property. A reclassification does not mean revaluation pursuant to 15-7-111.

(7) For the purposes of this part, growing timber is not an agricultural use."

Section 2. Coordination instruction. If House Bill No. 488 and [this act] are both passed and approved, then [section 2] of House Bill No. 488 relating to the appropriation for the study of the revaluation of certain property, including agricultural land, must read as follows:

"NEW SECTION. **Section 2. Appropriation.** There is appropriated $50,000 from the general fund to the legislative services division for the 2009 biennium for the operating expenses and personnel expenses related to the study required by [section 1] of House Bill No. 488."

Section 3. Effective date. [This act] is effective on passage and approval.

Section 4. Applicability — retroactive applicability. (1) [This act] applies to parcels reduced to less than 20 acres because of a public use proceeding by the federal government, the state, a county, or a municipality regardless of when the proceeding occurred if those parcels have not been further divided since the proceeding.

(2) [This act] applies retroactively, within the meaning of 1-2-109, to property tax years beginning after December 31, 2006. Taxpayers are not

allowed refunds of taxes resulting from a reclassification of parcels under [this act].

CHAPTER NO. 514

[SB 382]

AN ACT AUTHORIZING THE CREATION OF MENTAL HEALTH TREATMENT COURTS FOR OFFENDERS WITH A MENTAL DISORDER; PROVIDING FOR IMPLEMENTATION OF ACCOUNTABILITY AND TREATMENT PROGRAMS; CREATING PROCEDURAL GUIDELINES FOR DISTRICT COURT JUDGES; AMENDING SECTION 3-10-303, MCA; AND PROVIDING AN EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Short title. [Sections 1 through 8] may be cited as the "Mental Health Treatment Court Act".

Section 2. Purpose. The purpose of [sections 1 through 8] is to recognize that state courts have a jurisdictional basis to implement mental health treatment courts to reduce recidivism and restore persons with a mental disorder who are charged with a criminal offense to being productive, law-abiding, and taxpaying citizens.

Section 3. Definitions. As used in [sections 1 through 8], the following definitions apply:

(1) "Assessment" means a diagnostic evaluation to determine whether and to what extent a person is an offender with a mental disorder under [sections 1 through 8] and would benefit from the provisions of [sections 1 through 8].

(2) "Continuum of care" means a seamless and coordinated course of mental health counseling and treatment designed to meet the needs of participants as they move through the criminal justice system and beyond, maximizing self-sufficiency.

(3) "Drug" has the meaning provided in 46-1-1103.

(4) "Memorandum of understanding" means a written document setting forth an agreed-upon procedure.

(5) "Mental health treatment court" means a court established by a court pursuant to [sections 1 through 8] implementing a program of incentives and sanctions intended to assist a participant, whose conduct has resulted in a criminal violation, in receiving the needed treatment and life skills to prevent further criminal behavior associated with a mental disorder.

(6) "Mental health treatment court coordinator" means an individual who, under the direction of the mental health treatment court judge, is responsible for coordinating the establishment, staffing, operation, evaluation, and integrity of the mental health treatment court.

(7) "Mental health treatment court team" means a group of individuals appointed by the mental health treatment court that:

(a) must include the following members:

(i) the judge, which may include a magistrate or other hearing officer;

(ii) the prosecutor;

(iii) the public defender or defense attorney;

(iv) the participant; and

(v) the mental health treatment court coordinator; and

(b) may include the following additional members:

(i) a law enforcement officer;

(ii) a probation and parole officer;

(iii) a mental health professional;

(iv) a substance abuse treatment provider;

(v) a representative from the department of public health and human services;

(vi) a mental health advocate; and

(vii) any other person selected by the mental health treatment court.

(8) "Mental health treatment program" means a program designed by the mental health treatment court team to provide prevention, education, and therapy directed toward ending criminal behavior and preventing a return to a condition leading to criminal behavior. Mental health treatment programs may consist of but are not limited to housing assistance, job training, mental health counseling, and psychiatric treatment.

(9) "Participant" means a person charged with a criminal offense or an offense in which a mental disorder, as defined in 53-21-102, is determined to have been a significant factor in the commission of the offense.

(10) "Staff meeting" means the meeting before a participant's appearance in mental health treatment court in which the mental health treatment court team discusses a coordinated response to the participant's behavior.

(11) "Substance abuse" means the illegal or improper consumption of a drug, but does not include inadvertent error in the use of medication.

(12) "Substance abuse treatment" means a program designed to provide prevention, education, and therapy directed toward ending substance abuse and preventing a return to substance use.

Section 4. Mental health treatment court structure. (1) Each judicial district or court of limited jurisdiction may establish a mental health treatment court under which persons with a mental disorder who are charged with a criminal offense may be processed to address an identified mental health problem as a condition of pretrial release, pretrial diversion under 46-16-130, probation, incarceration, parole, or other release from a detention or correctional facility.

(2) Participation in mental health treatment court is voluntary and is subject to the consent of the prosecutor, the defense attorney, and the court pursuant to a written agreement.

(3) A mental health treatment court may grant reasonable incentives under a written agreement. Reasonable incentives may include but are not limited to:

(a) graduation certificates;

(b) early graduation;

(c) fee reduction or waiver of fees;

(d) record expungement of the underlying case; or

(e) reduced contact with a probation officer.

(4) The court may impose reasonable sanctions under the agreement for failure to comply with the agreement. Prior to imposition of a sanction, the mental health treatment court team shall review the participant's individual

treatment program and the participant's conduct. If the mental health treatment court team determines that the participant's failure to comply:

(a) was not willful, was a symptom of a mental disorder, or was a result of an inappropriate treatment plan, the court may impose sanctions, including:

(i) fines;

(ii) extension of time in the program;

(iii) peer review; or

(iv) geographical restrictions; or

(b) was willful, not a symptom of a mental disorder, and not the result of an inappropriate treatment plan, the court may impose sanctions, including:

(i) a short-term jail sentence;

(ii) termination of participation in the program; or

(iii) contempt of court.

(5) Upon successful completion of mental health treatment court, a participant's case must be disposed of by the judge in the manner prescribed by the agreement and by the applicable policies and procedures adopted by the mental health treatment court. This may include but is not limited to pretrial diversion under 46-16-130, dismissal of criminal charges, probation, deferred sentencing, suspended sentencing, or a reduced period of incarceration. A participant who successfully completes the program must be given credit for the time the participant served in the mental health treatment program by the judge upon disposition.

(6) Each local jurisdiction that intends to establish a mental health treatment court or to continue the operation of an existing mental health treatment court shall establish a local mental health treatment court team.

(7) The mental health treatment court team shall, when practicable, conduct a staff meeting prior to each mental health treatment court session to discuss and provide updated information regarding participants. After determining the participant's progress or lack of progress, the mental health treatment court team shall agree on the appropriate incentive or sanction to be applied. If the mental health treatment court team cannot agree on the appropriate action, the court shall make the decision based on information presented in the staff meeting. The provisions of [sections 1 through 8] apply only to persons with a mental disorder who are charged with a criminal offense who qualify for participation based on qualifications established by each mental health treatment court. The provisions of [sections 1 through 8] do not apply to participants who have been convicted of a sexual or violent offense, as defined in 46-23-502. [Sections 1 through 8] do not confer a right or expectation of a right to participate in a mental health treatment court and does not obligate a mental health treatment court to accept any offender. The establishment of a mental health treatment court may not be construed as limiting the discretion of a prosecutor to act on any criminal case that the prosecutor considers advisable to prosecute. Each mental health treatment court judge may establish rules and may make special orders and necessary rules that do not conflict with rules adopted by the Montana supreme court.

(8) Each participant shall contribute to the cost of treatment and the program in accordance with [section 6(2)]. A mental health treatment court coordinator is responsible for the general administration of a mental health

treatment court under the direction of the mental health treatment court judge. The supervising agency shall timely forward information to the mental health treatment court concerning the participant's progress and compliance with any court-imposed terms and conditions.

(9) A department of corrections probation and parole officer may participate in a mental health treatment court team if authorized by the department. The department may authorize participation if it determines, in its discretion, that the caseloads of local probation and parole officers permit participation. If necessitated by a change in caseloads, the department may withdraw authorization for participation by its probation and parole officers in a mental health treatment court. The department of corrections may not authorize its probation and parole officers to supervise a participant of a mental health treatment program who has not been convicted of a felony offense and committed to the supervision of the department.

Section 5. Treatment and support services. (1) As part of a diagnostic assessment, each jurisdiction shall establish a system to ensure that participants are placed into a clinically approved mental health treatment program. To accomplish this, the program conducting the individual assessment shall make specific recommendations to the mental health treatment court team regarding the type of treatment program and duration necessary so that a participant's individualized needs are addressed. The assessments and recommendations must be based upon evidence-based treatment principles. Treatment recommendations accepted by the mental health treatment court pursuant to [sections 1 through 8] must be considered to be reasonable and necessary.

(2) An adequate continuum of care for participants must be established in response to [sections 1 through 8].

(3) The mental health treatment court shall, when practicable, ensure that one agency may not provide both assessment and treatment services for the mental health treatment court to avoid potential conflicts of interest or the appearance that a diagnostic assessment agency might benefit by determining that a participant is in need of the particular form of treatment that the agency provides.

(4) A mental health treatment court making a referral for mental health services or substance abuse treatment shall refer the participant to a program that is licensed, certified, or approved by the court.

(5) The court shall determine which treatment programs are authorized to provide the recommended treatment to participants. The relationship between the treatment program and the court must be governed by a memorandum of understanding, which must include the timely reporting of the participant's progress or lack of progress to the mental health treatment court.

Section 6. Funding. (1) There is a mental health treatment court federal resources account in the federal special revenue fund that is administered by the office of court administrator. Any federal money received for funding mental health treatment courts must be deposited in the mental health treatment court federal resources account and may be used only for purposes of [sections 1 through 8]. The money in the fund may not be transferred at the end of each year but must remain deposited to the credit of the mental health treatment court federal resources account.

(2) A participant shall pay the total cost or a reasonable portion of the cost to participate. The cost paid by a participant may not exceed $300 a month. The costs assessed must be compensatory and not punitive in nature and must take into account the participant's ability to pay. Upon a showing of indigency, the mental health treatment court may reduce or waive costs under this subsection. Any fees received by the court from a participant are not court costs, charges, or fines.

(3) All federal funds received from grants for purposes of funding mental health treatment courts must be exhausted before money is spent from other appropriations for that purpose.

(4) [Sections 1 through 8] do not prohibit mental health treatment court teams from obtaining supplemental funds.

Section 7. Statutory construction — combination with drug treatment court. (1) The provisions of [sections 1 through 8] must be construed to effectuate its remedial purposes.

(2) A mental health treatment court may be combined with a drug treatment court authorized in Title 46, chapter 1, part 11, and a mental health treatment court may serve an individual with co-occurring disorders.

Section 8. Enforcement by removal to criminal court. Failure of the participant to comply with the terms of the mental health treatment program will be referred upon the order of the mental health treatment court judge to the appropriate criminal court.

Section 9. Section 3-10-303, MCA, is amended to read:

"3-10-303. Criminal jurisdiction. (1) The justices' courts have jurisdiction of public offenses committed within the respective counties in which the courts are established as follows:

(a) except as provided in subsection (2), jurisdiction of all misdemeanors punishable by a fine not exceeding $500 or imprisonment not exceeding 6 months, or both;

Section 20. Section 15-10-420, MCA, is amended to read:

"15-10-420. Procedure for calculating levy. (1) (a) Subject to the provisions of this section, a governmental entity that is authorized to impose mills may impose a mill levy sufficient to generate the amount of property taxes actually assessed in the prior year plus one-half of the average rate of inflation for the prior 3 years. The maximum number of mills that a governmental entity may impose is established by calculating the number of mills required to generate the amount of property tax actually assessed in the governmental unit in the prior year based on the current year taxable value, less the current year's value of newly taxable property, plus one-half of the average rate of inflation for the prior 3 years.

(b) A governmental entity that does not impose the maximum number of mills authorized under subsection (1)(a) may carry forward the authority to impose the number of mills equal to the difference between the actual number of mills imposed and the maximum number of mills authorized to be imposed. The mill authority carried forward may be imposed in a subsequent tax year.

(c) For the purposes of subsection (1)(a), the department shall calculate one-half of the average rate of inflation for the prior 3 years by using the consumer price index, U.S. city average, all urban consumers, using the 1982-84 base of 100, as published by the bureau of labor statistics of the United States department of labor.

(2) A governmental entity may apply the levy calculated pursuant to subsection (1)(a) plus any additional levies authorized by the voters, as provided in 15-10-425, to all property in the governmental unit, including newly taxable property.

(3) (a) For purposes of this section, newly taxable property includes:

(i) annexation of real property and improvements into a taxing unit;

(ii) construction, expansion, or remodeling of improvements;

(iii) transfer of property into a taxing unit;

(iv) subdivision of real property; and

(v) transfer of property from tax-exempt to taxable status.

(b) Newly taxable property does not include an increase in value that arises because of an increase in the incremental value within a tax increment financing district.

(4) (a) For the purposes of subsection (1), the taxable value of newly taxable property includes the release of taxable value from the incremental taxable value of a tax increment financing district because of:

(i) a change in the boundary of a tax increment financing district;

(ii) an increase in the base value of the tax increment financing district pursuant to 7-15-4287; or

(iii) the termination of a tax increment financing district.

(b) If a tax increment financing district terminates prior to the certification of taxable values as required in 15-10-202, the increment value is reported as newly taxable property in the year in which the tax increment financing district terminates. If a tax increment financing district terminates after the certification of taxable values as required in 15-10-202, the increment value is reported as newly taxable property in the following tax year.

(c) For the purpose of subsection (3)(a)(iv), the subdivision of real property includes the first sale of real property that results in the property being taxable as class four property or as nonqualified agricultural land as described in 15-6-133(1)(c).

(5) Subject to subsection (8), subsection (1)(a) does not apply to:

(a) school district levies established in Title 20; or

(b) the portion of a governmental entity's property tax levy for premium contributions for group benefits excluded under 2-9-212 or 2-18-703.

(6) For purposes of subsection (1)(a), taxes imposed do not include net or gross proceeds taxes received under 15-6-131 and 15-6-132.

(7) In determining the maximum number of mills in subsection (1)(a), the governmental entity may increase the number of mills to account for a decrease in reimbursements.

(8) The department shall calculate, on a statewide basis, the number of mills to be imposed for purposes of 15-10-107, 20-9-331, 20-9-333, 20-9-360, 20-25-423, and 20-25-439. However, the number of mills calculated by the department may not exceed the mill levy limits established in those sections. The mill calculation must be established in whole mills. If the mill levy calculation does not result in a whole number of mills, then the calculation must be rounded up to the nearest whole mill.

(9) (a) The provisions of subsection (1) do not prevent or restrict:

(i) a judgment levy under 2-9-316, 7-6-4015, or 7-7-2202;

(ii) a levy to repay taxes paid under protest as provided in 15-1-402; ~~or~~

(iii) an emergency levy authorized under 10-3-405, 20-9-168, or 20-15-326*; or*

(iv) a levy for the support of a study commission under 7-3-184.

(b) A levy authorized under subsection (9)(a) may not be included in the amount of property taxes actually assessed in a subsequent year.

(10) A governmental entity may levy mills for the support of airports as authorized in 67-10-402, 67-11-301, or 67-11-302 even though the governmental entity has not imposed a levy for the airport or the airport authority in either of the previous 2 years and the airport or airport authority has not been appropriated operating funds by a county or municipality during that time.

(11) The department may adopt rules to implement this section. The rules may include a method for calculating the percentage of change in valuation for purposes of determining the elimination of property, new improvements, or newly taxable property in a governmental unit."

HOUSE JOINT RESOLUTION NO. 1

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING CONGRESS TO DEVELOP HEALTH CARE REFORMS ADDRESSING THE INCREASING COSTS OF HEALTH CARE, THE INCREASING NUMBER OF PEOPLE WITHOUT HEALTH INSURANCE, A LACK OF UNIFORM QUALITY, AND DISPARATE HEALTH CARE LEGISLATION AMONG STATES THAT IMPACTS THE NATION'S ECONOMY AND AMERICANS' HEALTH.

WHEREAS, the cost of health care is increasing at a rate higher than the rate of consumer inflation and driving up costs of businesses, workers, retirees, and state government for health insurance or health care coverage and workers' compensation health care costs; and

WHEREAS, the impacts of rising health care costs decrease profits for companies that provide health insurance for employees and lower profits from what they otherwise might have been, thus decreasing investment income for retirement funds that invest in these companies; and

WHEREAS, access to health care can be considered one of the many ways that government, in the words of the preamble to the U.S. Constitution, promotes "the common welfare" and helps Americans to avoid needless early mortality and lost productivity; and

WHEREAS, an estimated 19% of the Montana population is without health insurance coverage and yet still needs access to health care whether through insurance coverage, subsidized health care, incentives, or other methods of increasing access; and

WHEREAS, quality of health care may be uneven between rural and urban areas, income groups, or regions of the country because of separate state laws, lack of uniform guidelines of care, or other disparate reasons.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Congress of the United States be urged to:

(1) increase its work with states, businesses, labor groups, health insurers, health benefit plans, health care providers, and consumers to address strategies that provide all Americans with basic health care coverage in a manner that positively addresses the increasing costs of health care, the increasing numbers of Americans without health insurance coverage or access to health care, and the uneven quality of health care;

(2) include in its objectives for health care reform a simplification of the current complex system of health care;

(3) work with states, businesses, labor groups, health insurers, health benefit plans, health care providers, and consumers to determine best practice health care guidelines and health care administration guidelines;

(4) look at a health care financing system that recognizes inequity in ability to pay as well as the tendency to shift costs to others if pricing is out of line with ability to pay or impairs competitiveness; and

(5) encourage states to be the laboratory of innovation regarding health care reform and not preempt innovative state laws.

BE IT FURTHER RESOLVED, that the Secretary of State send copies of this resolution to the United States Congress and, specifically, to Montana's Congressional Delegation.

HOUSE JOINT RESOLUTION NO. 3

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING 24-HOUR SERVICE AT THE PORT OF ENTRY-WILD HORSE.

WHEREAS, there is only one 24-hour port of entry on the border between the State of Montana and the Canadian Province of Alberta; and

WHEREAS, an escalating amount of commercial traffic serving the oil sands region of Alberta hauls freight from manufacturers and suppliers located in the midwestern and southern United States; and

WHEREAS, the findings of a report prepared for Alberta's Legislative Assembly documented the need for an alternate trade corridor and the economic development potential that such a passage would have on communities along the corridor by routing that commercial traffic through Montana by way of Secondary Highway 232 and into Alberta on Provincial Highway 41; and

WHEREAS, on April 10, 2006, Alberta's Legislative Assembly unanimously approved Motion 506 that states: "Be it resolved that the Legislative Assembly urge the Government to promote the use of Highway 41, up to and including Highway 63, from Wildhorse to Fort McMurray, as an alternate north-south transportation corridor from the United States"; and

WHEREAS, Alberta Highway 41 connects to Montana Secondary Highway 232 at the Port of Entry-Wild Horse and serves as an arterial connector to U.S. Highway 2 in Havre; and

WHEREAS, the practicality of this alternate trade corridor is contingent on a 24-hour border crossing facility at the Port of Entry-Wild Horse on Montana Secondary Highway 232; and

WHEREAS, 24-hour service at the Port of Entry-Wild Horse and the development of an alternate trade corridor between Montana and eastern Alberta would remove a barrier to trade and travel for oil and gas, coal, bioenergy, wind, agriculture, tourism, and other industries that require efficient access to markets, thus encouraging new investment and thereby supporting the economic development vision for Montana by promoting investment in central and eastern Montana, including six of the state's Indian reservations.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the House of Representatives and Senate of the State of Montana urge Governor Schweitzer and Montana's Congressional Delegation, as well as the

Governor's Office of Economic Development and the Montana Department of Transportation, to work with the U.S. Department of Homeland Security and the Federal Highway Administration to develop 24-hour service at the Port of Entry-Wild Horse and to fund the necessary expansion of infrastructure that would make that service possible.

BE IT FURTHER RESOLVED, that the Montana Secretary of State forward copies of this resolution to the President of the United States, the Prime Minister of Canada, the Governor of Montana, the Premier of Alberta, Montana's Congressional Delegation, the Canadian Minister of Citizenship and Immigration, the Canadian Minister of Public Safety and Emergency Preparedness, the Director of the U.S. Department of Homeland Security, the Director of the U.S. Federal Highway Administration, the Alberta Minister of International and Intergovernmental Relations, the Alberta Minister of Economic Development, the Director of the Montana Department of Transportation, the Director of the Montana Department of Commerce, the Chief Development Officer of the Governor's Office of Economic Development, the Speaker of the Legislative Assembly of Alberta, and the Mayors of Medicine Hat, Alberta, and Havre, Montana.

HOUSE JOINT RESOLUTION NO. 4

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA OPPOSING THE RELAXATION OF MAIL DELIVERY STANDARDS UNDER CONSIDERATION BY THE PRESIDENT'S COMMISSION ON THE UNITED STATES POSTAL SERVICE; REQUESTING THAT THE UNITED STATES POSTAL SERVICE MAINTAIN CURRENT LEVELS OF SERVICE; AND REQUESTING THAT THE UNITED STATES POSTAL SERVICE MAINTAIN CURRENT OVERNIGHT DELIVERY STANDARDS AND NOT CENTRALIZE MONTANA'S MAIL-SORTING OPERATIONS.

WHEREAS, the United States Postal Service, founded in 1775, provides dependable, affordable mail service to Montana communities; and

WHEREAS, the United States Postal Service remains an important part of the nation's economic infrastructure through which nearly $1 trillion of economic activity is conducted each year and in which 9 million people are employed; and

WHEREAS, many Montanans, especially in rural areas, do not have easy access to the Internet or to electronic banking and bill paying and are heavily dependent on the United States Postal Service for communication and conducting business transactions; and

WHEREAS, Americans currently enjoy the most extensive postal service at the lowest postage rates of any major industrialized nation in the world; and

WHEREAS, the President's Commission on the United States Postal Service has recommended changes to postal operations that could sever postal employees from federal employee health, retirement, and workers' compensation programs and has recommended repeal of laws that could pave the way toward reducing rank-and-file wages and benefits while simultaneously eliminating the current salary cap on executive level postal positions; and

WHEREAS, the Commission has recommended a new Presidentially appointed, corporate-style board of directors and a new postal regulatory board and has proposed giving these new politically appointed governing bodies broad authority to set rates; and

WHEREAS, the Commission has proposed to refine the scope of the United States Postal Service's "universal service" obligation and uniform rate structure and change and restrict the scope of services currently protected under postal monopoly regulations; and

WHEREAS, the new board's broad authority could allow post offices to be closed and prices to be set with a complicated postage rate structure or could turn over postal operations to private, for-profit enterprises; and

WHEREAS, replacing the United States Postal Service's public service obligation with a profit-seeking mandate would undermine the United States Postal Service's historical "universal service" obligation and weaken its national infrastructure; and

WHEREAS, in the interim period prior to legislated postal reform, the United States Postal Service may move forward with initiatives to close postal facilities in Montana; and

WHEREAS, the United States Postal Service is requesting that the United States Postal Rate Commission investigate relaxation of overnight delivery standards; and

WHEREAS, the United States Postal Service could consolidate the processing of mail in Montana, including moving all Helena outgoing mail-sorting operations to Great Falls; and

WHEREAS, this consolidation would not serve the public's best interest because of the decrease in productivity compared to the current processing of mail in Helena; and

WHEREAS, the consolidation could result in the elimination of the agency's current obligation to deliver local mail overnight and could relax other mail delivery standards across Montana; and

WHEREAS, the economy of the Helena area would be negatively impacted as a result of the relaxation of overnight delivery standards; and

WHEREAS, the public health and the public services provided by state agencies would be negatively impacted as a result of the relaxation of overnight delivery standards.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Montana Legislature urges the President, the Congress of the United States, and the United States Postal Service to continue to maintain affordable, dependable mail service at current levels because of its social and economic importance to our nation.

BE IT FURTHER RESOLVED, that any recommendation from the President's Commission on the United States Postal Service or the United States Postal Rate Commission that curtails public services in the current postal service be rejected.

BE IT FURTHER RESOLVED, that the Legislature of the State of Montana opposes any changes that would harm the public and workers of the United States Postal Service, including legislated or United States Postal Service

initiatives to close or consolidate postal facilities, relax overnight delivery standards, centralize mail-sorting operations, take away or modify the collective bargaining system of postal workers, or change the current bargaining system for employee benefits.

BE IT FURTHER RESOLVED, that copies of this resolution be sent by the Secretary of State to the Honorable George W. Bush, President of the United States, the President of the United States Senate, the Speaker of the United States House of Representatives, the Majority and Minority Leaders of the United States Senate and House of Representatives, the Postmaster General of the United States Postal Service, the United States Postal Rate Commission, the President's Commission on the United States Postal Service, the Committee on Ways and Means, the Committee on Rules, and the Committee on the Budget of the United States House of Representatives, the Budget Committee of the United States Senate, and each member of the Montana Congressional Delegation.

HOUSE JOINT RESOLUTION NO. 5

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING MONTANA'S CONGRESSIONAL DELEGATION TO INTRODUCE AND SUPPORT LEGISLATION REQUIRING THE U.S. ARMY CORPS OF ENGINEERS TO INCREASE AND MAINTAIN A MINIMUM POOL ELEVATION IN FORT PECK RESERVOIR OF 2226 FEET ABOVE MEAN SEA LEVEL AND TO PROTECT MONTANA'S WATER RIGHTS.

WHEREAS, due to management of downstream barge traffic by the U.S. Army Corps of Engineers, the water levels of Fort Peck Reservoir have reached historic lows; and

WHEREAS, the low water levels have had an adverse impact on recreational uses of Fort Peck Reservoir; and

WHEREAS, the declining water levels have had an adverse effect on fisheries management of Fort Peck Reservoir; and

WHEREAS, declining reservoir levels are affecting the availability of water for irrigation and other agricultural uses; and

WHEREAS, the ability of Montana water users to exercise their water rights is adversely affected; and

WHEREAS, reduced reservoir levels have exposed thousands of acres of land, resulting in an accelerated spread of noxious weeds; and

WHEREAS, the reduced water levels have caused a severe economic impact on all of central and eastern Montana in that marinas have closed, most boat ramps no longer reach the water and are unusable, and recreational boaters have limited use of the reservoir, thereby causing an economic disaster to the service industries of central and eastern Montana that provide food, lodging, fuel, sporting goods, boats, and marinas; and

WHEREAS, studies have concluded that the economic value of barge traffic is approximately $7 million annually, and the economic value of recreational uses of upstream dams is estimated to be $85 million annually; and

WHEREAS, the drawdown of the reservoirs on the Missouri River will have an impact on the cost of electricity to customers that receive power from the Western Area Power Administration; and

WHEREAS, restoring the lake level to 2226 feet above mean sea level will restore most of the recreational uses and will still allow for future flood control.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That Montana's Congressional Delegation be strongly urged to introduce and support legislation requiring the U.S. Army Corps of Engineers to increase and maintain a minimum pool elevation in Fort Peck Reservoir of 2226 feet above mean sea level.

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING THE UNITED STATES GOVERNMENT TO ALLOW THE INTERSTATE SHIPMENT OF MEAT THAT IS PROCESSED IN APPROVED STATE-INSPECTED MEAT PROCESSING AND PACKING FACILITIES, AS ALLOWED BY UNITED STATES DEPARTMENT OF AGRICULTURE REGULATIONS.

WHEREAS, agriculture is Montana's top industry and Montana's cattle ranchers produce beef of exceptional quality that is desired nationally and around the world; and

WHEREAS, the continued success of agriculture is dependent on the economic development practice of adding value to existing products; and

WHEREAS, the input cost of transporting meat for processing places an additional burden on Montana's ranchers, who are already struggling to remain viable in a volatile marketplace; and

WHEREAS, United States Department of Agriculture (USDA) regulations allow for state-inspected meat processing and packing plants, and the USDA considers state-inspected plants to be commensurate with federally inspected plants; and

WHEREAS, the USDA thoroughly inspects and approves state-inspected meat processing and packing plants every 3 years; and

WHEREAS, the USDA pays one-half of the cost of state inspection for state meat processing and packing plants, provided that state standards equal or exceed federal standards; and

WHEREAS, Montana's meat processing standards are more stringent than federal standards; and

WHEREAS, state-inspected meat processing and packing plants have been operating successfully and safely in Montana for over 20 years; and

WHEREAS, the market for specialized meat products is expanding, and producers need access to processing plants to capitalize on these new consumer tastes; and

WHEREAS, consumers appreciate the right to choose agricultural products that are produced and processed in Montana; and

WHEREAS, despite USDA regulations that allow the interstate shipment of state-inspected meat, federal law restricts state-inspected meat from interstate commerce.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the United States government be urged to lift its ban on the interstate shipment of meat processed in approved state-inspected meat processing and packing plants.

HOUSE JOINT RESOLUTION NO. 19

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING MEDICAL AND MENTAL HEALTH CARE PROVIDERS TO ASSIST PERSONS WITH A CHRONIC ILLNESS AND THEIR FAMILIES TO FACILITATE METHODS OF ACCESS TO HEALTH CARE INFORMATION OR TO BRING A STATE LAW THAT PREVENTS ACCESS TO THE ATTENTION OF THE LEGISLATURE, THE GOVERNOR, OR THE ATTORNEY GENERAL.

WHEREAS, persons who are receiving or in need of treatment for chronic illness need the support of their families and their medical providers; and

WHEREAS, the U.S. Department of Health and Human Services issued the Privacy Rule to implement the privacy requirements of the Health Insurance Portability and Accountability Act of 1996 (HIPAA), and Privacy Rule standards address the use and disclosure of individuals' health information, called "protected health information", by organizations subject to the Privacy Rule, called "covered entities", such as medical providers and health care insurers, and address individuals' privacy rights, including the right to understand and control how their health information is used; and

WHEREAS, if a state law is contrary to the Privacy Rule, a state has the ability to seek a HIPAA exception to the general rule of federal preemption in which the Secretary of the U.S. Department of Health and Human Services may make a determination that a contrary provision of state law will not be preempted by HIPAA when the intrusion into privacy is warranted when balanced against the need to be served; and

WHEREAS, there are other steps that individuals may take to share their protected health information with family members, such as by agreement or by designating a personal representative through a health care or general power of attorney, legal guardianship, or advanced health care directive; and

WHEREAS, there are provisions for medical care providers to share information with family when it is in the best interest of the individual and when the family member is involved with or responsible for their family member's care; and

WHEREAS, protected health information may be used or disclosed to assist in the notification of a family member of the individual's location or general condition; and

WHEREAS, professional organizations for health care providers and third-party payors have developed sophisticated systems to share information between entities for medical and payment purposes but have not concentrated on efforts to assist persons with chronic illness and their families in sharing information and participating in the persons' care.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That medical and mental health professionals, advocates, associations, and the Department of Public Health and Human Services endeavor to understand the provisions of HIPAA, to assist persons with chronic illness and their families to understand the provisions, and to encourage, facilitate, and make available to them the information that would allow them to create and use methods to support persons with chronic illness with their treatment and provide respect for their privacy rights and independence.

BE IT FURTHER RESOLVED, that if there are provisions of state law that persons with chronic illness, family members, or medical and mental health care professionals believe to be contrary to HIPAA and worthy of an exception, they bring it to the attention of the Legislature, the Governor, or the Attorney General to seek an exception to the general rule of federal preemption.

BE IT FURTHER RESOLVED, that the Secretary of State send copies of this resolution to all of the Divisions of the Department of Public Health and Human Services, the Montana chapter of the National Alliance on Mental Illness, the Montana Advocacy Program, the Montana Medical Association, the Montana Psychological Association, the Montana Nurses' Association, the Montana Psychiatric Association, the Montana Primary Care Association, community health centers and clinics, community mental health centers, the National Association of Social Workers - Montana chapter, the Montana Children's Initiative Provider Association, and MHA - An Association of Montana Health Care Providers.

WHEREAS, the Whitmore ravine is a natural drainage located on the east end of Great Falls between Malmstrom Air Force Base and the Missouri River; and

WHEREAS, two feasibility studies completed in 2003 and 2005 estimate that 470,000 tons of sediment have entered the Missouri River through the Whitmore ravine; and

WHEREAS, Malmstrom Air Force Base has a valid storm water discharge permit from the Department of Environmental Quality; and

WHEREAS, the Cascade County conservation district has diligently worked to form a Whitmore ravine task force to include the participation of all stakeholders; and

HOUSE JOINT RESOLUTION NO. 22

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING AN APPROPRIATE INTERIM COMMITTEE TO STUDY REPAYMENT PROGRAMS AND OTHER INCENTIVE PROGRAMS TO SUPPORT ACCESS TO DENTAL CARE IN THE STATE, WITH EMPHASIS ON RURAL AREAS.

WHEREAS, access to a dentist in the rural or sparsely populated areas of Montana is difficult or nonexistent; and

WHEREAS, Montana's population of practicing dentists is growing older and concern exists in the dental profession in Montana that the supply of dentists is not being replenished; and

WHEREAS, it is anticipated that a large percentage of Montana dentists currently practicing will retire or reduce practice in the coming decade, severely restricting many Montanans' access to dental care; and

WHEREAS, Montana has no dental school of its own and must rely upon dental programs at other out-of-state educational institutions to provide Montana with graduate dental students; and

WHEREAS, for the medical profession, the state has created the Montana Rural Physician Incentive Program and the Montana Family Practice Residency Program, but no similar programs exist to bring new dentists into the state; and

WHEREAS, the University of Washington Dental School proposes a regional dental educational program entitled "the Regional Initiatives in Dental Education (RIDE) program" for Montana students; and

WHEREAS, proponents of the RIDE program request funding for the program from the State of Montana; and

WHEREAS, there is a need to determine whether requiring students who receive funding from the program to repay all or a portion of the funds or creating other incentive programs may increase access to dental care within the state by attracting and retaining dentists.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislative Council be requested to designate an appropriate interim committee, pursuant to section 5-5-217, MCA, or direct sufficient staff resources to study and make recommendations on issues regarding:

(1) initiatives to increase the supply of dental care professionals, especially in rural and underserved areas in Montana;

(2) programs that require students who receive educational support through the Regional Initiatives in Dental Education program to repay all or a portion of the funds appropriated by the State of Montana for their education; and

(3) dental loan forgiveness programs administered through the Office of the Commissioner of Higher Education.

BE IT FURTHER RESOLVED, that the committee request participation in the study by the Office of the Commissioner of Higher Education, the Office of Economic Development, the Department of Labor and Industry, the Department of Public Health and Human Services, and representation from dental health professionals.

BE IT FURTHER RESOLVED, that if the study is assigned to staff, any findings or conclusions be presented to and reviewed by an appropriate committee designated by the Legislative Council.

BE IT FURTHER RESOLVED, that all aspects of the study, including presentation and review requirements, be concluded prior to September 15, 2008.

BE IT FURTHER RESOLVED, that the final results of the study, including any findings, conclusions, comments, or recommendations of the appropriate committee, be reported to the 61st Legislature.

HOUSE JOINT RESOLUTION NO. 24

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING CONGRESS TO BAN THE SALE, DISTRIBUTION, TRANSFER, OR EXPORT OF ELEMENTAL MERCURY.

WHEREAS, the free trade of mercury and mercury compounds on the world market, at relatively low prices and in ready supply, encourages the continued use of mercury outside of the United States, often involving highly dispersive activities such as small-scale gold mining in developing countries; and

WHEREAS, although the intentional use of mercury is declining in the United States as a consequence of process changes in the manufacturing of products, including batteries, paints, switches, and measuring devices, those uses remain substantial in the developing world, where releases from the products are extremely likely due to the limited pollution control and waste management infrastructures in those countries; and

WHEREAS, according to the United States Geologic Survey, during the period from 2000 through 2004, the United States exported 506 metric tons of mercury more than it imported, making it a net exporter of mercury; and

WHEREAS, the Environmental Council of the States has adopted a resolution requesting the President of the United States to issue to federal agencies, including the Department of Defense and the Environmental Protection Agency, that are involved in the storage and management of mercury a directive to work to recommend a plan to manage the long-term storage of mercury; and

WHEREAS, banning exports of mercury from the United States will have a notable effect worldwide on the market availability of mercury and will facilitate switching to affordable mercury alternatives throughout the developing world.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That Congress is encouraged to enact legislation that:

(a) prohibits the sale, distribution, or transfer of elemental mercury by the Department of Defense and the Department of Energy to any other department or agency of the federal government, any state or local government, or any private person or entity;

(b) prohibits the export of elemental mercury from the United States;

(c) authorizes the President, subject to notification and justification requirements, to prohibit the export of any mercury compound from the United States, as necessary to avoid subversion of the export ban; and

(d) requires the President to establish sufficient storage capacity to safely store quantities of elemental mercury and any mercury compounds covered by the prohibitions that are in excess of quantities necessary for domestic consumption and to establish necessary regulations with respect to the establishment and operation of these storage facilities.

(2) That copies of this resolution be sent by the Secretary of State to the President of the United States and the Montana Congressional Delegation.

HOUSE JOINT RESOLUTION NO. 25

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA OPPOSING ANY EFFORT TO IMPLEMENT A TRINATIONAL POLITICAL, GOVERNMENTAL ENTITY AMONG THE UNITED STATES, CANADA, AND MEXICO; OPPOSING THE SECURITY AND PROSPERITY PARTNERSHIP OF NORTH AMERICA AND INITIATIVES PURSUED IN CONJUNCTION WITH THE PARTNERSHIP THAT THREATEN THE

SOVEREIGNTY OF THE UNITED STATES; OPPOSING A NORTH AMERICAN UNION; AND OPPOSING THE NORTH AMERICAN FREE TRADE AGREEMENT SUPERHIGHWAY SYSTEM.

WHEREAS, the Security and Prosperity Partnership of North America was launched in March of 2005 as a trilateral effort among the United States, Canada, and Mexico to share information and streamline traffic across shared borders; and

WHEREAS, in meeting Security and Prosperity Partnership initiatives, the security and prosperity ministers are examining opportunities to open the borders between the United States, Canada, and Mexico; and

WHEREAS, the gradual creation of such a North American Union from a merger of the United States, Mexico, and Canada would be a direct threat to the Constitution and national independence of the United States and imply an eventual end to national borders within North America; and

WHEREAS, according to the Department of Commerce, United States trade deficits with Mexico and Canada have significantly widened since the implementation of the North American Free Trade Agreement (NAFTA); and

WHEREAS, the economic and physical security of the United States is impaired by the potential loss of control of its borders attendant to the full operation of NAFTA; and

WHEREAS, a NAFTA Superhighway System from the west coast of Mexico through the United States and into Canada has been suggested as part of a North American Union and the broader plan to advance the Security and Prosperity Partnership; and

WHEREAS, it would be particularly difficult for Americans to collect insurance from Mexican companies that employ Mexican drivers involved in accidents in the United States, which would increase the insurance rates for American drivers; and

WHEREAS, future unrestricted foreign trucking into the United States can pose a safety hazard due to inadequate maintenance and inspection and can act collaterally as a conduit for the entry into the United States of illegal drugs, illegal human smuggling, and terrorist activities; and

WHEREAS, a NAFTA Superhighway System would be funded by foreign consortiums and controlled by foreign management, which threatens the sovereignty of the United States; and

WHEREAS, the Security and Prosperity Partnership aims to integrate United States laws with Mexico and Canada on a broad range of issues such as e-commerce, transportation, environment, health, agriculture, financial services, and national security, which may lead to negative changes in United States administrative laws; and

WHEREAS, state and local governments throughout the United States would be negatively impacted by the Security and Prosperity Partnership or a North American Union process, such as an open borders vision, eminent domain takings of private property along potential superhighways, and increased law enforcement problems along such superhighways; and

WHEREAS, this trilateral partnership to develop a North American Union has never been presented to Congress as an agreement or treaty and has had virtually no congressional oversight; and

WHEREAS, initiatives advancing the Security and Prosperity Partnership will lead to the erosion of United States sovereignty and could lead to integrated continental court systems and currency; and

WHEREAS, United States policy, not foreign consortiums, should be used to control our national borders and to ensure that national security is not compromised.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Montana Legislature urge the President and the Congress of the United States to withdraw the United States from any further participation in the Security and Prosperity Partnership, any efforts to implement a trinational political, governmental entity among the United States, Canada, and Mexico, or any other efforts used to accomplish any form of a North American Union.

BE IT FURTHER RESOLVED, that the Montana Legislature urge the President and the Congress of the United States not to engage in the construction of a North American Free Trade Agreement Superhighway System.

BE IT FURTHER RESOLVED, that copies of this resolution be sent by the Secretary of State to the Honorable George W. Bush, President of the United States, the Vice President of the United States, the United States Secretary of Commerce, and each member of the United States Congress.

HOUSE JOINT RESOLUTION NO. 26

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING THAT AN INTERIM COMMITTEE OR STAFF STUDY AND DEVELOP AN IMPLEMENTATION PLAN FOR MENTAL HEALTH CARE FOR ADULTS AND YOUTH IN THE CRIMINAL AND JUVENILE JUSTICE SYSTEMS.

WHEREAS, criminal justice research data revealed that more than half of jail inmates and state prisoners have mental health problems, based on symptoms within the past 12 months, which is significantly more prevalent than in the general population; and

WHEREAS, a number of youth in the juvenile justice system suffer from mental health problems, some experiencing disorders so severe that their ability to function is significantly impaired; and for some youth, contact with the juvenile justice system is often their first and only chance to get help; and

WHEREAS, appropriate and early intervention and treatment of adults and youth with mental disorders may divert them from costly incarceration and future crime and assist them to become productive members of society; and

WHEREAS, community treatment options for adult and juvenile offenders may require supervision, housing, and employment supports toward a recovery-based life, and a study of the issue of mental health care for adult and juvenile offenders is needed to determine ways to improve the criminal and juvenile justice systems; and

WHEREAS, the Law and Justice Interim Committee of the Montana Legislature studied the "disproportionate minority contact in the Montana

criminal justice system" and found that a significant number of individuals in the corrections system have mental health issues; and

WHEREAS, at least one previous interim study of the Montana Legislature addressed the mental health of individuals in the juvenile justice system but did not study the criminal justice system as a whole; and

WHEREAS, there is a need for a comprehensive interim study that would include a review of all previous studies and laws related to mental health issues in the criminal and juvenile justice systems for the purposes of development of a plan to implement priorities to deal with those issues.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislative Council be requested to designate an appropriate interim committee, pursuant to section 5-5-217, MCA, or direct sufficient staff resources to address mental health care in the criminal and juvenile justice systems.

BE IT FURTHER RESOLVED, that the goal be to study and develop an implementation plan to provide mental health care in the criminal and juvenile justice systems that includes:

(1) mental health care of youth who are adjudicated as delinquent;

(2) mental health care of convicted adult defendants;

(3) addressing options for supervising adjudicated youth and convicted adults in the community, including mental health probation options;

(4) developing a continuum of care encompassing community placements and inpatient treatment options and addressing the interplay between community placements and treatment options; and

(5) the availability and use of mental health treatment prior to adjudication of juvenile or conviction of adult defendants.

BE IT FURTHER RESOLVED, that if the study is assigned to staff, any findings or conclusions be presented to and reviewed by an appropriate committee designated by the Legislative Council.

BE IT FURTHER RESOLVED, that all aspects of the study, including presentation and review requirements, be concluded prior to September 15, 2008.

BE IT FURTHER RESOLVED, that the final results of the study, including any findings, conclusions, comments, or recommendations of the appropriate committee, be reported to the 61st Legislature.

WHEREAS, Montana is a part of the global marketplace as technology bridges the divide between local businesses and the vibrant national economy and the world; and

WHEREAS, it is the innovation and initiative of entrepreneurs in the private sector that drive our economy and provide for the quality of life that Americans enjoy; and

WHEREAS, even the most recent invention or well-crafted business plan needs an infrastructure in which to prosper.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislative Council be requested to designate an appropriate interim committee or statutory committee, pursuant to section 5-5-217, MCA, or direct sufficient staff resources:

(1) to analyze and study the state of "business infrastructure" in Montana, including:

(a) traditional land and air transportation systems, both internal to the state and with adjoining states, to determine feasibility for movement of merchandise manufactured within Montana and materials needed by existing and potential businesses in the state;

(b) communication and technological systems, including but not limited to traditional and cell phone coverage, Internet and wireless access, and teleconferencing, both statewide and at a microlevel in each of Montana's urban centers; and

(c) current and potential businesses designed to assist entrepreneurship and provide logistical support to small businesses, including but not limited to office parks designed for shared usage of administrative support; computers, technology, and meeting space; firms designed to allow for outsourcing of human resources, payroll, and accounting functions; and printing and shipping functions;

(2) to identify areas in which legislatively initiated programs in other states have addressed the development of any business infrastructure components listed in subsection (1), to be viewed by leaders in the businesses community and included in subsequent public policy considerations.

BE IT FURTHER RESOLVED, that if the study is assigned to staff, any findings or conclusions be presented to and reviewed by an appropriate committee designated by the Legislative Council.

BE IT FURTHER RESOLVED, that all aspects of the study, including presentations and review requirements, be concluded prior to September 15, 2008.

HOUSE JOINT RESOLUTION NO. 31

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA OPPOSING THE ROCKIES PROSPERITY ACT.

WHEREAS, bills with the same content have been introduced in the Congress for the past three sessions, named successively the Northern Rockies Ecosystem Protection Act of 2001, the Northern Rockies Ecosystem Protection Act of 2003, and the Rockies Prosperity Act of 2005; and

WHEREAS, these acts would designate more than 15.4 million acres as new wilderness, more than 1.4 million acres as park preserves, more than 1 million acres as recovery areas, and an additional 8.51 million acres as biological connecting corridors; and

WHEREAS, the proposed wilderness, preserves, and recovery areas would impose severe restrictions on access and human activities in violation of existing laws such as the Multiple-Use Sustained-Yield Act; and

WHEREAS, severe restrictions on the management of the private property within the corridors would lead to prohibition of even-aged silvicultural management, prohibition of timber harvesting, prohibition of mineral, oil, and gas exploration, prohibition of road construction or reconstruction with the goal of achieving zero miles of road in the corridors over a short time period, causing loss of value to private property even to the point of forcing landowners to abandon their properties, hopes, and dreams and causing extreme hardship and anguish; and

WHEREAS, additional taking of private property would occur with the reduction of water rights on National Forest land and the reduction of grazing rights on National Forest land, causing hardship and loss of business to ranchers, farmers, and residents in the region; and

WHEREAS, the requirements for implementation of the management plans set forth in the acts are extremely unbalanced in their approach to conservation, focus entirely on plant, animal, and ecological effects and leave out the social, economic, and cultural impacts on people who also are part of the natural environment, and are in violation of existing law, such as the National Environmental Policy Act; and

WHEREAS, the Montana Legislature does not believe these acts, drafted by extreme special interest groups funded by international foundations and other sources that do not represent the majority of Montana residents, should be allowed to subject land in Montana to this sort of unbalanced, unnecessary control; and

WHEREAS, the placing of environmental or other restrictions upon the use of private lands has been held by a number of recent United States Supreme Court decisions to constitute a taking of the land for public purposes; and

WHEREAS, these acts do not include proposals to purchase the private lands; and

WHEREAS, the restrictions contemplated constitute an unlawful taking of that land in violation of Article I, section 8, clause 17, of the Constitution of the United States, which provides that before any state land can be purchased, the consent of the state Legislature and not the state Executive Branch must be obtained; and

WHEREAS, Article IV, section 3, clause 2, of the Constitution of the United States provides that "nothing in this Constitution shall be so construed as to prejudice any claims of the United States, or of any particular state"; and

WHEREAS, Article IV, section 4, of the Constitution of the United States provides that "the United States shall guarantee to every state in this union a republican form of government"; and

WHEREAS, Amendment V of the Constitution of the United States provides that no person shall "be deprived of life, liberty, or property, without due process of law; nor shall private property be taken for public use, without just compensation".

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Montana Legislature is opposed to the passage of these acts.

BE IT FURTHER RESOLVED, that the Montana Legislature urge the members of Congress, especially the Montana delegation, to vigorously oppose these acts and any revisions of these acts and to vote against these acts at every opportunity.

BE IT FURTHER RESOLVED, that the Secretary of State send copies of this resolution to the President of the United States, the Secretary of State of the United States, the President of the Senate and the Speaker of the House of Representatives of the United States, and Montana's Congressional Delegation.

HOUSE JOINT RESOLUTION NO. 33

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING AN INTERIM STUDY OF ISSUES RELATED TO POLIO AND POSTPOLIO SEQUELAE IN MONTANA, THEIR IMPACTS IN MONTANA, AND WAYS TO ADDRESS POLIO-RELATED ISSUES TO IMPROVE THE LONG-TERM HEALTH OF MONTANANS.

WHEREAS, the injectable polio vaccine first developed in the 1950s eliminated naturally occurring polio cases in the United States but has not yet eliminated polio in other parts of the world; and

WHEREAS, as few as 57% of American children receive all doses of necessary vaccines during childhood, including the polio vaccine; and

WHEREAS, the success of the polio vaccines has caused people to forget the 1.6 million Americans who were born before the development of the vaccines and who contracted polio during the epidemics in the middle of the 20th century; and

WHEREAS, at least 70% of the paralytic polio survivors and 40% of nonparalytic polio survivors are developing postpolio sequelae, which are unexpected and often disabling symptoms that occur up to 35 years after the poliovirus attack, including overwhelming fatigue, muscle weakness, muscle and joint pain, sleep disorders, heightened sensitivity to anesthesia, and difficulty in swallowing and in breathing; and

WHEREAS, research and clinical work have discovered that postpolio sequelae can be treated, and even prevented, if polio survivors are taught to conserve energy and use assistive devices to stop damaging and killing the reduced number of overworked, poliovirus-damaged neurons in the spinal cord and brain that survived the polio attack; and

WHEREAS, many medical professionals and polio survivors do not know of the existence of postpolio sequelae or of the available treatments.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislative Council be requested to designate an appropriate interim committee, pursuant to section 5-5-217, MCA, or direct sufficient staff resources to study and make recommendations on:

(1) the number of Montana children who do not receive recommended childhood vaccinations, including the polio vaccination, and the number of Montanans who contracted polio and are suffering or may in the future suffer from postpolio sequelae;

(2) ways to increase the number of Montanans vaccinated against polio and other diseases, including but not limited to improved education about the need to follow the recommended schedule of vaccinations for infants, children, and adults and measures that the state could take to encourage and ensure that children receive the vaccinations that they need;

(3) issues regarding postpolio sequelae, including but not limited to improved education on the risk factors, the signs and symptoms of the syndrome, and the ways to treat and prevent postpolio sequelae; and

(4) additional efforts that could be undertaken through the collaborative efforts of the Department of Public Health and Human Services, local boards of health, groups promoting childhood vaccinations, and groups working on issues related to postpolio sequelae, to improve the long-term health of Montana's children and adults as it relates to polio and postpolio sequelae.

BE IT FURTHER RESOLVED, that if the study is assigned to staff, any findings or conclusions be presented to and reviewed by an appropriate committee designated by the Legislative Council.

BE IT FURTHER RESOLVED, that all aspects of the study, including presentation and review requirements, be concluded prior to September 15, 2008.

BE IT FURTHER RESOLVED, that the final results of the study, including any findings, conclusions, comments, or recommendations of the appropriate committee, be reported to the 61st Legislature.

WHEREAS, section 23-1-127, MCA, requires implementation of the Good Neighbor Policy in regard to state parks and fishing access sites and requires that priority be given to maintenance of existing facilities, including weed control, rather than capital development; and

HOUSE JOINT RESOLUTION NO. 36

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING CONGRESS TO DE-COUPLE FEDERAL MINERAL ROYALTY REVENUE PAYMENTS FROM STATES TO COUNTIES WHEN CALCULATING PAYMENT IN LIEU OF TAX PAYMENTS.

WHEREAS, the federal Mineral Leasing Act intended for states to share mineral royalties with counties, giving priority to those taxing jurisdictions with impact and infrastructure needs incurred by the industry that pays the royalty; and

WHEREAS, payment in lieu of tax (PILT) payments are payments in lieu of taxes on federal lands; and

WHEREAS, federal mineral royalty revenue is considered prior year payments in the current PILT formula; and

WHEREAS, federal mineral royalty revenue that is passed on from the states to counties is currently being deducted from their PILT payments as prior year payments; and

WHEREAS, prior year payments connected to the PILT formula are a detriment to any economic development in which federal natural resources are extracted in that local government jurisdiction; and

WHEREAS, the decision to extract natural resources owned by the federal government should be based only on the economic and scientific data available and not on other programs such as PILT; and

WHEREAS, local governments may not have increased nontax revenue because of increased prior year payments because PILT is deducted proportionately; and

WHEREAS, the federal mineral royalties are derived not only from minerals held under federal land but from under private land as well; and

WHEREAS, a county should not be penalized when the state shares royalty revenue with the county for offsetting the impacts of the industry.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That Congress de-couple federal mineral royalty revenue payments from states to counties when calculating payment in lieu of tax payments.

BE IT FURTHER RESOLVED, that the Secretary of State send copies of this resolution to the United States Congress and, specifically, to Montana's Congressional Delegation.

WHEREAS, the Legislature of the State of Montana, acting with the best of intentions, has, at various times and during various sessions, previously made applications to the Congress of the United States of America to call one or more conventions to propose either a single amendment concerning a specific subject or to call a general convention to propose an unspecified and unlimited number of amendments to the United States Constitution, pursuant to the provisions of Article V of the United States Constitution; and

WHEREAS, former Chief Justice of the United States of America Warren E. Burger, former Associate Justice of the United States Supreme Court Arthur J. Goldberg, and other leading constitutional scholars agree that such a convention may propose sweeping changes to the Constitution, any limitations or restrictions purportedly imposed by the states in applying for a convention or conventions to the contrary notwithstanding, thereby creating an imminent peril to the well-established rights of the citizens and the duties of various levels of government; and

WHEREAS, the Constitution of the United States of America has been amended many times in the history of this nation and may be amended many more times, without the need to resort to a constitutional convention, and has been interpreted for more than 200 years and has been found to be a sound document that protects the lives and liberties of the citizens; and

WHEREAS, there is no need for, and rather there is great danger in, a new Constitution or in opening the Constitution to sweeping changes, the adoption of which would only create legal chaos in this nation and only begin the process of another 2 centuries of litigation over its meaning and interpretation.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislature does hereby repeal, rescind, cancel, nullify, and supersede to the same effect as if they had never been passed any and all extant

BE IT FURTHER RESOLVED, that the following resolutions and memorials are specifically repealed, rescinded, canceled, nullified, and superseded: Joint Concurrent Resolution No. 2, 1901; House Joint Resolution No. 1, 1905; Senate Joint Resolution No. 1, 1907; House Joint Memorial No. 7, 1911; House Joint Resolution No. 13, 1963; and Senate Joint Resolution No. 5, 1965.

BE IT FURTHER RESOLVED, that the Legislature of the State of Montana urges the Legislatures of each and every state that has applied to Congress to call a convention for either a general or a limited constitutional convention to repeal and rescind the applications.

BE IT FURTHER RESOLVED, that the Secretary of State is directed to send copies of this resolution to the Secretary of State of each state in the Union, to the presiding officers of both houses of the Legislatures of each state in the Union, to the President of the United States Senate, to the Speaker of the United States House of Representatives, and to the Montana Congressional Delegation.

HOUSE JOINT RESOLUTION NO. 45

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING AN INTERIM STUDY TO IDENTIFY INADEQUACIES IN AND PROPOSE OPTIONS TO IMPROVE STATE SYSTEMS THAT DO NOT ALLOW FOR THE ACCURATE AND CONSISTENT SPELLING AND USE OF EVERY CITIZEN'S FULL LEGAL NAME; REQUESTING THAT THE STUDY ENGAGE THE EXPERTISE AVAILABLE WITHIN THE DEPARTMENT OF ADMINISTRATION; AND REQUIRING A REPORT OF THE STUDY'S FINDINGS, CONCLUSIONS, AND RECOMMENDATIONS.

WHEREAS, Montana residents periodically experience delays or difficulties in conducting their business or personal affairs if there is a discrepancy between the resident's name as presented on a state-issued document and the name as it appears on other identification or business documents that a resident may be asked to present, particularly regarding the proper or customary use of spacing, uppercase and lowercase letters, apostrophes, hyphens, and other symbols; and

WHEREAS, name formats on some state-issued documents may be constrained because of limitations in the information technology or other systems used by state agencies or because of external requirements arising from interfaces between state information technology systems and information technology systems maintained by other governmental entities or third parties.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislative Council be requested to designate an appropriate interim committee, pursuant to section 5-5-217, MCA, or direct sufficient staff resources to identify issues and develop options to ensure that whenever state agency information technology systems are upgraded or replaced or whenever

business processes for issuing state-authorized driver's licenses, identification cards, permits, certificates, or other similar credentials specific to an individual person are reviewed and revised, state agencies use "best practices" and alternatives that record or present a person's full legal name in a consistent format or manner that includes such typographical characters as apostrophes, hyphens, and other symbols as part of the person's name and that uses customary style conventions, such as uppercase and lowercase lettering, as appropriate.

BE IT FURTHER RESOLVED, that the committee work closely with the Department of Administration, particularly the Information Technology Services Division, to identify the cost-effective application of technology in other public jurisdictions and the private sector that potentially is adaptable for use by the state to address the challenges posed by inadequate or antiquated technology currently used by the state.

BE IT FURTHER RESOLVED, that if the study is assigned to staff, any findings or conclusions be presented to and reviewed by an appropriate committee designated by the Legislative Council.

BE IT FURTHER RESOLVED, that all aspects of the study, including presentation and review requirements, be concluded prior to September 15, 2008.

BE IT FURTHER RESOLVED, that the final results of the study, including any findings, conclusions, comments, or recommendations of the appropriate committee, be reported to the 61st Legislature.

Adopted April 11, 2007

HOUSE JOINT RESOLUTION NO. 46

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING THAT AN APPROPRIATE INTERIM COMMITTEE OR SUFFICIENT STAFF RESOURCES BE ASSIGNED TO DEVELOP LEGISLATION THAT PROVIDES FOR A COMPREHENSIVE CLEANUP AND CLARIFICATION OF CURRENT ELECTION LAWS, INCLUDING THE POSSIBLE REVISIONS TO MAIL BALLOT ELECTION LAWS TO REQUIRE OR PERMIT THAT ALL ELECTIONS BE CONDUCTED BY MAIL BALLOT; AND PROVIDING THAT THE DRAFT LEGISLATION BE PRESENTED TO THE 61ST LEGISLATURE FOR CONSIDERATION.

WHEREAS, Title 13, chapter 19, of the Montana Code Annotated allows local elections to be conducted by mail as a cost-effective and efficient alternative for conducting an election by requiring electors to vote at the polls; and

WHEREAS, current law that allows absentee voting and late registration has resulted in a significant increase in absentee voting, which demonstrates that absentee voting is a popular alternative to voting only at the polling place on election day; and

WHEREAS, a mail ballot election is essentially absentee voting; and

WHEREAS, all elections in Oregon are conducted by mail, which has proven for Oregon to be not only cost-effective but to have significantly improved voter participation; and

WHEREAS, Montana's election laws have undergone significant changes in the past 20 years due to federal legislation, including changes required by the Voting Accessibility for the Elderly and Handicapped Act, the Uniformed and Overseas Citizens Absentee Voting Act, the National Voter Registration Act of 1993, and the Help America Vote Act of 2002; and

WHEREAS, Montana's election laws have also undergone significant revision due to state-level legislation revising absentee voting, voter registration, and mail ballot elections; and

WHEREAS, in the past 20 years, there has not been a comprehensive examination of the election statutes or comprehensive legislation to clean up, clarify, and better coordinate all the election statutes;

WHEREAS, most recently, bill draft request LC 1503, which would have provided that all elections be conducted by mail, highlighted the fact that current statutes on mail ballot elections are outdated, inadequate, and unwieldy and that there are significant gaps and overlaps in laws with respect to not only mail ballot elections, but also with respect to absentee and provisional voting and accessibility for elderly and disabled voters; and

WHEREAS, work already completed on LC 1503 lays a foundation for developing comprehensive legislation concerning mail ballot elections, absentee and provisional voting, and accessibility so that all elections could be conducted by mail; and

WHEREAS, despite the amount of work already completed on LC 1503, more work is required so that a technically sufficient bill can be properly considered and debated by the Legislature and so that the legislation will not only update current laws but will enhance the integrity of the process for voter registration, for absentee, provisional, and mail ballots, and for signature verification; and

WHEREAS, assigning this project to an interim committee or to staff during the interim would provide greater opportunity for public participation and discussion among all interested persons and stakeholders with respect to Montana's election laws, especially concerning mail ballot elections and absentee voting.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislative Council be requested to designate an appropriate interim committee, pursuant to section 5-5-217, MCA, or direct sufficient staff resources to draft legislation to provide for a comprehensive update, clarification, and cleanup of current election law statutes and to require or permit all elections to be conducted by mail.

BE IT FURTHER RESOLVED, that the legislation be drafted with input from the Office of the Secretary of State, local election administrators, interested persons and organizations, and the general public.

BE IT FURTHER RESOLVED, that if assigned to staff, the draft legislation be presented to and reviewed by an appropriate interim committee designated by the Legislative Council.

BE IT FURTHER RESOLVED, that the draft legislation be completed and presented to the appropriate interim committee prior to September 15, 2008.

BE IT FURTHER RESOLVED, that the draft legislation, including any findings, conclusions, comments, or recommendations of the appropriate committee, be reported to the 61st Legislature.

WHEREAS, the Montana Legislature established the statewide genetics program in the Department of Public Health and Human Services in 1985; and

WHEREAS, the Department of Public Health and Human Services issues a request for proposals to contract for the statewide genetics program; and

WHEREAS, the statewide genetics program provides unique clinical and laboratory services to diagnose and treat genetic disorders, as well as to prevent genetic disorders by determining a person's risk factors and providing information to help manage high-risk pregnancies; and

WHEREAS, the statewide genetics program holds clinics in towns throughout the state each year to allow Montanans to obtain genetics services without traveling to Helena; and

WHEREAS, if the statewide genetics program no longer existed, Montanans could obtain similar genetic services only by going out of state; and

WHEREAS, the statewide genetics program is highly respected and well-recognized within the field of genetics; and

WHEREAS, the Montana Legislature in 1985 established a fee on each Montana resident insured under any individual or group disability or health insurance policy, including those insured through the state employee insurance plan, to fund the statewide genetics program; and

WHEREAS, the Montana Legislature has amended the genetics program fee four times since its imposition and is again considering a change in the level of the fee; and

WHEREAS, creating a stable and equitable source of funding will benefit not only the statewide genetics program, but also Montanans who use the program and the Montana economy.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislative Council be requested to designate an appropriate interim committee, pursuant to section 5-5-217, MCA, or direct sufficient staff resources to:

(5) make recommendations for maintaining an effective statewide genetics program, including but not limited to recommendations for providing a stable and equitable source of funding for the program.

BE IT FURTHER RESOLVED, that if the study is assigned to staff, any findings or conclusions be presented to and reviewed by an appropriate committee designated by the Legislative Council.

BE IT FURTHER RESOLVED, that all aspects of the study, including presentation and review requirements, be concluded prior to September 15, 2008.

HOUSE JOINT RESOLUTION NO. 48

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING THAT AN INTERIM COMMITTEE STUDY HEALTH INSURANCE REFORM AND PUBLICLY FUNDED HEALTH CARE PROGRAMS.

WHEREAS, the cost of health care is increasing at a rate higher than the rate of consumer inflation and is driving up costs of businesses, workers, retirees, and state and local governments for health insurance or health care coverage; and

WHEREAS, an estimated 19% of the Montana population remains without health insurance coverage while still needing access to health care; and

WHEREAS, the State of Montana has previously sought to expand health insurance coverage by establishing the Insure Montana program to help small employers provide health insurance to employees, the Montana Comprehensive Health Association plan to help high-risk individuals obtain health insurance coverage, and the Children's Health Insurance Program to provide health insurance coverage for uninsured, low-income children; and

WHEREAS, health care insurance represents a significant component of public budgets, and the control of escalating health insurance costs would help to control public budgets; and

WHEREAS, states regulate health insurance and have the flexibility to revise and reform the way in which health insurance is offered at the state level; and

WHEREAS, many states are determining how best to reform their health care or health insurance systems in an attempt to reduce costs to individuals and employers and reduce the number of uninsured residents; and

WHEREAS, the health care and health insurance systems are complex, and changes to these systems are of interest to health care providers, health insurers, businesses, labor groups, government bodies, and consumers.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislative Council be requested to designate an appropriate interim committee or an appropriate combination of interim committees, pursuant to section 5-5-217, MCA, or direct sufficient staff resources to study and make recommendations on reforms of the Montana health insurance and health care systems, including publicly funded health care programs. The study must include all interested parties in addressing:

(1) the creation of a system of universal, portable, affordable health insurance coverage for all Montanans that involves private health insurance issuers and that incorporates existing public programs; and

(2) ways to improve the quality, affordability, and delivery of health care.

BE IT FURTHER RESOLVED, that in exploring options for a universal, portable, affordable, private health insurance system, the study examine the concept of a health insurance exchange and the ways in which a health insurance exchange could be implemented in Montana.

BE IT FURTHER RESOLVED, that in exploring the options for providing a universal, portable, affordable, private health insurance system, the study consider the following factors:

(1) similar reforms enacted in other states, including the cost of the reforms to the state and to consumers, the extent to which the reforms have improved the availability and affordability of health insurance coverage, and barriers that states may have encountered and overcome to improve newly enacted health insurance coverage systems;

(2) the advantages and disadvantages of mandating the private universal coverage;

(3) the ways in which existing state-supported private insurance programs, including the Insure Montana program and the Montana Comprehensive Health Association plan, may be incorporated into any reforms;

(4) whether public employee health benefit programs should be included in a reformed system;

(5) potential changes to publicly funded health care programs, including the Medicaid program and the Children's Health Insurance Program, to maximize the use of federal funds and to ensure broader coverage of those in need of assistance;

(6) the ways in which health care providers handle uncompensated care, including whether those costs are shifted to other entities or individuals, and an estimate of the uncompensated costs;

(7) ways in which the state could work with the federal government on integrating aspects of health care services and programs operated by the federal government, including the Indian Health Service, into the state's health care system;

(8) other issues related to access to health care, including access in rural areas; and

(9) the potential for coordinating state health care workforce planning with federal, state, and private funding for medical education.

BE IT FURTHER RESOLVED, that if the study is assigned to staff, any findings or conclusions be presented to and reviewed by an appropriate committee designated by the Legislative Council.

BE IT FURTHER RESOLVED, that all aspects of the study, including presentation and review requirements, be concluded prior to September 15, 2008.

HOUSE JOINT RESOLUTION NO. 50

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING THAT AN APPROPRIATE INTERIM COMMITTEE STUDY MONTANA'S PSYCHIATRIC PRECOMMITMENT EXAMINATION, DETENTION, AND TREATMENT PROCESS AND COSTS.

WHEREAS, section 53-21-132, MCA, requires Montana counties to serve as the payor of last resort for the psychiatric precommitment examination, detention, and treatment costs incurred when a court order has been sought to commit a seriously mentally ill person to the Montana State Hospital; and

WHEREAS, psychiatric precommitment evaluations for which counties have been billed have ranged in duration from 3 days to more than 45 days; and

WHEREAS, the lack of time limits on psychiatric precommitment evaluations not only creates uncertainty for a person subject to commitment proceedings, but also may delay the person's placement in the most appropriate treatment setting; and

WHEREAS, the lack of time limits on psychiatric precommitment evaluations also creates financial uncertainty for Montana's counties, resulting in unanticipated costs.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislative Council be requested to designate an appropriate interim committee, pursuant to section 5-5-217, MCA, or direct sufficient staff resources to:

(1) study the ways in which the psychiatric precommitment examination, detention, and treatment provisions of state law have been used across the state, including the number of days that individuals are in precommitment evaluation status in each county;

(2) determine the amount of money that Montana's county governments have paid for psychiatric precommitment examination, detention, and treatment, including the trends in those costs over time; and

(3) review the number of people committed to the Montana State Hospital pursuant to the provisions of Title 53, chapter 21, part 1, MCA, including the number of people committed from each Montana county.

BE IT FURTHER RESOLVED, that the study involve discussions with county officials, mental health providers, District Judges, County Attorneys, the Office of State Public Defender, the Department of Public Health and Human Services, and mental health advocates to provide needed information on ways to streamline the system for both mental health consumers and county governments.

BE IT FURTHER RESOLVED, that the committee identify alternatives to the current psychiatric precommitment examination, detention, and treatment process that would:

(1) allow timely resolution of commitment proceedings to ensure that a person who is subject to a commitment proceeding is placed in the most appropriate treatment setting as quickly as possible; and

(2) improve a county government's ability to predict and budget for the costs of psychiatric precommitment evaluations.

BE IT FURTHER RESOLVED, that if the study is assigned to staff, any findings or conclusions be presented to and reviewed by an appropriate committee designated by the Legislative Council.

BE IT FURTHER RESOLVED, that all aspects of the study, including presentation and review requirements, be concluded prior to September 15, 2008.

control disorder listed in the Diagnostic and Statistical Manual of Mental Disorders of the American Psychiatric Association; and

HOUSE JOINT RESOLUTION NO. 57

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA PROVIDING FOR AN INTERIM STUDY OF CONSERVATION EASEMENTS ON STATE TRUST LANDS.

WHEREAS, citizens of the State of Montana value the preservation of traditional uses on school trust lands of grazing, farming, timber harvest, and general recreation; and

WHEREAS, if a conservation easement was purchased on school trust land, the public would get to examine and comment on that agreement to see how traditional uses are affected before the easement was finalized; and

WHEREAS, if valuable school trust lands are sold, the traditional uses on these lands could be lost; and

WHEREAS, the Department of Natural Resources and Conservation is charged with managing the state's school trust lands in a manner that derives revenue for the support of the common schools, the University System, and other state institutions; and

WHEREAS, the Department of Natural Resources and Conservation is currently working to increase the revenue earned from school trust lands by diversifying existing uses on school trust lands; and

WHEREAS, conservation easements are an effective tool available to protect these traditional uses while preserving the long-term value of trust lands and retaining the trust land base; and

WHEREAS, the money raised from the purchase of conservation easements on school trust lands is deposited in a nondistributable permanent trust, the interest of which can be used to benefit schools and other trust beneficiaries; and

WHEREAS, the money invested from the purchase of a conservation easement plus the money derived from annual leases or licenses for traditional uses can make traditional uses more financially lucrative for the schools and other trust beneficiaries.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislative Council be requested to designate an appropriate interim committee, pursuant to section 5-5-217, MCA, or direct sufficient staff resources to:

(1) evaluate the benefits to the various trusts of granting easements in terms of years and in perpetuity;

(2) assess the alternatives with regard to appropriate entities to hold conservation easements on state trust land;

(3) analyze how or if conservation easements can ensure that multiple use management occurs;

(4) evaluate the effectiveness and cost or benefit to the various trusts of continuing traditional classified uses as part of the terms of a conservation easement;

(5) determine options and alternatives for providing the continuance of recreational uses that were in place prior to an easement being granted; and

(6) evaluate opportunities for the Department of Natural Resources and Conservation to partner with other organizations to acquire state trust lands that have restricted development rights, which would lower land acquisition costs while also perpetuating traditional uses of the land.

BE IT FURTHER RESOLVED, that if the study is assigned to staff, any findings or conclusions be presented to and reviewed by an appropriate committee designated by the Legislative Council.

BE IT FURTHER RESOLVED, that all aspects of the study, including presentation and review requirements, be concluded prior to September 15, 2008.

HOUSE JOINT RESOLUTION NO. 59

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING THAT THE LEGISLATIVE COUNCIL DESIGNATE AN APPROPRIATE INTERIM COMMITTEE OR ASSIGN SUFFICIENT STAFF RESOURCES TO STUDY PUBLIC EMPLOYEE RETIREMENT SYSTEMS AND PRODUCE A LEGISLATOR'S GUIDE ON MONTANA'S PUBLIC EMPLOYEE RETIREMENT PLANS THAT INCLUDES COMPARISONS OF PLAN DESIGN AND FUNDING OPTIONS AND OFFERS FINDINGS AND RECOMMENDATIONS.

WHEREAS, the fair value of invested assets of Montana's public employee retirement systems is in excess of $7 billion; and

WHEREAS, the actuarial accrued liabilities of the retirement systems amount to $7.8 billion; and

WHEREAS, the excess actuarial unfunded liability has caused actuarial unsoundness in the teachers', public employees', and sheriffs' retirement systems; and

WHEREAS, actuarial soundness is required by the Montana Constitution under Article VIII, Section 15, and Montana's current statutory law, section

19-2-409, MCA, interprets actuarial soundness to be actuarial funding sufficient to amortize system unfunded liabilities over 30 years or less; and

WHEREAS, to address the actuarial unsoundness of the teachers' and public employees' retirement systems, the Legislature during the December 2005 special session appropriated from the general fund to the teachers' retirement system $100 million and to the public employees' retirement system $25 million and during this 2007 regular session is considering appropriating additional millions to the teachers' retirement system; and

WHEREAS, the current structure and funding of Montana's public employee retirement plans is set by statute, making it the Legislature's duty to ensure that statutory provisions reflect sound policy principles that balance considerations about actuarial soundness, employer objectives, employee retirement savings, and Montana's tax base; and

WHEREAS, previous Legislatures and interim legislative committees have laid a foundation upon which this and the next Legislature can continue to build; and

WHEREAS, the public employee retirement boards, directors, attorneys, and actuaries can assist the Legislature by providing information, research, and analysis to evaluate strengths and weaknesses, identify alternatives, and make recommendations; and

WHEREAS, pursuant to section 5-5-228, MCA, the State Administration and Veterans' Affairs Interim Committee is responsible for the legislative oversight of the public employee retirement plans; and

WHEREAS, a legislator's guide on Montana's retirement systems that is updated before each legislative session and that may be explained to legislators is a valuable resource that will assist Montana's Legislature in making informed retirement policy and funding decisions.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislative Council be requested to designate an appropriate interim committee, pursuant to section 5-5-217, MCA, or direct sufficient staff resources to study public employee retirement systems and produce for the next Legislature a legislator's guide that includes:

(1) a brief history of Montana's retirement plans;

(2) a concise summary of the rationale for the current retirement plan features of Montana's public employee retirement systems, including but not limited to vesting, early retirement, disability, postretirement benefit adjustments, postretirement earning limits, service purchase and rollover provisions, and benefit formulas;

(3) an overview of and background on policy principles established by the State Administration and Veterans' Affairs Interim Committee pursuant to section 5-5-228(2)(b), MCA, the retirement boards, and the Board of Investments;

(4) a review of current trends and best practices in public retirement plan design and funding, including a compilation of research and analysis comparing and contrasting options such as money purchase plans, cash balance plans, floor plans, pension equity plans, deferred retirement option plans, and other hybrid defined benefit and defined contribution retirement plans;

(5) a comparison of Montana's public employee retirement systems with current trends and best practices, and identification of viable alternatives to current structure and funding;

(6) a general analysis of the fiscal implications of potential plan design changes on employee and employer contributions, retirement savings, investment responsibilities, and funding obligations; and

(7) findings and recommendations, including recommendations from the Teachers' Retirement Board, the Public Employees' Retirement Board, and the Board of Investments, on whether Montana's public employee retirement plans should be updated or changed and if so, how, to best serve public employers, public employees, and all people of Montana.

BE IT FURTHER RESOLVED, that the Public Employees' Retirement Board, the Teachers' Retirement Board, the Board of Investments, and the National Conference of State Legislatures be requested to provide assistance and technical expertise in gathering and analyzing information, identifying and analyzing options, and developing findings and recommendations.

BE IT FURTHER RESOLVED, that if considered necessary by the designated interim committee, the Legislative Council be requested to authorize the expenditure of interim committee resources for consulting services.

BE IT FURTHER RESOLVED, that if the study is assigned as a staff study rather than a committee study, the State Administration and Veterans' Affairs Interim Committee provide guidance and oversight.

BE IT FURTHER RESOLVED, that all aspects of the study, including presentation and review requirements, be concluded prior to September 15, 2008.

BE IT FURTHER RESOLVED, that informational briefings on the public employee retirement systems be made available to the next Legislature, including a briefing from the presiding officer of the State Administration and Veterans' Affairs Interim Committee.

BE IT FURTHER RESOLVED, that the final results of the study, including any findings, conclusions, comments, or recommendations of the appropriate committee, be reported to the 61st Legislature.

HOUSE JOINT RESOLUTION NO. 61

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING AN INTERIM STUDY TO ASSESS THE CONFORMITY OF MONTANA'S INCOME TAX LAWS WITH FEDERAL INCOME TAX LAWS AND TO CONSIDER REORGANIZING CERTAIN PROVISIONS OF MONTANA'S INCOME TAX LAWS; AND REQUIRING THAT THE FINAL RESULTS OF THE STUDY BE REPORTED TO THE 61ST LEGISLATURE.

WHEREAS, the Montana individual income tax is the largest source of general fund revenue; and

WHEREAS, the corporation license tax is a significant source of general fund revenue; and

WHEREAS, most states that impose individual income taxes and corporation net income taxes have laws that conform, to varying degrees, with federal income tax laws in the determination of gross income and the use of allowable deductions; and

WHEREAS, conformity with federal income tax laws facilitates both taxpayer compliance with and the administration of a state's income tax laws; and

WHEREAS, many states routinely enact conforming legislation with federal income tax laws; and

WHEREAS, a state's conforming legislation may also include provisions to "decouple" from certain elements of federal income tax laws; and

WHEREAS, Montana law provides that individual income taxes and corporation net income taxes are, for the most part, intricately tied to the Internal Revenue Code of 1986, as amended; and

WHEREAS, because Montana does not routinely enact conforming legislation with federal income tax laws, the state may be improperly delegating much of its tax policy and taxing authority to the federal government; and

WHEREAS, certain business activities in a state, including Montana, may be treated for state income tax purposes in ways that are different for federal income tax purposes; and

WHEREAS, the existing organizational structure of Montana's income tax laws may be confusing to taxpayers, tax preparers, and tax administrators alike; and

WHEREAS, the Montana Legislature finds that a study of Montana's conformity with federal income tax laws is long overdue.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislative Council be requested to designate an appropriate interim study committee or statutory committee, pursuant to section 5-5-217, MCA, or direct sufficient staff resources to:

(1) conduct a general review of federal income tax laws;

(2) review Montana statutory provisions that conform with or are related to federal income tax laws and statutory provisions that do not conform with federal income tax laws and the reasons for nonconformity;

(3) analyze the legal implications of Montana's income tax provisions as they relate to federal income tax laws;

(4) review the extent of other states' conformity or nonconformity with federal income tax law;

(5) review the differences between federal income tax laws and state income tax laws in the tax treatment of business activities; and

(6) determine whether improvements may be made to Montana's income tax laws to give the state more control over its tax policy and taxing authority.

BE IT FURTHER RESOLVED, that the study may also consider whether consolidating or reorganizing certain provisions of Montana's income tax laws would provide for more transparency in the compliance with and the administration of the state's income tax laws.

BE IT FURTHER RESOLVED, that the study consider the views of:

(1) certified public accountants;

(2) tax attorneys;

(3) taxpayer groups;

(4) representatives of agricultural groups;

(5) representatives of natural resource groups;

(6) representatives of pass-through entities;

(7) representatives of C corporations;

(8) the department of revenue; and

(9) other persons with knowledge of state and federal income tax laws.

BE IT FURTHER RESOLVED, that if the study is assigned to staff, any findings or conclusions be presented to and reviewed by an appropriate committee designated by the Legislative Council.

BE IT FURTHER RESOLVED, that all aspects of the study, including presentation and review requirements, be concluded before September 15, 2008.

BE IT FURTHER RESOLVED, that the final results of the study, including any findings, conclusions, comments, or recommendations of the committee, be reported to the 61st Legislature.

(2) Only a member may sit in a member's chair when the House is in session.

(3) The Speaker may, in the Speaker's discretion or as authorized by the House, create and appoint select committees, designating the chairman and vice chairman of the select committee. Select committees may request or receive legislation in the same manner as a standing committee and are subject to the rules of standing committees.

H30-30. Quorum — officers as members. (1) A quorum of a committee is a majority of the members of the committee. A quorum of a committee must be present at a meeting to act officially. A quorum of a committee may transact business, and a majority of the quorum, even though it is a minority of the committee, is sufficient for committee action.

(2) The Speaker, the majority leader, and the minority leader are ex officio, nonvoting members of all House committees. They may count toward establishing a quorum.

H30-40. Meetings. (1) All meetings of committees must be open to the public at all times, subject always to the power and authority of the chairman to maintain safety, order, and decorum. The date, time, and place of committee meetings must be posted.

All committees are encouraged to provide at least 3 legislative days notice to members of committees and the general public. However, a meeting may be held upon notice appropriate to the circumstances.

(5) A committee may not meet during the time the House is in session without leave of the Speaker. Any member attending such a meeting must be considered excused to attend business of the House subject to a call of the House.

(d) all motions and their disposition;

(e) the results of all votes;

(f) references to the recording log, sufficient to serve as an index to the original recording; and

(g) testimony and exhibits submitted in writing.

H30-50. Procedures. (1) The chairman shall notify the sponsor of any bill pending before the committee of the time and place it will be considered.

(2) A standing or select committee may not take up referred legislation unless the sponsor or one of the cosponsors is present or unless the sponsor has given written consent.

(3) The committee shall act on each bill in its possession:

(a) by reporting the bill out of the committee:

(i) with the recommendation that it be referred to another committee;

(ii) favorably as to passage; or

(iii) unfavorably; or

(b) by tabling the measure in committee.

(4) The committee may not report a bill to the House without recommendation.

(5) The committee may recommend that a bill on which it has made a favorable recommendation by unanimous vote be placed on the consent calendar.

(6) In reporting a measure out of committee, a committee shall include in its report:

(a) the measure in the form reported out;

(b) the recommendation of the committee;

(c) an identification of all substantive changes; and

(d) a fiscal note, if required.

(7) If a measure is withdrawn from a committee and brought to the House floor for debate on second reading on that day without a committee recommendation, the bill does not include amendments formally adopted by the committee.

(8) A second to any motion offered in a committee is not required in order for the motion to be considered by the committee.

(9) The vote of each member on all committee actions must be recorded. All motions may be adopted only on the affirmative vote of a majority of the members voting.

(10) A motion to take a bill from the table may be adopted by the affirmative vote of a majority of the members present at any meeting of the committee.

(11) An action formally taken by a committee may not be altered in the committee except by reconsideration and further formal action of the committee.

(12) A committee may reconsider any action as long as the matter remains in the possession of the committee. A committee member need not have voted with the prevailing side in order to move reconsideration.

(13) Any legislation requested by a committee requires three-fourths of all members of the committee to vote in favor of the question to allow the committee to request the drafting or introduction of legislation. Votes requesting drafting and introduction of committee legislation may be taken jointly or separately.

(14) The chairman shall decide points of order.

(15) The privileges of committee members include the following:

(a) to participate freely in committee discussions and debate;

(b) to offer motions;

(c) to assert points of order and privilege;

(d) to question witnesses upon recognition by the chairman;

(e) to offer any amendment to any bill; and

(f) to vote, either by being present or by proxy, using a standard form or through the vice chairman or minority vice chairman.

(16) Any meeting of a committee held through the use of telephone or other electronic communication must be conducted in accordance with Chapter 3 of the House Rules.

(17) A committee may consolidate into one bill any two or more related bills referred to it whenever legislation may be simplified by the consolidation.

(18) Committee procedure must be informal, but when any questions arise on committee procedure, the rules or practices of the House are applicable except as stated in the House Rules.

H30-60. Public testimony. (1) Testimony from proponents, opponents, and informational witnesses must be allowed on every bill or resolution before a standing or select committee. All persons, other than the sponsor, offering testimony shall complete a "Witness Form" and submit it to the committee secretary.

(2) Any person wishing to offer testimony to a committee hearing a bill or resolution must be given a reasonable opportunity to do so, orally or in writing. Written testimony may not be required of any witness, but all witnesses must be encouraged to submit a statement in writing for the committee's official record.

(3) The chairman may order the committee room cleared of visitors if there is disorderly conduct. During committee meetings, visitors may not speak unless called upon by the chairman. Restrictions on time available for testimony may be announced.

(4) The number of people in a committee room may not exceed the maximum posted by the State Fire Marshal. The chairman shall maintain that limit.

(5) In any committee meeting, the use of cameras, television, radio, or any form of telecommunication equipment is allowed, but the chairman may designate the areas of the hearing room from which the equipment must be operated.

CHAPTER 4

Legislation

H40-10. Introduction deadlines. If a representative accepts drafted legislation from the Legislative Services Division after the deadline for preintroduction, the representative may not introduce that legislation after 2 legislative days from the time the bill was accepted from the Legislative Services Division.

H40-20. House resolutions. (1) A House resolution is used to adopt or amend House rules, make recommendations on the districting and apportionment plan (Montana Constitution, Art. V, Sec. 14), express the sentiment of the House, or assist House operations.

(2) As to drafting, introduction, and referral, a House resolution is treated as a bill. A House resolution may be requested and introduced at any time. Final passage of a House resolution is determined by the Committee of the Whole report. A House resolution does not progress to third reading.

(3) The Chief Clerk shall transmit a copy of each passed House resolution to the Senate and the Secretary of State.

H40-30. Cosponsors. (1) Prior to submitting legislation to the Chief Clerk for introduction, the chief sponsor may add representatives and senators as cosponsors by having them sign the legislation.

(2) After legislation is submitted for introduction but before the legislation returns from the first House committee, the chief sponsor may add or remove cosponsors by filing a cosponsor form with the Chief Clerk. This filing must be noted by the Chief Clerk for the record on Order of Business No. 11.

H40-40. Introduction — receipt. (1) During a session, proposed House legislation may be introduced in the House by submitting it, endorsed with the signature of a representative as chief sponsor, to the Chief Clerk for introduction. Except for the first 15 bill numbers that may be reserved for preintroduced legislation, in each session of the Legislature, the proposed legislation must be numbered consecutively by type in the order of receipt. Submission and numbering of properly endorsed legislation constitutes introduction.

(2) Preintroduction of legislation prior to a session under provisions of the joint rules constitutes introduction in the House.

(3) Acknowledgment by the Chief Clerk of receipt of legislation or other matters transmitted from the Senate for consideration by the House constitutes introduction of the Senate legislation in the House or receipt by the House for purposes of applying time limits contained in the House rules. All legislation may be referred to a committee prior to being read across the rostrum as provided in H40-50.

(4) Acknowledgment by the Chief Clerk of receipt of messages from the Senate or other elected officials constitutes receipt by the House for purposes of any applicable time limit. Senate legislation or messages received from the Senate or elected officials are subject to all other rules.

H40-50. First reading. Legislation properly introduced or received in the House must be announced across the rostrum and public notice provided. This announcement constitutes first reading, and no debate or motion is in order except that a representative may question adherence to rules. Acknowledgment by the Chief Clerk of receipt of legislation transmitted from the Senate commences the time limit for consideration of the legislation. All legislation received by the House may be referred to a committee prior to being read across the rostrum.

H40-60. One reading per day. Except on the final legislative day, legislation may receive no more than one reading per legislative day. On the final legislative day, legislation may receive more than one reading.

H40-70. Referral. (1) The Speaker shall refer to a House committee, joint select committee, or joint special committee all properly introduced House legislation and transmitted Senate legislation in conformity to the committee jurisdiction.

(2) Legislation may not receive final passage and approval unless it has been referred to a House committee, joint select committee, or joint special committee.

H40-80. Rereferral — normal progression. (1) Except as provided in subsection (2), legislation that is in the possession of the House and that has not been finally disposed of may be rereferred to a House committee by House motion approved by not less than three-fifths of the members present and voting.

(2) Legislation that is in the possession of the House and that has been reported from a committee with a do pass or be concurred in recommendation may be rereferred to a House committee by a majority vote.

(3) The normal progress of legislation through the House consists of the following steps in the order listed: introduction; referral to a standing or select committee; a report from the committee; second reading; and third reading.

H40-90. Legislation withdrawn from committee. Legislation may be withdrawn from a House committee by House motion approved by not less than three-fifths of the members present and voting.

H40-100. Standing committee reports. (1) A House standing committee recommendation of "do pass" or "be concurred in" must be announced across the rostrum and, if there is no objection to form, is considered adopted.

(2) A recommendation of "do not pass" or "be not concurred in" must be announced across the rostrum and, on the following legislative day, may be debated and adopted or rejected on Order of Business No. 2. A motion to reject an adverse committee report must be approved by not less than three-fifths of the members voting. Failure to adopt a motion to reject an adverse committee report constitutes adoption of the report.

(3) If the House rejects an adverse committee report, the bill progresses to second reading, as scheduled by the Speaker, with any amendments recommended by the committee.

H40-110. Consent calendar procedure. (1) Noncontroversial bills and simple and joint resolutions may be recommended for the consent calendar by a standing committee and processed according to the following provisions:

(a) To be eligible for the consent calendar, the legislation must receive a unanimous vote by the members of the standing committee in attendance (do pass, do pass as amended). In addition, a motion must be made and passed unanimously to place the legislation on the consent calendar and this action reflected in the committee report. Appropriation or revenue bills may not be recommended for the consent calendar.

(b) The legislation must then be sent to be processed and reproduced as a third reading version and specifically marked as a "consent calendar" item.

(2) Other legislation may be placed on the consent calendar by agreement between the Speaker and the minority leader following a positive recommendation by a standing committee. The legislation must be sent to be processed as a second reading version but must be specifically announced and posted as a "consent calendar" item.

(3) Legislation must be posted immediately (as soon as it is received appropriately printed) on the consent calendar and must remain there for 1 legislative day before consideration under Order of Business No. 11, special orders of the day. At that time, the presiding officer shall announce consideration of the consent calendar and allow "reasonable time" for questions and answers upon request. No debate is allowed.

(4) If any one representative submits a written objection to the placement of legislation on the consent calendar, the legislation must be removed from the consent calendar and added to the regular second reading board.

(5) Consent calendar legislation will be considered on Order of Business No. 8, third reading of bills, following the regular third reading agenda, as separately noted on the agenda.

(6) Legislation on the consent calendar must be considered individually with the roll call vote spread on the journal as the final vote in the House.

(7) Legislation passed on the consent calendar must then be transmitted to the Senate. Legislation must be appropriately printed prior to transmittal.

H40-120. Legislation requiring other than a majority vote. Legislation that requires other than a majority vote for final passage needs only a majority vote for any action that is taken prior to third reading and that normally requires a majority vote.

H40-130. Amending House second and third reading agendas. (1) A majority of representatives present may rearrange or remove legislation from either the second or third reading agenda on that legislative day.

(2) Legislation may be added to the second or third reading agenda on that legislative day on a motion approved by not less than three-fifths of the members present and voting.

H40-140. Second reading. (1) Legislation returned from committee may be placed on second reading unless otherwise ordered by the House.

(2) The House shall form itself into a Committee of the Whole to consider business on second reading. The Committee of the Whole may debate legislation, attach amendments, and recommend approval or disapproval of legislation.

(3) Except on the final legislative day, at least 1 legislative day must elapse between the time legislation is reported from committee and the time it is considered on second reading.

(4) If a motion to recommend that a bill "do pass" or "be concurred in" fails in the Committee of the Whole, the obverse, i.e., a recommendation that the bill "do not pass" or "be not concurred in", is considered to have passed. If a motion to recommend that a bill "do not pass" or "be not concurred in" fails in the Committee of the Whole, the obverse, i.e., a recommendation that the bill "do pass" or "be concurred in", is considered to have passed.

(5) An amendment attached to legislation by the Committee of the Whole remains unless removed by further legislative action.

(6) When the Committee of the Whole reports to the House, the House shall adopt or reject the Committee of the Whole report. If the House rejects the Committee of the Whole report, the legislation remains on second reading, as amended by the Committee of the Whole, unless the House orders otherwise.

(7) A representative may move to segregate legislation from the Committee of the Whole report before the report is adopted. Segregated legislation, as amended by the Committee of the Whole, must be placed on second reading unless the House orders otherwise. Amendments adopted by the Committee of the Whole on segregated legislation remain adopted unless reconsidered or unless the legislation is rereferred to a committee.

H40-150. Amendments in the Committee of the Whole. (1) All Committee of the Whole amendments must be checked by the House amendments coordinator for format, style, clarity, consistency, and other factors, in accordance with the most recent Bill Drafting Manual published by the Legislative Services Division, before the amendment may be accepted at the rostrum. The amendment form must include the date and time the amendment is submitted for that check.

(2) An amendment submitted to the rostrum for consideration by the Committee of the Whole must be marked as checked by the amendments coordinator and signed by a representative. Unless the majority leader, the minority leader, and sponsor agree, amendments must be printed and placed on the members' desks prior to consideration.

(3) An amendment may not be proposed until the sponsor has opened on a bill.

(4) A copy of every amendment rejected by the Committee of the Whole must be kept as part of the official records.

(5) An amendment may not change the original purpose of the bill.

H40-160. Motions in the Committee of the Whole. (1) When the House resolves itself into a Committee of the Whole, the only motions in order are to:

(a) amend;

(b) recommend passage or nonpassage;

(c) recommend concurrence or nonconcurrence;

(d) reconsider;

(e) pass consideration;

(f) call for cloture;

(g) rise, rise and report, or rise and report progress and beg leave to sit again; and

(h) to change the order in which legislation is placed on the agenda.

(2) Subsections (1)(d) through (1)(g) are nondebatable but may be amended. Once a motion under subsection (1)(b) or (1)(c) is made, a contrary motion is not in order.

(3) If a quorum of representatives is not present during second reading, the Committee of the Whole may conduct no business on legislation and a motion for a call of the House without a quorum is in order.

H40-170. Limits on debate in the Committee of the Whole. (1) A representative may not speak more than once on the motion and may speak for no more than 5 minutes. The representative who makes the motion may speak a second time for 5 minutes in order to close.

(2) After at least two proponents and two opponents have spoken on a question and 30 minutes have elapsed, a motion to call for cloture is in order. Approval by not less than two-thirds of the members present and voting is required to sustain a motion for cloture. Notwithstanding the passage of a motion to end debate, the sponsor of the motion on which debate was ended may close.

(3) By previous agreement of the majority leader and the minority leader:

(a) a lead proponent and a lead opponent may be granted additional time to speak on a bill;

(b) a bill or resolution may be allocated a predetermined amount of time for debate and number of speakers.

H40-180. Special provisions for debate on the general appropriations bill. (1) The Appropriations Committee chairman, in presenting the bill, is not subject to the 5-minute speaking limitation.

(2) Each appropriations subcommittee chairman shall fully present the chairman's portion of the bill. A subcommittee chairman is not subject to the 5-minute speaking limitation.

(3) After the presentation by the subcommittee chairman, the respective section of the bill is open for debate, questions, and amendments. A proposed amendment to the general appropriations act may not be divided.

(4) An amendment that affects more than one section of the bill must be offered when the first section affected is considered.

(5) Following completion of the debate on each section, that section is closed and may not be reopened except by majority vote.

(6) If a member moves to reopen a section for amendment, only the amendment of that member may be entertained. Another member wishing to amend the same section shall make a separate motion to reopen the section.

(7) Debate on the motion to reopen a section is limited to the question of reopening the section. The amendment itself may not be debated at that time. This limitation does not prohibit the member from explaining the amendment to be considered.

(8) A motion for cloture is not in order during debate on the general appropriations bill.

H40-190. Engrossing. (1) After legislation is passed on second reading, it must be engrossed within 48 hours under the direction of the Speaker. The Speaker may grant additional time for engrossing.

(2) When the legislation that has passed second reading, as amended, has been correctly engrossed, it may be placed on third reading on the following legislative day. If the bill is not amended, the bill must be sent to printing. On the final legislative day, the correctly engrossed legislation may be placed on third reading on the same legislative day. For the purposes of this rule, "engrossing" means placing amendments in a bill.

H40-200. Third reading. (1) All bills, joint resolutions, and Senate amendments to House bills and joint resolutions passing second reading must be placed on third reading the day following the receipt of the engrossing or other appropriate printing report.

(2) Legislation on third reading may not be amended or debated.

(3) The Speaker shall state the question on legislation on third reading. If a majority of the representatives voting does not approve the legislation, it fails to pass third reading.

H40-210. Senate legislation in the House. Senate legislation properly transmitted to the House must be treated as House legislation.

H40-220. Senate amendments to House legislation. (1) When the Senate has properly returned House legislation with Senate amendments, the House shall announce the amendments on Order of Business No. 4, and the Speaker shall place them on second reading for debate. The Speaker may rerefer House legislation with Senate amendments to a committee for a hearing if the Senate amendments constitute a significant change in the House legislation. The second reading vote is limited to consideration of the Senate amendments.

(2) If the House accepts Senate amendments, the House shall place the final form of the legislation on third reading to determine if the legislation, as amended, is passed or if the required vote is obtained.

(3) If the House rejects the Senate amendments, the House may request the Senate to recede from its amendments or may direct appointment of a conference committee and request the Senate to appoint a like committee.

H40-230. Conference committee reports. (1) When a House conference committee files a report, the report must be announced under Order of Business No. 3. A tie vote in a conference committee on the question of a recommendation to the whole House on a matter referred for a conference results in the matter passing out to the whole House for consideration without recommendation.

(2) The House may debate and adopt or reject the conference committee report on second reading on any legislative day. The House may reconsider its action in rejecting a conference committee report under rules for reconsideration, H50-160.

(3) If both the House and the Senate adopt the same conference committee report on legislation requiring more than a majority vote for final passage, the House, following approval of the conference committee report on third reading, shall place the final form of the legislation on third reading to determine if the required vote is obtained.

(4) If the House rejects a conference committee report, the committee continues to exist unless dissolved by the Speaker or by motion. The committee may file a subsequent report.

(5) A House conference committee may confer regarding matters assigned to it with any Senate conference committee with like jurisdiction and submit recommendations for consideration of the House.

H40-240. Enrolling. (1) When House legislation has passed both houses, it must be enrolled within 48 hours under the direction of the Speaker. The Speaker may grant additional time for enrolling.

(2) The chief sponsor of the legislation shall examine the enrolled legislation and, if it has no enrolling errors, shall, within 1 legislative day, certify the legislation as correctly enrolled.

(3) The correctly enrolled legislation must be delivered to the Speaker, who shall sign the legislation.

(4) After the legislation has been reported correctly enrolled but before it is signed, any representative may examine the legislation.

H40-250. Governor's amendments. (1) When the Governor returns a bill with recommended amendments, the House shall announce the amendments under Order of Business No. 5.

(2) The House may debate and adopt or reject the Governor's recommended amendments on second reading on any legislative day.

(3) If both the House and the Senate accept the Governor's recommended amendments on a bill that requires more than a majority vote for final passage, the House shall place the final form of the legislation on third reading to determine if the required vote is obtained.

H40-260. Governor's veto. (1) When the Governor returns a bill with a veto, the House shall announce the veto under Order of Business No. 5.

(2) On any legislative day, a representative may move to override the Governor's veto by a two-thirds vote under Order of Business No. 9.

CHAPTER 5

Floor Actions

H50-10. Attendance. (1) A representative, unless excused, is required to be present at every sitting of the House.

(2) A representative may request in writing to be excused for a specified cause by the representative's party leader. This excused absence is not a leave with cause from a call of the House.

H50-20. Quorum. (1) A quorum of the House is fifty-one representatives (Montana Constitution, Art. V, Sec. 10).

(2) Any representative may question the lack of a quorum at any time a vote is not being taken. The question is nondebatable, may not be amended, and is resolved by a roll call.

(3) The House may conduct no business without a quorum, except that representatives present may convene, compel the attendance of absent representatives, or adjourn.

H50-30. Call of the House without a quorum. (1) In the absence of a quorum, a majority of the representatives present may compel the attendance of absent representatives through a call of the House without a quorum. The motion for the call is nondebatable, may not be amended, and is in order at any time it has been established that a quorum is not present.

(2) During a call of the House, all business is suspended. No motion is in order except a motion to adjourn or to remove the call.

(3) When a quorum has been achieved under the call, the call is automatically lifted. The call may also be lifted by adjournment or by two-thirds of the representatives present and voting.

H50-40. Call of the House with a quorum. (1) If a quorum is present but at least one representative is excused or absent, one-third of the representatives present and voting may order a call of the House with a quorum.

(2) The motion for a call is nondebatable, may not be amended, and is in order at any time a vote is not being taken, except that a call of the House with a quorum is not allowed in the Committee of the Whole.

(3) During a call of the House, all business is suspended. No motion is in order except a motion to adjourn or to remove the call.

(4) When all representatives are present, except those on leave with cause, the call is automatically lifted. The call may also be lifted by adjournment or by two-thirds of the representatives present and voting.

H50-50. Leave with cause. (1) During a call of the House, a representative with an overriding medical or personal reason may request a leave with cause.

(2) If the representative is present at the time of the call, the Speaker may approve a request for a leave with cause.

(3) If the representative is not present at the time of the call, two-thirds of the representatives present and voting may approve a request for leave with cause.

(4) During a call of the House, a representative on leave with cause may not cast an absentee vote.

H50-60. Motions. (1) Any representative may propose a motion allowed by the rules for the order of business under which the motion is offered for the consideration of the House. Unless otherwise specified in rule or law, a majority of representatives voting is necessary and sufficient to decide a motion.

(2) Seconds to motions on the House floor are not required.

(3) Absentee votes are not allowed on votes that are specified as "representatives present and voting".

(4) The majority leader shall make routine procedural motions required to conduct the business of the House.

H50-70. Limits on debate of debatable motions. (1) Except for the representative who places a debatable motion before the body, no representative may speak more than once on the question unless a unanimous House consents. The representative who places the motion may close.

(2) No representative may speak for more than 10 minutes on the same question, except that a representative may have 5 minutes to close.

H50-80. Nondebatable motions. (1) A representative has the right to understand any question before the House and, usually under the administration of the presiding officer, may ask questions to exercise this right.

(2) The following motions are nondebatable:

(a) to adjourn;

(b) for a call of the House;

(c) to recess or rise;

(d) for parliamentary inquiry;

(e) to table or take from the table;

(f) to call for the previous question or cloture;

(g) to amend a nondebatable motion;

(h) to divide a question;

(i) to postpone consideration to a day certain;

(j) to suspend the rules;

(k) all incidental motions, such as motions relating to voting or of a general procedural nature; and

(l) to appeal a call to order.

H50-90. Questions. A representative may, through the presiding officer, ask questions of another representative during a floor session. There is no limit on questions and answers, except as provided in H20-50.

H50-100. Amending motions — limitations. (1) A representative may move to amend the specific provisions of a motion without changing its substance.

(2) No more than one motion to amend a motion is in order at any one time.

(3) A motion for a call of the House, for the previous question, to table, or to take from the table may not be amended.

H50-110. Substitute motions. (1) When a question is before the House, no substitute motion may be made except the following, which have precedence in the order listed:

(a) to adjourn;

(b) for a call of the House;

(c) to recess or rise;

(d) for a question of privilege;

(e) to table;

(f) to call for the previous question or cloture;

(g) to postpone consideration to a day certain;

(h) to refer to a committee; and

(i) to propose amendments.

(2) Nothing in this section allows a motion that would not otherwise be allowed under a particular order of business.

(3) (a) Except as provided in subsection (3)(b), no more than one substitute motion is in order at any one time.

(b) A motion for cloture is in order on a substitute motion to amend.

H50-120. Withdrawing motions. A representative who proposes a motion may withdraw it before it is voted on or amended.

H50-130. Dividing a question. Except as provided in H40-180, a representative may request to divide a question as a matter of right if it includes two or more propositions so distinct that they can be separated and if at least one substantive question remains after one substantive question is removed.

H50-140. Previous question. (1) If a majority of representatives present and voting adopts a motion for the previous question, debate is closed on the question and it must be brought to a vote. The Speaker may not entertain a motion to end debate unless at least one proponent and one opponent have spoken on the question.

(2) Notwithstanding the passage of a motion to end debate, the sponsor of the motion on which debate was ended may close.

H50-150. Questions requiring other than a majority vote. The following questions require the vote specified for each condition:

100 House Members

(1) a motion to approve a bill to appropriate the principal of the tobacco settlement trust fund (two-thirds);

(2) a motion to approve a bill to appropriate the principal of the coal severance tax trust fund (three-fourths);

(9) a motion to call for cloture (two-thirds);

(10) a motion to take from the table in Committee of the Whole (three-fifths).

Entire Legislature

(1) a motion to approve a bill proposing to amend the Montana Constitution (two-thirds of the entire Legislature).

H50-160. Reconsideration. (1) Any representative may, within 1 legislative day of a vote, move to reconsider the House vote on any matter still within the control of the House.

(2) A motion for reconsideration, unless tabled or replaced by a substitute motion, must be disposed of when made.

(3) When a motion for reconsideration fails, the question is finally settled. A motion for reconsideration may not be renewed or reconsidered.

(4) A motion to recall legislation from the Senate constitutes a motion to reconsider and is subject to the same rules.

(5) A motion for reconsideration is not in order on a vote to postpone to a day certain or to table legislation.

(6) There may be only one reconsideration vote on a specific issue on a legislative day.

H50-170. Renewing procedural motions. The House may renew a procedural motion if further House business has intervened.

H50-180. Tabling. (1) Under Order of Business No. 9, a representative may move to table any question, motion, or legislation before the House except the question of a quorum or a call of the House. The motion is nondebatable and may not be amended.

(2) When a matter has been tabled, a representative may move to take it from the table under Order of Business No. 9 on any legislative day.

H50-190. Voting. (1) The representatives shall vote to decide any motion or question properly before the House. Each representative has one vote.

(2) The House may, without objection, use a voice vote on procedural motions that are not required to be recorded in the journal. If a representative rises and objects, the House shall record the vote.

(3) The House shall record the vote on all substantive questions. If the voting system is inoperable, the Chief Clerk shall record the representatives' votes by other means.

(4) A member who is present shall vote unless the member has disclosed a conflict of interest to the House. A member may be present for a vote by electronic means.

H50-200. Changing a vote. (1) A representative may move to change the representative's vote within 1 legislative day of the vote. The motion is nondebatable. The motion must be made on Order of Business No. 9, motions. All of the members present and voting are required to consent to the change in order for it to be effective.

(2) The representative making the motion shall first specify the bill number, the question, and the original vote tally. A vote may not be changed if it would affect the outcome of legislation.

(3) A vote change must be entered into the journal as a notation that the member's vote was changed. The original printed vote will not be reprinted to reflect the change.

(4) An error caused by a malfunction of the voting system may be corrected without a vote.

H50-210. Absentee votes. (1) An excused representative may file an absentee vote authorization form to vote during the excused absence on any vote for which absentee voting is allowed.

(2) An excused representative shall sign an absentee vote authorization form that specifies the motion and the desired vote.

(3) The absentee vote authorization form must be handed in at the rostrum by the party whip or designated representative before voting on the motion has commenced.

(4) The absentee vote authorization may be revoked before the vote by the member who signed the authorization.

(5) Absentee voting is not allowed on third reading.

H50-220. Recess. The House may stand at ease or recess under any order of business by order of the Speaker or a majority vote. The recess may be ended at the call of the chair or at a time specified.

H50-230. Adjournment for a legislative day. (1) A representative may move that the House adjourn for that legislative day. The motion is nondebatable and may be made under any order of business except Order of Business No. 7.

(2) A motion to adjourn for a legislative day must specify a date and time for the House to convene on the subsequent legislative day.

H50-240. Adjournment sine die. A representative may move that the House adjourn for the session. The motion is nondebatable and may be made under any order of business except Order of Business No. 7.

CHAPTER 6

Motions

H60-10. Proposal for consideration. (1) Every question presented to the House or a committee must be submitted as a definite proposition.

(2) A representative has the right to understand any question before the House and, under the authority of the presiding officer, may ask questions to exercise this right.

H60-20. Nondebatable motions. The following motions, in addition to any other motion specifically designated, must be decided without debate:

(1) to adjourn;

(2) for a call of the House;

(3) to recess or rise;

(4) for parliamentary inquiry;

(5) to table or to take from the table;

(6) to call for the previous question or for cloture;

(7) to amend a nondebatable motion;

(8) to divide a question;

(9) to postpone consideration to a day certain;

(10) to suspend the rules; and

(11) all incidental motions, such as motions relating to voting or of a general procedural nature.

H60-30. Motions allowed during debate. (1) When a question is under debate, only the following motions are in order. The motions have precedence in the following order:

(a) to adjourn;

(b) for a call of the House;

(c) to recess or rise;

(d) for a question of privilege;

(e) to table or take from the table;

(f) to call for the previous question or cloture;

(2) This section does not allow a motion that would not otherwise be allowed under a particular order of business.

(3) Only one substitute motion is in order at any time.

H60-40. Motions to adjourn or recess. (1) A motion to adjourn or recess is always in order, except:

(a) when the House is voting on another motion;

(b) when the previous question has been ordered and before the final vote;

(c) when a member entitled to the floor has not yielded for that purpose; or

(d) when business has not been transacted after the defeat of a motion to adjourn or recess.

(2) The vote by which a motion to adjourn or recess is carried or fails is not subject to a motion to reconsider.

H60-50. Motion to table. (1) A motion to table, if carried, has the effect of postponing action on the proposition to which it was applied until superseded by a motion to take from the table.

(2) The vote by which a motion to table is carried or fails cannot be reconsidered.

(3) A motion to table is not in order after the previous question has been ordered.

H60-60. Motion to postpone. A motion to postpone to a day certain may be amended and is debatable within narrow limits. The merits of the proposition that is the subject of the motion to postpone may not be debated.

H60-70. Motion to refer. When a motion is made to refer a subject to a standing committee or select committee, the question on the referral to a standing committee must be put first.

H60-80. Terms of debate on motion to refer or rerefer. (1) A motion to refer or rerefer is debatable within narrow limits. The merits of the proposition that is the subject of the motion may not be debated.

(2) A motion to refer or rerefer with instructions is fully debatable.

H60-100. Moving the previous question after a motion to table. (1) If a motion to table is made directly to a main motion, a motion for the previous question is not in order.

(2) If an amendment to a main motion is pending and a motion to table is made, the previous question may be called on the main motion, the pending amendment, and the motion to table the amendment.

H60-110. Standard motions. The following are standard motions:

(1) moving House bills or resolutions on second reading, "Mister/Madam Chairman, I move that when this committee does rise and report after having under consideration House Bill ___, that it recommend the same (do pass)/(do pass as amended)/(do not pass)."

(2) moving Senate bills and Senate amendments to House bills, "Mister/Madam Chairman, I move that when this committee does rise and report after having under consideration Senate Bill ___/Senate amendments to House Bill ___, that it recommend the same (be concurred in)/(be not concurred in)."

(3) Committee of the Whole floor amendments, "Mister/Madam Chairman, I move that House Bill ___/Senate Bill ___ be amended and request that the amendment be posted and deemed read."

(4) introducing visitors, "Mister/Madam Speaker/Chairman, I request that we be off the record and out of the journal."

(5) changing a vote, "Mister Speaker, I would like my vote changed on House Bill ___/Senate Bill ___ from (yes/no) to (yes/no). The question on the bill was ( ) with a vote tally of ____ for and ____ against."

(6) question another representative, "Mister/Madam Speaker/Chairman, would Representative ___ yield to a question?"

CHAPTER 7

Rules

H70-10. House rules. (1) The House may adopt, through a House resolution passed by a majority of its members, rules to govern its proceedings.

(2) After adoption of the House rules, two-thirds of the representatives voting must vote in favor of the question to amend the rules.

(3) The Speaker shall refer to the House Rules Committee all resolutions for House rules.

(4) The House Rules Committee shall report all resolutions for House rules within 1 legislative day of referral.

H70-20. Tenure of rules. Rules adopted by the House remain in effect until removed by House resolution or until a new House is elected and takes office.

H70-30. Suspension of rules. The House may suspend a House rule on a motion approved by not less than two-thirds of the members voting.

H70-40. Supplementary rules. Mason's Manual of Legislative Procedure (2000) governs House proceedings in all cases not covered by House rules.

H70-50. Interpreting rules. The Speaker shall interpret all questions on House rules, subject to appeal by any 15 representatives to the House Rules Committee. Unless the delay would cause legislation to fail to meet a scheduled deadline, the House Rules Committee may consider and report on the appeal on the next legislative day. The decision of the House Rules Committee may be appealed to the House by any representative.

H70-60. Joint rules superseded. A House rule, insofar as it relates to the internal proceedings of the House, supersedes a joint rule.

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REVISING AND ADOPTING THE JOINT LEGISLATIVE RULES.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the following Joint Rules be adopted:

JOINT RULES OF THE MONTANA
SENATE AND HOUSE OF REPRESENTATIVES
CHAPTER 10
Administration

10-10. Time of meeting. Each house may order its time of meeting.

10-20. Legislative day — duration. (1) If either house is in session on a given day, that day constitutes a legislative day.

(2) A legislative day for a house ends either 24 hours after that house convenes for the day or at the time the house convenes for the following legislative day, whichever is earlier.

10-30. Schedules. The presiding officer of each house shall coordinate its schedule to accommodate the workload of the other house.

10-40. Adjournment — recess — meeting place. A house may not, without the consent of the other, adjourn or recess for more than 3 days or to any place other than that in which the two houses are sitting (Montana Constitution, Art. V, Sec. 10(5)).

10-50. Access of press. Subject to the presiding officer's discretion on issues of decorum and order, an accredited press representative may not be prohibited from photographing, televising, or recording a legislative meeting or hearing.

10-60. Conflict of interest. A member who has a personal or private interest in any measure or bill proposed or pending before the Legislature shall disclose the fact to the house to which the member belongs. (section 2-2-112, MCA)

10-70. Telephone calls and internet access. (1) Long-distance telephone calls made by a member while the Legislature is in session or while the member is in travel status are considered official legislative business. These include but are not limited to calls made to constituencies, places of business, and family members. A member's access to the internet through a permissible server is a proper use of the state communication system if the use is for

legislative business or is within the scope of permissible use of long-distance telephone calls.

(2) Session staff, including aides and interns, may use telephones for long-distance calls only if specifically authorized to do so by their legislative sponsor or supervisor. Sponsoring members and supervisors are accountable for use of state telephones and internet access by their staff, including aides and interns, and may not authorize others to use state phones or state servers to access the internet.

(3) Permanent staff of the Legislature shall comply with executive branch rules applying to the use of state telephones.

10-80. Joint employees. The presiding officers of each house, acting together, shall:

(1) hire joint employees; and

(2) review a dispute or complaint involving the competency or decorum of a joint employee, and dismiss, suspend, or retain the employee.

10-85. Harassment prohibited. (1) Legislators and legislative employees have the right to work free of harassment on account of race, color, sex, culture, social origin or condition, or religious ideas when performing services in furtherance of legislative responsibilities, whether the offender is an employer, employee, legislator, lobbyist, or member of the public.

(2) A violation of this policy must be reported to the party leader in the appropriate house if the offended party is a legislator or to the presiding officer if the offended party is the party leader. The presiding officer may refer the matter to the rules committee of the applicable house, and the offender is subject to discipline or censure, as appropriate.

(3) If the offended party is an employee of the house of representatives or the senate, the violation must be reported to the employee's supervisor or, if the offender is the supervisor for the house of representatives or the senate, the report should be made to the chief clerk of the house of representatives or to the secretary of the senate, as appropriate. If the offended party is a permanent legislative employee, the report should be made to the employee's supervisor or, if the offender is the supervisor, to the appropriate division director. If the offender is a division director, the report should be made to the presiding officer of the appropriate statutory committee.

(4) If the offended party is a supervisor for the house of representatives or the senate, the violation must be reported to the chief clerk of the house of representatives or to the secretary of the senate, as appropriate. If the offended party is a supervisor of permanent legislative employees, the violation must be reported to the appropriate division director. If the offender is a division director, the report should be made to the presiding officer of the appropriate statutory committee.

(5) The chief clerk or the secretary shall report the violation to the presiding officer. The presiding officer may refer the matter to the rules committee. If the offender is an employee or supervisor, the employee or supervisor is subject to discipline or discharge.

10-100. Legislative Services Division. (1) The staff of the Legislative Services Division shall serve both houses as required.

(2) Staff members shall:

(a) maintain personnel files for legislative employees; and

(b) prepare payrolls for certification and signature by the presiding officer and prepare a monthly financial report.

10-120. Engrossing and enrolling staff — duties. (1) The Legislative Services Division shall provide all engrossing and enrolling staff.

(2) The duties of the engrossing and enrolling staff are:

(a) to engross or enroll any bill or resolution delivered to them within 48 hours after it has been received, unless further time is granted in writing by the presiding officer of the house in which the bill originated; and

(b) to correct clerical errors, absent the objection of the sponsor of a bill, resolution, or amendment and the Secretary of the Senate or the Chief Clerk of the House of Representatives in any bill or amendment originating in the house by which the Clerk or Secretary is employed. The following kinds of clerical errors may be corrected:

(i) errors in spelling;

(ii) errors in numbering sections;

(iii) additions or deletions of underlining or lines through matter to be stricken;

(iv) material copied incorrectly from the Montana Code Annotated;

(v) errors in outlining or in internal references;

(vi) an error in a title caused by an amendment;

(vii) an error in a catchline caused by an amendment;

(viii) errors in references to the Montana Code Annotated; and

(ix) other nonconformities of an amendment with Bill Drafting Manual form.

(3) The engrossing and enrolling staff shall give notice in writing of the clerical correction to the Secretary of the Senate or the Chief Clerk of the House and to the sponsor of the bill or amendment. The sponsor shall sign the clerical form to acknowledge notification of the clerical correction. The signed form must be filed in the office of the amendments coordinator. A party receiving notice may register an objection to the correction by filing the objection in writing within 24 hours after receipt of the notice.

(4) If a committee is the sponsor of a bill or resolution, any committee member designated by the chair may be the principal sponsor for the purpose of this section. If a committee has proposed an amendment, the chair is the principal sponsor for the purpose of this section.

(5) For the purposes of this rule, "engrossing" means placing amendments in a bill.

10-130. Bills. (1) A bill draft request must be sponsored by a member of the Legislature.

(2) A bill must be:

(a) printed on paper with numbered lines;

(b) numbered at the foot of each page (except page 1);

(c) covered with a cover page of substantial material; and

(d) introduced.

(3) In a section amending an existing statute, matter to be stricken out must be indicated with a line through the words or part to be deleted, and new matter must be underlined.

(4) Sections of the Montana Code Annotated repealed or amended in a bill must be stated in the title.

(5) Introduced bills must be reproduced on white paper and distributed to members.

(6) An introduced bill may not be withdrawn.

10-140. Voting. (1) A bill may not become a law except by vote of the constitutionally required majority of all the members present and voting in each house (Montana Constitution, Art. V, Sec. 11(1)). On final passage, the vote must be taken by ayes and noes and the names of those voting entered on the journal (Montana Constitution, Art. V, Sec. 11(2)).

(2) Any vote in one house on a bill proposing an amendment to The Constitution of the State of Montana under circumstances in which there exists the mathematical possibility of obtaining the necessary two-thirds vote of the Legislature will cause the bill to progress as though it had received the majority vote.

10-150. Recording and publication of voting. (1) Every vote of each member on each substantive question in the Legislature, in any committee, or in Committee of the Whole must be recorded and made public. On final passage of any bill or joint resolution, the vote must be taken by ayes and noes and the names entered on the journal.

(2) (a) Roll call votes must be taken by ayes and noes and the names entered on the journal on adopting an adverse committee report and on those motions made in Committee of the Whole to:

(i) amend;

(ii) recommend passage or nonpassage;

(iii) recommend concurrence or nonconcurrence; or

(iv) indefinitely postpone.

(b) The text of all proposed amendments must be recorded.

(3) A roll call vote must be taken on nonsubstantive questions on the request of two members who may, on any vote, request that the ayes and noes be spread upon the journal.

(4) Roll call votes and other votes that are to be made public but are not specifically required to be spread upon the journal must be entered in the minutes of the appropriate committee or of the appropriate house (Montana Constitution, Art. V, Sec. 11(2)). A copy of the minutes must be filed with the Montana Historical Society. If electronically recorded minutes are kept for a committee, a written log conforming to section 2-3-212(2), MCA, must also be kept.

10-160. Journal. Each house shall:

(1) supply the Legislative Services Division with the contents of the daily journal to be stored on an automated system;

(2) examine its journal and order correction of any errors; and

(3) distribute a daily journal to all members.

10-170. Journals — authentication — availability. (1) The journal of the Senate must be authenticated by the signature of the President and the journal of the House of Representatives by the signature of the Speaker.

(2) The Legislative Services Division shall make the completed journals available to the public (sections 5-11-201 through 5-11-203, MCA).

CHAPTER 30

Committees

30-10. Committee chair. Except as provided in Joint Rule 30-50, the chair of the Senate committee is the chair of all joint committees.

30-20. Voting in joint committees. (1) Except for Rules Committees and conference committees, a member of a joint committee votes individually and not by the house to which the committee member belongs.

(2) Because the Rules Committees and conference committees are joint meetings of separate committees, in those committees the committees from each house vote separately. A majority of each committee shall agree before any action may be taken, unless otherwise specified by individual house rules.

30-30. Conference committees. (1) If either house requests a conference and appoints a committee for the purpose of discussing an amendment on which the two houses cannot agree, the other house shall appoint a committee for the same purpose. The time and place of all conference committee meetings must be agreed upon by their chairs and announced from the rostrum. This announcement is in order at any time. Failure to make this announcement does not affect the validity of the legislation being considered. A conference committee meeting must be conducted as an open meeting, and minutes of the meeting must be kept.

(2) A conference committee, having conferred, shall report to the respective houses the result of its conference. A conference committee shall confine itself to consideration of the disputed amendment. The committee may recommend:

(a) acceptance or rejection of each disputed amendment in its entirety; or

(b) further amendment of the disputed amendment.

(3) If either house requests a free conference committee and the other house concurs, appointments must be made in the same manner as above. A free conference committee may discuss a bill in its entirety and is not confined to a particular amendment.

30-40. Conference committee — enrolling. A conference committee report must give clerical instructions for a corrected reference bill and for enrolling by referring to the reference bill version.

30-50. Committee consideration of appropriation bills. (1) All bills providing for an appropriation of public money may first be considered by a joint committee composed of the members of the Senate Finance and Claims Committee and the House Appropriations Committee, and then by each separately.

(2) Meetings of the joint committee must be held upon call of the chair of the House Appropriations Committee, who is chair of the joint committee.

(3) The committee chair of the Senate Finance and Claims Committee or of the House Appropriations Committee may be a voting member in the joint subcommittees if:

(a) either house has fewer members on the joint subcommittees;

(b) the chair represents the house with fewer members on the subcommittees; and

(c) the chair is present for the vote at the time that a question is called. A vote may not be held open to facilitate voting by a chair.

30-60. Estimation of revenue. The Revenue and Transportation Interim Committee shall introduce a House joint resolution for the purpose of estimating revenue that may be available for appropriation by the Legislature.

30-70. Appointment of interim committees. As provided for in section 5-5-211(6), MCA, 50% of interim committees must be selected from the following legislative standing committees:

(1) Economic Affairs Interim Committee:

(a) Senate Agriculture, Livestock, and Irrigation Committee;

(b) Senate Business, Labor, and Economic Affairs Committee;

(c) Senate Finance and Claims Committee;

(b) Senate Highways and Transportation Committee;

(c) Senate Finance and Claims Committee;

(d) House Taxation Committee;

(e) House Transportation Committee; and

(f) House Appropriations Committee;

(6) State Administration and Veterans' Affairs Interim Committee:

(a) Senate State Administration Committee;

(b) Senate Finance and Claims Committee;

(c) House State Administration Committee; and

(d) House Appropriations Committee;

CHAPTER 40

Legislation

40-10. Amendment to state constitution. A bill must be used to propose an amendment to The Constitution of the State of Montana. The bill is not subject to the veto of the Governor (Montana Constitution, Art. VI, Sec. 10(1)).

40-20. Appropriation bills. (1) All appropriation bills must originate in the House of Representatives.

(2) Appropriation bills for the operation of the Legislature must be introduced by the chair of the House Appropriations Committee.

40-30. Effective dates. (1) Except as provided in subsections (2) through (4), a statute takes effect on October 1 following its passage and approval unless a different time is prescribed in the enacting legislation.

(2) A law appropriating public funds for a public purpose takes effect on July 1 following its passage and approval unless a different time is prescribed in the enacting legislation.

(3) A statute providing for the taxation or imposition of a fee on motor vehicles takes effect on the first day of January following its passage and approval unless a different time is prescribed in the enacting legislation.

(4) A joint resolution takes effect on its passage unless a different time is prescribed therein (sections 1-2-201 and 1-2-202, MCA).

40-40. Bill requests and introduction — limits and procedures. (1) Prior to a regular session, a person entitled to serve in that session, hereafter referred to as a "member", is entitled to request bill drafting services from the Legislative Services Division, subject to the following limits:

(a) Prior to 5 p.m. on December 5 preceding a regular session of the Legislature, a member may request an unlimited number of bills and resolutions to be prepared by the Legislative Services Division for introduction in the regular session.

(b) After 5 p.m. on December 5, a member may request no more than seven bills or resolutions to be prepared by the Legislative Services Division. At least five of the seven bills or resolutions must be requested before the regular session convenes.

(c) After December 5, a member, in the member's discretion, may grant to any other member any of the remaining bill or resolution requests the granting member has not used. A bill requested by an individual may not be transferred to another legislator but may be introduced by another legislator.

(d) These limitations on bill and resolution requests do not apply to:

(i) Code Commissioner bills;

(ii) a bill or resolution requested by a standing committee; and

(iii) a bill or resolution requested by a member at the request of a newly elected state official if so designated.

(2) The staff of the Legislative Services Division shall work on bill draft requests in the order received. After a member has requested the drafting of five bills, the sixth bill request and all subsequent bill requests of that member must receive a lower drafting priority than all other bills of members not in excess of five per member. The Speaker of the House, the minority leader of the House, the President of the Senate, and the minority leader of the Senate may each direct the staff of the Legislative Services Division to assign a higher priority to 10 draft requests. The staff of the Legislative Services Division shall assign a higher priority to any bill draft request when jointly directed by:

(a) the President of the Senate, the minority leader of the Senate, the Speaker of the House, and the minority leader of the House; or

(b) the House and the Senate.

(3) Bills and resolutions must be reviewed by the staff of the Legislative Services Division prior to introduction for proper format, style, and legal form. The staff of the Legislative Services Division shall store bills on the automated bill drafting equipment and shall print and deliver them to the requesting members. The original bill cover must be signed to indicate review by the Legislative Services Division. A bill may not be introduced unless it is so signed.

(4) (a) During a session, a bill may be introduced by endorsing it with the name of a member and presenting it to the Chief Clerk of the House of Representatives or the Secretary of the Senate. Bills or joint resolutions may be sponsored jointly by Senate and House members. A jointly sponsored bill must be introduced in the house in which the member whose name appears first on the bill is a member. The chief joint sponsor's name must appear immediately to the right of the first sponsor's name. Except as provided in subsection (4)(b), in each session of the Legislature, bills, joint resolutions, and simple resolutions must be numbered consecutively in separate series in the order of their receipt.

(b) The first 15 House bills may be reserved for preintroduced bills.

(5) (a) Any bill proposed by an interim or statutory legislative committee or introduced by request of an administrative or executive agency or department must be so indicated by placing after the names of the sponsors the phrase "By Request of the..... (Name of committee or agency)". The phrase may not be added to an introduced bill and may not be placed on a bill whose subject matter was requested by an agency or statutory or interim committee prior to the convening of the session. Unless requested by an individual member, a bill draft request submitted at the request of an agency must be submitted to, reviewed

by, and requested by the appropriate interim or statutory committee. Except as provided in subsection (5)(b), an agency or committee bill request must be preintroduced or the request is canceled. Preintroduction must occur no later than 5 p.m. on the fifth working day prior to the convening of a legislative session. Preintroduction is accomplished when the Legislative Services Division receives a signed preintroduction form.

(b) The preintroduction requirement does not apply to an office held by an elected official during the official's first year in that office or to bills requested by a joint select or joint special committee appointed prior to the convening of the legislative session to address a specific issue.

(6) Bills may be preintroduced, numbered, and reproduced prior to a legislative session by the staff of the Legislative Services Division. Actual signatures of persons entitled to serve as members in the ensuing session may be obtained on a consent form from the Legislative Services Division and the sponsor's name printed on the bill. Additional sponsors may be added on motion of the chief sponsor at any time prior to a standing committee report on the bill. These names will be forwarded to the Legislative Services Division to be included on the face of the bill following standing committee approval.

40-60. Joint resolutions. (1) A joint resolution must be adopted by both houses and is not approved by the Governor. It may be used to:

(a) express desire, opinion, sympathy, or request of the Legislature;

(b) request, but not require, a legislative entity to conduct an interim study;

(c) adopt, amend, or repeal the joint rules;

(d) approve construction of a state building under section 18-2-102 or 20-25-302, MCA;

(e) deal with disasters and emergencies under Title 10, specifically as provided in sections 10-3-302(3), 10-3-303(3), 10-3-303(4), and 10-3-505(5), MCA;

(h) ratify or propose amendments to the United States Constitution; or

(i) advise or request the repeal, amendment, or adoption of a rule in the Administrative Rules of Montana.

(2) A joint resolution may not be used for purposes of congratulating or recognizing an individual or group achievement. Recognition of individual or group achievements is handled on special orders of the day.

(3) Except as otherwise provided in these rules or The Constitution of the State of Montana, a joint resolution is treated in all respects as a bill.

(4) A copy of every joint resolution must be transmitted after adoption to the Secretary of State by the Secretary of the Senate or the Chief Clerk of the House.

40-65. Appropriation required for bills requesting interim studies. A bill including a request for an interim study may not be transmitted to the Governor unless the bill contains an appropriation sufficient to conduct the study. A fiscal note may be requested for a bill requesting an interim study if the appropriation does not appear to be sufficient.

40-70. Bills with same purpose — vetoes. (1) A bill may not be introduced or received in a house after that house, during that session, has finally rejected a bill designed to accomplish the same purpose, except with the approval of the Rules Committee of the house in which the bill is offered for introduction or reception.

(2) Failure to override a veto does not constitute final rejection.

40-80. Reproduction of full statute required. A statute may not be amended or its provisions extended by reference to its title only, but the statute section that is amended or extended must be reproduced or published at length.

40-90. Bills — original purpose. A law may not be passed except by bill. A bill may not be so altered or amended on its passage through either house as to change its original purpose (Montana Constitution, Art. V, Sec. 11(1)).

40-100. Fiscal notes. (1) As provided in Title 5, chapter 4, part 2, MCA, all bills reported out of a committee of the Legislature having a potential effect on the revenues, expenditures, or fiscal liability of the state, local governments, or public schools, except appropriation measures carrying specific dollar amounts, must include a fiscal note incorporating an estimate of the fiscal effect. The Legislative Services Division staff shall indicate at the top of each bill prepared for introduction that a fiscal note may be necessary under this rule. Fiscal notes must be requested by the presiding officer of either house, who, at the time of introduction or after adoption of substantive amendments to an introduced bill, shall determine the need for the note, based on the Legislative Services Division staff recommendation.

(2) The Legislative Services Division shall make available an electronic copy of any bill for which it has been determined a fiscal note may be necessary to the Budget Director immediately after the bill has been prepared for introduction and delivered to the requesting member. The Budget Director may proceed with the preparation of a fiscal note in anticipation of a subsequent formal request. A bill with financial implications for a local government or school district must comply with subsection (4).

(3) The Budget Director, in cooperation with the governmental entity or entities affected by the bill, is responsible for the preparation of the fiscal note. Except as provided in subsection (4), the Budget Director shall return the fiscal note within 6 days unless further time is granted by the presiding officer or committee making the request, based upon a written statement from the Budget Director that additional time is necessary to properly prepare the note.

(4) (a) A bill that may require a local government or school district to perform an activity or provide a service or facility that requires the direct expenditure of additional funds without a specific means to finance the activity, service, or facility in violation of section 1-2-112 or 1-2-113, MCA, must be accompanied, at the time that the bill is presented for introduction, by an estimate of all direct and indirect fiscal impacts on the local government or school district. The estimate of the fiscal impacts must be prepared by the Budget Director in cooperation with a local government or school district affected by the bill.

(b) The Budget Director has 10 days to prepare the estimate. Upon completion of the estimate, the Budget Director shall submit it to the presiding officer and the chief sponsor of the bill.

(5) A completed fiscal note must be submitted by the Budget Director to the presiding officer who requested it. The presiding officer shall notify the bill's chief sponsor of the completed fiscal note and request the chief sponsor's signature. The chief sponsor has 1 legislative day after delivery to review the fiscal note and to discuss the findings with the Budget Director, if necessary. After the legislative day has elapsed, all fiscal notes must be reproduced and placed on the members' desks, either with or without the chief sponsor's signature.

(6) A fiscal note must, if possible, show in dollar amounts:

(a) the estimated increase or decrease in revenues or expenditures;

(b) costs that may be absorbed without additional funds; and

(c) long-range financial implications.

(7) The fiscal note may not include any comment or opinion relative to merits of the bill. However, technical or mechanical defects in the bill may be noted.

(8) A fiscal note also may be requested, through the presiding officer, on a bill and on an amended bill by:

(a) a committee considering the bill;

(b) a majority of the members of the house in which the bill is to be considered, at the time of second reading; or

(c) the chief sponsor.

(9) The Budget Director shall make available on request to any member of the Legislature all background information used in developing a fiscal note.

(10) If a bill requires a fiscal note, the bill may not be reported from a committee for second reading unless the bill is accompanied by the fiscal note.

40-110. Sponsor's fiscal note. (1) If a sponsor elects to request the preparation of a sponsor's fiscal note pursuant to section 5-4-204, MCA, the sponsor shall make the election as provided and return the completed sponsor's fiscal note to the presiding officer within 4 days of the election.

(2) The presiding officer may grant additional time to the sponsor for preparation of the sponsor's fiscal note.

(3) Upon receipt of the completed sponsor's fiscal note, the presiding officer shall refer it to the committee hearing the bill. If the bill is printed, the note must be identified as a sponsor's fiscal note, reproduced, and placed on the members' desks.

(4) The Legislative Services Division shall provide forms for preparation of sponsors' fiscal notes and shall print the completed sponsors' fiscal notes on a different color paper than the fiscal notes prepared by the Budget Director.

40-120. Substitute bills. (1) A committee may recommend that every clause in a bill be changed and that entirely new material be substituted so long as the new material is relevant to the title and subject of the original bill. The substitute bill is considered an amendment and not a new bill.

(2) The proper form of reporting a substitute bill by a committee is to propose amendments to strike out all of the material following the enacting clause, to substitute the new material, and to recommend any necessary changes in the title of the bill.

(3) If a committee report is adopted that recommends a substitute for a bill originating in the other house, the substitute bill must be printed and reproduced.

40-130. Reading of bills. Prior to passage, a bill, other than a bill requested by a joint select or joint special committee as provided in 40-40(5)(b), must be read three times in the house in which it is under consideration. It may be read either by title or by summary of title.

40-140. Second reading — bill reproduction. (1) If the majority of a house adopts a recommendation for the passage of a bill originating in that house after the bill has been returned from a committee with amendments, the bill must be reproduced on yellow paper with all amendments incorporated into the copies.

(2) If a bill has been returned from a committee without amendments, only the first sheet must be reproduced on yellow paper, and the remainder of the text may be incorporated by reference to the preceding version of the entire bill.

(3) A bill requested by and heard by a joint select or joint special committee, as provided in 40-40(5)(b), may be referred directly to second reading. If the bill is passed by the house of origin, the bill must be transmitted to the other house, and if the bill was not amended, it may be placed on second reading without the need for referral to a committee.

40-150. Engrossing. (1) When a bill has been reported favorably by Committee of the Whole of the house in which it originated and the report has been adopted, the bill must be engrossed if the bill is amended. Committee of the Whole amendments must be included in the engrossed bill. If the bill is not amended, the bill must be sent to printing. The bill must be placed on the calendar for third reading on the legislative day after receipt.

(2) Copies of the engrossed bill to be distributed to members are reproduced on blue paper. If a bill is unamended by the Committee of the Whole and

contains no clerical errors, it is not required to be reprinted. Only the first sheet must be reproduced on blue paper, with the remainder of the text incorporated by reference to the preceding version of the entire bill.

(3) If a bill is amended by a standing committee in the second house, the amendments must be included in a tan-colored bill and distributed in the second house for second reading consideration. If the bill is amended in Committee of the Whole, the amendments must be included in a salmon-colored reference bill and distributed in the second house for third reading. If the bill passes on third reading, copies of the reference bill must be distributed in the original house. The original house may request from the second house a specified number of copies of the amendments to be printed.

40-160. Enrolling. (1) When a bill has passed both houses, it must be enrolled. An original and two duplicate printed copies of the bill must be enrolled, free from all errors, with a margin of two inches at the top and one inch on each side. In sections amending existing statutes, new matter must be underlined and deleted matter must be shown as stricken.

(2) When the enrolling is completed, the bill must be examined by the sponsor.

(3) The correctly enrolled bill must be delivered to the presiding officer of the house in which the bill originated. The presiding officer shall sign the original and two copies of each bill not later than the next legislative day after it has been reported correctly enrolled, unless the bill is delivered on the last legislative day, in which case the presiding officer shall sign it that day. The fact of signing must be announced by the presiding officer and entered upon the journal no later than the next legislative day. At any time after the report of a bill correctly enrolled and before the signing, if a member signifies a desire to examine the bill, the member must be permitted to do so. The bill then must be transmitted to the other house where the same procedure must be followed.

(4) A bill that has passed both houses of the Legislature by the 90th day may be:

(a) enrolled;

(b) clerically corrected by the presiding officers, if necessary;

(c) signed by the presiding officers; and

(d) delivered to the Governor or, in the case of a bill proposing a referendum, to the Secretary of State, not later than 5 working days after the 90th legislative day.

(5) All journal entries authorized under this rule must be entered on the journal for the 90th day.

(6) The original and two copies signed by the presiding officer of each house must be presented to the Governor or the Secretary of State, as applicable, in return for a receipt. A report then must be made to the house of the day of the presentation, which must be entered on the journal.

(7) The original must be filed with the Secretary of State. Signed copies with chapter numbers assigned pursuant to section 5-11-204, MCA, must be filed with the Clerk of the Supreme Court and the Legislative Services Division.

40-170. Amendment by second house. (1) Amendments to a bill by the second house may not be further amended by the house in which the bill originated, but must be either accepted or rejected. A bill amended by the second

house when the effect of the combined amendments is to return the bill to the form that the bill passed the house in which the bill originated is not considered to have been amended and need not be returned to the house of origin for acceptance or rejection of the amendments. If the amendments are rejected, a conference committee may be requested by the house in which the bill originated. If the amendments are accepted and the bill is of a type requiring more than a majority vote for passage, the bill again must be placed on third reading in the house of origin.

(2) The vote on third reading after concurrence in amendments is the vote of the house of origin that must be used to determine if the required number of votes has been cast.

40-180. Final action on a bill. (1) When a bill being heard by the second house has received its third reading or has been rejected, the second house shall transmit it as soon as possible to the original house with notice of the second house's action.

(2) A bill that reduces revenue and that contains a contingent voidness provision may not be transmitted to the Governor unless there is an identified corresponding reduction in an appropriation contained in the general appropriations act.

40-190. Transmittal of bills between houses. (1) Each house shall transmit to the other with any bill all relevant papers.

(2) When a House bill is transmitted to the Senate, the Secretary of the Senate shall give a dated receipt for the bill to the Chief Clerk of the House. When a Senate bill is transmitted to the House of Representatives, the Chief Clerk of the House shall give a dated receipt to the Secretary of the Senate.

40-200. Transmittal deadlines. (1) (a) A bill or amendment transmitted after the deadline established in this subsection (1) may be considered by the receiving house only upon approval of two-thirds of its members present and voting. If the receiving house does not so vote, the bill or amendment must be held pending in the house to which it was transmitted.

(b) (i) A bill, except for an appropriation bill, a revenue bill, an interim study resolution, or amendments considered by joint committee, must be transmitted from one house to the other on or before the 45th legislative day.

(ii) Amendments, except to appropriation bills, bills implementing the general appropriations bill, the revenue estimating resolution, interim study resolutions, and revenue bills, must be transmitted from one house to the other on or before the 73rd legislative day.

(c) (i) Revenue bills must be transmitted to the other house on or before the 71st legislative day.

(ii) Amendments to revenue bills, received from the other house, must be transmitted to the house of origin on or before the 82nd legislative day.

(iii) A revenue bill is one that either increases or decreases revenue.

(d) (i) Appropriation bills and any bill implementing provisions of a general appropriation bill must be transmitted to the Senate on or before the 67th legislative day.

(ii) Senate amendments to appropriation bills must be transmitted by the Senate to the House on or before the 80th legislative day.

(2) (a) A joint resolution introduced for the purpose of estimating revenue available for appropriation by the Legislature must be transmitted to the Senate no later than the 60th legislative day.

(b) Amendments to the revenue estimating resolution must be transmitted to the House no later than the 82nd legislative day.

(3) Bills repealing or directing the amendment or adoption of administrative rules and joint resolutions advising or requesting the repeal, amendment, or adoption of administrative rules may be transmitted at any time during a session.

(4) Interim study resolutions must be transmitted from one house to the other on or before the 85th legislative day.

40-210. Governor's veto. (1) Except as provided in 40-65 and 40-180, each bill passed by the Legislature must be submitted to the Governor for the Governor's signature. This does not apply to:

(a) bills proposing amendments to The Constitution of the State of Montana;

(b) bills ratifying proposed amendments to the United States Constitution;

(c) resolutions; and

(d) referendum measures of the Legislature.

(2) If the Governor does not sign or veto the bill within 10 days after its delivery, the bill becomes law.

(3) The Governor shall return a vetoed bill to the Legislature with a statement of reasons for the veto.

(4) If after receipt of a veto message, two-thirds of the members of each house present approve the bill, it becomes law.

(5) If the Legislature is not in session when the Governor vetoes a bill, the Governor shall return the bill with reasons for the veto to the Legislature as provided by law. The Legislature may be polled on a bill that it approved by two-thirds of the members present or it may be reconvened to reconsider any bill so vetoed (Montana Constitution, Art. VI, Sec. 10).

(6) The Governor may veto items in appropriation bills, and in these instances the procedure must be the same as upon veto of an entire bill (Montana Constitution, Art. VI, Sec. 10).

40-220. Response to Governor's veto. (1) When the presiding officer receives a veto message, the presiding officer shall read it to the members over the rostrum. After the reading, a member may move that the Governor's veto be overridden.

(2) A vote on the motion is determined by roll call. If two-thirds of the members present vote "aye", the veto is overridden. If two-thirds of the members present do not vote "aye", the veto is sustained.

40-230. Governor's recommendations for amendment. (1) The Governor may return any bill to the Legislature with recommendations for amendment. The Governor's recommendations for amendment must be considered first by the house in which the bill originated.

(2) If the Legislature passes the bill in accordance with the Governor's recommendations, it shall return the bill to the Governor for reconsideration. The Governor may not return a bill to the Legislature a second time for amendment.

(3) If the Governor returns a bill to the originating house with recommendations for amendment, the house shall reconsider the bill under its rules relating to amendments offered in Committee of the Whole.

(4) The bill then is subject to the following procedures:

(a) The originating house shall transmit to the second house, for consideration under its rules relating to amendments in Committee of the Whole, the bill and the originating house's approval or disapproval of the Governor's recommendations.

(b) If both houses approve the Governor's recommendations, the bill must be returned to the Governor for reconsideration.

(c) If both houses disapprove the Governor's recommendations, the bill must be returned to the Governor for reconsideration.

(d) If one house disapproves the Governor's recommendations and the other house approves, then either house may request a conference committee, which may be a free conference committee.

(i) If both houses adopt a conference committee report, the bill in accordance with the report must be returned to the Governor for reconsideration.

(ii) If a conference committee fails to reach agreement or if its report is not adopted by both houses, the Governor's recommendations must be considered not approved and the bill must be returned to the Governor for further consideration.

CHAPTER 60

Rules

60-10. Suspension of joint rule — change in rules. (1) A joint rule may be repealed or amended only with the concurrence of both houses, under the procedures adopted by each house for the repeal or amendment of its own rules.

(2) A joint rule governing the procedure for handling bills may be temporarily suspended by the consent of two-thirds of the members of either house, insofar as it applies to the house suspending it.

(3) Any Rules Committee report recommending a change in the joint rules must be referred to the other house. Any new rule or any change in the rules of either house must be transmitted to the other house for informational purposes.

(4) Upon adoption of any change, the Secretary of the Senate and the Chief Clerk of the House of Representatives shall provide the office of the Legislative Services Division:

(a) one copy of all motions or resolutions amending Senate, House, or joint rules; and

(b) copies of all minutes and reports of the Rules Committees.

60-20. Reference to Mason's Manual. Mason's Manual of Legislative Procedure (2000) governs the proceedings of the Senate and the House of Representatives in all cases not covered by these rules.

60-30. Publication and distribution of joint rules. (1) The Legislative Services Division shall codify and publish in one volume:

(a) the rules of the Senate;

(b) the rules of the House of Representatives; and

(c) the joint rules of the Senate and the House of Representatives.

(2) After the rules have been published, the Legislative Services Division shall distribute copies as directed by the Senate and the House of Representatives.

60-40. Tenure of joint rules. The joint rules remain in effect until removed by a joint resolution or until a new Legislature is elected and takes office.

SENATE JOINT RESOLUTION NO. 2

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING AN INTERIM LEGISLATIVE STUDY OF DRIVING UNDER THE INFLUENCE IN MONTANA.

WHEREAS, Montana law prohibits individuals from driving under the influence of drugs or alcohol; and

WHEREAS, it is the duty of the Legislature to protect the safety of the public on public highways; and

WHEREAS, although section 61-8-460, MCA, disallowing open containers of alcohol, may have some impact on the number of alcohol-related accidents and deaths, Montana continues to see a high number of alcohol-related fatalities.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislative Council be requested to designate an appropriate interim committee or statutory committee, pursuant to section 5-5-217, MCA, or direct sufficient staff resources:

(1) to study the issue of driving under the influence generally to determine any legislation that might augment current law in reducing the incidence of driving while intoxicated or under the influence of drugs; and

(2) to identify improvements, where applicable, that can be made to current laws related to driving under the influence.

BE IT FURTHER RESOLVED, that if the study is assigned to staff, any findings or conclusions be presented to and reviewed by an appropriate committee designated by the Legislative Council.

BE IT FURTHER RESOLVED, that all aspects of the study, including presentation and review requirements, be concluded prior to September 15, 2008.

BE IT FURTHER RESOLVED, that the final results of the study, including any findings, conclusions, comments, or recommendations of the appropriate committee, be reported to the 61st Legislature.

Adopted April 14, 2007

SENATE JOINT RESOLUTION NO. 3

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA RECOGNIZING THE

SIZEABLE CULTURAL, NATURAL, AND ECONOMIC CONTRIBUTIONS THAT NATIONAL PARKS, BATTLEFIELDS, AND MONUMENTS MAKE TO THE STATE AND RECOGNIZING THAT DOCUMENTED AND SUBSTANTIAL MAINTENANCE BACKLOGS AND ANNUAL OPERATIONS BUDGET SHORTFALLS AT NATIONAL PARKS, BATTLEFIELDS, AND MONUMENTS PUT THE PARKS AND BUSINESSES THAT DEPEND ON HEALTHY PARKS AT RISK; AND URGING MONTANA'S CONGRESSIONAL DELEGATION TO INITIATE APPROPRIATIONS ACTIONS TO RESTORE NATIONAL PARKS, BATTLEFIELDS, AND MONUMENTS TO THEIR FORMER STATURE BY THE CENTENNIAL OF THE NATIONAL PARK SYSTEM IN 2016.

WHEREAS, Montana's citizens, communities, children, and travel industry have a great interest in ensuring that health, public and economic benefits, and welfare of the state's national parks, battlefields, and monuments are well maintained and protected for present and future generations; and

WHEREAS, an estimated 69% of Montana's nonresident summer vacationers visit Yellowstone or Glacier National Park, which generates substantial economic benefit for Montana through employment, tax revenue, visitor spending, business expenditures to service visitors, and National Park Service expenditures for park employee salaries, supplies, services, construction and maintenance programs, and other benefits; and

WHEREAS, a Government Accountability Office (GAO) report released in 2006 documented that National Park System operating budgets, when adjusted for inflation, are declining and that the accommodation of newly mandated responsibilities, including rising energy prices, homeland security requirements, congressionally approved pay raises, and other mandates, has resulted in substantial park operations cutbacks; and

WHEREAS, the National Park Service has identified a backlog of between $4.9 billion and $7 billion for overdue maintenance, road repair, and other infrastructure repair resulting from decades of annual shortfalls in parks' operating budgets; and

WHEREAS, a series of business plan analyses conducted by business and policy experts in conjunction with the National Park Service indicate that the parks' annual operations budget shortfall is in excess of $800 million, at least 32% short of what is needed to operate all national parks, an estimated 35% short of the amount needed to operate Yellowstone National Park, and a 36% shortfall for Glacier National Park; and

WHEREAS, improving conservation and stewardship of our national parks' diverse natural resources is fundamental to sustaining visitor experience and maintaining and enhancing visitation levels; and

WHEREAS, chronic underfunding of national parks, battlefields, and monuments puts Montana's communities, economies, and businesses at risk and thwarts the National Park Service mandate to provide for the enjoyment of the parks in a manner and means that will leave them unimpaired for the enjoyment of future generations.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That deterioration of the infrastructure, visitor services, and natural resources of the national parks, monuments, and battlefields in the state

resulting from chronic underfunding is an issue of great concern to the citizens, communities, businesses, and travel industry in Montana.

(2) That Montana's Congressional Delegation be urged to initiate actions that result in full funding of the National Park Service annual operations budgets and in elimination of maintenance and road repair backlogs for all park, battlefield, and monument units by the National Park System centennial in 2016.

(3) That the Secretary of State send copies of this resolution to the members of the Montana Congressional Delegation, the U.S. Secretary of the Interior, and the Director of the National Park Service.

Adopted April 21, 2007

SENATE JOINT RESOLUTION NO. 4

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING THE U.S. CONGRESS TO REAUTHORIZE THE SECURE RURAL SCHOOLS AND COMMUNITY SELF-DETERMINATION ACT AND WORK TOWARD A PERMANENT SOLUTION TO COMPENSATE STATES AND LOCAL GOVERNMENTS FOR LOST TAX REVENUE ON FEDERAL LAND WITHIN MONTANA.

WHEREAS, the stability of Montana's economy has historically been dependent on use of our abundant natural resources; and

WHEREAS, the natural resource harvest has historically contributed billions of dollars to Montana's economy by providing employment opportunities to members of our communities, supporting our business communities, and contributing to the health of our schools; and

WHEREAS, revenue from industries related to the natural resource harvest has produced taxes for the support of local and state governments; and

WHEREAS, the amount of money generated by national forests has dropped more than 85% between 1986 and 2005, creating a financial crisis for rural forest communities in Montana and around the country; and

WHEREAS, Congress passed the Secure Rural Schools and Community Self-Determination Act of 2000 to provide a safety net for these communities, and the purpose of the Act was to stabilize payments to states and counties to help support roads and schools, provide projects that enhance forest ecosystem health, provide employment opportunities, and improve cooperative relationships among federal land management agencies and those who use and care about the lands that the agencies manage; and

WHEREAS, counties in Montana received more than $14 million in the last year to maintain schools and roads; and

WHEREAS, the Secure Rural Schools and Community Self-Determination Act has expired; and

WHEREAS, if the Act is not reauthorized, many counties will suffer severe financial impacts resulting in significant reduction in services, including but not limited to public safety and education.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That the Legislature of the State of Montana urge the U.S. Congress to reauthorize the Secure Rural Schools and Community Self-Determination Act of 2000 and work toward a permanent solution to compensate states and local governments for lost tax revenue on federal land within Montana.

(2) That the Secretary of State send copies of this resolution to the President of the United States, the Secretary of State of the United States, the President of the United States Senate, the Speaker of the United States House of Representatives, the Western Governors' Association, and the Montana Congressional Delegation.

SENATE JOINT RESOLUTION NO. 5

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING AN INTERIM STUDY TO IDENTIFY THE ISSUES AND CHALLENGES INVOLVED IN PROVIDING EMERGENCY CARE AND TO REPORT ON STRATEGIES THAT CAN STRENGTHEN MONTANA'S EMERGENCY MEDICAL SERVICES SYSTEM.

WHEREAS, the Montana Legislature recognizes the need for quality emergency medical services and an effective emergency care system that provides quality care and treatment for victims of sudden and serious injury or illness from first response through initial stabilization and subsequent emergency treatment; and

WHEREAS, emergency medical services are an integral part of the emergency care system and are particularly important in less densely populated areas where access to health care services is often limited; and

WHEREAS, many volunteer emergency medical personnel work full time in other, unrelated jobs within the community, donate their personal time to provide prehospital care, and are usually expected to be available 24 hours a day and on weekends and holidays; and

WHEREAS, the vital nature of emergency medical services and the state of constant readiness required to maintain adequate emergency services pose special challenges for rural communities, including but not limited to adequate funding; recruitment, retention, and training of volunteers and other personnel; physician leadership; and modern communications and medical services equipment.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislative Council be requested to designate an appropriate interim committee, pursuant to section 5-5-217, MCA, or direct sufficient staff resources to study the availability and viability of acute care and emergency medical services across the state.

BE IT FURTHER RESOLVED, that the committee:

(1) gather information from stakeholders and customers of the state's emergency care system, including but not limited to local emergency services providers, emergency medical services systems, hospitals, physicians and other

health care providers, elected county and local officials, organizations representing emergency medical services providers, and state agencies;

(2) conduct a statewide assessment of issues that communities face relating to emergency medical services;

(3) identify challenges to the continued viability of the state's emergency care system; and

(4) identify objectives and strategies that will help ensure the continued viability of the system.

WHEREAS, many places of employment require criminal background checks as a condition of employment in programs and services that serve the most vulnerable people in society; and

WHEREAS, most of the $3 billion that Montanans spend on food each year goes to out-of-state companies; and

WHEREAS, the lack of a food processing infrastructure is a primary barrier inhibiting the ability of farmers and ranchers to serve in-state markets; and

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING AN INTERIM STUDY TO EXAMINE THE FUTURE VIABILITY OF THE USE OF PROPERTY TAXES TO FUND EDUCATION, EXAMINE EQUALIZATION THROUGH A STATEWIDE EQUALIZATION DISTRICT THAT COULD LEVY AGAINST SPECIFIC CLASSES OF PROPERTY, AND INQUIRE INTO THE USE OF A STATEWIDE SALES TAX AND USE TAX TO PROVIDE EDUCATION FUNDING THAT WOULD INCLUDE PROPERTY TAX RELIEF IN A PERMANENT MANNER; AND REQUIRING THAT THE FINAL RESULTS OF THE STUDY BE REPORTED TO THE 61ST LEGISLATURE.

WHEREAS, the State of Montana will be undergoing a profound demographic shift in the near future with the percentage of its population over the age of 65 increasing from 14% in 2007 to over 20% in 2019; and

WHEREAS, that aging demographic shows itself in the number of counties with more than 20% of their population over the age of 65 rising from 4 of 56 counties in 2000 to 45 of 56 counties in 2025; and

WHEREAS, during that same time period, the percentage of the state's population represented by children of elementary school attendance age will continue to decline; and

WHEREAS, the current system of school funding and equalization of school funding has resulted in 60 to 65% of the typical homeowner's property tax bill consisting of property taxes for the funding of education; and

WHEREAS, a steadily increasing demographic of Montana residents who are retired and living largely on fixed incomes will be faced with difficult and painful decisions when voting on property tax levies for funding education; and

WHEREAS, it is in the best long-term interest of the aging population of Montana, the generations of children yet to be educated, and the state as a whole to examine if there may be a better way to equalize education funding in Montana that is not reliant on property taxes as its primary means; and

WHEREAS, a study entitled "Disparities in School Mill Levies" and a study entitled "Property Tax Information Related to K-12" presented to the Quality Schools Interim Committee on July 21, 2005, collectively demonstrated that wide variations exist in the distribution of the industrial and business equipment classes of property among the 400 plus school districts in the state and thereby contribute to the difficulty of equalizing school funding through a property tax mechanism; and

WHEREAS, the concept of creating a single, statewide school equalization district to levy a uniform tax on the industrial and business classes of property while leaving the classes of property composed of agricultural lands, forest lands, and residential and commercial property to serve as the tax base for the local school districts deserves further study and analysis; and

WHEREAS, equalizing school funding by means of a statewide school equalization district would permit focusing property tax relief on the classes of property composed of agricultural lands, forest lands, and residential and commercial property; and

WHEREAS, a school funding equalization plan that uses a general statewide sales tax on goods and recreational services to grant property tax relief to owners of homes, commercial properties, and agricultural and forest lands should be put before the voters for review and approval only if there is a companion constitutional amendment guaranteeing that the statewide levies being eliminated by the referendum would be forever prohibited.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislative Council be requested to designate an appropriate interim or statutory committee, pursuant to section 5-5-217, MCA, or direct sufficient staff resources to:

(1) (a) examine future demographics of property taxpayers, school age children, retirees, and other factors relating to the viability of property taxes to fund education; and

(b) examine the distribution or maldistribution of classes of taxable property in counties and school districts;

(2) study the feasibility of a statewide school equalization district with property tax levies against particular classes of property and other sources of statewide revenue; and

(3) study the use of a sales tax and use tax for funding to replace property taxes and provide tax relief for homes, commercial properties, and agricultural and forest lands.

BE IT FURTHER RESOLVED, that:

(1) all aspects of the study be concluded prior to September 15, 2008; and

(2) the final results of the study, including any findings, conclusions, comments, or recommendations of the appropriate committee, be reported to the 61st Legislature.

Adopted April 25, 2007

S30-80. Public testimony. (1) Testimony from proponents, opponents, and informational witnesses must be allowed on every bill or resolution before a standing or select committee. All persons, other than the sponsor, offering testimony shall complete a "Witness Form" and submit it to the committee secretary.

(2) Any Senator seeking a reconsideration of the Senate's action on the adoption of a committee report shall do so on Order of Business No. 6 by motion to reconsider. Any Senator may make the reconsideration motion and need not have voted on the prevailing side. This rule applies notwithstanding any joint rule to the contrary. The reconsideration motion must be made within 1 legislative day of the adoption of the committee report.

(3) The Rules Committee and conference committees may report at any time, except during a call of the Senate or when a vote is being taken.

Only one minority report may be submitted. The reports must be entered at length on the journal, unless otherwise ordered by the Senate.

S30-140. Reconsideration in committee. Except for the Committee of the Whole, a committee may at any time prior to submitting a report to the Secretary of the Senate reconsider its previous action on legislation.

(b) The Finance and Claims Committee may request the introduction of legislation by a majority vote of all of the members of the committee.

(2) The chair of a committee shall introduce, or shall designate a member of the committee to introduce, legislation requested by the committee. The introduced bill must be referred to the requesting committee.

(3) When a committee has proposed an amendment, the chair is the principal sponsor.

S30-160. Ethics Committee. (1) The Ethics Committee shall meet only upon the call of the chair after the referral of an issue from the Rules Committee or to consider a request for a determination pursuant to subsection (4). The Rules Committee may be convened to consider the referral of a matter to the Ethics Committee upon the request of a Senator. The Rules Committee shall prepare a written statement of the specific question or issue to be addressed by the Ethics Committee. The issues referred to the Ethics Committee must be related to the actions of a Senator during a legislative session.

(2) The matters that may be referred to the Ethics Committee are:

(a) a violation of:

(4) As provided in 2-2-112, a Senator may seek a determination from the Ethics Committee concerning the possibility of a personal conflict of interest.

CHAPTER 4

Legislation

S40-10. Types of legislation. The only types of legislation that may be introduced in the Senate are those that have been drafted and approved by the Legislative Services Division and signed by a Senator. The types of legislation allowed include:

(1) bills of any subject, except appropriations;

(2) joint resolutions, which may:

(a) express desire, opinion, sympathy, or request of the Legislature;

(b) request an interim study by a legislative subcommittee;

(c) adopt or amend the joint rules;

(d) set salaries and other terms of employment for legislative employees; and

(e) accomplish other legislative duties required by law; and

(3) simple resolutions, which may:

(a) adopt or amend Senate rules;

(b) provide for the internal affairs of the Senate;

(c) express confirmation of the Governor's appointments;

(d) make recommendations concerning the districting and apportionment plan as provided by Article V, section 14(4), of the Montana Constitution.

S40-20. Introduction. (1) Upon receiving a bill or resolution from a Senator, the Secretary of the Senate shall assign an appropriate sequential number, which constitutes introduction of the legislation.

(2) Bills and resolutions may be preintroduced, assigned to committee, and printed prior to the legislative session. The Legislative Services Division is responsible for ensuring the preintroduction intent from each Senator and presenting the preintroduced legislation to the Secretary of the Senate.

(3) Upon referral to committee, the Secretary of the Senate shall publicly post a listing of the bill or resolution by a summary of its title, together with a notation of the committee to which it has been assigned.

S40-30. Additional sponsors. (1) Additional sponsors may be added on motion of the chief sponsor at any time prior to a standing committee report on the bill or resolution. Forms for adding sponsors will be supplied on request by the Secretary of the Senate.

(2) Upon passage of the motion, the names of the additional sponsors will be printed in the journal and the form containing the signatures of the additional sponsors will be forwarded to the Legislative Services Division with the original bill for the inclusion of the names in subsequent printings of the bill or resolution.

S40-40. Reading limitations. (1) Every bill must be read three times prior to passage, either by title or by summary of title as provided in these rules.

(2) A bill or resolution may not have more than one reading on the same day except the last legislative day.

(3) An amendment may not be offered on third reading.

S40-50. Rules for questions requiring other than a majority vote. (1) When a question requires more than a majority vote for final passage, a majority vote is sufficient to decide any question relating to the question prior to third reading.

(2) Any vote in the Senate on a bill proposing an amendment to the Montana Constitution under circumstances in which there exists the mathematical possibility of obtaining the necessary two-thirds vote of the Legislature will cause the bill to progress as though it had received the majority vote. This rule does not prevent a committee from indefinitely postponing or tabling a bill proposing an amendment to the Montana Constitution.

(3) If a bill has been amended in the House of Representatives and the amendments are accepted by the Senate, the bill must again be placed on third reading in the Senate to determine if the required number of votes has been cast.

S40-60. Scheduling for second reading. (1) All bills and resolutions that have been reported by a committee, accepted by the Senate, and reproduced must be scheduled for consideration by Committee of the Whole.

(2) Until the 50th legislative day, 1 day must elapse between receiving the legislation from printing and scheduling for second reading for consideration by Committee of the Whole.

(3) The majority leader shall arrange legislation on the agenda in the order in which the bills will be considered, unless otherwise ordered by the Senate or Committee of the Whole.

CHAPTER 5

Floor Action

S50-10. Attendance. Unless excused, Senators must be present at every sitting of the Senate and shall vote on questions put before the Senate.

S50-20. Orders of business. After prayer, roll call, and report on the journal, the order of business of the Senate is as follows:

(1) communications and petitions;

(2) reports of standing committees;

(3) reports of select committees;

(4) messages from the Governor;

(5) messages from the House of Representatives;

(6) motions;

(7) first reading and commitment of bills;

(8) second reading of bills (Committee of the Whole);

(9) third reading of bills;

(10) unfinished business;

(11) special orders of the day; and

(12) announcement of committee meetings.

To revert to or pass to a new order of business requires only a majority vote. Unless otherwise specified in the motion to recess, the Senate shall revert to Order of Business No. 1 when reconvening after a recess.

S50-30. Limitations on debate. A Senator may not speak more than twice on any one motion or question without unanimous consent of the Senate, unless the Senator has introduced or proposed the motion or question under debate, in which case the Senator may speak twice and also close the debate. However, a Senator who has spoken may not speak again on the same motion or question to the exclusion of a Senator who has not spoken.

S50-40. Procedure upon offering a motion. (1) When a motion is offered it must be restated by the presiding officer. If requested by the presiding officer or a Senator, it must be reduced to writing, presented at the rostrum, and read aloud by the Secretary.

(2) A motion may be withdrawn by the Senator offering it at any time before it is amended or voted upon.

S50-50. Precedence of motions. (1) When a question is under debate only the following privileged and subsidiary motions may be made:

(a) to adjourn;

(b) for a call of the Senate;

(c) to recess;

(d) question of privilege;

(e) to lay on the table;

(f) for the previous question;

(g) to postpone to a certain day;

(h) to refer or commit;

(i) to amend; and

(j) to postpone indefinitely.

(2) The motions listed in subsection (1) have precedence in the order listed.

(3) A question may be indefinitely postponed by a majority roll call of all Senators present and voting. When a bill or resolution is postponed indefinitely, it is finally rejected and may not be acted upon again except upon a motion of reconsideration.

(4) A motion or proposition on a subject different from that under consideration may not be admitted under color of amendment or substitute.

S50-60. Nondebatable motions. The following motions are not debatable:

(1) to adjourn;

(2) for a call of the Senate;

(3) to recess or rise;

(4) for parliamentary inquiry;

(5) for suspension of the rules;

(6) to lay on the table;

(7) for the previous question;

(8) to limit, extend the limits of, or to close debate;

(9) to amend an undebatable motion;

(10) to divide a question;

(11) to pass business in Committee of the Whole;

(12) to take from the table;

(13) a decision of the presiding officer, unless appealed or unless the presiding officer submits the question to the Senate for advice or decision; and

(14) all incidental motions, such as motions relating to voting or other questions of a general procedural nature.

S50-70. Amending motions. (1) Subject to subsection (2), no more than one amendment and no more than one substitute motion may be made to a motion. This rule permits the main motion and two modifying motions.

(2) A motion for a call of the Senate, for the previous question, to table, or to take from the table may not be amended.

S50-80. Previous question. (1) Except as provided in subsection (2), the effect of calling for the previous question, if adopted, is to close debate immediately, to prevent the offering of amendments or other subsidiary

motions, and to bring to vote promptly the immediately pending main question and the adhering subsidiary motions, whether on appeal or otherwise.

(2) When the previous question is ordered on any debatable question on which there has been no debate, the question may be debated for one-half hour, one-half of that time to be given to the proponents and one-half to the opponents. The sponsor of the main motion on which the previous question is adopted may close on the motion.

(3) A call of the Senate is not in order after the previous question is ordered unless it appears upon an actual count by the presiding officer that a quorum is not present.

S50-90. Reconsideration. (1) Any Senator may, on the day the vote was taken or on the next day the Senate is in session, move to reconsider the question. A motion to reconsider is a debatable motion, but the debate is limited to the motion. The debate on a motion to reconsider may not address the substance of the matter for which reconsideration is sought.

(2) A motion to reconsider may not be withdrawn after the next legislative day without the unanimous consent of the Senate, and thereafter any Senator may call it up for consideration. However, a motion to reconsider made after the 54th day of the session must be disposed of when made.

(3) A motion to recall a bill from the House of Representatives constitutes notice to reconsider and must be acted on as a motion to reconsider. A motion to reconsider or to recall a bill from the House of Representatives may be made only under Order of Business No. 6 and, under that order of business, takes precedence over all motions except motions to recess or adjourn.

(4) When a motion to reconsider is laid on the table, a two-thirds majority is required to take it from the table. When a motion to reconsider fails, the question is finally and conclusively settled.

(5) If a motion to reconsider third reading action is carried, there may not be further action until the succeeding legislative day.

S50-100. Dividing a question. A Senator may move to divide a question if it includes two or more propositions so distinct in substance that if one thing is taken away a substantive question will remain.

S50-110. Conference committee reports. (1) When a conference committee report is filed with the Secretary of the Senate, the report must be read under Order of Business No. 3, select committees, and placed on the calendar the succeeding legislative day for consideration on second reading. If recommended favorably by the Committee of the Whole, it may be considered on third reading the same legislative day.

(2) If both the Senate and the House of Representatives adopt the same conference committee report on legislation requiring more than a majority vote for final passage, the Senate, following approval of the conference committee report on third reading, shall place the final form of the legislation on third reading to determine if the required vote is obtained.

(3) If the Senate rejects a conference committee report, the committee continues to exist unless dissolved by the President or by motion. The committee may file a subsequent report.

(4) A Senate conference committee may confer regarding matters assigned to it with any House conference committee with like jurisdiction and submit recommendations for consideration of the Senate.

S50-120. Second reading. (1) The Senate may resolve itself into a Committee of the Whole for consideration of business on second reading, by approval of a motion for that purpose.

(2) After a Committee of the Whole has been formed, the President shall appoint a chair to preside.

(3) All legislation considered in the Committee of the Whole must be read by a summary of its title. Unless the sponsor requests an opening statement beforehand, proposed amendments must be considered, and then the bill must be considered in its entirety.

(4) Prior to adoption of the Committee of the Whole report, a Senator may move to segregate legislation. If the motion prevails, the legislation remains on second reading.

(5) When a Committee of the Whole report on legislation is rejected, the legislation remains on second reading.

S50-130. Committee of the Whole amendments. (1) All Committee of the Whole amendments must be prepared, stipulating the date and time of preparation and staff approval, and delivered to the Secretary of the Senate for reading before the amendment is voted on.

(2) Each amendment, rejected or adopted, must be printed in the journal, along with the name of the sponsor and the vote on each.

S50-140. Motions in Committee of the Whole. (1) All proper motions on second reading are debatable.

(2) The only motions in order during Committee of the Whole are to:

(a) amend;

(b) recommend passage or nonpassage;

(c) recommend concurrence or nonconcurrence;

(d) indefinitely postpone;

(e) pass consideration;

(f) rise;

(g) rise and report;

(h) rise and report progress and ask leave to sit again; or

(i) change the order in which legislation is placed on the agenda.

S50-150. Committee of the Whole — generally. (1) The Committee of the Whole may not appoint subcommittees.

(2) The Committee of the Whole may not punish its members for misconduct, but may report disorder to the Senate.

S50-160. Voting on second reading. (1) On Order of Business No. 8, in addition to other methods, a recorded vote may be made in the following manner: the chair may call for a voice vote to accept or reject a question. If the vote is other than unanimous, the chair may ask that the lesser number on the question indicate their vote by standing. The Secretary will then record the vote of those standing. The chair may then rule that unless excused those not standing and present have voted on the prevailing side of the question and that their vote be recorded as voting on the prevailing side. If there was a unanimous voice vote, all those present will be recorded as having voted for the question.

(2) A motion on second reading must be disposed of by a positive vote.

S50-170. Third reading procedure. (1) All legislation passing second reading must be placed on third reading the day following the receipt of the engrossing or other appropriate printing report.

(2) On Order of Business No. 9 the Secretary shall read the title and the President shall state the question as follows: "Senate bill number (or other appropriate identification)..... having been read three several times, the question is, shall the bill (or other appropriate identification) pass the Senate?"

(3) If an electronic voting system is used, the President shall state "Those in favor vote yes and those opposed vote no" and the Secretary will sound the signal and open the board for voting. After a reasonable pause the presiding officer asks "Has every member voted?" (reasonable pause), "Does any member wish to change his or her vote?" (reasonable pause), "The Secretary will record the vote."

S50-180. Senate voting — changing a vote. (1) A roll call vote must be taken on the request of two Senators, if the request occurs before the vote is taken.

(2) On a roll call vote the names of the Senators must be called alphabetically, unless an electronic voting system is used. A Senator may not vote after the decision is announced from the chair. A Senator may not explain a vote until after the decision is announced from the chair.

(3) A Senator may move to change the Senator's vote, on any recorded vote, within 1 legislative day of the vote. The Senator making the motion shall first specify the bill number, the date of the vote, and the original vote tally. A vote may not be changed if it would affect the outcome of legislation. The motion is nondebatable. If none of the Senators present object, the change must be entered into the journal.

(4) If any Senator objects to the request in subsection (3), the Senator making the request may move to suspend the rules to allow the Senator to change the Senator's vote.

(5) An error caused by a malfunction of the voting system may be corrected without a vote within 10 minutes of the malfunction.

S50-190. Pairs. (1) Two Senators may pair on a question that will be determined by a majority vote. On a question requiring a two-thirds vote for adoption, three Senators may pair, with two Senators for the question and one Senator against. Pairing is permitted only when one of the paired Senators is excused when the vote is taken.

(2) An agreement to pair must be in writing and dated and signed by the Senators agreeing to be bound and must specify the duration of the pair. When an agreement to pair is filed with the Secretary of the Senate, it binds the Senators signing until the expiration of time for which it was signed, unless the paired Senators sooner appear and ask that the agreement be canceled.

(3) Pairs in Committee of the Whole are prohibited.

S50-200. Call of the Senate. (1) In the absence of a quorum, a majority of Senators present may compel the attendance of absent Senators by ordering a call of the Senate.

(2) If a quorum is present, five Senators may order a call of the Senate.

(3) On a call of the Senate, a Senator who refuses to attend may be arrested by the Sergeant-at-Arms or any other person, as the majority of the Senators present direct. When the attendance of an absent Senator is secured and the

Senate refuses to excuse the Senator's absence, the Senator may not be paid any expense payments while absent and is liable for the expenses incurred in procuring the Senator's attendance.

(4) During a call of the Senate, all business must be suspended. After a call has been ordered, no motion is in order except a motion to adjourn or remove the call. The call may be removed by a two-thirds vote.

S50-210. House amendments to Senate legislation. (1) When the House has properly returned Senate legislation with House amendments, the Senate shall announce the amendments on Order of Business No. 5 and the President shall place them on second reading for debate. The President may rerefer Senate legislation with House amendments to a committee for a hearing if the House amendments constitute a significant change in the Senate legislation. The second reading vote is limited to consideration of the House amendments.

(2) If the Senate accepts House amendments, the Senate shall place the final form of the legislation on third reading to determine if the legislation, as amended, is passed or if the required vote is obtained.

(3) If the Senate rejects the House amendments, the Senate may request the House to recede from its amendments or may direct appointment of a conference committee and request the House to appoint a like committee.

S50-220. Governor's amendments. (1) When the Governor returns a bill with recommended amendments, the Senate shall announce the amendments under Order of Business No. 4.

(2) The Senate may debate and adopt or reject the Governor's recommended amendments on second reading on any legislative day.

(3) If both the Senate and the House of Representatives accept the Governor's recommended amendments on a bill that requires more than a majority vote for final passage, the Senate shall place the final form of the legislation on third reading to determine if the required vote is obtained.

S50-230. Governor's veto. (1) When the Governor returns a bill with a veto, the Senate shall announce the veto under Order of Business No. 4.

(2) On any legislative day, a Senator may move to override the Governor's veto by a two-thirds vote under Order of Business No. 6.

CHAPTER 6

Rules

S60-10. Senate rules. (1) A motion to amend or adopt a rule of the Senate must be referred to the Rules Committee without debate. A rule of the Senate may be amended or adopted only with the concurrence of a majority of the Senate and after 1 day's notice.

(2) A rule may be suspended temporarily by a two-thirds vote.

S60-20. Mason's Manual of Legislative Procedure. Mason's Manual of Legislative Procedure (2000) governs the proceedings of the Senate in all cases not covered by these rules.

S60-30. Quorum. A majority of the Senate shall constitute a quorum to do business, but a smaller number may adjourn from day to day and compel the attendance of absent Senators, in the manner and under penalties as the Senate may prescribe (Montana Constitution, Art. V, Sec. 10(2)).

CHAPTER 7

Nominations from the Governor

S70-10. Nominations. (1) The Governor shall nominate and, by and with the consent of the Senate, appoint all officers whose offices are established by the Montana Constitution or which may be created by law and for whom appointment or election is not otherwise provided.

(2) If during a recess of the Senate a vacancy occurs in any office subject to Senate confirmation, the Governor shall appoint some fit person to discharge the duties of the office until the next meeting of the Senate, when the Governor shall nominate a person to fill the office.

S70-20. Introduction and first reading of nominations. (1) Nominations received from the Governor are:

(a) received by the President;

(b) delivered to the Secretary of the Senate;

(c) read under Order of Business No. 4, messages from the Governor; and

(d) referred to committee.

(2) The procedure in subsection (1) constitutes introduction and first reading of the nominations.

(3) The Secretary shall distribute a copy of the list of nominations to each Senator.

S70-30. Committee process. (1) (a) The committee shall research each nominee and may request biographical information from the Governor for each nominee if none has been provided.

(b) The committee chair shall submit a bill draft request for a simple resolution to include the nominees specified by the committee chair. These bill draft requests will not count against any bill draft request limit imposed on members. When the resolution has been prepared and introduced, the committee shall hold a hearing on the resolution after appropriate public notice has been made.

(2) Following the hearings, the committee shall issue preliminary standing committee reports to be distributed to each Senator, stating the committee's recommendations concerning the nominees.

(3) (a) If a Senator wishes to have an individual nominee, or group of nominees, considered by the Senate separately from the group of nominees recommended by the committee, the Senator may request of the chair of the committee that the nominee or nominees be considered by a separate resolution.

(b) A Senator shall request separate consideration of a nominee within 3 days of receipt of the preliminary standing committee report. The committee chair shall honor this request.

(4) After waiting 3 days from the day of distribution of the preliminary standing committee report, the committee chair shall issue a final standing committee report and deliver the report to the Secretary of the Senate.

(a) If a nominee is to be separated from the resolution, the final standing committee report must include an amendment deleting that nominee.

(b) When a nominee has been separated at the request of a Senator, the committee chair shall submit a bill draft request for a simple resolution to include only the nominee so separated. When the resolution has been prepared

and introduced, the committee shall take executive action on the resolution. When a hearing on the separated nomination was held prior to the committee's preliminary standing committee report, an additional hearing is not required to be held before the committee takes action on the separate resolution. After the committee's executive action, the committee chair shall issue a standing committee report.

(5) If a resolution contains only one nominee, the committee shall dispense with the preliminary standing committee report and shall issue a final standing committee report to be distributed to each Senator stating the committee's recommendation concerning the nominee.

(6) The Secretary will read the reports under Order of Business No. 2, reports of standing committees.

(7) After the report has been read, the resolution must be placed on Order of Business No. 11 the next legislative day for consideration by the Senate. Motions to approve or disapprove of the resolution are in order and may be debated.

INITIATIVE NO. 151

A LAW PROPOSED BY INITIATIVE PETITION

This measure raises the state minimum wage to the greater of either $6.15 an hour or the federal minimum wage. This measure also adds an annual cost-of-living adjustment to the state minimum wage. Under existing law, the state minimum wage is equal to the federal minimum wage, which is $5.15 an hour with no cost of-living adjustment. This measure does not change the $4.00 an hour minimum wage for a business whose annual gross sales are $110,000 or less. This measure would take effect January 1, 2007.

This measure would have no significant impact on the revenues, expenditures, or the fiscal liability of the state.

The text of the initiative follows:

(b) $6.15 an hour, excluding the value of tips received by the employee and the special provisions for a training wage.

(2) (a) The minimum wage is subject to a cost-of-living adjustment, as provided in subsection (2)(b).

(b) No later than September 30 of each year, an adjustment of the wage amount specified in subsection (1) of this section shall be made based upon the increase, if any, from August of the preceding year to August of the year in which the calculation is made in the consumer price index, U.S. city average, all urban consumers, for all items, as published by the bureau of labor statistics of the United States department of labor.

(c) The wage amount established under this subsection (2):

(i) must be rounded to the nearest five cents; and

(ii) becomes effective as the new minimum wage, replacing the dollar figure specified in subsection (1), on January 1 of the following year.

~~(2)~~(3) The minimum wage rate for a business whose annual gross sales are $110,000 or less is $4 an hour."

"20-9-311. (Temporary) Calculation of average number belonging (ANB) — 3-year averaging. (1) Average number belonging (ANB) must be computed for each budget unit as follows:

(a) compute an average enrollment by adding a count of regularly enrolled full-time pupils who were enrolled as of the first Monday in October of the prior school fiscal year to a count of regularly enrolled pupils on February 1 of the prior school fiscal year, or the next school day if those dates do not fall on a school day, and divide the sum by two; and

(b) multiply the average enrollment calculated in subsection (1)(a) by the sum of 180 and the approved pupil-instruction-related days for the current school fiscal year and divide by 180.

(2) For the purpose of calculating ANB under subsection (1), up to 7 approved pupil-instruction-related days may be included in the calculation.

(i) from 181 to 359 aggregate hours of pupil instruction per school year is counted as one-quarter-time enrollment;

(ii) from 360 to 539 aggregate hours of pupil instruction per school year is counted as half-time enrollment;

(iii) from 540 to 719 aggregate hours of pupil instruction per school year is counted as three-quarter-time enrollment; and

(2) The 3-year average ANB provided for in 20-9-311~~(12)~~ does not apply to the calculation and distribution of state special education allowable cost payments provided for in this section.

(3) For the purpose of establishing the allowable cost payment for a current year special education program for a school district, the superintendent of public instruction shall determine the total special education payment to a school district, cooperative, or joint board for special education services formed under 20-3-361 prior to July 1, 1992, using the following factors:

(a) the district ANB student count as established pursuant to 20-9-311 and 20-9-313;

(b) a per-ANB amount for the special education instructional block grant;

(c) a per-ANB amount for the special education-related services block grant;

(d) an amount for cooperatives or joint boards meeting the requirements of 20-7-457, to compensate for the additional costs of operations and maintenance, travel, supportive services, recruitment, and administration; and

(e) any other data required by the superintendent of public instruction to administer the provisions of this section.

(4) (a) The total special education allocation must be distributed according to the following formula:

(i) 52.5% through instructional block grants;

(ii) 17.5% through related services block grants;

(iii) 25% to reimbursement of local districts; and

(iv) 5% to special education cooperatives and joint boards for administration and travel.

(b) Special education allowable cost payments outlined in subsection (4)(a) must be granted to each school district and cooperative with a special education program as follows:

(i) The instructional block grant limit prescribed in subsection (4)(a)(i) must be awarded to each school district, based on the district ANB and the per-ANB special education instructional amount.

(ii) The special education-related services block grant limit prescribed in subsection (4)(a)(ii) must be awarded to each school district that is not a cooperative member, based on the district ANB and the per-ANB special education-related services amount, or to a cooperative or joint board that meets the requirements of 20-7-457. The special education-related services block grant amount for districts that are members of approved cooperatives or a joint board must be awarded to the cooperatives or joint board.

(iii) If a district's allowable costs of special education exceed the total of the special education instructional and special education-related services block grant plus the required district match required by subsection (6), the district is eligible to receive at least a 40% reimbursement of the additional costs. To ensure that the total of reimbursements to all districts does not exceed 25% of the total special education allocation limit established in subsection (4)(a)(iii), reimbursement must be made to districts for amounts that exceed a threshold level calculated annually by the office of public instruction. The threshold level is calculated as a percentage amount above the sum of the district's block grants plus the required district match.

(iv) Of the amount distributed under subsection (4)(a)(iv), three-fifths must be distributed based on the ANB count of the school districts that are members of the special education cooperative or joint board and two-fifths must be distributed based on distances, population density, and the number of itinerant personnel under rules adopted by the superintendent of public instruction.

(5) The superintendent of public instruction shall adopt rules necessary to implement this section.

(6) A district shall provide a 25% local contribution for special education, matching every $3 of state special education instructional and special education-related services block grants with at least one local dollar. A district that is a cooperative member is required to provide the 25% match of the special education-related services grant amount to the special education cooperative.

(7) The superintendent of public instruction shall determine the actual district match based on the trustees' reports. Any unmatched portion reverts to the state and must be subtracted from the district's ensuing year's special education allowable cost payment.

(8) A district that demonstrates severe economic hardship because of exceptional special education costs may apply to the superintendent of public instruction for an advance on the reimbursement for the year in which the actual costs will be incurred. (Terminates June 30, 2007—sec. 25(2), Ch. 462, L. 2005.)

(ii) The special education-related services block grant limit prescribed in subsection ~~(2)(a)(ii)~~ *(4)(a)(ii)* must be awarded to each school district that is not a cooperative member, based on the district ANB and the per-ANB special education-related services amount, or to a cooperative or joint board that meets the requirements of 20-7-457. The special education-related services block grant amount for districts that are members of approved cooperatives or a joint board must be awarded to the cooperatives or joint board.

(iii) If a district's allowable costs of special education exceed the total of the special education instructional and special education-related services block grant plus the required district match required by subsection ~~(4)~~ *(6)*, the district is eligible to receive at least a 40% reimbursement of the additional costs. To ensure that the total of reimbursements to all districts does not exceed 25% of the total special education allocation limit established in subsection ~~(2)(a)(iii)~~ *(4)(a)(iii)*, reimbursement must be made to districts for amounts that exceed a threshold level calculated annually by the office of public instruction. (iv) Of the amount distributed under subsection ~~(2)(a)(iv)~~ *(4)(a)(iv)*, three-fifths must be distributed based on the ANB count of the school districts that are members of the special education cooperative or joint board and two-fifths must be distributed based on distances, population density, and the number of itinerant personnel under rules adopted by the superintendent of public instruction.

~~(3)~~*(5)* The superintendent of public instruction shall adopt rules necessary to implement this section.

~~(4)~~*(6)* A district shall provide a 25% local contribution for special education, matching every $3 of state special education instructional and special education-related services block grants with at least one local dollar. A district that is a cooperative member is required to provide the 25% match of the special education-related services grant amount to the special education cooperative.

~~(5)~~*(7)* The superintendent of public instruction shall determine the actual district match based on the trustees' reports. Any unmatched portion reverts to the state and must be subtracted from the district's ensuing year's special education allowable cost payment.

~~(6)~~*(8)* A district that demonstrates severe economic hardship because of exceptional special education costs may apply to the superintendent of public instruction for an advance on the reimbursement for the year in which the actual costs will be incurred."

Section 10. Section 20-9-344, MCA, is amended to read:

"20-9-344. Duties of board of public education for distribution of BASE aid. (1) The board of public education shall administer and distribute the BASE aid and state advances for county equalization in the manner and with the powers and duties provided by law. The board of public education:

(a) shall adopt policies for regulating the distribution of BASE aid and state advances for county equalization in accordance with the provisions of law;

(b) may require reports from the county superintendents, county treasurers, and trustees ~~as~~ *that* it considers necessary; and

(c) shall order the superintendent of public instruction to distribute the BASE aid on the basis of each district's annual entitlement to the aid as established by the superintendent of public instruction. In ordering the distribution of BASE aid, the board of public education may not increase or decrease the BASE aid distribution to any district on account of any difference that may occur during the school fiscal year between budgeted and actual receipts from any other source of school revenue.

(2) The board of public education may order the superintendent of public instruction to withhold distribution of BASE aid from a district when the district fails to:

(a) submit reports or budgets as required by law or rules adopted by the board of public education; or

(b) maintain accredited status.

(3) Prior to any proposed order by the board of public education to withhold distribution of BASE aid or county equalization money, the district is entitled to a contested case hearing before the board of public education, as provided under the Montana Administrative Procedure Act.

(4) If a district or county receives more BASE aid than it is entitled to, the county treasurer shall return the overpayment to the state upon the request of the superintendent of public instruction in the manner prescribed by the superintendent of public instruction.

(5) Except as provided in 20-9-347(2), the BASE aid payment must be distributed according to the following schedule:

(a) from August to October of the school fiscal year, *to each district* 10% of*:*

(i) ~~the~~ direct state aid ~~to each district~~*;*

(ii) the total quality educator payment;

(iii) the total at-risk student payment;

(iv) the total Indian education for all payment; and

(v) the total American Indian achievement gap payment;

(b) from December to April of the school fiscal year, *to each district* 10% of*:*

(i) ~~the~~ direct state aid ~~to each district~~*;*

(ii) the total quality educator payment;

(iii) the total at-risk student payment;

(iv) the total Indian education for all payment; and

(v) the total American Indian achievement gap payment;

(c) in November of the school fiscal year, one-half of the guaranteed tax base aid payment to each district or county that has submitted a final budget to the superintendent of public instruction in accordance with the provisions of 20-9-134;

(d) in May of the school fiscal year, the remainder of the guaranteed tax base aid payment to each district or county; and

(e) in June of the school fiscal year, the remaining payment to each district of direct state aid*, the total quality educator payment, the total at-risk student payment, the total Indian education for all payment, and the total American Indian achievement gap payment*.

(6) The distribution provided for in subsection (5) must occur by the last working day of each month."

Section 11. Section 20-10-142, MCA, is amended to read:

"20-10-142. Schedule of maximum reimbursement for individual transportation. The following rates for individual transportation constitute the maximum reimbursement to districts for individual transportation from state and county sources of transportation revenue under the provisions of 20-10-145 and 20-10-146. These rates constitute the limitation of the budgeted amounts for individual transportation for the ensuing school fiscal year. The schedules provided in this section may not be altered by any authority other than the legislature. When the trustees contract with the parent or guardian of any eligible transportee to provide individual transportation for each day of school attendance, they shall reimburse the parent or guardian for actual miles transported on the basis of the following schedule:

(1) When a parent or guardian transports an eligible transportee or transportees from the residence of the parent or guardian to a school or to schools located within 3 miles of one another, the total reimbursement for each day of attendance is determined by multiplying the distance in miles between the residence and the school, or the most distant school if more than one, by 2, subtracting 6 miles from the product, and multiplying the difference by ~~25~~ *35* cents, provided that:

(a) if two or more eligible transportees are transported by a parent or guardian to two or more schools located within 3 miles of one another and if the schools are operated by different school districts, the total amount of the reimbursement must be divided equally between the districts;

(b) if two or more eligible transportees are transported by a parent or guardian to two or more schools located more than 3 miles from one another, the parent or guardian must be separately reimbursed for transporting the eligible transportee or transportees to each school;

(c) if a parent transports two or more eligible transportees to a school and a bus stop that are located within 3 miles of one another, the total reimbursement must be determined under the provisions of this subsection (1) and must be divided equally between the district operating the school and the district operating the bus;

(d) if a parent transporting two or more eligible transportees to a school or bus stop must, because of varying arrival and departure times, make more than one round-trip journey to the bus stop or school, the total reimbursement allowed by this section is limited to one round trip a day for each scheduled arrival or departure time;

(e) notwithstanding subsection (1)(a), (1)(b), (1)(c), or (1)(d), a reimbursement may not be less than ~~25~~ *35* cents a day.

(2) When the parent or guardian transports an eligible transportee or transportees from the residence to a bus stop of a bus route approved by the trustees for the transportation of the transportee or transportees, the total reimbursement for each day of attendance is determined by multiplying the distance in miles between the residence and the bus stop by 2, subtracting 6 miles from the product, and multiplying the difference by ~~25~~ *35* cents, provided that:

(a) if the eligible transportees attend schools in different districts but ride on one bus, the districts shall divide the total reimbursement equally; and

(b) if the parent or guardian is required to transport the eligible transportees to more than one bus, the parent or guardian must be separately reimbursed for transportation to each bus.

(3) When, because of excessive distances, impassable roads, or other special circumstances of isolation, the rates prescribed in subsection (1) or (2) would be an inadequate reimbursement for the transportation costs or would result in a physical hardship for the eligible transportee, a parent or guardian may request an increase in the reimbursement rate. A request for increased rates because of isolation must be made by the parent or guardian on the contract for individual transportation for the ensuing school fiscal year by indicating the special facts and circumstances that exist to justify the increase. Before an increased rate because of isolation may be paid to the requesting parent or guardian, the rate must be approved by the county transportation committee and the superintendent of public instruction after the trustees have indicated their approval or disapproval. Regardless of the action of the trustees and when approval is given by the committee and the superintendent of public instruction, the trustees shall pay the increased rate because of isolation. The increased rate is 1 1/2 times the rate prescribed in subsection (1).

(4) The state and county transportation reimbursement for an individual transportation contract may not exceed ~~$9.25~~ *$12.95* for each day of attendance for the first eligible transportee and ~~$6~~ *$8.40* for each day of attendance for each additional eligible transportee.

(5) When the isolated conditions of the household where an eligible transportee resides require an eligible transportee to live away from the household in order to attend school, the eligible transportee is eligible for the

room and board reimbursement. Approval to receive the room and board reimbursement must be obtained in the same manner prescribed in subsection (3). The per diem rate for room and board is ~~$9.25~~ *$12.95* for one eligible transportee and ~~$6~~ *$8.40* for each additional eligible transportee of the same household.

(6) When the individual transportation provision is to be satisfied by supervised home study or supervised correspondence study, the reimbursement rate is the cost of the study, provided that the course of instruction is approved by the trustees and supervised by the district."

Section 12. Codification instruction. [Sections 1 through 4] are intended to be codified as an integral part of Title 20, chapter 9, part 3, and the provisions of Title 20, chapter 9, part 3, apply to [sections 1 through 4].

Section 13. Notification to tribal governments. The secretary of state shall send a copy of [this act] to each tribal government located on the seven Montana reservations and to the Little Shell band of Chippewa.

Section 14. Contingent voidness. If House Bill No. 1 is not passed and approved with an appropriation for BASE aid, then [this act] is void.

Section 15. Effective date — applicability. [This act] is effective July 1, 2006, and applies to school budgets for school fiscal years beginning on or after July 1, 2006.

If necessary, the department of administration, architecture and engineering division, shall reduce the project in scope or phase as capitol land grant revenue becomes available.

A financial plan may not be approved by the director if:

(1) the level of funding provided under the financial plan deviates substantially from the funding level provided in [sections 2 through 7] for that project; or

(2) the scope of the project is substantially altered or revised from the preliminary plans presented for that project in the 2009 biennium long-range building program presented to the 60th legislature.

The security aspects of the plan must address but are not limited to authentication and granting of system privileges, safeguards against unauthorized access to or disclosure of sensitive information, and, consistent with state records retention policies, plans for the removal of sensitive data from the system when it is no longer needed. It is the intent of this subsection that specific consideration be given to the potential sharing of data with other state agencies in the design, definition, creation, storage, and security of the data.

(2) Funds may not be released for the project until the chief information officer and budget director approve the plans described in subsection (1).

Section 18. Reappropriation of long-range information technology capital project funds. The remaining balances for long-range information technology capital projects previously approved by the legislature and identified as long-range information technology capital projects in an appropriation act are reappropriated for the purposes of the original appropriation until the projects are completed.

Section 19. Approval required. Amounts appropriated by the legislature to executive branch agencies, other than the university system, for long-range information technology capital projects may not be encumbered until project

and security plans are approved by the chief information officer and the budget director if the legislature directs these approvals as a condition on the appropriations in the bill making the appropriations.

The variable cost of education for each full-time equivalent student at the community colleges, including Summitnet, is $1,815 each year of the 2009 biennium. The general fund appropriation for OCHE—Community College Assistance (04) provides 48.5% of the fixed cost of education plus 48.5% of the variable cost of education for each full-time equivalent student in fiscal year 2008 and 49.3% of the fixed cost of education plus 49.3% of the variable cost of education for each full-time equivalent student in fiscal year 2009. The remaining percentage of the budget must be paid from funds other than those appropriated for OCHE—Community College Assistance.

The general fund appropriation for OCHE—Community College Assistance (04) is calculated to fund education in the community colleges for an estimated 2,411 resident FTE students in both fiscal year 2008 and fiscal year 2009. If total resident FTE student enrollment in the community colleges is greater than the estimated number for the biennium, the community colleges shall serve the additional students without a state general fund contribution. If actual resident FTE student enrollment is less than the estimated number for the biennium, the community colleges shall revert general fund money to the state in accordance with 17-7-142.

Total audit costs are estimated to be $57,600 for the community colleges for the biennium. The general fund appropriation for each community college provides 48.5% of the total audit costs in the 2009 biennium. This appropriation is restricted so that 6-mill levy revenue may not be awarded to the community colleges.

The grant process for distributing these funds, administered by the office of the commissioner of higher education in consultation with the state workforce investment board (SWIB), must require this funding match ratio and give scoring priority to grants that include matching funds. Matching funds may include federal revenue, private revenue, and other nonstate university funds. The funding match may include in-kind revenue only if that revenue is equipment itself, cost reductions offered for purchased equipment, or space to house equipment. Section 6. Refundable income tax credit — statewide equalization property tax levies on principal residence — rules. (b) (i) As used in subsection (1)(a), the relief multiple is a number used to change the amount of tax relief allowed under this section. The relief multiple is 0. Each interim, the revenue and transportation interim committee shall, based upon actual and projected state revenue and spending and any other appropriate factors, determine if a change in the relief multiple is justified. If a change is justified, the committee shall request a bill to change the relief multiple.

(ii) The department of administration shall certify to the budget director on August 1, 2007, the amount of unaudited general fund revenue received in fiscal year 2007 as recorded when the fiscal year 2007 statewide accounting, budgeting, and human resources system records are closed in July 2007. If the unaudited general fund revenue received in fiscal year 2007 exceeds $1,802,000,000, for each $1,000,000 greater than $1,802,000,000, the factor in subsection (1)(b)(i) must increase by 0.1 for tax year 2007 only.

(2) As used in this section, "principal residence" means a class four residential dwelling that is a single-family dwelling unit, unit of a multiple-unit dwelling, trailer, manufactured home, or mobile home and as much of the surrounding land, not exceeding 1 acre, as is reasonably necessary for its use as a dwelling and that is occupied by the owner for at least 7 months during the tax year.

(3) Only one claim may be made with respect to any property.

(4) If the amount of the credit exceeds the claimant's liability under this chapter, the amount of the excess must be refunded to the claimant. The credit may be claimed even if the claimant has no income taxable under this chapter.

(5) The department may adopt rules to implement and administer this section.
